Full undercarriage/rocker panel protection

Power-folding, heated outside rearview mirrors with curb assist feature

Daytime Running Lamps

EXTERIOR COLORS

Black
White
Yellow
Sunset Orange Metallic
Red Metallic
Pewter Metallic
Sage Green Metallic

NOTE 1: Trailer tongue weight should be 10-15% of trailer, 1,000 lbs. maximum. Do not exceed the maximum allowable tongue weight for your vehicle Gross Combination Weight Rating (GCWR), which is the total allowable weight of the combination vehicle and trailer including any passengers, cargo, equipment and conversions and is 14,000 lbs. If you’ll be pulling a trailer that, when loaded, exceeds the tongue weight rating of your vehicle, you must be sure to use a properly mounted, weight distributing hitch and sway control of the proper size. If your trailer weighs more than 2,000 lbs. loaded, then it needs its own brakes, and they must be adequate. Maximum trailer weight ratings are calculated assuming a tow vehicle, except for any options necessary to achieve the rating, class down. This weight of other option equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can pull. See your HUMMER dealer for additional details.

NOTE 2: Dual front air bags (driver and passenger) are standard on the H2. Call 1 800 ONSTAR-7 (1 800 ONSTAR-7) for system instructions and details.
