## 2012 NISSAN ROGUE®

**INNOVATION THAT ADAPTS. INNOVATION FOR ALL.** This year's Rogue is more stylish and efficient than ever before. Rogue's bold exterior and large wheels are complemented by interior technologies like the Nissan Navigation System<sup>1</sup> and the innovative Around View™ Monitor<sup>2</sup>. When you drive a Rogue, that's when it really starts to shine. Excellent fuel economy (28 mpg highway<sup>3</sup>) means only stopping for gas every 400 miles, the Intuitive All Wheel Drive (AWD) system delivers confident performance and the intelligent CVT (Continuously Variable Transmission) keeps things smooth and in control. Nissan Rogue. It's a whole new way to move through the world.

<sup>1</sup> Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. Navigation system is inoperable in Hawaii and Alaska. It is operational in the contiguous 48 states and Canada.

<sup>2</sup> Introduced first by Nissan's Infiniti Luxury division. Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up.

<sup>3</sup> Rogue FWD. 23 city/28 highway. Actual mileage may vary with driving conditions – use for comparison only.
