The XC90 with attitude.

The XC90 V8 SPORT variant of the multi-award-winning Volvo XC90 has it all: Commanding views. Exhilarating performance. Distinctive styling. Outstanding comfort. And, of course, legendary Volvo safety. If that’s not enough, a few well-chosen options and accessories can take the XC90 to yet another level. Things can get personal very quickly.

Obviously, the Volvo XC90 V8 SPORT is not shy. Especially not around corners. Its dynamic handling characteristics are amplified by a sports-tuned chassis that features firmer shocks and stiffer anti-roll bars. With assertive styling touches inside the cabin plus an outward demeanour that won’t back down, this is the family car for a very fun family.

The distinctive 5-spoke Vulcanis 19” alloy wheels couldn’t be more serious about driving. Behind them wait large ventilated disc brakes, firmer shocks for improved body control and stiffer anti-roll bars to help keep the car flat through hard turns.

The XC90 V8 SPORT is very fun to drive. Its even weight distribution, wide track and extremely rigid body, along with many safety systems, increase its stability and make it easier to maneuver. But even advanced technology and design cannot overcome the laws of physics. Please Drive Carefully, Sports fan.
Aggressive? Yes. But that’s always been our approach to safety.

The XC90 V8 SPORT secures its high-traction road-holding ability courtesy of a unique, sport-tuned chassis, sports-calibrated steering, and sophisticated stability control technologies. This results in a car that is more responsive, yet still balanced and composed for the most rewarding style of driving. And with capabilities to help keep the fun of driving last much longer even.

The XC90 V8 SPORT contains four advanced safety features: ABS, Electronic Stability Control (ESC), Anti-lock Brake System (ABS), and Dynamic Stability and Traction Control (DSTC). These features work together to maintain the stability of the vehicle and help ensure control in all conditions.

Advanced Technologies
The XC90 V8 SPORT is packed with advanced technologies that enhance both the performance and safety of the vehicle. These include advanced controls like the Headlamp Washers, Lane Keeping Assist System (LKAS), and Lane Departure Warning (LDW) systems.

Driver Assistance Systems
The XC90 V8 SPORT includes a suite of driver assistance systems, including the Adaptive Cruise Control (ACC), Blind Spot Information System (BLIS), and Rear Cross Traffic Alert (RCTA) systems.

Efficiency
With the powerful V8 engine, you’ll experience the feeling of style that comes from instant acceleration. What’s more, this power pack employs a smart engine management system to help reduce environmental impact.

Your Volvo XC90 V8 SPORT is designed to provide a safe and enjoyable driving experience. It offers advanced safety features, cutting-edge technology, and a powerful engine to help you enjoy the thrill of driving.
