

GO SOMEPLACE FUN.

HHR will get you and your stuff where you want to go – conveniently and efficiently – with better highway fuel economy than any competitor,¹ an EPA estimated 32 MPG (LS and 1LT models). Two body styles are available, including a panel version. And choose from two engines – a standard 2.2L ECOTEC and an available 2.4L ECOTEC (excludes Panel), both with Variable Valve Timing (VVT). We help you get there safely with standard features like the StabiliTrak Electronic Stability Control System with Traction Control and four-wheel ABS, and OnStar^{®2} with Automatic Crash Response is standard for the first six months.
