Saddle up in the luxurious new KING RANCH.

The ultimate retreat after a long day, the King Ranch Edition is available on Expedition and Expedition EL. It welcomes you with sumptuous Chaparral leather trim on all 3 rows of seating, the center console lid and the door-trim panel inserts, plus a matching leather-wrapped steering wheel. Unique wood trim lends visual warmth to the instrument panel, floor console, shifter handle and switch plates, while a King Ranch logo adorns the floor mats. Enhancing the exterior: Pueblo Gold accents, 18" machined-aluminum wheels and exclusive King Ranch badging.
Play on its inherent STRENGTH.

Standard on every Expedition and Expedition EL, the proven 5.4L Triton® V8 engine features an efficient 3-valve head design that maximizes its energy to give you a mighty 300 hp at 5000 rpm and 365 lb.-ft. of torque at 3750 rpm. The substantial V8 is coupled with an innovative 6-speed automatic transmission to help create that satisfying “launch” feel that tucks you back in your seat. You won’t find a 6-speed transmission on any other SUV in the class.1 Expedition also delivers the highest available maximum towing capacity in its class at 9200 lbs. The optional air suspension with rear load leveling comes in especially handy when you’re towing particularly large items or hauling lots of gear. It helps maintain a smooth ride and confident handling regardless of the vehicle load. So hitch up your favorite tow-behind and head out for some big fun!

Tows more than any other full-size SUV.

When properly equipped with the optional Heavy-Duty Trailer Tow Package, Expedition 4x2 can tow up to 9200 lbs. That’s more pull than any other vehicle in its class. In fact, it’s a full 1000 lbs. more than a Chevrolet Tahoe can manage.

Cargo and load capacity limited by weight and weight distribution.

---

Breathe easier.

Our 5.4L Triton V8 powertrain was redesigned in 2007 to significantly reduce emissions as compared to the previous generation. In states that follow federal emissions standards, smog-forming emissions are down by 55%, hydrocarbons are down by 42% and nitrogen oxides are down by 65%.
Take advantage of its **CAPABILITY**.

When you and your family need to get away, you like to go where the wild things are. And Expedition 4x4 can’t wait to take you there. Helping Expedition maintain its composure—even over harsh, uneven surfaces—the multilink independent rear suspension enables each rear wheel to react independently. The convenient 4x4 AUTO mode on Expedition's optional Control Trac® 4-wheel-drive system senses when you’re driving on a loose or slippery surface (like gravel, mud or snow) and automatically optimizes traction by transferring power to the appropriate wheels. Front tow hooks and a 4x4 LOW mode are also included on 4x4 models for serious off-road venturing. The 4x4 Off-Road Package, optional on Expedition XLT 4x4 models, adds black tubular step bars and skid plates to help protect the engine, transfer case and fuel tank. There’s no better way to roam.

**Trail-happy.**

Expedition's outstanding torsional rigidity, stiff frame, monotube shocks and enhanced steering gear all contribute to its smooth ride and excellent steering control—which will help keep the kids comfy while you hunt for the perfect camping spot down that rugged 2-track.
Share its relaxed HOSPITALITY.

Welcome to your new family room on wheels. With available seating configurations for 5 to 9 passengers and all sorts of entertaining options, Expedition and Expedition EL will pamper you and your guests with comfort and style. New for 2008, the overhead console, sun visors with illuminated vanity mirrors, 2nd-row map lights and auxiliary rear climate controls are all standard. Supportive captain’s chairs are also standard in the 1st row, while Eddie Bauer, Limited and King Ranch models feature luxurious leather-trimmed seating, a 10-way power-adjustable driver seat with power lumbar and recline, Dual-zone Electronic Automatic Temperature Control and a 340-watt Audiophile® Sound System — a treat for all!

Mobile cinema.

Expedition’s optional Rear-Seat DVD Entertainment System includes an 8” color screen, remote control and 2 sets of wireless headphones.
Utilize its endless ADAPTABILITY.

Days a bit unpredictable lately? Not to worry. Expedition is built to help with convenient features you won’t find on the competition. Like our available PowerFold™ 3rd-row seat (standard on Eddie Bauer, Limited and King Ranch). With PowerFold, you can open up cargo space at the touch of a button. Chevrolet Suburban and GMC Yukon don’t offer anything like it. In fact, their 3rd-row seats have to be removed from the vehicle to create similar cargo space. With Expedition’s PowerFold feature, you’ll be off to your next errand in a flash. And thanks to thoughtful standards like a separate set of audio and climate controls for those in the 2nd row, and best-in-class leg room in the 3rd row, all of your passengers will be happy to tag along.

Within easy reach.

Expedition’s standard 2nd-row 40/20/40 split-folding seat includes a class-exclusive CenterSlide™ feature that allows you to pull the center section of the seat forward almost 11” for easy access from the 1st row.
Smart packing.
This versatile cargo organizer, standard on Expedition EL, helps keep all that extra space behind the 3rd-row seat neat and tidy.

Powerfully easy.
Expedition’s available new power-deployable running boards automatically extend when you open a door and retract when you close it. They pair well with the available power liftgate that raises and lowers at the push of a button.

Power up to its full POTENTIAL.

Right now, you’re peering into the cavernous expanse of 130.8 cu. ft. of cargo space behind the 1st row in Expedition EL. That’s a lot of potential for whatever you need to do. Note the flat loadfloor — standard on both Expedition and Expedition EL. It’s created by our exclusive Cargo Mode, which allows you to position the folded 2nd-row seatbacks in alignment with those of the 3rd row. This extremely level playing field makes it easy to transport long, flat items inside. Add the push-button convenience of the available PowerFold™ 3rd-row seat — first from Ford Motor Company — and let the home improvement projects begin. Need space, but not quite as much as Expedition EL offers? Stick with the original short-wheelbase Expedition. It serves up an ample 108.3 cu. ft. of cargo space behind the 1st row. Plenty of room for life’s demands.

Cargo and load capacity limited by weight and weight distribution.
Master your day with its QUIET CONFIDENCE.

Expedition’s commanding interior is all the more appealing when you realize you’re enjoying it in such relaxing quiet. All that peace is thanks, in part, to the class-exclusive Quiet Steel® laminate in the dash panel and oil pan, an acoustic-laminate windshield and thick side glass. These materials were carefully selected to help keep wind and road noise to a minimum. The result? Everybody can hear each other using their “inside” voices. New for 2008, a leather-wrapped steering wheel, auto-dimming rearview mirror, heated sideview mirrors, and our class-exclusive keyless-entry keypad are all standard on XLT. Go for the optional SIRIUS Satellite Radio¹ to start surfing over 130 channels of coast-to-coast sports, news, entertainment and 100% commercial-free music. And use the available voice-activated, DVD-based Navigation System with intersection programming to stay on track.

¹Service not available in Alaska or Hawaii. See your Ford Dealer or contact SIRIUS at 1-888-539-7474 for more information.

Quiet Steel is a registered trademark of Material Sciences Corporation.
Trust its innate STABILITY.

You’ve got places to go, things to see, and lots of people and stuff to take along. And you want to enjoy the ride. No matter what Mother Nature throws at you. Expedition is the answer. It gives you full-size utility, plus remarkable stability courtesy of AdvanceTrac® with class-exclusive RSC® (Roll Stability Control™). An electronic stability enhancement system that actually measures what other manufacturers’ systems ignore or can only estimate, AdvanceTrac with RSC features a unique vehicle-roll motion sensor that works in conjunction with the Anti-lock Brake System (ABS), traction control and yaw control. The sensor directly measures the vehicle’s roll-rate 100 times every second, which is used to determine when and how the system will apply individual brakes and modify engine power to help keep all 4 wheels firmly planted. And it’s standard on every Expedition and Expedition EL.

Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. For more information on AdvanceTrac with RSC, visit fordvehicles.com.
Standard for 2008: ALL 6 AIRBAGS.

This Expedition is the safest ever. And it’s no wonder with such a long list of standard safety and security features — now including all 6 airbags. That’s right. You get the dual front airbags of our Personal Safety System® (PSS) and the 3-row side-curtain airbags in our patented, first-in-class Safety Canopy™ System, plus front-seat side airbags. All standard. And always at the ready. In fact, a suite of sophisticated sensors is constantly feeding information to the PSS so that it can enhance protection for the driver and right-front passenger in certain frontal collisions by customizing the deployment of the dual-stage front airbags. Every Expedition also gets 3-point safety belts at all outboard seat positions as well as at the 2nd- and 3rd-row center positions, our SecuriLock® passive anti-theft ignition system, and autolocking doors for added peace of mind.

5-STAR SAFETY RATINGS

Expedition has received 5-Star ratings in the National Highway Traffic Safety Administration’s (NHTSA) frontal crash tests for 7 years in a row.

1 2001–2007 model years.

2 Based on internal Ford safety testing results of current-generation Expedition.
### Specifications

#### KING RANCH® ▸ CAPABILITY ▸ INTERIOR ▸ SAFETY ▸ SPECS ▸

## STANDARD FEATURES

### MECHANICAL

- 5.4L 3-valve Triton® V8 engine
- 6-speed automatic transmission with overdrive
- 4-wheel independent suspension with coil-over shocks — Front: double wishbone, Short- and Long-Arm (SLA) design; rear: multilink design
- 4-wheel power disc brakes with Anti-lock Brake System (ABS), Brake Assist and Electronic Brakeforce Distribution (EBD)
- AdvanceTrac® with RSC® (Roll Stability Control™)
- Battery saver
- Body-on-frame construction
- Control Trac® 4-wheel-drive system (4x4 models only)
- Fuel tank — 28-gallon capacity (33.5-gallon on Expedition EL)
- Non-limited-slip rear axle — 3.31 ratio (Expedition only); 3.73 ratio (Expedition EL only)
- Spare tire — Full-size
- Stabilizer bars — Front and rear
- Variable-assist, power rack-and-pinion steering

### SAFETY/SECURITY

Personal Safety System® for driver and front passenger — Includes dual-stage front airbags; safety belt pretensioners, safety belt energy-management retractors, safety belt usage sensors, driver-seat position sensor, crash severity sensor and restraint control module
- Autolock — Doors lock automatically when driving
- Belt-Minder® safety belt reminder
- Child-safety rear door locks
- Front-seat side airbags1
- Height-adjustable shoulder belts — 1st-row outboard positions
- LATCH — Lower anchors and tether anchors for child-safety seats on rear-outboard seat positions
- Safety belts — 3-point for all outboard positions and 2nd- and 3rd-row center positions
- Safety Canopy™ System with 3-row side-curtain airbags1 and rollover sensor
- SecuriLock® passive anti-theft ignition system
- Side-intrusion door beams
- Tire Pressure Monitoring System

### SEATING

1st-row captain’s chairs — Model specific (see chart on page 12)
- 2nd-row 40/20/40 split seat with CenterSlide™ (slide-forward feature for center section) — Reclines and folds flat to floor
- 6-way power driver seat with manual lumbar

### INTERIOR

Accessory delay for power features
- Air conditioning
- Auxiliary rear air conditioning and heat
- Assist handles — 1st row (2) and 2nd row (2)
- Auto-dimming rearview mirror
- Automatic headlamps with rainlamp
- Auxiliary audio input jack
- Cargo organizer (Expedition EL only)
- Cruise control — Steering wheel-mounted
- Cupholders — 4
- Floor console — Storage bin, coin holder, 2 headphone jacks, 4 cupholders, power point, auxiliary audio and climate controls, and pen holder
- Floor mats — Carpeted 1st and 2nd rows (with King Ranch logo on King Ranch)
- Front door trim panels with map pockets and cupholders (up to 20-ounce)
- Head restraints — All outboard positions and center of 2nd row (if equipped with standard 40/20/40 split seat)
- Instrumentation — Analog with voltmeter, speedometer/odometer, tachometer and oil pressure, water temperature and fuel gauges
- Overhead console — Map lights, single sunglasses holder and conversation mirror (plus rear quarter-window control switches, if equipped)
- Power door locks
- Power points — 1st row (1), 2nd row (1), and rear cargo area (1)
- Power windows — With one-touch-down driver-side feature
- Rear floor air vents
- Steering wheel — Leather-wrapped
- Sun visors — Dual-flap with illuminated vanity mirrors
- Trim steering column

### EXTERIOR

Antenna — Concealed in rear quarter glass
- Door and liftgate handles — Chrome
- Fog lamps
- Headlamps — Complex-reflector system with integrated park/turn-signal indicators (blackout treatment on Limited)
- Liftgate with flip-up glass
- Lower bodyside moldings — Body-color on XLT and Limited; Pueblo Gold on Eddie Bauer and King Ranch
- Mirrors — Black, power, heated sideview with security approach lamps and fold-away design
- Privacy glass (rear doors, quarter windows and rear window)
- Rear-window defroster
- Remote keyless entry — Driver door-mounted keypad and 2 key fobs
- Roof side rails — Black
- Running boards — Black on XLT; body-color on Limited; Pueblo Gold on Eddie Bauer and King Ranch
- Tailamps — Complex reflectors with two-tone color lenses and built-in backup lighting
- Tow hooks — Front (4x4 only)
- Trailer Tow — Class IV receiver with 4-pin connector
- Wheel-lip moldings — Body-color on XLT and Limited; Pueblo Gold on Eddie Bauer and King Ranch
- Windshield wipers — Front: speed-sensitive, 2-speed variable-intermittent; rear: intermittent with washer

  - Standard on Eddie Bauer
For a purchase or lease, the Ford Extended Service Plan (ESP) gives you “Peace-of-Mind” protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for an ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln Mercury dealerships.

Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

New Vehicle Limited Warranty
We want your Ford Expedition or Expedition EL ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile Bumper-to-Bumper Coverage, 5-year/60,000-mile Powertrain Warranty Coverage, 5-year/50,000-mile Safety Restraint Coverage, and 5-year/unlimited-mile Corrosion (Perforation) Coverage — all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

For more assurance: The 5-year/60,000-mile powertrain limited warranty is fully transferable, has no deductible and provides you with an additional 2 years or 24,000 miles of coverage — on select components, including the engine and transmission — beyond the standard 3-year/36,000-mile Bumper-to-Bumper Coverage. Roadside Assistance is extended to 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Genuine Ford Accessories are designed and engineered specifically for Ford vehicles. Visit our website at fordaccessoriesstore.com to use the Accessorizer, and to learn about complete accessory details and purchase instructions.
