There's more to you than living large.

There's getting where you want to go.

There's getting there in style and comfort.

There's power, agility and unrestricted pleasure. And there's desire. Desire to enjoy the best and desire to share this with those you love, no matter where your journey takes you. That's why there's the XC90.

That's why you drive one.
The XC90 wouldn’t be the superb SUV it is without a little muscle. But the application of power without discrimination has never been our business, and here you’ll find no exceptions. Among a wealth of outstanding performance enhancing technology you’ll find features such as AWD with Instant Traction* and six-speed Geartronic transmission with a winter setting.

Harmonising power with subtlety can be a bridge too far for many SUVs. But with one depression of the accelerator pedal on an XC90, you’ll feel equal part of muscle and grace and instantly enjoy what is surely one of nature’s most potent combinations.

* Optional
Why do the most profound experiences leave the deepest impression? Take the interior of the XC90. No matter what the world outside is doing, you, your friends or your family will be enveloped in an environment that is as calm and understated as it is luxurious. No surprise there really. This SUV was created for people who are dedicated to pleasure – and to sharing it. The only downside is that you'll occasionally have to leave your XC90. But don't worry. Experience this exceptional SUV once and it will never leave you.
There are no second-class seats in the Volvo XC90. Painstaking craftsmanship and superior materials ensure that comfort and safety rule – from bumper to bumper. From its Interior Air Quality System* to a child-friendly booster cushion, nothing and no-one has been forgotten in the pursuit of pure satisfaction. And like many of the good things in life, the Volvo XC90 was made to be shared. Now it’s over to you.

*Included in the optional Climate Package
Every one of the seven seats in the Volvo XC90 offers much more than superb comfort. They can also be configured in 64 different ways. Add the fact that every passenger seat can be folded flush and you have the perfect marriage of versatility and luxury. Loading is an easy job too – just open the liftgate section of the split tailgate for lighter objects or let both sections open wide for heavier loads.
Our relentless quest to deliver pleasure expresses itself emphatically within the welcoming cocoon of the Volvo XC90. Electronic air control ensures that no matter what’s happening on the other side of that toughened glass, you’ll stay comfortable. Features such as integrated Bluetooth® handsfree with streaming audio and SiriusXM satellite radio are at your fingertips. And optional dual screen Rear Seat Entertainment keeps things under control over your shoulder, should this be required.
There is one sure way to transform a journey into an event – add some good music. If you can do this through a system that leads the way in audio excellence, all the better.

Volvo’s Premium Sound system* delivers a seriously moving aural experience. It features a digital class D amplifier, 12 high end loudspeakers and Dolby® Pro Logic® II surround sound and is fully compatible with your iPod® or MP3 player. We could say more but in this case, we’ll let the music do the talking.

*Included in the Platinum trim level
Engine power and an improved environment. To many, these terms sound like a contradiction. To us, they represent a call to action.

The challenge is to develop technology that doesn't compromise on performance while at the same time acknowledging our environmental responsibility. The result is the six-cylinder 3.2 with Variable Cam Timing and Cam Profile Shifting to optimize performance and fuel economy. This engine is a compact yet formidable power source. It provides up to 236 ft/lb of torque intelligently distributed to all four wheels with smooth, responsive acceleration for a relaxed yet exhilarating drive.

Carrying this power also presented challenges of its own. To meet these, design characteristics such as a low center of gravity, precisely calculated weight distribution and high ground clearance were applied. As a result, you stay firmly and comfortably rooted to the road, no matter where it’s taking you.
In the case of the Volvo XC90, relaxation is a state of mind not exclusive to driving or enjoying the ride. Leave this car and you’ll be able to enjoy the same feeling. Tough door locks, and an electronic immobilizer help keep unwanted visitors at bay. Approach and Home Safe lighting provide welcome reassurance when entering and leaving the car in unlit areas.

Wherever it takes you, this SUV has the capacity to get your pulse racing. But when it comes to security, you’ll be pleased to know it does exactly the opposite.
INNOVATED FOR YOUR ENJOYMENT,
THE VOLVO SAFETY TECHNOLOGIES WILL
PROTECT MORE THAN THE FUN OF DRIVING.

Across the world, Volvo equals safety. And that comes with good reason, because few carmakers can match our record of safety innovations and the commitment for safety that has guided us for more than 80 years. Of course, this makes us extremely proud. But we're not satisfied. Because we know what we want to achieve: zero accidents. This vision calls for innovative thinking and a brand new approach to the way we design cars. Good news is we've already come a long way. For starters, our cars are more fun and engaging to drive than ever (because a bored driver will never be a safe driver). Neither is the technology needed any figment of the imagination – some are already available. This means driving a Volvo today is like having a first peek at a very exciting automotive future – a future where passionate engineering and design do more to help you get the most out of life.

After all, there's more to life than a Volvo.
**EYES IN THE BACK.**
Park Assist alerts you if you’re too close an obstacle behind your car when reversing.

**ALL-ROAD STABILITY.**
Volvo’s available All-Wheel Drive (AWD) with Instant Traction™ enhances driving stability and traction in all weathers, all seasons and on all roads.

**KEEP THE BALANCE.**
Roll Stability Control (RSC) senses an impending roll-over and helps stabilise the vehicle if needed.

**STAY ON TRACK.**
Volvo’s anti-skid system Dynamic Stability and Traction Control (DSTC) improves handling and safety in a wide range of challenging situations.

**EXHILARATING COMFORT.**
Ergonomic design in seats and driver’s environment makes you relaxed and helps maintain your concentration on driving.

**AN EYE ON THE BLIND SPOT.**
The optional Blind Spot Information System (BLIS) helps you detect vehicles entering your blind spot.

**ON-ROAD ENLIGHTENMENT.**
Optional Active Bending Lights (ABL) with Dual Xenon technology expands your vision range when driving in the dark and provides considerably improved illumination around bends.
Designed to catch the light brilliantly, this car also reflects a promise.

Thankfully, the automotive industry is moving away from fantasyland to the real world. Our journey towards a better environment started already in the early 70’s. Then we were among the first carmakers to acknowledge the environmental downside of cars and to do something about it. Since then we are constantly innovating to reduce the environmental impact of the cars and how we make them.

In the near future we will introduce new technology such as plug-in hybrid vehicles that will further reduce CO₂ emissions and can be charged from a standard wall socket. And we’re heavily engaged in the development of electrical vehicles – a technology that will dramatically reduce the environmental footprint of our cars and make them even more fun to drive.

Good for you, and for the world we share.
**Fresh Cabin Air.**
A cabin filter removes dust, pollen and other particles from the incoming air. Continuously monitoring incoming air and shutting out carbon monoxide, ground-level ozone and nitrogen dioxide, Volvo's available Interior Air Quality System helps ensure that the air you breathe in the vehicle is cleaner than that outside when driving in heavy city traffic.

**Fuel-Saving Design.**
To reduce energy-loss from wind and roll resistance, we utilize advanced aerodynamic design, light-weight materials and low-friction technology. Together with state-of-the-art engine technology, this lowers your CO₂ emissions and helps you travel further on fuel.
WANT A DYNAMIC TOUCH?

If stylish and sporty looks get your pulse racing, this may be the Volvo XC90 for you: Leather Soft Beige upholstery in Offblack interior with Sanded Silver inlays, leather-clad steering wheel, leather-clad gear knob. Exterior color Saville Gray Metallic with color matched Side Decor and Situla 18" Silver Bright aluminum wheels (Retailer accessory). Complete the dynamic touch with accessory Running Boards in aluminum.
OR MODERN LUXURY?

Some people prefer sophisticated, timeless elegance. If that sounds like you, your new Volvo XC90 with the Premier Plus trim can look like this: Leather Soft Beige upholstery in Sandstone Beige interior with Dark wood inlays, Dark wood steering wheel (optional) and Dark wood gear knob. Exterior color Ember Black Metallic, Dual Xenon headlamps and Camulus 18” Silver Bright aluminum alloy wheels.
The R-DESIGN model of the multi-award-winning Volvo XC90 has it all: compelling performance, distinctive styling, and, of course, legendary Volvo safety. With its sports-tuned chassis, the Volvo XC90 R-DESIGN is not shy – especially not around corners. The exceptionally agile Volvo XC90 R-DESIGN secures its high-traction road-holding ability courtesy of a unique, sports-tuned chassis, sports-calibrated steering, and sophisticated stability control technologies. R-DESIGN is available on the XC90 3.2 (FWD and AWD). The result is a vehicle that feels quicker and more responsive, yet remarkably composed and purposeful. This is active safety from Volvo that helps keep the thrill of driving (and much more) alive.
R-DESIGN tuned suspension and steering
The Volvo XC90 R-DESIGN has a specially tuned chassis that separates this vehicle from the crowd. The front suspension uses McPherson struts with anti-dive and anti-lift functionality. The multi-link independent rear suspension is attached to a steel sub-frame. The front and rear suspensions both have firmer shocks and stiffer stabilizer bars for added stability and quicker steering response.

Servotronic power steering
The R-DESIGN steering wheel with its aluminum inlay doesn’t just look smart. Behind it, the Servotronic power steering uses sophisticated, speed-sensitive technology to regulate the amount of power assistance a driver needs. At highway speeds, steering is firmer and more immediate. When parking or in slow traffic, steering is light and effortless.

High performance wheels
With five large spokes, the distinctive Cratus 20” alloy wheels on the XC90 R-DESIGN couldn’t be more serious about driving. Behind them lie large, ventilated disc brakes, firmer shocks for improved body control and stiffer stabilizer bars to help keep the car flat through hard turns.

Sports tailpipes
Unique chrome-finish tailpipes ensure that the XC90 R-DESIGN sticks out from the crowd. Indeed, this feature alone could be what other drivers notice first as they follow your lead.
**CHOOSE YOUR VOLVO XC90.**

As you define your own style and specify your needs, there's a range of equipment levels, factory installed options and accessories that can help reflect your taste or simplify your tasks. Find your personal Volvo at [www.volvocars.us](http://www.volvocars.us)

**XC90 TRIM LEVEL:**

**PREMIER PLUS**
- Active Dual Xenon Headlights (standard R-DESIGN)
- Digital Compass
- HomeLink® Integrated Garage Door Opener
- Grocery Bag Holder
- Classic Walnut Wood Gear Shift Knob (not available R-DESIGN)

**PLATINUM**
- Navigation System with Map Care
- Volvo Premium Sound System
- Rear Park Assist Camera
- Active Dual Xenon Headlights (standard R-DESIGN)
- Digital Compass
- HomeLink® Integrated Garage Door Opener
- Grocery Bag Holder
- Classic Walnut Wood Gear Shift Knob (not available R-DESIGN)

**OPTIONAL PACKAGE:**

**CLIMATE PACKAGE**
- Heated front seats
- Headlight washers
- Rain sensor
- Interior Air Quality System (IAQS)

### XC90 3.2 Features
- Flat-folding 40/20/40 split second-row seat
- Illuminated vanity mirror in driver and front passenger sun visors
- Leather-clad gearshift knob
- Leather-clad steering wheel N/A
- Leather Seating surfaces
- Outside temperature gauge
- Power adjustable driver seat, 8-way with 3-position memory and lumbar support
- Power adjustable passenger seat, 8-way with lumbar support
- Power windows with driver and front passenger auto up/down with anti-trap feature
- Reading lights (front, rear and third row)
- Real wood inlays N/A
- Rear Park Assist
- Textile floor mats N/A
- Third-row seating with A/C controls
- Tinted rear windows
- Trip computer
- R-DESIGN Aluminum Inlays
- R-DESIGN blue-faced instruments N/A
- R-DESIGN floor mats N/A
- R-DESIGN Sport leather steering wheel
- R-DESIGN leather upholstery N/A
- Sirius Satellite radio includes a 6 month subscription
- 12 beverage holders
- 12 V power outlet

COLOR YOUR VOLVO.

When it comes to the appearance of your Volvo, the choices of exterior color and wheels are probably your most important design decisions. For more exterior styling options and to build your new Volvo online, please visit www.volvocars.us

614 Ice White
(also available for R-DESIGN)
477 Electric Silver Metallic (also available for R-DESIGN)

612 Passion Red (only available for R-DESIGN)

498 Caspian Blue Metallic
472 Oyster Grey Metallic

492 Savile Grey Metallic

452 Black Sapphire Metallic
(only available for R-DESIGN)
Please note: It's not possible to reproduce exact original shades in printed matter. Please ask your dealer to show you samples.
EXTERIOR DESIGN

It's muscular without being aggressive. Purposeful lines hint at a truly versatile character, while its refined dynamic looks reveal a more sophisticated side. Rounded shapes interact with distinctively sculpted sections, creating a confident Scandinavian style.

Add to this a stance that leaves no doubt as to the intentions of this Volvo SUV. And to further emphasise the adventurous spirit of the Volvo XC90, there are a number of specially designed styling options.

**EXTERIOR DESIGN** Aluminum wheels

- **Cratus 8x20”**  
  Silver Bright 255/45/20 tires  
  (standard R-DESIGN)

- **Camulus 7x18”**  
  Silver Bright 235/60/18 tires  
  (standard 3.2)

**ACCESSORY** Aluminum wheels

- **Thalassa 8x20”**  
  Diamond Cut/Dark Grey matt or Light Grey

- **Oceanus 8x19”**  
  Silver Bright

---

**Aluminum running boards and foot steps**
Provide a more striking impression while matching the front and rear skid plates. What’s more, they protect the door sills on uneven surfaces and make it easier to get in and out – and they’re useful when loading the roof. Designed for a load of 661 lb. For extra convenience, foot steps can be added to the running board.

**Side décor**
Running along the bottom of the doors and wheel arches, the side décor gives the Volvo XC90 an even more exclusive appearance. It’s painted in the same color as the vehicle and features an integrated Metallic lower moulding.

**Aluminum crossbars**
An aerodynamic design element that complements the roof rails and the design of your Volvo. These aluminum crossbars also allow you to exploit the roof’s load-carrying capacity to the full.

Roll Stability Control (RSC)

Dynamic Stability and Traction Control (DSTC)

Dual Xenon Headlights with Active Bending Lights (ABL)
IN A ROLL-OVER a gyroscope activates Volvo’s Roll-Over Protection System (ROPS). The safety belt pre-tensioners deploy to help keep occupants more securely restrained, and the Inflatable Curtain (IC) helps provide head protection. Additionally, the safety cage is reinforced to help keep the passenger compartment intact.

IN A FRONTAL COLLISION the generous deformation zones will yield to help absorb crash energy. The compact power train is designed to help optimise deformation. Inside the vehicle, safety belts interact with the collapsible steering column and dual-stage airbags to help keep the occupants out of harm’s way. A lower cross member helps protect occupants in an oncoming car with lower positioned bumpers. The front and bonnet are also designed to help reduce the risk of injury to unprotected road-users.

Roll Stability Control (RSC)
In the event of an emergency maneuver, Volvo’s Roll Stability Control (RSC) can step in to help prevent the vehicle from rolling over. It features a gyrosopic sensor that registers the vehicle’s lean angle and rollover risk. If required, RSC will cut engine power or brake one or more of the wheels just enough to reduce the centrifugal force and help regain balance.

Frontal structure
The generous front deformation zones are designed to yield in a controlled way to help absorb crash energy before it reaches the cabin. The transversely mounted and very compact engine enables optimal use of the deformation zones to help protect occupants. Longitudinal steel struts help disperse crash energy away from the front to the rear of the vehicle, further helping to reduce the strain on the occupants.

SAFETY

Preventive

Dynamic Stability and Traction Control (DSTC)
By helping prevent fishtails, spinouts, and rollovers, stability control technology like DSTC has been described as one of the most vital safety advances of the past decade. At the core of DSTC, a gyroscope senses the car’s direction and compares this with steering wheel movements as well as the actual rotation of the car’s wheels. DSTC is able to detect a potential skid and help counteract this by reducing the engine’s power output, or braking on one or more wheels.

Dual Xenon Headlights with Active Bending Lights (ABL)*
In addition to improving illumination by about using Dual Xenon light technology, the Active Bending Lights give a boost to your vision round bends at night. Controlled by microprocessors, the motorised lamps turn up to 15 degrees in either direction when driving – reliably lighting up your chosen path. A twilight sensor disengages the adaptive function during daylight to extend its life span.

* Standard R-DESIGN, included in the Premier Plus and Platinum trim level

Roll Stability Control (RSC)
In the event of an emergency maneuver, Volvo’s Roll Stability Control (RSC) can step in to help prevent the vehicle from rolling over. It features a gyrosopic sensor that registers the vehicle’s lean angle and rollover risk. If required, RSC will cut engine power or brake one or more of the wheels just enough to reduce the centrifugal force and help regain balance.

Frontal structure
The generous front deformation zones are designed to yield in a controlled way to help absorb crash energy before it reaches the cabin. The transversely mounted and very compact engine enables optimal use of the deformation zones to help protect occupants. Longitudinal steel struts help disperse crash energy away from the front to the rear of the vehicle, further helping to reduce the strain on the occupants.

SAFETY

Protective

Volvo’s interactive safety technologies
In a Volvo, safety is about interaction. Because it’s not the number of safety features that determines how safe a car is, it’s how well they seamlessly interact to help protect the occupants in the event of a collision.

IN A REAR IMPACT the rear deformation zones will help absorb crash energy. Even behind the third row there’s a good deal of space to help provide effective protection. The fuel tank is designed to remain well protected in front of the rear axle. The head restraints help protect the neck and spine, and Volvo’s unique Whiplash Protection System (WHIPS) cradles the front seat occupants in a controlled manner to help prevent whiplash injuries.

IN A SIDE IMPACT Volvo’s unique Side Impact Protection System (SIPS) helps distribute the crash forces across the car’s body, away from the occupants. The side airbags in the front seats help protect the chest and hip, while the Inflatable Curtain (IC) adds head protection for all outboard occupants, including the ones in the third row.

IN A ROLL-OVER a gyroscope activates Volvo’s Roll-Over Protection System (ROPS). The safety belt pre-tensioners deploy to help keep occupants more securely restrained, and the Inflatable Curtain (IC) helps provide head protection. Additionally, the safety cage is reinforced to help keep the passenger compartment intact.

IN A FRONTAL COLLISION the generous deformation zones will yield to help absorb crash energy. The compact power train is designed to help optimise deformation. Inside the vehicle, safety belts interact with the collapsible steering column and dual-stage airbags to help keep the occupants out of harm’s way. A lower cross member helps protect occupants in an oncoming car with lower positioned bumpers. The front and bonnet are also designed to help reduce the risk of injury to unprotected road-users.

Seven individual seats
SAFETY

Whiplash Protection System (WHIPS)
Integrated in the front seats, Volvo’s WHIPS cradles the occupant to help reduce the risk of whiplash injury (one of the most common types of traffic injury and often the result of a low-speed rear impact collision). The function is activated by a collision of sufficient force from behind. Independent research has shown that WHIPS is one of the most effective systems in the world and can reduce the risk of long-term invalidity by 50%.

Restraint technologies
In a collision, Volvo’s restraint technologies interact to help reduce the impact. The safety belts with pre-tensioners activate within a few thousandths of a second in the event of a collision or roll-over and tighten the belt to help keep the occupants securely restrained. The front seat safety belts then release a little so that the driver and passenger are cushioned by the airbags in a controlled manner. Helping to optimise protection, the dual-stage airbags adapt the level of inflation depending on the force of the collision. The driver’s airbag also interacts with the deformation of the collapsible steering column. Side airbags in the front seats help reduce the risk of serious injuries in a side collision. In a collision or roll-over, the Inflatable Curtain (IC) helps protect the heads of both front and rear outboard occupants. It also stays inflated for some seconds to provide prolonged protection for subsequent impacts.

Lower cross member
To help protect the occupants in an oncoming car with lower positioned bumpers, there’s a low cross member integrated in the front structure. In an impact, this cross member is designed to help activate the other car’s own crumple zones and other safety systems to help reduce the risk of injury.

Roll-Over Protection System (ROPS)
A robust roof structure together with Volvo’s unique Roll-Over Protection System (ROPS) help protect the occupants in a rollover situation. ROPS is activated by a gyroscope that monitors the vehicle’s leaning angle. The safety belt pretensioners are activated at every seat to help keep occupants more securely restrained. At the same time, the inflatable curtain (IC) deploys and remains inflated for several seconds to help provide extended protection. To help keep the passenger compartment intact despite severe external forces, door pillars and strategic parts of the safety cage is reinforced in ultra high-strength steel.

Pedestrian protection
To help reduce the risk of serious injuries on unprotected road-users, the front of the vehicle is gently rounded, the headlamps are integrated flush with the body, and the bonnet is energy-absorbing to act as a crumple zone.

Side Impact Protection System (SIPS)
SIPS is a Volvo unique safety system that has been developed to help protect where occupants are most exposed to the crash forces. The steel framework of the vehicle – including the front seats – is designed and reinforced to help displace the impact of a side-collision away from the occupants to other parts of the car body and help prevent intrusion into the cabin. The side structure is extremely strong to help withstand a severe side impact. The Inflatable Curtain (IC) for all the outboard occupants including the ones in the third row and the front seat side airbags interact to help provide further protection.

SAFETY Security

HomeLink® *
With buttons integrated in the sun visor, HomeLink® allows you to operate remote controlled home appliances – such as garage door, home alarm and exterior lighting – without leaving the car.

HomeLink is a registered trademark of Johnson Controls Technology Company.

* Included in the Premier Plus and Platinum trim level

Power retractable door mirrors with ground lighting*
At the touch of a button, these door mirrors can be folded flat against the car where they are less likely to get damaged after you’ve parked. The integrated ground lighting is activated with the remote control. Beyond enhancing security to and from your car at night, this is also convenient when getting in and out.

* Included with the optional Blind Spot Information System (BLIS)

Approach and Home Safe Lighting
Activated with the remote control, Approach Lighting provides a warm reception on a dark night. This consists of interior and side lights – ground lighting too, if you choose it. Home Safe Lighting is activated with the headlight stalk as you leave the car and it provides a similar courtesy when exiting your car. This feature includes a dipped beam from the headlight to accompany you to your door.

COMFORT

COMFORT Seats

Power front seats
Find your perfect driving position with push-button ease. The driver’s seat also incorporates a memory function that stores three separate seat and door mirror settings connected to a specific remote control – a feature that’s appreciated when the car has several drivers.

Fore-aft adjustable second row
Each seat in the second row can be moved forwards and backwards to offer you maximum comfort and versatility. While the outer seats can slide forward a full 100 mm, the middle seat features an integrated booster cushion and can slide forward nearly 300 mm so you can move a child closer to the adults in the front. And to provide added legroom for the passenger in the middle seat, simply remove the center console’s rear section.

Seven individual seats
All occupants will appreciate the comfort of a separate, ergonomically designed seat. Cinema-style seating helps accompany you to your door.

Lighting is activated with the headlight stalk as you leave the car and it provides a similar courtesy when exiting your car. This consists of interior and side lights – ground lighting too, if you choose it. Home Safe Lighting is activated with the headlight stalk as you leave the car and it provides a similar courtesy when exiting your car. This feature includes a dipped beam from the headlight to accompany you to your door.

Front and Rear Park assist

Park Assist Camera

Portable navigation System

Volvo Navigation System (VNS) with RTT (Real Time Traffic)
COMFORT

Electronic Climate Control (ECC)
ECC ensures you and your passengers always enjoy a pleasant in-car climate. It maintains the set temperature inside the car however much the temperature outside changes, or the sun shines in. The driver and front-seat passenger can set the temperature individually for each side.

Interior Air Quality System (IAQS)*
Volvo’s IAQS continuously monitors incoming air and will, if necessary, temporarily close external air vents to shut out carbon monoxide, ground-level ozone and nitrogen dioxide. Meanwhile, an active carbon filter protects the occupants from other harmful gases and unpleasant odours. This helps to ensure that the air you breathe in the car is cleaner than from other harmful gases and unpleasant odours. This helps to ensure that the air you breathe in the car is cleaner than that outside when driving in heavy city traffic and tunnels.

* Included in the optional Climate Package

Power glass moonroof
This makes the interior feel extra light and airy. It opens and closes at the touch of a button. If the sun is too strong, just close the built-in sun screen.

Third row AC
Supplementing Electronic Climate Control, this manual air-conditioning system boosts comfort in the third row. Passengers can conveniently adjust fan speed themselves and regulate air flow via separate vents.

* Included in the optional Climate Package

COMFORT Storage

Electric cooler and heater box*
Beyond keeping your drinks cold in the load compartment, this can be used as a hot box to keep food warm. This connects to the power outlet in the load compartment.

* Retailer installed accessory

Cup holders, rear
Retractable cup holders are easily accessed in the rear of the tunnel console, and bottles can be conveniently stored in the door panels.

TECH & SOUND

TECH & SOUND Driver’s Support

Blind Spot Information System (BLIS)*
BLIS uses rear-facing cameras installed in the door mirrors to keep a lookout on either side of the car. As a vehicle enters your blind spot, this function can alert you with a lamp built in to the front door post – left or right. Together with the door mirrors, this helps you assess the feasibility of a lane change. BLIS is activated once the car exceeds 6 mph, and reacts to almost any type of vehicle from a motorcycle upwards, day or night.

* Optional

Rain sensor*
Once activated, the rain sensor can start the windscreen wipers as soon as it begins to rain or if water splashes onto the windscreen. For your convenience, it can also automatically adapt the intermittent windscreen-wiper function. Its sensitivity can be adjusted via a ring on the wiper stalk.

* Included in the optional Climate Package

Front and Rear Park assist*
Activated when you engage reverse gear, rear park assist helps you when reversing into tight spaces. The audio system is turned down and a pulsating sound from the rear loudspeakers becomes a continuous tone as you approach an obstacle. Front park assist* performs a similar function at the front of the vehicle – alerting you via the front loudspeakers. The remaining distance is also shown on the audio display.

* Front Park Assist is a Retailer installed accessory

Park Assist Camera*
If the car is equipped with Volvo Navigation and park assist, the camera helps display what’s going on behind your car when backing up. The system uses the navigation screen and a camera discreetly located over the license plate. On-screen guiding lines provide extra assistance for smooth parking.

* Included in the Platinum trim level

TECH & SOUND Communication

Portable navigation System*
Navigate with style and ease. This new ultra-thin versatile Garmin nüvi 3790 navigation unit integrates smoothly with the design of your Volvo. Just fit it into the docking unit at the windscreen pillar. Find the shortest, fastest or most fuel-saving route – voice recognition control and convenient multi-touch glass screen technology facilitates operation. Just keep your hands on the steering wheel and the system will act upon your spoken commands. Major buildings and points of interest are displayed in 3D to enhance your overview, and in junctions you’re conveniently guided to the right lane at the right time. Using Traffic Message Channel (TMC) radio data technology, the navigation system will let you know if there are traffic disturbances on route and recommend an alternative. The system also features Bluetooth® handsfree phone technology and FM transmitter. And the navigation unit is easy to use outside the car – it even remembers where you parked your car. nüvi is a trademark of Garmin Ltd.

* Retailer installed accessory

Volvo Navigation System (VNS) with RTT (Real Time Traffic)*
Volvo’s GPS-based VNS navigation system is totally integrated with your car. It offers both voice guidance and graphic navigation all the way to your destination. Via TMC (Traffic Message Channel) radio data broadcasts VNS also lets you know if there’s weather-related trouble on route and recommends an alternative. The VNS system is easily controlled from the steering wheel or a remote, and the screen is positioned so you can keep your attention on traffic.

* Maps do not cover all areas or all routes within an area. Also constant expansion and rebuilding of the road network mean that the digital map database is not always the latest road information. Always follow relevant regulations and road information.

* Included in the Platinum trim level
High Performance sound system

SiriusXM Satellite Radio

Rear Seat Entertainment (RSE) with dual DVD players

Premium Sound System

Bluetooth® handsfree system with streaming audio

MP3 compatibility
SiriusXM Satellite Radio

Imagine driving along hearing the music you want, without having to flip through commercials, fumble with CDs or manage a playlist. Imagine hearing play-by-play action of your favorite team, no matter where you are. Or having channels and channels of comedy, talk, news, entertainment, family programming and more. Now imagine having all of this, coast-to-coast, wherever you drive. This is the world of SiriusXM. Each Volvo equipped with Satellite radio includes a 6-month trial subscription to the “Sirius Select” package.

Bluetooth® handsfree system with streaming audio

This handsfree system automatically recognizes your Bluetooth® compatible mobile phone as you enter the car and seamlessly takes over, allowing you to switch freely from the mobile phone to the handsfree system. Just touch the blue button and the Bluetooth® handsfree system will listen to your command and make calls for you. The system’s sound quality with noise reduction optimises for all parties in conference.

The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Volvo Car Corporation is under license. Other trademarks and trade names are those of their respective owners.

MP3 compatibility

There are a number of ways to enjoy MP3 music files in your Volvo XC90. If you’d like to connect your personal MP3 player to the audio system, there’s a standard auxiliary audio input between the front seats. Volume is conveniently controlled from the steering wheel, center console and rear headphone connectors. Choosing the High Performance or Premium Sound audio system, there’s also a USB port that allows you to fully integrate your iPod®, MP3 player or USB device with the audio system.

Tech & Sound

Rear Seat Entertainment (RSE) with dual DVD players*

For more fun on long journeys, this easy-to-use system will entertain for hours. There are dual DVD players and dual 7-inch screens smartly integrated in the front head restraints. Each DVD player is conveniently operated by a rear seat passenger, and the screens can be adjusted in different angles to optimize image quality. The AUX sockets are within easy reach and make it possible to view a film on one screen and play games on the other. Sound is provided via the car’s audio system or wireless headphones.

* Retailer installed accessory

High Performance

A powerfully versatile system. Each loudspeaker is fitted with a powerful magnet and a large coil. Coupled to the High Performance amplifier, this system provides superb transient reproduction, high power durability and low distortion for a superb listening experience. High Performance includes:

• MP3 and WMA compatible CD player
• 4x40 W High Performance amplifier
• 8 High Performance speakers
• AUX and USB input
• HD Radio

Premium Sound System*

The Sound System is in a class of its own. The digital class D amplifier generates 5x130 watts of music. Dolby® Pro Logic® II surround sound recreates a sound that’s equally authentic at each seating position. There are 12 high-end loudspeakers for the Volvo XC90 and a true concert hall experience. The Premium Sound System includes:

• MP3 and WMA compatible CD player
• 5x130 W digital class D amplifier
• 12 Premium Sound speakers
• Dolby® Pro Logic® II surround sound with center speaker and digital sound processor
• AUX and USB input
• HD Radio

Dolby, Pro Logic, and the double-D symbol are registered trademarks of Dolby Laboratories.

Foldable front seat backrest

Cargo cover*

Cargo Net

Complete dirt protector

Cargo compartment mats

Steel cargo barrier and cargo compartment divider
PACK & LOAD

Compartment

Foldable front seat backrest
To help you carry long objects inside your Volvo, the front passenger seat backrest can be conveniently folded flat.

Cargo compartment
The cargo volume is 17 cubic feet with the second row seatbacks up, while the full loading capacity is 64.8 cubic feet. Each passenger seat can be folded individually to give you maximum flexibility for combining passengers and cargo. The head restraints are easily folded out of the way. And by folding flat the middle seat, you can transport long loads while still carrying passengers in unimpaired comfort and safety.

Dual-split tailgate
A convenient loading height and a dual-split tailgate with the lower section at the same height as the load compartment floor make the Volvo XC90 easy to load and unload. The lower section of the tailgate also serves as a stable platform for accessing cargo on the roof – or a convenient bench that can be supplemented with a seat cushion and a picnic table.

Cargo cover*
A retractable load cover to conceal your gear in the load compartment. Color-coordinated with the interior. In the seven-seater version, it can only be used when the third row seats are folded down.
* Retailer installed accessory

Cargo Net*
A practical fabric net that helps prevent cargo from sliding around in the cargo area. Made of a durable elastic material, it makes it easy to load items under the net.
* Retailer installed accessory

Complete dirt protector*
This durable vinyl liner covers the floor, the sides of the rear cargo area and the backs of the seats on the second row to protect against grime and water. It is simple to mount. The backrest section of the liner is split to allow the backrests to be folded down separately. The rear section can also be folded out over the lower tailgate section.
* Retailer installed accessory

Cargo compartment mats*
The load compartment mats – in textile or moulded plastic – are tailor-made to fit perfectly in your XC90. The textile mat is reversible and waterproof, with color-keyed textile on one side and rubber on the other. This allows you to maintain the attractive appearance of the cargo compartment even if you occasionally transport dirty loads.
* Retailer installed accessory

Cargo compartment divider*
Used together with the steel cargo barrier, this divides the cargo compartment into two sections – convenient if you want to carry your dog and luggage, or to separate dirty or fragile cargo from other cargo.

Steel cargo barrier*
Fitted behind the second row of seats to help protect occupants from unsecured cargo when braking hard. Colormatched with the interior.
* Retailer installed accessory

Pack & Load
Roof load carrying system

Square profile hitch
PACK & LOAD

Carrying/Towing

Roof cargo carrying system*
To help you fully utilize the roof of your Volvo, we've developed a range of versatile cargo carrying accessories. This system is dimensioned to carry up to 220 lbs. The factory-fitted attachment points in the car's roof make the cargo carriers easy to fit, and even quicker if your car has roof rails. Various cargo accessories — such as roof boxes and different holders for bikes, skis, surfboards and kayaks — can be attached to the cargo carriers to meet your needs. These accessories can be almost freely combined for flexibility and many are aerodynamically designed to help reduce fuel consumption and wind noise. And most of them can be locked with the same key, using Volvo's One-Key System.

* Retailer installed accessory

Square profile hitch*
This robust detachable hitch is not only great for towing but can also be used to transport bikes and skis.

* Retailer installed accessory

PERFORMANCE

Chassis/Steering

FWD is standard, optional electronically controlled all-wheel drive (AWD) with Instant Traction™. Six-speed Geartronic automatic.

Power is continuously distributed to all four wheels by Volvo's pre-charged electronically controlled AWD with Instant Traction™. This minimizes wheel spin for immediate acceleration and reassuring stability in all conditions. The six-speed Geartronic — a responsive automatic that's ideal for relaxed driving, tough conditions or towing. This also allows manual gear shifting so you can maintain a lower gear to rev the engine or for the added assistance of engine braking. A special winter setting makes it easier to move off and maintain grip on slippery surfaces.

Chassis
Front suspension with spring struts (McPherson), anti-dive and anti-lift function. Multi-link independent rear suspension attached to a steel sub-frame. Stabilizer bars front and rear. DSTC (Dynamic Stability and Traction Control) and RSC (Roll Stability Control).

The Volvo XC90's all-road capability is based on generous ground clearance (8.6 in), a comparatively low center of gravity and an advanced chassis. The rigid body enables optimal suspension performance, balanced handling and a high level of comfort. The front and rear suspensions interact to provide stable braking and smooth steering. In a curve, the rear wheels have a slight steering facility for added stability and steering response. The DSTC system cuts in if either of the drive wheels begins to lose traction or if a skid is imminent. RSC (Roll Stability Control) can step in to help prevent the vehicle from tipping over in an emergency situation.

Steering
Power-assisted rack and pinion steering. Tilt and telescopic steering wheel column. 2.8 turns lock to lock. Turning circle 40 ft.

Behind the wheel, you can enjoy steering that's both responsive and reassuring at all speeds. The optional-speed dependent power steering provides progressively less power assistance the faster you drive. Higher steering precision and enhanced road feedback are easily enjoyed benefits. At lower speeds, added power assistance makes the car even easier to maneuver, for instance when parking.

Brakes
Power-assisted anti-lock ventilated disc brakes (ABS), EBA (Emergency Brake Assistance), EBD (Electronic Brake Distribution) between the front and rear brakes. Diagonally split braking system.

PERFORMANCE Engines

Volvo XC90 3.2 FWD/AWD (235 hp)
Engine type: 3.2-liter in-line six-cylinder engine
Max power output: 240 hp at 6200 rpm
Max torque: 236 lb/ft. at 1500-4500 rpm
Top speed: 118 mph
Fuel consumption, mpg, highway/city, auto: 21/15 (FWD 22/15)
Environmental classification: ULEV II
Transmission: Six-speed Geartronic automatic
Fuel tank: 21 U.S. Gallons
TAKING CARE OF YOUR OWNERSHIP NEEDS.

VOLVO LEASING AND FINANCING OFFERS.
Special offers are available to finance your new Volvo product through our preferred provider, US Bank. Whether you are looking for the convenience of a lease or the pride of owning your Volvo vehicle, our nationwide network of retailers and authorized financial service providers are ready to assist you with all your financing needs. Please contact your local retailer for details.

On Call roadside assistance.
Whenever you need us, we’re just a phone call away. Our nationwide network of retailers and authorized service providers are ready to assist. Whether you require roadside assistance or maps and routing information for your next trip, refer to your On Call Card and dial 1-800-63-VOLVO – anytime, day or night. Your complimentary four-year membership activates the moment you become a Volvo owner.

Volvo new car warranty.
Your new car warranty provides comprehensive coverage for four years or 50,000 miles, whichever occurs first. In addition, warranties cover corrosion, seat belts, the supplemental restraint system, emission systems, genuine Volvo replacement parts and genuine Volvo accessories. Should you encounter any problem with your Volvo, simply contact the nearest retailer for assistance. Where your warranty ends, Volvo Increased Protection (VIP) plans begin. To purchase the additional protection of a VIP plan, contact your local retailer.

Complimentary Factory Scheduled Maintenance.
Volvo is committed to a premium ownership experience for its customers. To further enhance your ownership experience, all 2012 model year Volvo’s sold in the United States will include Complimentary Factory Scheduled Maintenance. This program provides scheduled maintenance coverage for the first 3 years or 36,000 miles, designed to compliment your Volvo warranty, and will help ensure trouble-free operation of your Volvo. Coverage includes factory recommended maintenance including oil and filter changes, checks and adjustments as listed in your Warranty and Maintenance Records Information booklet, for the first four maintenance services at intervals of 7,500, 15,000, 22,500 and 30,000 miles. Service must be performed within 1,500 miles before or after each scheduled interval. Coverage is limited to scheduled maintenance items listed in the 2012 model year Warranty and Maintenance Records Information booklet. Normal wear items such as brake pads and wiper blades are not covered under the Complimentary Factory Scheduled Maintenance. An authorized retailer must perform maintenance. Offer is transferable. Optional Factory Scheduled Maintenance program upgrades are also available that will allow you to customize coverage to meet your driving needs. See your Volvo retailer for details.

Volvo service for life.
Taking the concept of service to a new level.
• Two-year Parts Warranty. Including the labor when they’re installed at an authorized Volvo retailer
• Complimentary Software Updates during a scheduled maintenance visit. New software required as part of repair or accessory installation is not included
• Complimentary Vehicle Diagnostics if your Volvo has a “check engine” lamp or other warning indicator illuminated. Up to an hour of computer diagnostics
• Special discounted On Call Advantage Roadside Assistance pricing. Visit your retailer for enrollment form

Volvo mobility program.
The goal of the Volvo Mobility Program is to assist persons with physical disabilities or hearing impairment. For those with exceptional transportation needs, this can be facilitated within the extraordinary comfort and safety of a specially adapted Volvo. For additional information on this program, please contact the Volvo Mobility Program Headquarters at (800) 803-5222 or visit www.volvocars.us/mobility. TTY users are invited to call 1-800-839-0312.

Personal shopper.
The Volvo Personal Shopper is dedicated to providing you with a whole new level of shopping convenience. Whether you’d like help identifying the Volvo model that best fits your lifestyle, detailed information on any Volvo model, or a comparison against the competition, Volvo is there to help. We can arrange a Test Drive for you at your nearest Volvo Retailer. So make the most of your shopping time and call the Volvo Personal Shopper at 1-800-550-5658. (U.S. only)

VOLVO OVERSEAS DELIVERY.
Volvo Overseas Delivery offers a unique way to buy your new custom-built car as well as a unique way to see more of Europe. And when you’re done traveling, bring the pleasure of driving a Volvo back home. Purchase any new Volvo as part of the Volvo Overseas Delivery Program and enjoy all this – and more:
• Attractive pricing on US models.
• Access to colors and certain features normally only available in Europe.
• 15 days of international insurance and export registration included.
• Two complimentary round-trip tickets with Scandinavian Airlines.
• One free hotel night in Gothenburg, Sweden, the home of Volvo.
• An exciting Volvo Factory Tour or a visit to the new Volvo Brand Experience Center.
• An exclusive VIP delivery experience at the Volvo Factory Delivery Center.
• The opportunity to explore Europe in the comfort and safety of your own Volvo, either with one of our spectacular tours or on your own.
• Extensive complimentary home shipment services. Just leave your car with us. We’ll ship it to you the convenient way while you relax and enjoy your complimentary flight back home.

Can you think of a better way of traveling overseas and making your souvenir part of an unforgettable experience? If you would like to know more, contact your local Volvo retailer, our Customer Care Center (800) 631-1667, or visit www.volvocars.us/mybagsarepacked

VOLVO CARS MILITARY/DIPLOMAT/EXPATRIATE SALES. FOR YOU LIVING ABROAD.
Sometimes life abroad offers exceptional benefits. Such as buying a new tailor-made Volvo on very special and rewarding terms. Whether you are traveling for pleasure or are in a professional, diplomatic or military post outside your home country, turn to Volvo for a great deal. For US Military personnel posted overseas our authorized military agents outside the US offer:
• Great savings compared with Stateside pricing.
• Professional assistance with all legal formalities and paperwork.
• Four-year warranty coverage also outside the US (US and Canadian specifications)
• US specifications – built to meet legal requirements in all US states.
• No US import duty with PCS orders, for US military personnel taking delivery overseas.
• Included shipping & Marine Insurance, delivery to an authorized Volvo retailer of your choice in the USA. US diplomats & military personnel stationed abroad for more than 140 days & non-US diplomats (depending on status) are normally exempted from customs import duty.
• Delivery to a Volvo military agent close to your base or assignment overseas.
• Five years valid Volvo Home Shipment from authorized drop-off points in Europe to an authorized US Volvo retailer of your choice included.
• More than 20 drop-off points in Europe.
• The option of VIP factory delivery in Sweden or delivery to selected major cities in Europe.
• The option of our special Cruise & Collect package with Stena Line ferries (German market).
• The benefit of the Volvo Assistance Europe scheme at no extra cost.

Taking advantage of the savings, benefits and convenience of Volvo’s international programs is easy. Volvo Cars Military Sales, Volvo Cars Diplomat Sales and Volvo Cars Expatriate Sales are professional and global organizations with one goal – to make it advantageous and convenient for you to buy your new car when living abroad. www.military.volvocars.com
www.diplomat.volvocars.com

For Military/Diplomat/Expatriate sales while in the US, contact your local Volvo retailer, our Customer Care Center (800) 631-1667 or visit www.military.volvocars.com
Welcome to the club.
