2012 NV Lineup

NISSAN Commercial Vehicles

N_12NCVdb_LineUp.indb 1-1 6/15/11 10:50 AM

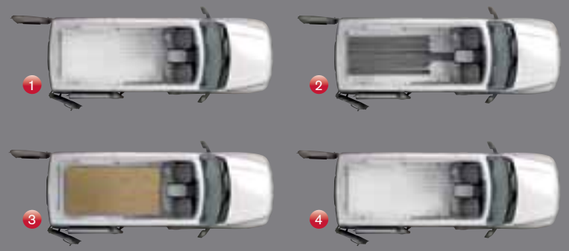
INNOVATION THAT WORKS

Introducing the Nissan NV Lineup. More than a van, it's a new way of doing business. We started by asking you what current vans do right, and what they don't. We listened. We learned. And then we really went to work. The result is the groundbreaking NV Lineup, with a choice of Standard and High Roof models and three different grades to match your needs. With powerful and reliable drivetrains and fully boxed full-length ladder frames, it's up for any job. With up to 323 cubic feet of cargo space and loaded with innovation from the biggest idea to the smallest detail, getting the job done has never been easier. It's time to rethink the way you do business, and time to put the Nissan NV Lineup to work for you.

N_12NCVdb_LineUp.indb 2-2 6/15/11 10:50 AM

STAND TALL

Cargo-carrying flexibility and interior room are the reasons you buy a van. The NV High Roof model maximizes your opportunities with stand-up room for someone 6' 3" tall and floor space that can carry up to two 40" x 48" pallets. Every NV model also pays big dividends when loading, with forklift-friendly rear doors that swing 243 degrees wide open, a large sliding side door, and low step-ins and grab handles at all entry points.



1. Flat loading floor to maximize loading capacity.
2. Long enough to carry ten-foot piping under center console.
3. 54" between wheel wells fit 4' x 8' drywall sheets.
4. Rear doors open 243°, allowing forklift-friendly loading and room for two 40" x 48" pallets.

UP TO 323 CU. FT. OF SPACE[1]

243° OPENING REAR DOORS WITH NON-INTRUDING HINGES

6 floor-mounted D-ring tie-downs rated to 1,124 lbs.

3 Available cargo lights make it easy to find what you need.

Magnets hold the cargo doors securely in their fully open position.

[1]323 cu. ft. is for High Roof Model only.

POWER TO CHOOSE

The NV Lineup gives you two powerful choices to suit your needs. The 24-valve, 4.0-L V6 features an advanced Continuously Variable Valve Timing Control System that delivers seamless power with optimum fuel efficiency. Step up to the 5.6-L V8 and you'll find an aluminum block with a forged crankshaft and cast-iron cylinder liners for maximum strength. Both engines feature specially coated piston skirts and microfinishing of key components to help reduce friction for smooth response and less wear and tear. Backed up by a rugged 5-speed automatic transmission, the NV is built for the long haul – and just about anything you need to bring along.

V6

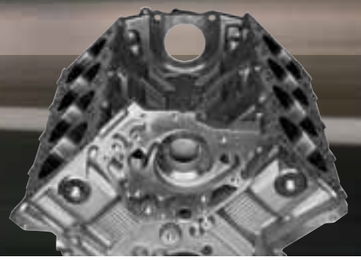
261 hp with 281 lb-ft of torque

7,000-LB. TOWING CAPACITY[1]

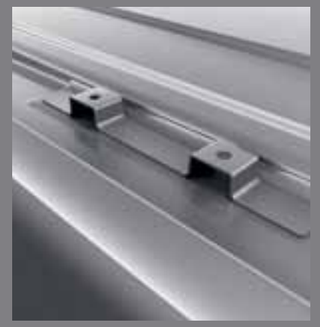
V8

317 hp with 385 lb-ft of torque

9,500-LB. TOWING CAPACITY[2]



[1]With available tow hitch accessory. See Nissan Towing Guide and Owner's Manual for proper use. [2]Requires available Towing Package. See Nissan Towing Guide and Owner's Manual for proper use.



ELECTRIC POWER ZONES

Running the tools you need is easy with 120-volt outlets[1] in the center console and by the rear door on the driver's side. Wiring has been specially designed with pass-through circuits through the dash panel, in-cabin connectors to help provide plug-and-play integration, independent fusing, and the flexibility to accommodate specialized wiring scenarios required by upfitters.

MULTIPLE INTEGRATED REINFORCED CARGO-MOUNTING POINTS

In the cargo area, NV's multiple integrated reinforced cargo-mounting points combine with flat interior walls to help racks and cargo-containment systems attach more securely, for enhanced longevity and peace of mind. On the roof, solid mounting points for roof racks help keep ladders and pipes securely fastened. Both the integrated reinforced cargo-mounting points and roof rack attachment points allow for upfitting without piercing the sheet metal, which can lead to corrosion and rusting.

CUSTOMIZABLE FOR A PERFECT FIT

NV Flat-wall design vs.Standard vans

The NV's smart design helps you create a commercial vehicle that works especially hard for the unique needs of your business. Unlike most vans, the NV Lineup starts with a unique flat-wall interior design. This maximizes all-important floor space, plus opens up room at the top of the cargo-containment system. It's an ideal canvas for upfitters – and your own ingenuity.

[1]120-volt standard on 2500 HD SV and 3500 HD SV models. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Do not place sharp objects or store objects in the front of the overhead compartment that exceed height of shelving lip. See Owner's Manual for details.

THE NEW STANDARD

The NV Standard Roof offers a big work area even in the tightest spaces. With a garage-friendly roof height, you can negotiate the tightest parking structures, but still enjoy 234 cubic feet of cargo space. And with its truck-like design, you'll find it's easier to see out of, enhancing maneuverability.

THE INS AND OUTS

When designing the NV Lineup, Nissan engineers looked at two kinds of wear and tear. The stuff that chews up an interior in no time and, equally important, the items that take their toll on the driver. To keep your cabin looking new, there are durable materials, including water-repellent seat cushions and backs and wear-resistant seat bolsters. To make things easier on you, you'll find low step-in heights, convenient grab handles and a truck-like interior with real room to stretch your legs, all working to keep both NV – and driver – looking good for years to come.

TYPICAL ENTRY/EXITS BASED ON OCCUPATION

Daily Commuter Delivery Driver

WEAR-RESISTANT

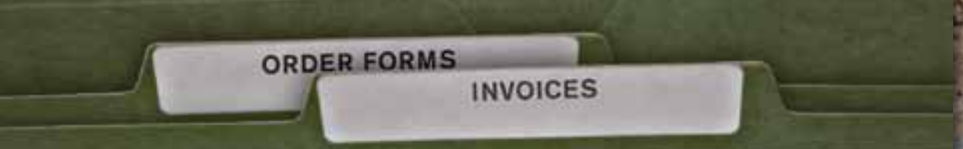
Constant ingress and egress are exceptionally tough on the outside portion of the seats. To help minimize the seats from fraying, a seat wear patch on both the upper and lower bolsters is made of heavy-duty vinyl. Another high-contact area, the center console, is also specially treated.

INCREASED VISIBILITY

With its truck-like interior, the NV Lineup gives a sweeping exterior view, with good sightlines in front and a B-pillar that's farther back for enhanced visibility (and more comfort) on the sides. Traditional work vans hinder visibility with poorly defined corners and a B-pillar next to the driver's ear.

PERSONAL COMFORT

By minimizing engine intrusion into the cabin, the NV's truck-like interior pays huge dividends in stretch-out room, especially leg and foot room (check out the deep foot well). The wide front seats feature a supportive anti-fatigue design, so you'll find the NV is a comfortable place to spend long hours on the road.



STAY ORGANIZED

Your van is your office. Why not make it as efficient as possible? The NV Lineup is extremely innovative, with big items like the only available center console in its class,[1] and under-seat storage. The smallest details add up to big convenience with items like a dedicated place in the center console designed for a clipboard and a business card holder placed within easy reach.

UNDER-SEAT STORAGE

Keep the things you need close at hand with the sliding under-seat tray. It's perfect for holding invoices or stashing away small tools .

FILE STORAGE

Keep things in order with the only available center console in its class.[1] Lockable, with room for hanging files or a laptop computer and a top that slides forward to be a convenient workdesk, it's a master multi-tasker. The entire console is even removable if you need more space.

OVERHEAD STORAGE

High Roof models take advantage of their space with convenient overhead storage. An open mesh design on the bottom helps you see what you're looking for.

[1] *Ward's* Light Vehicle Market Segmentation. MY12 NV vs. 2011 Large Van Class. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Do not place sharp objects or store objects in the front of the overhead compartment that exceed height of shelving lip. See Owner's Manual for details.

STAY CONNECTED

Business is all about connections, and in the NV Lineup, the available Technology Package keeps you in touch and on the move. Nissan navigation with live traffic updates helps you find the best route through a crowded city, while Bluetooth® Hands-free Phone System connectivity lets you conduct business while keeping your hands on the wheel.[1,2,3] The RearView Monitor helps negotiate tight parking spaces, while XM® Satellite Radio and an iPod®-friendly USB input let you enjoy your drive even more.[2,4,5]

STEERING-WHEEL-MOUNTED CONTROLS

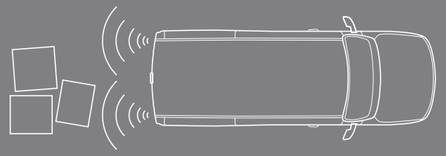
Available steering-wheel-mounted controls keep NV's phone and audio controls at your fingertips.[5]

USB INPUT

With the available USB input, you can enjoy your favorite tunes from your iPod® and control it through the audio system or steering-wheel-mounted controls.[5]

CONVENIENT 120-V ACCESS

On 2500 HD SV and 3500 HD SV models you'll find a 120-volt outlet inside the center console and in the cargo area, perfect for charging a cordless drill.



REAR SONAR

The available Rear Sonar System beeps when it senses an object up to six feet away, and increases in frequency the closer you get.[6]

Red, yellow and green lines display relative traffic speed.[2]

REARVIEW MONITOR

The available RearView Monitor helps you see objects behind you when parking. It's a great help maneuvering in tight spaces and when hooking up to a trailer.[4,7]

[1]Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. [2]XM Satellite Radio and XM NavTraffic require subscriptions sold separately after trial period. Subscriptions governed by XM Customer Agreement at xmradio.com. Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. ©2011 SIRIUS XM Radio Inc. N_12NCVdb_LineUp.indb 9-9 6/15/11 10:52 AM

HEAVY-DUTY TO THE CORE

A fully boxed full-length ladder frame is at the core of every NV. Some of our competitors use 3-sided open “C” rails instead. But you don’t need to be a structural engineer to know the obvious – when building, 4 walls are stronger than three.

14 INCH
DISC BRAKES

While the ability to carry a big load is important, being able to stop quickly and under control is just as vital. For outstanding day-in, day-out performance, the NV Lineup features 4-wheel disc brakes with massive 14" front ventilated discs to provide maximum contact area for rapid heat dissipation, long-lasting durability and confident towing.

To make the most of the brakes, advanced technologies are always there to help protect you. An Anti-lock Braking System (ABS) rapidly pumps the brakes during hard braking to help keep your wheels from locking up, thus helping you to steer around an obstacle. Electronic Brake force Distribution (EBD) senses additional weight, whether it’s a loaded cargo area or a full tank of gas, and sends extra force to the rear brakes.

6 AIR BAGS – SERIOUS PROTECTION

The NV’s comprehensive safety strategy uses smart technology to help protect your most valuable assets. The air bag system incorporates seat belt sensors to inflate the dual-stage supplemental front air bags according to crash severity and seat belt usage. Also available are side-impact supplemental air bags built into the seat, so they move with you. In addition, available roof-mounted curtain supplemental air bags help provide head protection in the event of a side impact or rollover.[1]

BUMPER SET AT PASSENGER CAR HEIGHT
REDUCES LIKELIHOOD OF DAMAGE. BETTER PROTECTION FOR ALL.

[1]Air bags are only a supplemental restraint system. Always wear your seat belt. Do not use rear-facing child restraints in this vehicle. All children 12 and under should be properly secured in child restraints, booster seats, or seat belts, according to their size. Air bags will only inflate in certain accidents. See your Owner’s Manual for more details. Inflated air bags shown for illustration purposes only. Actual air bags deflate after deployment.

COMMITMENT

Your vehicle is more than just basic transportation, it's what makes your business run efficiently. At Nissan Commercial Vehicles, we understand our part in making you run more efficiently. That's why we've partnered with our commercial certified parts and service dealers to ensure we are there for you when you need us. As part of our parts and service commitment to you, you will experience the following at every certified Nissan Commercial Vehicle Dealer:

Next Bay Priority Service Guarantee – You don't have time to stand in line behind non-commercial vehicles. We will prioritize your vehicle into the next available commercial bay.

Enhanced Commercial Parts Stocking – NCV dealers stock the right parts you need to keep your vehicle on the road.

Commercial Certified Parts & Service Staff – Our people understand you and your needs. They are committed to reducing downtime and ensuring everything possible is done to keep you on the road.

Factory Support – Not only are our dealership technicians, advisors, and parts personnel factory-trained, we have also added dedicated commercial sales and service personnel at Nissan to help address the unique needs of commercial customers.

Multi-point Inspection – Every time you bring your vehicle in for maintenance or repair, we'll do a thorough multi-point inspection to help you stay on top of your vehicle's needs and keep it in excellent working order.

One-stop Service for Your Entire Fleet of Vehicles – We'll take care of every vehicle in your fleet, whether it's work or personal, Nissan or not, and make sure you always get the commercial customer treatment.

We've Got You Covered – 3-year/36,000-mile bumper-to-bumper and 5-year/60,000-mile powertrain warranties. A variety of extended warranties are also available. Please see your Nissan dealer for details.

ROADSIDE ASSISTANCE

Our commercial vehicles come with the confidence of Roadside Assistance, offering lockout help, towing services, emergency fluid delivery, tire changes and dead-battery jump-start service. In addition, our Trip Interruption benefits offer assistance if your vehicle becomes disabled more than 100 miles from your company's location.

SERVICE AND MAINTENANCE PLANS

Developed specifically for Nissan Commercial Vehicles and backed by Nissan, a wide variety of service plans are available to you, including high-mileage options. Your authorized Nissan Commercial Vehicles dealer has all the details, and will be glad to help you find the plan that best fits your business needs.

COMMERCIAL INCENTIVE PROGRAM

As a committed business partner, we're here to help. To get you going, the Commercial Incentive Program offers qualified commercial customers substantial benefits, including your choice of one of the following:

- No-charge Commercial Vehicle Graphics Package, including 70 square feet of custom-designed, professionally installed graphics by Original Wraps
- No-charge Cargo Management System that offers a cargo partition and three 44" shelving units from the Adrian Steel AD Series
- No-charge Utility Package offering a cargo partition and a 3-bar utility rack (utility rack on Standard Roof models, interior ladder keeper on High Roof models) built by Adrian Steel

For the latest information on the Commercial Incentive Program, please contact your Nissan dealer.

NV1500 S

NV2500 HD S LINEUP

NV3500 HD S LINEUP

1500 S includes:

- 4.0-liter DOHC V6 engine
- 5-speed automatic transmission
- 14" Brakes front/rear
- 17" Steel wheels with 245/70R17 tires
- Water-repellent seats with wear patches
- 6 Floor-mounted D-rings in cargo area with 1,124-lb. rating per ring
- 57 Total integrated reinforced cargo mounting points
- 10 Exterior roof rack mounting points
- Pre-wiring for electrical upfitting
- AM/FM/CD audio system
- Vehicle Dynamic Control (VDC)

1500 SV adds:

- 17" Styled steel wheels
- Chrome exterior trim
- Rear cargo floor protector
- Hardboard interior cargo panels
- Dual power outside mirrors
- Power windows and door locks
- 8-way power driver's seat
- Steering-wheel-mounted controls
- AM/FM/CD/MP3 audio system
- Rear Sonar System

2500 HD S includes:

- 1500 S contents
- Payload increase over 1500 S
- 17" Styled steel wheels
- Dual power outside mirrors
- Multi-functional lockable center console with 12-volt outlet
- Front under-seat storage trays
- 2 Additional cargo area work lights
- Rear door storage pocket
- 2 Additional cup holders
- HD badging
- Optional High Roof model with full-width overhead console and 8 exterior roof rack mounting points
- Optional 5.6-liter DOHC V8 engine

2500 HD SV includes:

- 1500 SV and 2500 HD S contents
- Two 120-volt AC power outlets

3500 HD S includes:

- 2500 HD S contents
- Payload increase over 2500 HD S
- 5.6-liter DOHC V8 engine
- Final gear ratio of 3.54:1
- 245/75R17 all-season tires

3500 HD SV includes:

- 1500 SV and 3500 HD S contents
- Two 120-volt AC power outlets

Buying and owning a Nissan is like driving one: quick, convenient, confidence-inspiring.

Nissan Motor Acceptance Corporation. Whether you're buying or leasing, you'll find attractive rates and flexible terms to make your purchase more accessible.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/36,000-mile basic coverage and 5-year/60,000-mile powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus.® For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+Plus.® This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they're the only parts to carry Nissan's factory-backed limited warranty.

Nissan's philosophy toward the environment, "Seeking a symbiosis of people, vehicles and nature," describes our ideal for a sustainable mobile society, now and in the future. We launched the Nissan Green Program with specific objectives to realize this goal, and we are pursuing it energetically. For more information, log on to **NissanUSA.com/green**

NISSAN
GREEN PROGRAM

At **NissanUSA.com,** you'll find virtual product demonstrations, a way to "build your own Nissan," a dealer locator, and more information about key Nissan support services. Or if you'd prefer, call **1-800-NISSAN-3** for answers to specific questions about Nissan Commercial Vehicles or any other Nissan vehicle. The Nissan names, logos, product names, feature names, and slogans are trademarks owned by or licensed to Nissan Motor Co. Ltd. and/or its North American subsidiaries. **Tread Lightly!® Please. Always wear your seat belt, and please don't drink and drive.** ©2011 Nissan North America, Inc.

NISSAN COMMERCIAL VANS

NV STANDARD ROOF

NV HIGH ROOF

NISSAN LINEUP – Wouldn't it be cool if cars didn't need keys? If you could talk to them with a smartphone? Or you made a legend available to everyone, or turbocharged a sport crossover? If a commercial vehicle was designed for the way you really work? If old water bottles became new seats? How about never buying another gallon of gas? At Nissan, it's more than cool, it's happening now. And if you find today's lineup of sedans, coupes, sports cars, crossovers, van and trucks exciting, just wait until you see what happens next. Nissan. Innovation for today. Innovation for tomorrow. Innovation for all.
