09SaturnVUE

SATURN

The philosophy of Rethink has been ours since day one. Rethink is treating customers like people. Rethink is buying made easy. Rethink is style made accessible. Rethink is a greener approach. Rethink is hybrid technology. Rethink is always pushing yourself to come up with a better idea. Rethink is Saturn.

Saturn's commitment to helping the environment

Our devotion doesn't stop at building responsible transportation. We're also doing the little things, like printing this brochure on FSC-certified (Forest Stewardship Council) paper, which includes a minimum of 30% post-consumer recovered fiber. Additionally, electricity used in the manufacturing process is generated from renewable resources. Please help us out and recycle this brochure when you're done.

VUE XR-V6 in Ruby Red shown with accessories

EPA-estimated **19** mpg city, **26** mpg highway

VUE XR-4 in Deep Blue

Rethink having it all. The VUE.® It gives you a lot to love. It is a great-looking, great-driving crossover with an array of powertrain choices, including all-wheel drive and hybrid. Choose our fuel-efficient 4-cylinder engine[1] with front-wheel drive, available in both the XE and the premium XR trim levels. For more performance, we offer a 257-hp V6 that powers both the XR and sporty Red Line. The VUE also offers two hybrids: our smart and unique 4-cylinder hybrid (limited availability), which offers the highest highway fuel economy of any compact crossover,[2] and our no-compromise 2-Mode V6 (limited availability beginning spring 2009).

SATURN 100,000 MILE 5-YEAR POWERTRAIN WARRANTY

Powertrain Warranty
Every 2009 Saturn gets the best coverage in America: the Saturn 100,000-mile/5-year[3] Transferable Powertrain Limited Warranty, plus Roadside Assistance and Courtesy Transportation.

1 EPA-est.19 mpg city, 26 mpg hwy. **2** Based on the 2008 GM Compact Utility-Crossover segment and EPA-est. 32 mpg hwy. **3** Whichever comes first. See retailer for details.

Rethink choice. A VUE anyone can enjoy.

VUE Red Line in Black Onyx, XR in Quicksilver, XE in Ruby Red

VUE Red Line

Features our powerful 257-hp, 3.6-liter V6 engine with Variable Valve Timing that offers an EPA-estimated 24 mpg highway in FWD models. Also available in AWD, the VUE Red Line features a 6-speed automatic with TAPshift® manual mode, ground effects, a rear spoiler, a unique ebony interior, 18-inch alloy wheels, and a sport-tuned suspension.

VUE XR

Features our fuel-efficient and responsive 169-hp, 2.4-liter, 4-cylinder ECOTEC™ engine with FWD, which offers an EPA-estimated 26 mpg highway. The more powerful available 257-hp, 3.6-liter, DOHC V6 with VVT has a 6-speed automatic transmission, and it offers FWD or AWD. All XR models have alloy wheels, roof rails, an 8-way power driver's seat, and a leather-wrapped steering wheel.

VUE XE

Features our EPA-estimated 19 mpg city, 26 mpg highway, FWD, 169-hp, 2.4-liter, 4-cylinder ECOTEC™ engine and 4-speed automatic transmission. Or our available 222-hp, 3.5-liter V6 engine with VVT, 6-speed automatic transmission and AWD. Both XE models feature 16-inch alloy wheels, a Driver Information Center, and dark, tinted rear windows.

VUE XR-V6 in Quicksilver

Satellite radio

XM Radio is standard,[1] including three trial months of service. XM turns your world on with commercial-free music channels for virtually every music genre, all in amazing digital sound. Turn on your favorite sports, plus the biggest names in news, talk, comedy and family programming, wherever you go from coast to coast.

Bluetooth® wireless technology

Our comprehensive, convenient, and easy-to-use in-vehicle technology allows you to connect select Bluetooth[2] compatible cell phones to the VUE for hands-free calling.

iPod/MP3 player

We've outfitted the VUE to accommodate your entire music library with an iPod®[3]/MP3 auxiliary input jack that allows you to play your favorite music through the vehicle's 6 standard or 10 available speakers.

1 Available in the 48 contiguous United States. Required $12.95 monthly subscription sold separately after three trial months. All fees and programming subject to change. Subscription subject to customer agreement. For more information, visit gm.xmradio.com. 2 The Bluetooth trademark is owned by Bluetooth SIG, Inc., and any use of such marks by General Motors is under license. Go to gm.com/bluetooth to see which phones are compatible with the vehicle. 3 iPod is a trademark of Apple Inc., registered in the U.S. and other countries.

OnStar® Every 2009 Saturn includes a one-year subscription to the OnStar Safe & Sound Plan.[4] Beyond our standard safety and security features, you get monthly vehicle diagnostic reports via e-mail, as well as Roadside Assistance. OnStar can even flash your lights and sound your horn if you can't find your vehicle. You can easily connect with an Advisor who can unlock your door or help authorities locate your vehicle if it is stolen.[5] If your vehicle is equipped with a compatible navigation system and active Directions & Connections Plan, you can use OnStar Destination Download to receive destinations and millions of points of interest on the go. Also available for vehicles without a navigation system is eNAV,[6] which allows you to locate your destination online via MapQuest.com and allows OnStar to send you turn-by-turn driving directions.

Navigation

The easy-to-read-and-operate available DVD-based touchscreen navigation system will get you where you need to go.[7] Use the available XM NavTraffic®[8] for live traffic data, traffic accidents, and estimated travel time along your chosen route.

4 Call 1-888-4ONSTAR (1-888-466-7827), visit onstar.com, and see inside back cover for details and system limitations. **5** Remote Door Unlock and Stolen Vehicle Location Assistance success may vary with conditions. **6** Requires Directions & Connections Plan. Not available in certain areas and with Verizon Wireless Nationwide Plan with OnStar. Visit onstar.com for coverage map. **7** Map coverage not available in Puerto Rico, Virgin Islands, and portions of Canada. **8** Required XM Radio and NavTraffic monthly subscriptions sold separately after trial period. XM NavTraffic only available in select markets. For rhore information, see www.xmradio.com/navtraffic.

56.4

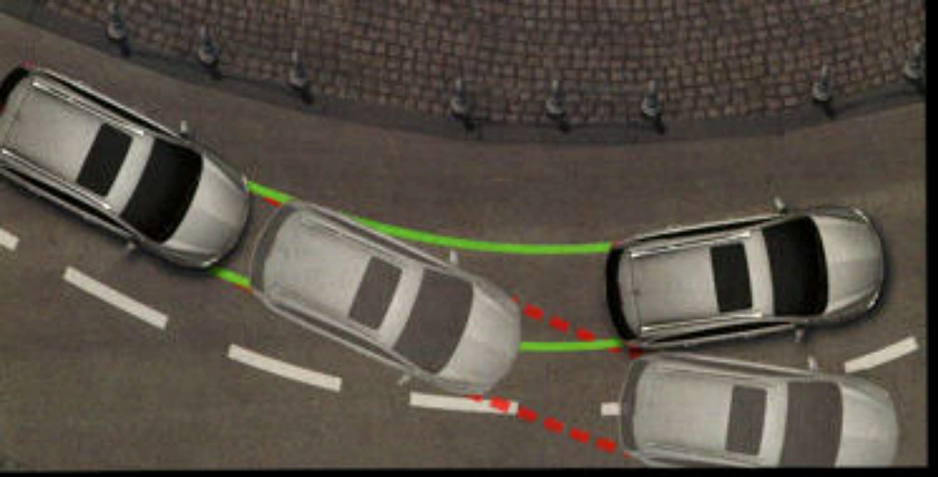
cubic feet of cargo space[1]

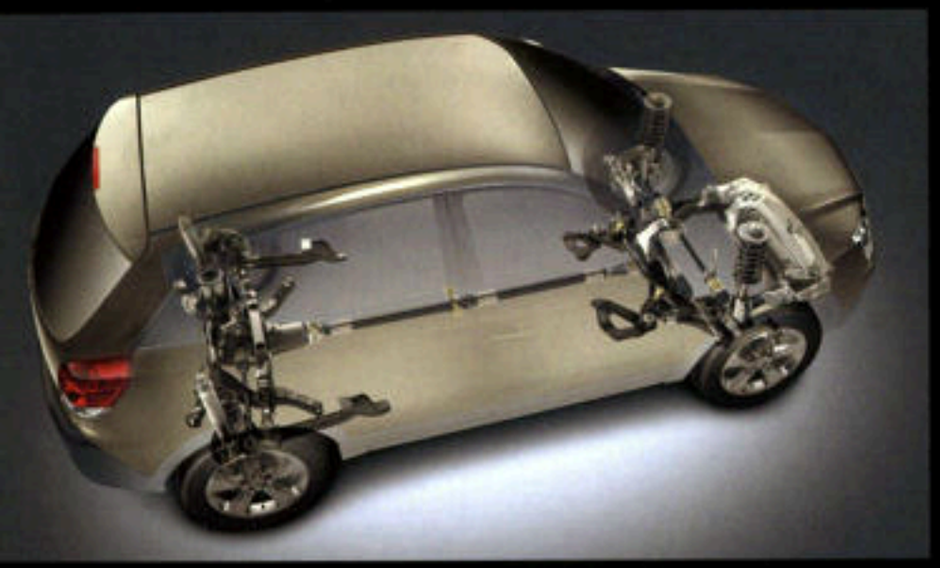
We designed the VUE to make the best of every inch. The cargo area is available with a flex net system[2] with rails on each side that provide attachment points for adjustable storage net system combinations.

The interior of the VUE is spacious, well-appointed, and stylish. Soft-touch materials and supportive seats with generous head- and legroom give it a premium look and feel. Via a single touch of an easy-access lever, the standard 60/40-split rear seats and front passenger seat fold flat[3] to accommodate your largest picnic basket, every pair of gym shoes you've ever owned, and even all those bags of clothes you've been meaning to donate to a charity.

1 Cargo and load capacity limited by weight and distribution. 2 Available on XE model. 3 Fold-flat front seats not available on Red Line.

VUE XR-V6 in Tan with Premium Trim Package and other available equipment





StabiliTrak,® ABS and Traction Control

We've equipped the VUE with StabiliTrak-Stability Control—a system that uses the vehicle's electronic brake and traction control capabilities to provide added stability—ABS for more precise, controlled braking performance, and Traction Control for enhanced traction.

Person and machine as one

Smart features on the VUE help keep you in control. A MacPherson strut front suspension, multi-link independent rear suspension, and a quick-reacting hydraulic steering system (standard on V6 models) have been tuned to deliver a smooth, refined ride with responsive handling and solid on-center feel. The available AWD system enhances traction in all types of weather on all types of road.

5-star crash safety rating[1]

The 2009 VUE received the highest possible crash safety rating—5 stars—in frontal and side-impact crash testing. It has 137 standard safety features, like six standard air bags;[2] four-wheel disc anti-lock brakes, daytime running lamps, and a Pedal Release System that helps reduce the chance of lower-extremity injuries to the driver. The VUE even earned an IIHS "Top Safety Pick" in 2008.

OnStar®

Included in the VUE's one-year subscription to the OnStar Safe & Sound Plan[3] is Automatic Crash Response. Should the air bags deploy, OnStar can automatically attempt to contact you in your vehicle. If there is no response, emergency personnel will automatically be contacted. The red emergency button in the vehicle can also be used if you are in an emergency situation that does not involve air bag deployment. Connect your vehicle to OnStar and a live Advisor will contact emergency services for you. On call and ready when you need it most, OnStar helps make safety a standard feature in every VUE we build.

1 Side-impact crash test rating is for a model tested with standard head curtain side air bags (SABs). Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). **2** Air bag inflation can cause severe injury or death to anyone close to the bag when it deploys. Be sure every occupant is properly restrained. See inside back cover of this brochure for an important note about air bags and child safety. **3** Call 1-888-4ONSTAR (1-888-466-7827), visit onstar.com, and see inside back cover for details and system limitations. OnStar acts as a link to existing emergency service providers.

SATURN
HYBRID

Cost-effective cruising

This unique hybrid system mates an electric motor/generator to the 172-hp, 2.4-liter, 4-cylinder engine with a modified automatic transmission.

Easy going

To improve fuel economy, the VUE Hybrid has low-rolling-resistance tires, a rear spoiler, and a ride height lowered by one inch.

Beauty and brains

The engine in the VUE Hybrid shuts off when the vehicle is brought to a stop to minimize idling, and it restarts promptly when the brake pedal is released. The 36-volt battery is connected to an Intelligent Charging System, which can automatically recognize the most efficient time for the power converter to recharge.

Rethink being responsible. Saturn offers the choice of two different hybrid systems on the VUE. The VUE Hybrid (limited availability) offers the highest highway fuel economy of any compact crossover,[1] and the VUE 2-Mode Hybrid (limited availability beginning spring 2009) gives you the full power and towing capability of a V6. Both offer hybrid technology without sacrificing style, safety, or dynamic performance.

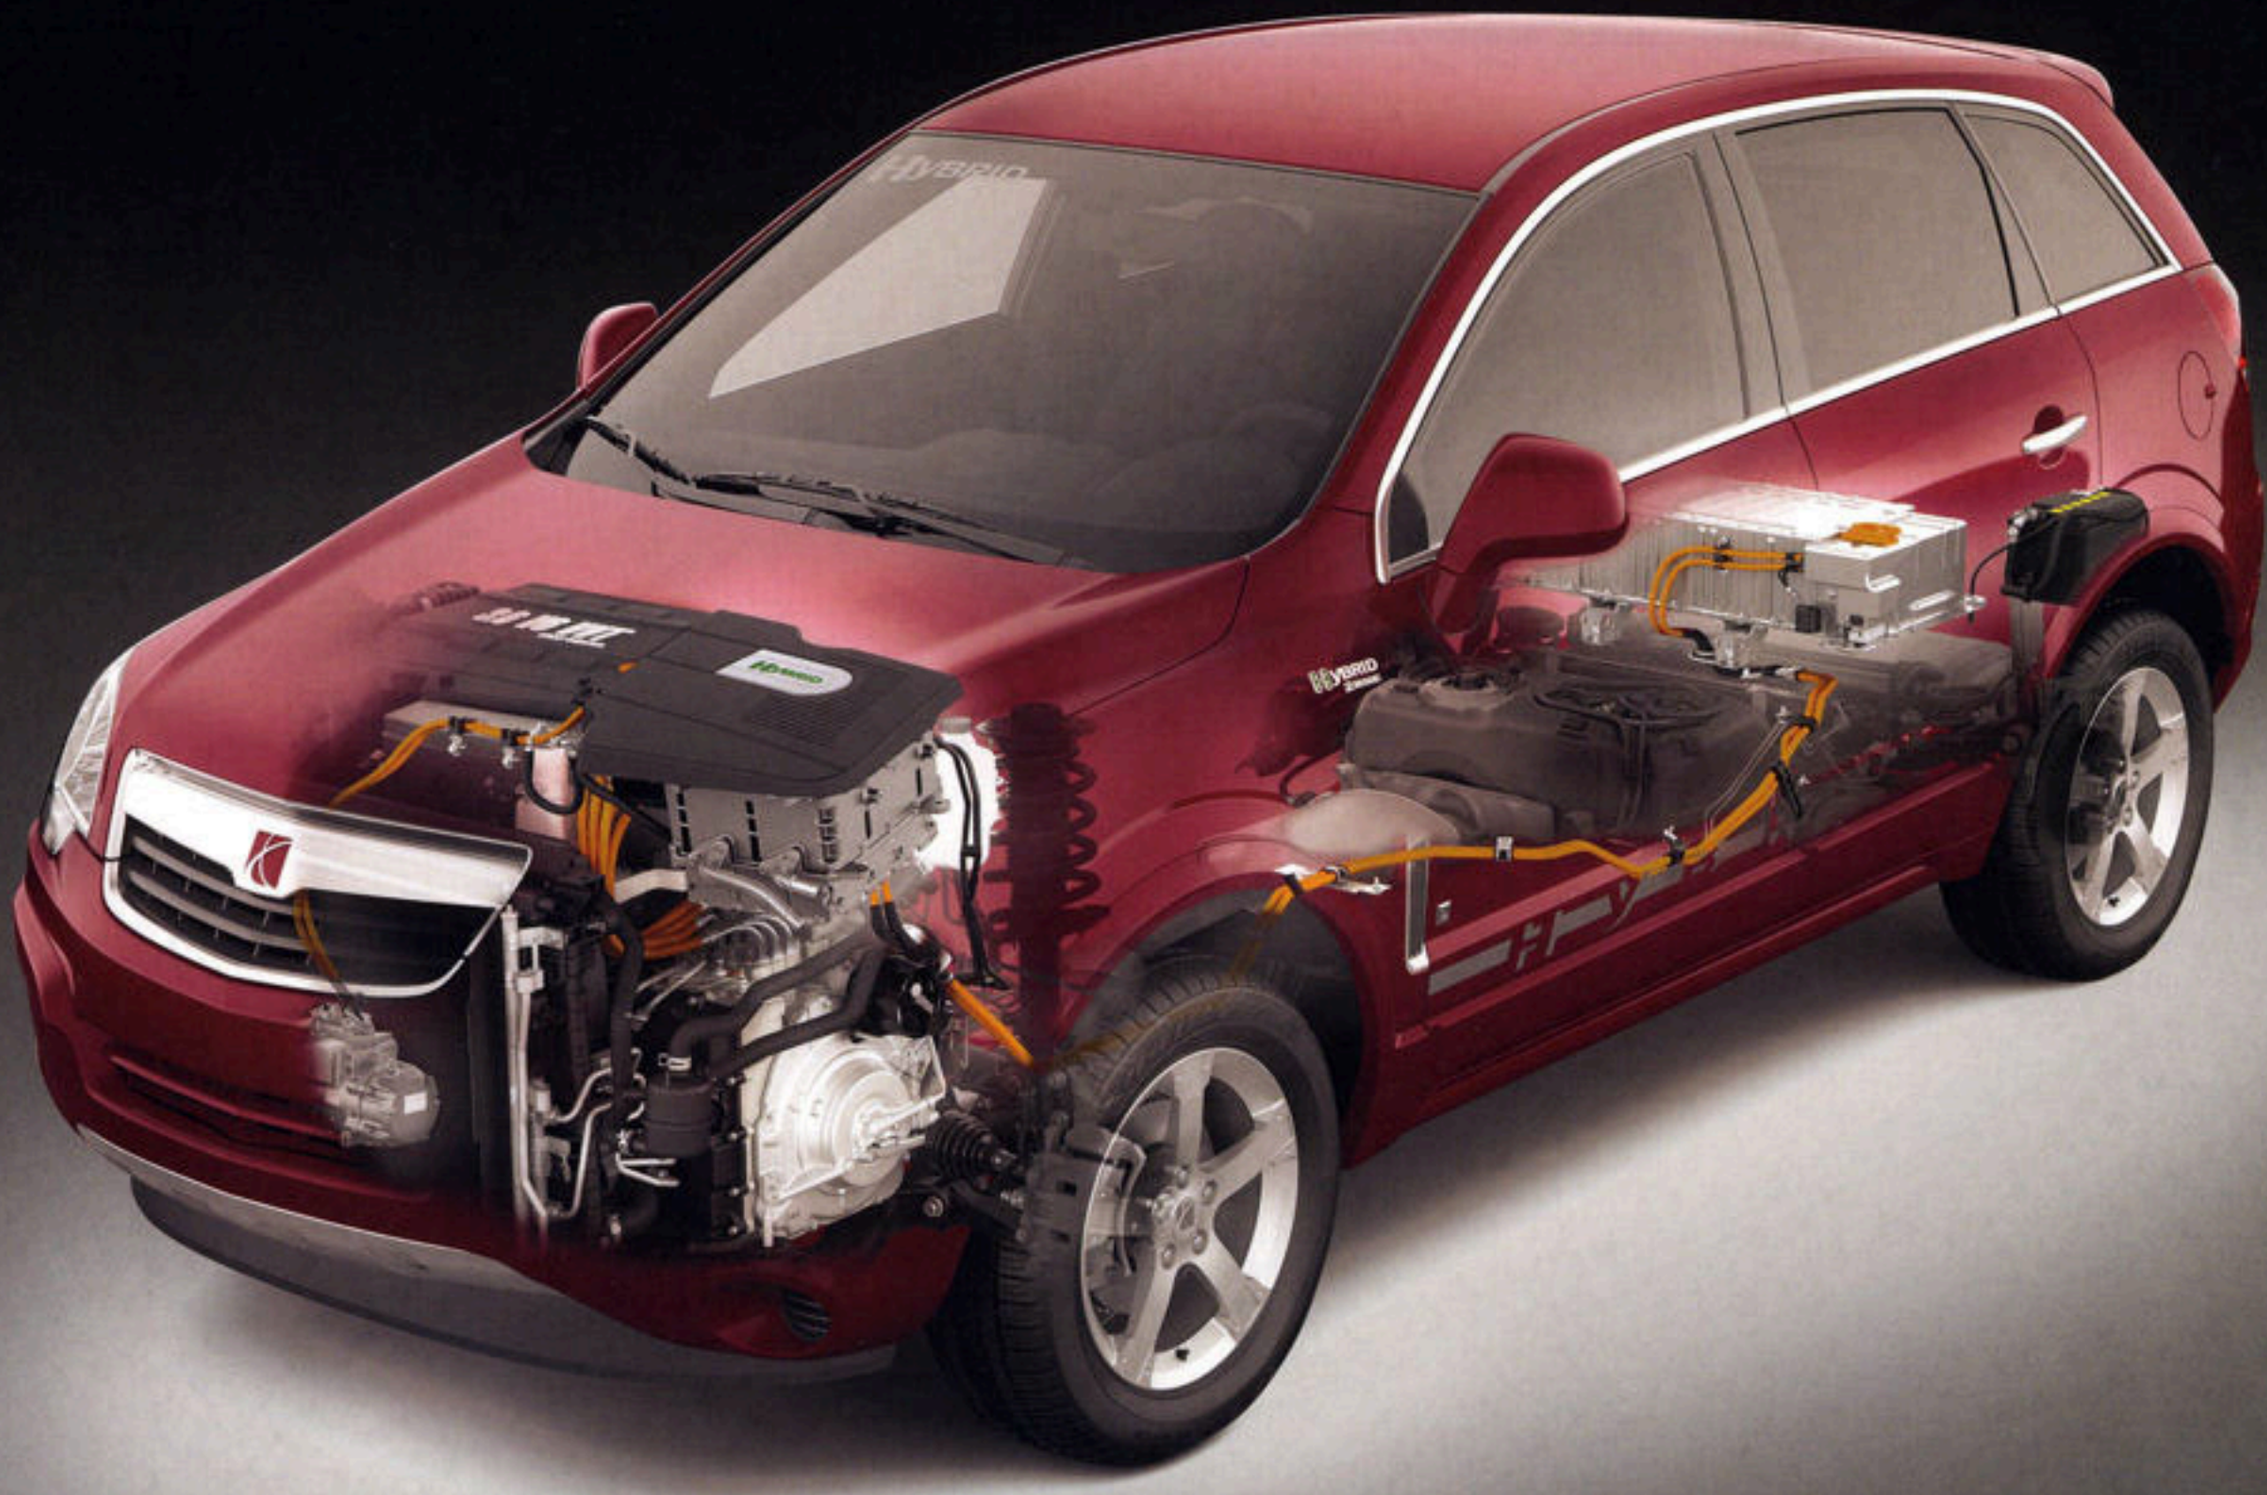
1 Based on the 2008 GM Compact Utility-Crossover segment and EPA-est. 32 mpg hwy.

VUE Hybrid

EPA-estimated **25** mpg city, **32** mpg highway

VUE 2-Mode Hybrid

(limited availability beginning spring 2009)



VUE 2-Mode Hybrid in available Crystal Red Tintcoat

SATURN
HYBRID

V6 power

With the 2-Mode, you will get powerful acceleration, a 3,500-lb. towing capability,[1] and the utility you'd expect from a V6.

Hybrid battery

The twin 55-kW electric motors are powered by a 300-volt nickel-metal hydride hybrid battery pack and integrated into the automatic transmission.

Mode 1

Operates at low speeds and light loads and works in one of three ways: all-electric, internal combustion engine, or a combination of the two.

Mode 2

The second mode is used primarily at highway speeds to optimize efficiency. It provides electric assist in addition to 6-cylinder power when conditions demand it, such as trailer towing or climbing steep hills.

The all-new 2009 Saturn VUE 2-Mode Hybrid is hard-working and smart. We designed it for customers who want the outstanding fuel savings of an advanced hybrid and the full power and towing capability of a V6. An efficiency gauge replaces the tachometer, and it will inform you when you're achieving maximum fuel economy. The VUE 2-Mode Hybrid is expected to deliver up to 50% fuel economy improvement over the conventional engine.[2]

Future-friendly by design

To continue our commitment to the environment, we've developed the Flextreme concept,[3] which is a sneak peek at Saturn's future design direction. Future innovations like this plug-in concept show Saturn's commitment to decreasing our dependence on petroleum and reducing greenhouse gas emissions.

1. Maximum trailer ratings are calculated assuming a properly equipped base vehicle plus driver. See retailer for details. **2.** EPA-est. 17 mpg city, 24 mpg hwy for VUE XR-V6 FWD. Official EPA estimates for VUE 2-Mode not available at time of printing. **3** Concept vehicle. Not for sale.

VUE Red Line in Ruby Red

257-horsepower V6

VUE Red Line

The Red Line is the performance-styled sibling of the VUE. It has a meaner and more aggressive lowered stance, 18-inch wheels with meaty performance tires, ebony seats with red stitching, and TAPshift,® giving drivers full control of the gear selection and allowing the 6-speed transmission to be shifted like a clutchless manual.

Power: **257** hp @ 6,500 RPM

Torque: **248** lb-ft @ 2,100 RPM

3.6-liter engine with VVT

Redline at 6,700 RPM

EPA-est. mpg **17 city/24 hwy** (FWD)

VUE XE

XE FWD STANDARD EQUIPMENT:

- 169-hp, 2.4-liter, DOHC, 16-valve, ECOTEC™ 4-cyl. engine with Variable Valve Timing (VVT)
- 4-speed automatic transmission
- StabiliTrak®-Stability Control and Traction Control
- 16-inch alloy wheels
- OnStar® with one year Safe & Sound Plan[1]
- Air conditioning
- CD/MP3 player with AM/FM stereo, auxiliary input jack, and six speakers
- XM Radio with three-month trial service[2]
- Steering wheel-mounted controls for audio system and cruise control
- Driver Information Center
- Power windows and door locks
- Remote Keyless Entry
- Fold-flat front passenger seat
- 60/40-split flat-folding second-row seats
- Solar-Ray deep-tinted second row, cargo, and rear glass
- Dual-stage driver and front passenger air bags[3] with Passenger Sensing System
- Side-impact air bags[3] for driver and front passenger
- Front and rear outboard head curtain side air bags[3] with rollover sensing system
- Active front seat head restraint system
- 1,500-lb. maximum towing capacity[4]

XE AWD ADDS:

- 222-hp, 3.5-liter, OHV 12-valve V6 engine with VVT
- 6-speed automatic transmission
- All-wheel drive
- Dual exhaust outlets with chrome tips
- 3,500-lb. maximum towing capacity[4]

VUE XR

XR-4 FWD (INCLUDES XE FWD STANDARD EQUIPMENT PLUS):

- 169-hp, 2.4-liter, DOHC, 16-valve, ECOTEC™ 4-cyl. engine with VVT
- Roof rack side rails
- Preferred Package: eight-way power driver seat adjuster, leather-wrapped steering wheel, outside heated power-adjustable mirrors, lighted vanity visor mirrors, floor mats, flex net rear cargo organizer, automatic climate control, and Bluetooth® connectivity with select compatible phones[5]
- Premium cloth seating
- Chrome exterior door handles
- Hidden storage under front passenger seat
- Projector-beam halogen foglamps

XR-V6 FWD/AWD ADDS:

- 257-hp, 3.6-liter, DOHC, 24-valve, V6 engine with VVT
- 6-speed automatic transmission
- 17-inch alloy wheels
- Available all-wheel drive
- 3,500-lb. maximum towing capacity[4]

VUE Red Line

RED LINE FWD/AWD ADDS:

- 257-hp, 3.6-liter, DOHC, 24-valve, V6 engine with VVT
- 6-speed automatic transmission with TAPshift®
- Lowered, sport-tuned suspension and larger stabilizer bars
- Dual exhaust outlets with trapezoidal chrome tips
- 18-inch alloy wheels and performance tires
- Ebony bolsters with perforated seating inserts
- Available all-wheel drive
- Available roof rack side rails
- Rear spoiler
- Unique front fascia and ground effects
- Unique Red Line instrumentation cluster
- Bright sill plates

VUE HYBRID (limited availability)

4-CYLINDER HYBRID STANDARD EQUIPMENT (INCLUDES XE STANDARD EQUIPMENT PLUS):

- 172-hp, 2.4-liter, DOHC, 16-valve, ECOTEC™ 4-cyl. engine with VVT
- 4-speed automatic hybrid transmission
- 17-inch alloy wheels and low-rolling-resistance tires
- Hybrid instrumentation with charge/assist gauge, eco and autostop indicators
- Rear spoiler

2-MODE HYBRID (limited availability beginning spring 2009) STANDARD EQUIPMENT (INCLUDES XE STANDARD EQUIPMENT PLUS):

- 3.6-liter, DOHC, 24-valve, SIDI 2-Mode V6 engine with VVT
- 2-mode continuous variable transmission with four fixed gears
- 17-inch alloy wheels and low-rolling-resistance tires
- Hybrid instrumentation with efficiency gauge, eco and autostop indicators
- Preferred Package: eight-way power driver seat adjuster, leather-wrapped steering wheel, outside heated power-adjustable mirrors, lighted vanity visor mirrors, floor mats, flex net rear cargo organizer, automatic climate control, and Bluetooth® connectivity with select compatible phones[5]
- Premium cloth seating
- Rear spoiler
- 3,500-lb. maximum towing capacity[4]

IMPORTANT WORDS ABOUT THIS CATALOG
We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings, and other numbers in this catalog and other printed materials provided at the retailer or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacturer and equipment. Certain vehicle features may lose their usefulness over time due to obsolescence from technical changes. Because some information may have been updated since the time of printing, please check with your Saturn retailer for complete details. Saturn reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

A NOTE ABOUT AIR BAGS AND CHILD SAFETY
Always use safety belts and the correct child restraint for your child's age and size. Even in vehicles equipped with air bags and the Passenger Sensing System, children are safer when properly secured in a rear seat in an appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. Air bag inflation can cause severe injury or death to anyone too close to the bag when it deploys. Be sure every occupant is properly restrained. See your vehicle owner's manual and child-safety seat instructions for more information.

ONSTAR® INFORMATION
OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (1-888-466-7827) and visit onstar.com for OnStar's Terms and Conditions, Privacy Policy, details and system limitations.

SATURN'S VEHICLE EXCHANGE PROGRAM
Within the first 30 days or 1,500 miles of delivery, whichever comes first, the original purchaser may exchange his or her Saturn vehicle if not completely satisfied. In the event that an owner returns his or her vehicle, he or she will exchange it for another new 2008 or 2009 Saturn vehicle. See retailer for limitations and restrictions. The vehicle must be returned in the condition in which it was delivered, without damage or excessive wear and tear. If non-warranty repairs equal to or greater than $300 have been performed or are necessary, the vehicle is not eligible to be returned; if less than $300, the damage must be repaired or the estimate deducted from the credit toward the exchange vehicle.

NEW VEHICLE LIMITED WARRANTY
This warranty is for Saturn vehicles registered in the United States. See your Saturn retailer for terms and conditions. Covered by the best coverage in America: the Saturn 100,000-mile/5-year (whichever comes first) Transferable Powertrain Limited Warranty, plus Roadside Assistance and Courtesy Transportation. Covered for 3 years/36,000 miles (whichever comes first): the complete vehicle, tires, towing to your nearest Saturn retailer, cosmetic corrosion resulting from defects, repairs made to correct any vehicle defect, with no charge for most warranty repairs. Covered for 8 years/100,000 miles (whichever comes first): certain hybrid components. See retailer for details.

ENGINES
Saturn products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Saturn products may also be used in other GM makes and models.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES
Installations or alterations to the original equipment vehicle (or chassis) as distributed by GM are not covered by the Saturn New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. GM is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

ASSEMBLY
Saturn vehicles and their components are assembled or produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Saturn vehicles with different or differently sourced components than originally scheduled. Because some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

SPARE TIRE INFORMATION
There is no jack or spare tire (and no place to store a tire) in the 2009 Saturn VUE Hybrid. Your vehicle has a tire sealant and compressor kit that uses a liquid tire sealant to temporarily seal up to a ¼-inch puncture in the tread area of the tire. After using the tire inflator kit, it is recommended that you take the tire to an authorized retailer for inspection and repair as soon as possible, but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than ¼ inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire and for one time before its expiration date.

GM CARD
What you spend each day can help toward the purchase or lease of a new Saturn. With three different reward cards to choose from and over 50 eligible new GM vehicles, there are plenty of reasons to get excited about what your reward could be. Apply for a GM Reward MasterCard and start saving for your new ride today. Visit gmcardmemberservices.com for more details.
