best in class¹

Escape Hybrid Limited • Light Ice Blue Metallic • Escape XLT • Redfire Metallic

Finally. It's my turn to Escape.

Fun. Isn't it time you got yours? Escape and Escape Hybrid are ready to go with new and improved engines, up to 20% more horsepower and better performance. Plus, smart new features like our available, exclusive Ford SYNC™ voice-activated,

customizable media system,² for use with most Bluetooth®-enabled mobile phones and most popular digital media players. The 2009 Ford Escape and Escape Hybrid are more fun — and more fuel efficient — than ever.

¹2009 Ford Escape I-4 manual FWD EPA-estimated fuel economy. Small SUV class. Excludes other Ford Motor Company products. ²Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Microsoft is a registered trademark of Microsoft Corporation. Recycling. It's not just for paper anymore.

The Escape Hybrid powertrain actually recharges itself. It all starts with the new 2.5L I-4 engine using Atkinson-cycle combustion to make the most of each drop of gas. The engine works with the electric traction motor to create 177 net hp — 14% more than the previous powertrain. The electric traction motor also captures kinetic energy during Regenerative Braking and uses it to recharge the 330-volt battery pack. The battery pack then completes the cycle by supplying energy to start the engine, to drive at low speeds, and to boost acceleration.

For lively V6-like acceleration performance (with lower average fuel costs), Hybrid Drive mode gives the gas engine an extra boost whenever you need it. So you get the best of both worlds: serious SUV capability and outstanding hybrid fuel efficiency. Plus, Escape Hybrid meets California's strict Advanced Technology Partial Zero Emissions Vehicle (AT-PZEV) requirements,² which helps keep our air cleaner too.

¹Based on U.S. EPA rankings and best city mileage in VCA data. EPA-estimated 34 mpg city/31 hwy, for FWD. ²AT-PZEV is a rating approved by the California Air Resources Board. Vehicles sold in federally regulated states meet the Environmental Protection Agency's Tier 2/Bin (3) emissions standards.

09 ESCAPE & ESCAPE HYBRID

Escape Limited • Black Pearl Slate Metallic • Available Equipment

Curvy roads. More power. Fun in the sun.

There's no better time to Escape. The available Duratec 30-3.0L V6 engine cranks out a massive 240 hp this year. That's 20% more power, making your drive more exhilarating than ever. And thanks to its efficient new 6-speed automatic transmission, the V6 also delivers better fuel economy this year. The new Duratec 25-2.5L I-4 engine, standard on XLS, XLT and Limited, gives you 171 hp and 171 lb.-ft. of torque — nearly 12% more power and 12.5% more torque than its I-4 predecessor. It delivers

better fuel economy when paired with the available 6-speed automatic transmission. And it comes with a standard 5-speed manual on XLS.

Also new for 2009, our industry-first Easy Fuel™ capless fuel-filler system helps reduce fuel tank evaporative emissions by eliminating the potential to drive with an incorrectly installed or missing gas cap. There simply is no gas cap with this system. It automatically seals shut when you remove the fuel nozzle. So you just gas up and go.

Drive one.

09 ESCAPE & ESCAPE HYBRID

I speak. It listens.

Introducing Ford SYNC,[™] the new standard for in-vehicle communications and entertainment.¹ Developed in association with Microsoft,[®] SYNC is an available voice-activated, customizable media system that fully integrates your Escape with most Bluetooth[®]-enabled mobile phones and most popular digital media players. Enter the vehicle with a compatible and paired phone — SYNC knows you've

arrived. Then you just press a button  on the steering wheel and use simple voice commands to make calls and more — with both hands on the wheel. Connecting your digital media player to the USB port is just as easy. It even charges most players while you're jamming out. SYNC is also updateable. Visit SyncMyRide.com for the latest information about exciting new features. You talk. SYNC listens.[™]

¹Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Microsoft is a registered trademark of Microsoft Corporation. The Bluetooth word mark is a registered trademark owned by the Bluetooth SIG, Inc.

Right or left? Red or blue? Hot or cold?

- A. New for 2009, the available voice-activated Navigation System features the same sophisticated speech-recognition software as Ford SYNC,TM so control couldn't be easier. The system reads upcoming street names aloud, detects traffic incidents ahead, and even offers alternate routes.
- B. On Hybrid models, the optional Navigation System includes a Hybrid Energy Flow monitor that allows you to track the powertrain's modes of operation and overall fuel economy.
- C. The available Navigation System features a hard drive with nearly 10 gigabytes of storage space for your pictures and music. Use it to store photos of family and friends for your "Home" page, and rip entire CDs or just your favorite tracks (up to 2400 songs). The Jukebox function makes managing your music easy. You can even play songs just by saying the name of the artist. The system also lets you watch your favorite DVDs when Escape is in "Park."
- D. Available SIRIUS[®] Satellite Radio offers you over 130 channels. New with the available Navigation System this year, SIRIUS Travel Link^{TM1} can help you access: lowest fuel prices (gasoline and diesel); real-time traffic with speed, flow and incident information; current and forecasted weather; sports scores (in-game and final) and schedules; plus movie listings and showtimes.
- E. Set your interior aglow with available Ambient Lighting. It gives you 7 color options ranging from red hot to cool blue.
- F. The available Limited Luxury Package includes heated sideview mirrors (shown), heated front seats, convenient Dual-zone Electronic Automatic Temperature Control and our clever Reverse Sensing System.
- G. Power your laptop computer, a radio, or even a small TV with the 110-volt power outlet² — standard on Escape Hybrid.

¹Real-time traffic monitoring available in select markets. Some features are unavailable while driving. Service not available in Alaska or Hawaii. See your Ford Dealer for details. © 2008 SIRIUS Satellite Radio Inc. "SIRIUS," the SIRIUS dog, "SIRIUS Travel Link" and related marks are trademarks of SIRIUS Satellite Radio Inc. ²See your Owner's Guide for complete details.

Note to self: Get out. Way out.

Whether you want out of the city, out of the 'burbs, or just plain outside, Escape and Escape Hybrid are both built to oblige. With fully independent suspensions and outstanding clearance, they're nimble enough to drive up and over some formidable obstacles that some others will have to waste time driving around.

Always on and always working: the optional Intelligent 4WD System automatically monitors traction (200 times per second — much faster than any person could) and adjusts torque distribution as needed to give you maximum grip.

Escape Hybrid Limited • Stone • Available Equipment • Custom Accessories — Dual INVISION® DVD Headrests*
*Ford Licensed Accessory.

Big wet dog. Five great friends. Room for all.

Up to 99.4 cu. ft.¹ of space for family and friends. Up to 66.3 cu. ft.¹ of space for pets and stuff. Seats as many as 5 adults with ease. And way more than one big wet dog, if that's your need. We even made sure that the Escape Hybrid battery pack is

completely sealed beneath the cargo floor, so there's no need to worry about whether your cargo is wet or dry. Escape is designed to be just the right size — your life size — inside and out.

¹Escape XLT capacities stated. Actual capacities vary by model.

Drive one.

09 ESCAPE & ESCAPE HYBRID

Flip it. Fold it. Strap it down.

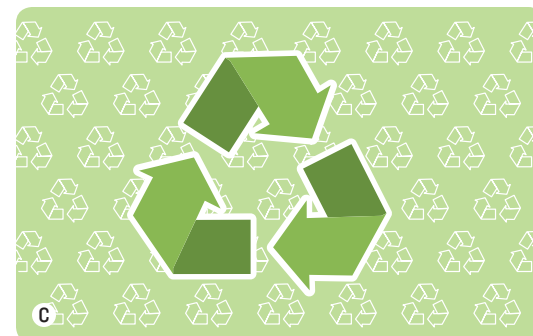

- A. Instantly increase your cargo capability by another 100 lbs. when you add roof rails with crossbars. They're available in the Cargo Package, which features black rails on XLS and XLT, and black with stylish chrome inserts on Limited.
- B. Keep your muddy boots away from other cargo or stow precious items out of sight with the lockable hidden wet trunk. It's available exclusively in the Cargo Package.

- C. The standard floor console gives you a 3-tier storage system, 2 removable bins, and a hidden storage area that's large enough to stow a laptop computer or purse.
- D. Every Escape features standard 60/40 split-folding rear seats for interior flexibility on demand.

Drive one.

09 ESCAPE & ESCAPE HYBRID

Adaptable. Comfortable. Environmentally responsible.

A. Tip-fold-flat latches make it easy to fold the rear seats down, opening up to 66.3 cu. ft.¹ of cargo space. Need the seats up? You still have up to 29.2 cu. ft.¹ of space in back.

B. The new comfort-designed seats in all 2009 Escape and Escape Hybrid models include cushions made with an environmentally friendly, soy-based foam that helps conserve limited resources and reduce CO₂ emissions.

C. 100% post-industrial materials — plastics and polyester fibers that would otherwise have ended up in landfills — are recycled to help create the sustainable cloth-trimmed seats that are standard on Escape Hybrid and XLT.

¹Escape XLT capacities stated. Actual capacities vary by model.

Drive one.

09 ESCAPE & ESCAPE HYBRID

Escape XLT • Brilliant Silver Metallic • Available Equipment

Any road. Every road. I go with confidence.

A. Every one of our innovative safety systems — including AdvanceTrac® with class-exclusive RSC® (Roll Stability Control™) — is now standard. AdvanceTrac with RSC is the only electronic stability control system that utilizes 2 gyroscopic sensors, one of which is a unique vehicle-roll motion sensor. This sensor measures the roll rate 100 times every second. Working with the Anti-lock Brake System (ABS), traction control and yaw control, it automatically applies individual brakes and modifies engine power to help keep all 4 wheels firmly planted.¹

B. The Personal Safety System® includes a sophisticated network of sensors and front airbags that enhance protection for the driver and front passenger in the event of certain frontal collisions. Front-seat side airbags are also standard.

C. The side-curtain airbags in our standard Safety Canopy® System enhance protection for outboard-seated occupants in the event of certain side-impact collisions.

¹Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. For more information on AdvanceTrac with RSC, visit fordvehicles.com.

Standard Features

MECHANICAL

- 4-wheel independent suspension
- 16.5-gallon fuel tank capacity (15.1-gallon on Escape Hybrid)
- 90,000-mile tune-up interval**
- Electric Power Steering (EPS)
- Front and rear stabilizer bars
- Front-wheel drive
- Power front disc/rear drum brakes with Anti-lock Brake System (ABS)

SAFETY/SECURITY

- 3-point safety belt restraint system for all seating positions
- Adjustable head restraints at all seating positions
- AdvanceTrac® with RSC® (Roll Stability Control™)
- Belt-Minder® front safety belt reminder
- Brake/shift interlock with automatic transmission
- Front-seat side airbags¹
- Front height-adjustable shoulder safety belts
- Integrated keyhead transmitter remotes (2)
- LATCH – Lower anchors and tether anchors for child-safety seats (rear seat positions)
- Personal Safety System® with dual-stage front airbags¹
- Safety Canopy® System with side-curtain airbags¹ and rollover sensor
- SecuriLock® passive anti-theft ignition system
- Side-intrusion door beams
- Tire Pressure Monitoring System (excludes spare)

INTERIOR

- 2nd-row 60/40 split-folding bench seat with tip-fold-flat latches
- 2 power points (1 in each row)
- Air conditioning
- Auxiliary audio input jack
- Covered visor vanity mirrors
- Cruise control
- Floor console with removable interior bins and 4 cupholders
- Illuminated-entry system
- Power door locks with child-safety rear door locks
- Power windows with one-touch-down driver-window feature
- Rear floor air ducts
- Tachometer
- Tilt steering wheel

EXTERIOR

- Easy Fuel™ capless fuel-filler system
- Liftgate with flip-up glass
- Power sideview mirrors with manual-fold feature
- Rear-window defroster
- Solar-tinted glass
- Windshield wipers – Front: variable-intermittent with washer; rear: 2-speed with washer

**Under normal driving conditions with routine fluid and filter changes.

¹Always wear your safety belt and secure children in the rear seat.

09 ESCAPE & ESCAPE HYBRID

Drive quality.

You see it, feel it, hear it in every Ford — quality matters. Others see it too: Escape Hybrid earned a *Consumers Digest* "Best Buy" Award for 2008.

Drive green.

With 34 mpg in the city,¹ Escape Hybrid is the most fuel-efficient SUV on the planet. It helps save the earth's precious resources — and some of yours.

Drive safe.

AdvanceTrac[®] with exclusive RSC,[®] our exclusive Personal Safety System[®] and 6 total airbags are standard on every Escape and Escape Hybrid.

Drive smart.

Stay in touch and manage your music on the go with our available, exclusive Ford SYNC[™] voice-activated, customizable media system.²

¹Based on U.S. EPA rankings and best city mileage in VCA data. EPA-estimated 34 mpg city/31 hwy. for FWD.
²Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Microsoft is a registered trademark of Microsoft Corporation. The Bluetooth word mark is a registered trademark owned by the Bluetooth SIG, Inc.

New Vehicle Limited Warranty. We want your Ford Escape or Escape Hybrid ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile Bumper-to-Bumper Coverage, 5-year/60,000-mile Powertrain Warranty Coverage, 5-year/50,000-mile Safety Restraint Coverage, and 5-year/unlimited-mile Corrosion (Perforation) Coverage — all with no deductible. Escape Hybrid is also covered by an 8-year/100,000-mile Hybrid Limited Warranty.³ Please ask your Ford Dealer for a copy of these limited warranties.

Roadside Assistance is extended to 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle, or need towing. Your Ford Dealer can provide complete details on all of these advantages.

³10-year/150,000-mile Hybrid Battery Limited Warranty in California, Connecticut, Maine, Massachusetts, New Jersey, New York, Rhode Island and Vermont. See dealer for details.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln Mercury dealerships.

Insurance Services. Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.
