It’s an age-old question: Is there a perfect match out there, just for you? One that understands your moods and responds to your needs. An ideal playmate—always exciting, yet never demanding. In your quest for that elusive soulmate, look no further than the 2007 CLK-Class. There’s the instant attraction of its stunning lines—now more breathtaking than ever—in your choice of well-toned, pillarless Coupes or free-spirited Cabriolets. Equally inviting is the embrace of four individually contoured seats in hand-fitted leather, surrounded by rich wood trim. You’ll find enduring passion in the spirited performance of a 268-horsepower V-6 or the rumble of a powerful new 382-horsepower V-8—both featuring the industry’s first 7-speed automatic transmission. For the most demanding, there’s the ultimate thrill of a 475-horsepower AMG V-8 Cabriolet. And when you go beyond the looks and heart, the CLK provides the most important feature of all—a soul of innovation that could only come from the manufacturer of the very first automobile, Mercedes-Benz. Your search is over. But the adventure is just beginning.

Who Says Your Soulmate Has To Be A Person?
Your heart beats faster. Your breath quickens. There’s no denying the attraction, but who could blame you?

The 2007 CLK 350 Coupe and Cabriolet take alluring design to a higher level with aggressive looks and equally impressive power, thanks to a 268-horsepower, 3.5-liter DOHC V-6. The all-wheel drive system of the CLK 350 Coupe is controlled by powerful engineering, creating a strong roof structure while allowing expansive panoramic views. The CLK 350 Cabriolet can give you and three of your closest friends the sun, the stars and gentle breezes at the touch of a button. And while you take a long, lingering look at both the Coupe and Cabriolet, you have to wonder: Is it possible to be in love with only one?

Care to step it up? Maximize your CLK 350 experience with the optional Sport Appearance Package. Flouting 17” 10-spoke wheels, perforated brake rotors and a sport-tuned suspension, this new package heightens the athletic ride and can be furnished with your choice of a Sport or Luxury interior.

Fully automatic power top

Press a button on the Cabriolet’s center console or its SmartKey remote, and in 17 seconds you’re open for anything. With no manual latches to operate, changing your outlook is truly a one-touch affair. A sculpted cover completes the trap as your upper soft top and heated glass rear window keep the wind at bay year-round convertible.

1 Lower aspect ratio tires and accompanying wheels provide substantial improved treadwear, increased tire corner and reduced tire contact area. Sunrun wheel and tire damage may occur if the vehicle is operated on rough or damaged road surfaces or upon encountering road debris or obstacles. These tires are not designed for use on ice and are winter-studded. On appropriately blocked and approved wheels are recommended for driving in those conditions.
Many new-car owners enjoy a period where everything is exciting and new. And yet far too soon the honeymoon is over. Not so with the CLK 550. Whether you choose the CLK 550 Coupe or Cabriolet, the aggressive look of AMG-design lower bodywork embracing 17" staggered-width AMG thin-spoke monoblock alloy wheels will keep your heart racing. The feel of a 382-horsepower V-8 rocketing you to 60 mph in 5.1 seconds through the quick shifts of the industry's first 7-speed automatic never loses its thrill. New steering-wheel mounted shift paddles add to the fun. With a chassis that eagerly responds to your wishes and 4-wheel disc brakes that feature cross-drilled front rotors, 4-piston front calipers and tremendous speed-devouring abilities, even the most familiar roads suddenly become more inviting. And along with its heart-pounding performance, the CLK 550 also remains remarkably refined and poised in any driving situation, making it the perfect long-term partner for those who love to drive.

PASSIONATE Never Platonic.
a. **Automatic seat-belt presenters**

   Allow us. Each front seat belt features an automatic presenter that glides gracefully into action when you close the front door, and then retracts once you’ve buckled up.

b. **Multifunction display**

   A tap of the steering-wheel mounted controls lets you view displays of information including trip computer data and outside temperature, as well as control and program your vehicle and audio settings.

c. **10-way power front seats**

   Iconic seat-shaped controls help you easily find your ideal driving position. The 3-position memory even includes your settings for the power steering column and side mirrors.

---

**ENJOY INTIMACY Without Giving Up Your Personal Space.**

A little private time can be nice, especially when you’re surrounded by the numerous luxuries of the CLK 350. From the supple leather of supportive 10-way power front seats to the massaging touch of the leather-wrapped steering wheel and shift knob, it’s an environment to savor. Enjoy the visual warmth of hand-polished Burl Walnut wood trim on the doors, dashboard and console. Become immersed in the depth of the optional harman/kardon® LOGIC7® digital surround-sound system, with 12 speakers in the Coupe and 10 in the Cabriolet, made all the better by optional SIRIUS Satellite Radio. The attention to design, luxury and style place the CLK 350 models among the most personal of coupes and convertibles—with ample interior room to make sure they’re never too personal.
To be an object of desire while still commanding respect requires a rare blend of seductive traits and superior intelligence. Inside the CLK 550, you’ll find clever, thoughtfully touched front seats that move up and forward for easy access to the rear seats. The hand-fitted leather upholstery is worth coveting — and it’s complemented by hand-painted Black Ash wood trim and ivory-color instruments in a matte chrome surround, or optional Burl Walnut wood trim with chrome-ringed black gauges. The optional digital surround-sound system will stir your soul, as will the incredibly responsive 7-speed automatic transmission with steering-wheel-mounted gearshift paddles. Advanced digital climate control can help keep you cool while you challenge your favorite road. Whether you view it with cool calculation or in the heat of the moment, the CLK 550 is a seriously irresistible proposition.

Be A HEARTTHROB And Still Be TAKEN SERIOUSLY.
A Force Of Nature Created By Instant Chemistry.

The first time you see the electrifying CLK, it may strike you like a lightning bolt. With the CLK 63 AMG Cabriolet, the passionate engineers at AMG—Mercedes-Benz’s high-performance division—have created some thunder to go along. A handcrafted 6,208-cc V-8 pumps out 475 horsepower and 465 lb-ft of torque, enough to hit 60 mph in 4.5 seconds, while AMG SPEEDSHIFT™ programming gives the robust 7-speed automatic transmission 35% faster gear changes—easily snapped off by Formula 1-style Manual-mode paddles on the steering wheel. As responsive as it is refined, the CLK 63 AMG also features AMG’s suspension systems and braking systems. The muscular lines of the CLK 63 AMG sit aggressively over 18" AMG wheels and brakes, Massive disc brakes with perforated front rotors and enlarged 6-piston front/4-piston rear AMG calipers give arresting braking performance. 18" staggered-width AMG 5-spoke alloy wheels are equally adept at stopping passersby in their tracks.

Announcing your presence is a deep 475-horsepower V-8 rumble speaking through a free-flowing dual-exhaust system that’s barely audible at cruising speeds. Two stainless-steel tips make sure you’re seen as well as heard. AMG components are tested under brutal conditions, from our labs to the most demanding race circuits in the world. It’s more than just an uncompromising way to build a performance car—it’s the only way for the passionate engineers of AMG.

1. Stated rates of acceleration are based upon manufacturer’s track results and may vary depending on model, environmental and road surface conditions, driving style, elevation and vehicle load.

Low-back pressure exhaust
Announcing your presence is a deep 475-horsepower V-8 rumble speaking through a free-flowing dual-exhaust system that’s barely audible at cruising speeds. Two stainless-steel tips make sure you’re seen as well as heard.

Extensive testing
AMG components are tested under brutal conditions, from our labs to the most demanding race circuits in the world. It’s more than just an uncompromising way to build a performance car—it’s the only way for the passionate engineers of AMG.
When you’re piloting a car capable of storming to 60 mph in just 4.5 seconds, you want to be nowhere else than at the core of comfort and control. The CLK 63 AMG Cabriolet puts it all at your fingertips—literally—starting with manual shift paddles behind the spokes of the leather-wrapped steering wheel. To make sure other parts of your body are equally well supported, the driver’s AMG-design heated multicontour sport seat features pneumatic side bolsters, dual lumbar supports and high support. Rich Black leather bolsters and soft Nappa leather inserts in black mean luxury need never take a back seat. Sand-cast aluminum trim lends a cool, confident presence throughout the cabin, or, if your planetary preference is more Old World, rich Burl Walnut wood trim is optional.

**Find Yourself In The Center Of The Driving Universe.**

*Badge of honor*

Step over the AMG stainless-steel door sill trim and enter the world of passionate performance. Subtle metal detailing in the sport front seats proudly carries the AMG insignia as well.

*AMG-design instrument cluster*

Distinctive instruments and a black surround are as handsome as they are quickly read. At night, soft backlighting adds to the ambience of the 200 mph speedometer.

*Gearshift controls*

Formula 1-inspired control, tapping the steering-wheel mounted paddles lets you manually shift up or down through the available gears without losing grip of the wheel.
Creating a seamless experience between you, your CLK and the road, Mercedes-Benz takes an integrated approach to performance. This means that all elements—handling, acceleration and braking—are balanced to create a driving experience that exceeds expectation in each area. At the heart of CLK performance is a variety of powerful, smooth and responsive V-6 and two new generation V-8 engines: the 3.5-liter V-6 and the new-generation 6.2-liter V-8. And for each engine, there is a transmission specifically designed to give you unmatched comfort and control, whether you’re enjoying a spirited drive on your favorite twisty road or effortlessly gliding through your daily commute.

**CLK 350 V-6 and CLK 550 V-8 engines**

Using its red-blooded characteristics to its advantage, the 3.5-liter DOHC V-6 is the CLK 350’s purveyor of a smooth, crisp 220 horsepower and 258 lb-ft of torque, and well-tinted to deliver a more balanced, more “turbulent” ride. Intimate contact of air into the engine at various rpm, for ample low-end torque that keeps on giving throughout the range. The CLK 550’s potent new generation 5.5-liter V-8 produces a vigorous 268 horsepower and 258 lb-ft of torque, and the rpm range. The CLK 550 is motivated by a potent new generation 5.5-liter V-8 that puts 465 lb-ft of torque to rocket you to 60 in as little as 5.1 seconds.

**CLK 63 AMG V-8 engine**

Each AMG engine is the masterpiece of an AMG technician, who assembles the engine from start to finish. Piston, crankshaft and connecting rods are all manufactured for strength and matched by hand for balance, resulting in the new CLK 63 AMG’s 475-horsepower V-8 a unique blend of modern technology and Old World craftsmanship. 273 horsepower and 295 lb-ft of torque to rocket you to 60 in as little as 5.1 seconds.

**7-speed automatic transmission**

With the industry’s first 7-speed automatic in the CLK 350, CLK 550 and CLK 63 AMG—assuming specific programming, which matches shift points to your driving demands. You can top the gear lever to the right or right of Drive to enjoy the responsive nature of TouchShift, which allows you to hold a gear for a second, and the perception partner will automatically choose the ideal passing gear.

**A Smooth Operator**

**You Can Trust.**
Whether it’s the elegance of the Coupe’s pillarless design or the rakish lines of the Cabriolet, the CLK is truly art in motion. And to the artisans of designo, it’s the perfect canvas on which to create an exquisite masterpiece of color, texture and design. Adorned with the signature designo metal badge, their work reveals only hand-selected and hand-finished supple Nappa leather, distinctive wood trim, selected for its appearance and hand-finished to an incomparable luster, and a rich color palette to delight the eye and stir the soul. Once you’ve added a CLK designo edition to your personal collection, no other piece of automotive art will ever look the same again.

Silver Edition
A worthy addition to any portfolio, this very special CLK 350 or CLK 550 gleams in designo Silver metallic paint, elegantly offset on Cabriolet versions by a black soft top. Featuring the visual appeal of supple hand-fitted designo Grained Nappa leather on the seats (badged with the designo metal insignia), head restraints and door inserts, further delighting the eye, you'll also find exquisite Brown Poplar wood trim has been hand-finished for exquisite beauty and placed lovingly about the cabin. The finishing touch: plush floor mats trimmed in leather and proudly displaying the telltale designo metal badge (not available on CLK 63 AMG).

Graphite Edition
A captivating study in contrasts for any CLK-Class, the drama begins with Graphite metallic paint—harking back to the Cabriolet’s iconic Graphite color. Black Piano Lacquer wood trim has been hand-finished to a high-gloss finish, and a rich color palette to delight the eye and stir the soul. Once you’ve added a CLK designo edition to your personal collection, no other piece of automotive art will ever look the same again.

Graphite Edition
The designo Graphite Edition is a captivating study in contrasts for any CLK-Class. The drama begins with Graphite metallic paint—harking back to the Cabriolet’s iconic Graphite color. Black Piano Lacquer wood trim has been hand-finished to a high-gloss finish, and a rich color palette to delight the eye and stir the soul. Once you’ve added a CLK designo edition to your personal collection, no other piece of automotive art will ever look the same again.

1 CLK 350 and CLK 550 designo editions require optional heated front seats or Premium 3 Package. 2 CLK 63 AMG designo editions include steering wheel trimmed in Black leather.
G Entrepreneurial, Virtual and Voice Command System®

The optional COMAND system integrates the radio, CD player, optional Satellite Radio, navigation and control for the vehicle’s multi-function steering wheel. The system utilizes a computer and standard-sized steering wheel as the input device for all functions. The system’s touchscreen operates with a simple tap or touch or voice command. In contrast, the Bluetooth interface module is ideal for light phone users who don’t want access to address book and received call lists in the car. It services their needs for basic functions, which may include the following: (“Detailed information on each feature is available on the Mercedes-Benz Navigation Update discs, which are sold separately.”)

SIRIUS Satellite Radio®

SIRIUS Satellite Radio brings you over 100 channels of digital radio, including commercial-free music, so much more. Each channel is crystal clear and free of fade, static and other interference. With SIRIUS Satellite Radio, you can enjoy a variety of programming categories ranging from the latest in-edge music to the latest in-edge sports. Best of all, you can enjoy them free of charge for the first 3 months! (SIRIUS is a registered trademark of Sirius Satellite Radio, Inc.)

IPOD Interface

Your SIRIUS subscription brings over 60 non-musical channels that cover news, sports — including live games from the NFHL®, NHL® and NBA — and such well-known names as Discovery Channel, E! and Radio Disney. SIRIUS service may be unavailable or interrupted for a variety of reasons, including environmental and atmospheric conditions; in certain locations such as tunnels, parking garages or within or next to large buildings; or near other equipment that uses the same frequency band. Visit www.SIRIUS.com or call SIRIUS Customer Service at 1-888-539-7474 for details. (SIRIUS is a registered trademark of Sirius Satellite Radio, Inc.)

Wireless 4MB HANDSET

If you can't see the screen, connect the device to the MERCEDES-BENZ HANDSFREE COMMUNICATION SYSTEM HANDSET. VISIT WWW.WIRELESS4MB.COM FOR DETAILS. 8 Dealer-installed. Requires prewiring for Hands-Free Communication System, included in Premium 1 Package. Requires approved phone. Not all approved phones support all system features. Sold separately. Please see your dealer for details. 6 Dealer-installed. Requires prewiring for Hands-Free Communication System, included in Premium 1 Package. Requires approved phone. Not all approved phones support all system features. Sold separately. Please see your dealer for details.

CruiseControl System®

The Acceleration, Brake and Parking Brake pedal all feature the tactile interference of metal tips with raised rubber studs for a gripping in many ways than one.

I. iPod® as CD Changer (not shown)

Available with either the standard radio or optional COMAND system, iPod® is a registered trademark of Apple Computer, Inc. All iPod devices are sold separately.

[Image 302x99 to 1585x283]

The driver can now even make calls with a Bluetooth hands-free system from the cell phone in their pocket, purse, or even on the dashboard with an iPod®. The iPod® plugs into the SIRIUS or COMAND media module via a compact cradle. Set it and forget it. The Cradle is a registered trademark of Apple Computer, Inc. iPod® does not accept non-iPod music files.

Your iPod® interface seamlessly integrates with your audio system and permits you to control your iPod® using multifunction or single-button controls. iPod® is a registered trademark of Apple Computer, Inc. Please see owner’s manual for details.

II. Rain-Sensing Wipers

You’ll want to enjoy every drive and every corner. The ability to enter your vehicle and start without your foot on the brake, with the SmartKey remote, or through the door handle — without touching the door panel. You can also close the trunk via a pushbutton on the driver’s interior door panel. This convenient option allows you to fully open and close the trunk via one of two easy ways: a range of MHI cradles or an integrated MHI Bluetooth module. All devices click in place on the MHI contact plate in the center console of vehicles equipped with MHI. Cradles provide a cradle for your phone, while the MHI Bluetooth module can be paired with your Bluetooth-enabled cellular phone. This module is a registered trademark of the National Hockey League.®

III. Keyless Go®

Optional on any CLK Class model, this advancement of the SmartKey System lets you lock or unlock your car by touching the trunk handle without a key. Simply touch the trunk handle to unlock. Start-in-gear is easily ready. Put your foot in the brake, tap a button along the keypad and you’re ready to drive.

IV. Grip-enhanced Parking Brake

The accelerator, brake and parking brake pedal all feature the tactile interference of metal tips with raised rubber studs for a gripping in many ways than one.

V. Enhanced Trunk Lid Open

Put your foot on the brake, tap the door handle — without touching the door panel. You can also close the trunk via a pushbutton on the driver’s interior door panel. This convenient option allows you to fully open and close the trunk via one of two easy ways: a range of MHI cradles or an integrated MHI Bluetooth module. All devices click in place on the MHI contact plate in the center console of vehicles equipped with MHI. Cradles provide a cradle for your phone, while the MHI Bluetooth module can be paired with your Bluetooth-enabled cellular phone. This module is a registered trademark of the National Hockey League.®

1 While the Navigation System provides directional assistance, the driver must remain focused on safe driving while operating the car. The system is not intended to replace the driver’s focus. The system is not fault tolerant, cannot make decisions, avoid hazards, or control the vehicle at all times. In some cases, the system may provide inaccurate or misleading information (not shown)

2 Deletes steering-wheel shift paddles on CLK 550 models. 3 Sport suspension available for CLK 350 in Sport Appearance Package. 4 With the most current data.

Every CLK-Class is luxuriously equipped with numerous comfort and convenience items, to make any drive a special occasion. And with these innovative options, you can enhance the experience by creating your own vision of the perfect CLK. There’s lighting that helps you see your way, controls to enter your vehicle and drive off without touching a key. And an array of communication, entertainment, information and service options and services that can make your in-car experience satisfying in ways you might never have imagined. And while you’ll expect features like these on a car of the future, they’re available on your CLK-Class today.

Active Bi Xenon Headlights with Surrounding Illumigation

In combination with the Sport suspension and driving speed, these headlights can be automatically adjusted to suit the light conditions. As a result, you get a better view into corners by increasing available illumination by 88% over conventional Xenon headlight illumination. Enhancing their abilities, surrounding center foglight illumination can be a courtesy feature in heavy snow or a driving aid to increase visibility by 50%. This technology is a registered trademark of Apple Computer, Inc. iPod® does not accept non-iPod music files.

Comprehensive Sport Suspension Package

For that extra performance edge, the Advanced Sport Suspension (MHI) Hands-Free Communication System in one of two easy ways: a range of MHI cradles or an integrated MHI Bluetooth module. All devices click in place on the MHI contact plate in the center console of vehicles equipped with MHI. Cradles provide a cradle for your phone, while the MHI Bluetooth module can be paired with your Bluetooth-enabled cellular phone. This module is a registered trademark of the National Hockey League.®

Heated or Active Ventilated Front Seats

Heated front seats, optional on the CLK 350 or CLK 550, and standard on the CLK 63 AMG or CLK 550 AMG, provide three levels of heat; Optionally, the driver’s seat can be heated or ventilated. For each temperature level, three levels of intensity are available. The driver’s seat is heated or ventilated at the touch of a button, with three levels of intensity for each, and an automatic function, each controlled by three levels of intensity.

24-hour roadside Assistance
The first of its kind, the Mercedes-Benz Roadside Assistance program is still the only one that remains in effect for the life of the vehicle. Our Roadside Assistance technicians drive two- or three-person teams and training to get you back on the road as quickly as possible.

Mercedes-Benz Warranties
Our New Vehicle Warranty runs for four-and-a-half years, whichever comes first. And every vehicle comes with a Mercedes-Benz Extended Limited Warranty that will provide additional protection when the New Vehicle Warranty expires.

The Mercedes-Benz Maintenance System
All-around security — even with the Mercedes-Benz Maintenance System, the service is on the road at your convenience in the form of the teleAid Around-the-Clock Roadside Service. Whether a mechanical problem, battery dies. All at no charge, and all for as long as you keep the vehicle.

The no-charge Service Welcome
It’s part of our no-charge Service Welcome, which also provides your first tire rotation at no charge anytime before 6,000 miles.

24-hour Customer Service
Our Customer Assistance Center is your one-stop source for answers. Whether you need to know how to use your audio system, find the nearest Mercedes-Benz dealer, get directions to Las Vegas in our Model Overview, or require overnight repairs at a Mercedes-Benz Center, and more than 50,000 miles, whichever comes first. And anytime you stay overnight at a Mercedes-Benz Center, your new Mercedes-Benz will receive its scheduled maintenance.

Mercedes-Benz Financial
Mercedes-Benz Financial offers an impressive array of flexible and convenient financing options. To determine whether purchasing or leasing is right for you to estimate the payment amount of your next Mercedes, visit MercedesBenzFinancial.com.

European Delivery Program
It's more than just a new car, it’s a driving adventure. With our factory delivery program, you can enjoy a honeymoon with your new Mercedes-Benz at one of Europe’s fabulous lakes, in the land it was built — while you enjoy a 7% savings on many models. Enjoy it as a brief trip or as the starting point of your own self-guided European adventure. You can also take advantage of our AMG model delivery, which takes you through the Black Forest and the Alps, then to Munich, staying at lakeside resorts.

MercedesBenz.com
Whether you decide to locate the closest Mercedes-Benz dealer, want to know about financing and leasing options or would like more information on our European Delivery Program, MercedesBenz.com can help. This comprehensive website covers virtually every aspect of the Mercedes-Benz service and sales experience. It also serves to preserve the extensive catalog of Mercedes-Benz accessories or the latest Mercedes-Benz performance, premium and lifestyle products. Please see your Dealer for details.

MercedesBenzFinancial.com
Mercedes-Benz Financial offers convenient, quick and easy-to-understand financing options for the vehicles you want. Whether you choose to purchase or lease your vehicle, this site helps you make the best decision for you. Please see your dealer for details.
