The interior is all about pure drive. Only the finest materials have been selected to provide total comfort: fabric and leathers with unmistakable Italian style.
ALFA D.N.A.
Derived from racing experience, Alfa D.N.A. is the exclusive Alfa Romeo driving mode selector which, by acting on engine, brakes, steering, gearbox, suspension and accelerator, perfectly adapts the vehicle’s performance to suit the driver’s style and the road conditions, with a choice of three modes: sports (Dynamic), urban (Natural), and low-grip (All Weather). It offers simple, intuitive use: just shift the selector near the gear lever.

ALFA TCT
Alfa Twin Clutch Transmission is the innovative twin dry clutch semi-automatic transmission which allows the next gear to engage while the previous one is still engaged. The Alfa TCT guarantees driving comfort and a sporty feel that far surpass those offered by traditional automatic transmissions, coupled with improved efficiency and lower fuel consumption.

UCONNECT™
This built-in system combines a top-quality sound system with a raft of multimedia services and functions. And you can operate it with the touch of a finger or simply your voice, thanks to a 5” colour touchscreen and voice recognition.
Uconnect™ 5” Radio: permits use of AM/FM radio, CD player, Media Player which can be connected via USB port or AUX-in socket. The optional Uconnect™ 5” Radio NAV offers built-in navigation developed in collaboration with TomTom® for simple, intuitive navigation.

DIMENSIONS
ALFA MULTIAIR

This technology marks a new era for petrol engines, continually varying the intake of air into the engine directly as it enters the cylinders, based on the actual engine requirements. From 10% to 35% more maximum power and up to 15% more torque at low speeds. Pick-up improved by up to 12% and up to 10% lower fuel consumption and emissions.

JTDm-2

Lift the bonnet and the MiTo reveals the second generation of MultiJet diesel engines, a development of the Common Rail system, a Fiat Powertrain Invention. Combustion is optimised to obtain excellent results in terms of consumption, emissions, noise and handling. Extreme reliability borne out by service intervals of 12,000 miles.

TURBO TWINAIR

875cc Turbo TwinAir 105 bhp Euro 6. The Turbo TwinAir combines MultiAir technology with an innovative two cylinder layout to achieve maximum fuel efficiency, power, outstanding flexibility and response when needed.

Fuel consumption and CO2 figures are obtained for comparative purposes in accordance with EC directives/ regulations and may not be representative of real life driving conditions.

Factors such as driving style, weather and road conditions may also have a significant effect on fuel consumption.
ON THE ROAD (OTR) CHARGES INCLUDE:
12 months Government Vehicle Excise duty depending on CO₂ emissions (see table below left), vehicle first registration fee (£55), number plate (£25.53) and delivery costs (£525).

GRADUATED VEHICLE EXCISE DUTY (ROAD FUND LICENSE) VALID FROM 1ST APRIL 2014
The Graduated VED bands classify all new cars into one of 13 vehicle Excise Duty bands, depending on their type of fuel and carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km).

BENEFIT-IN-KIND TAXATION
The company car Benefit-in-Kind Taxation scale is linked to the CO₂ emissions level. The table right shows the percentage of the car price to be taxed (P11D value). Below you can also find a simple explanation useful to calculate the BIK.

EXAMPLE OF HOW TO CALCULATE BIK
Look at the table, right, and find the percentage to be applied according the CO₂ emissions.

The car’s price to be taxed (P11D value) includes: Total Retail Price (Basic Price + VAT)+ Number Plate (£25.53) + Delivery costs (£525) + Option (Including VAT). Calculate the BIK as follows: P11D value x % of car price to be taxed

For more information about the Company Car Benefit-In-Kind Taxation Charges see the Alfa Romeo website: www.alfaromeo.co.uk

THE CLOVERLEAF – SIGN OF THE TRUE ALFISTI
Alfa Romeo driver Ugo Sivocci carried a four-leafed clover symbol on the deep red bodywork of his Alfa Romeo RL for luck as he lined up for the 1923 Targa Florio. It must have worked… because he won. Ever since, the cloverleaf has symbolised the sporting heart of Alfa Romeo, recognised and celebrated by Alfisti throughout the world. So what better name for a club where you can share your passion for all things Alfa Romeo?
