THE AUTHENTIC DIFFERENCE.

A passion for uncompromising performance and quality is the essence of the Authentic Difference, and it's forged into every part and accessory we make today. As the official parts and accessories division of Chrysler Motors LLC, Mopar is original equipment. Which means every Authentic Dodge Accessory by Mopar in this catalog is designed by a Chrysler Engineering Team — the people who know your Nitro better than anyone else.

It's a difference you'll recognize in the higher standards and tighter tolerances required of original equipment accessories. You'll see it in our materials, which provide a superior finish and an exact vehicle color match, as well as in the integrated fit that comes from utilizing the same computer modeling technology that's used to design your vehicle.

You'll appreciate it in our stricter testing standards, from demanding salt bath corrosion tests and impact performance tests to harsh on- and off-road durability testing. And you'll discover that all Authentic Dodge Accessories are designed so they will not adversely affect your vehicle's original performance specifications, such as engine cooling and proper air bag deployment — a common problem with many aftermarket accessories.

And finally, you'll value the Authentic Difference in our warranty coverage. When installed on a Dodge Nitro that's within the New Vehicle Limited Warranty period, Mopar Accessories are covered by the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Basic Limited Warranty, whichever is more favorable to you.⁽¹⁾ And these warranties are serviced by thousands of Chrysler Motors LLC dealerships throughout the country. A promise aftermarket brands simply can't make.

If you're looking to enhance your Dodge Nitro with premium protection, convenience, style or entertainment, choose the Authentic Difference. Just like our accessories, it's a statement — and a standard of excellence — you'll benefit from for years to come.
