Montana® knows a thing or two about hospitality. It combines rugged performance with seating that is as comfortable as a broken-in saddle. The wide open seating arrangements afford easy walk-through access to the second and third rows from the front. And that's important if you've got little ones in your posse.

Shown: Montana Thunder, in Redfire Metallic over Dark Charcoal Metallic.

Shown: Montana is available with a wide variety of seating configurations for up to eight passengers.
