Look what we started.

The first Golf was introduced to the U.S. when large and curvy cars ruled the road. With its strong angular lines, this sporty and utilitarian hatchback was a revelation. It was unexpected, but left a lasting mark. More than twenty-nine million cars later, the essence of the Golf hasn’t changed much. It hasn’t had to. Sure, it’s gotten more refined, more powerful, and more celebrated — Car and Driver and AUTOMOBILE Magazine are rather fond of it. But the original shape and spirit remain. Here’s to getting it right the first time. That’s the Power of German Engineering.
And they’re off.

When you think of German engineering, it’s only natural your pulse starts racing. Especially when you’re choosing between a 2.5L, 170-hp gem or a 2.0L TDI® Clean Diesel. Press the accelerator, and you’ll hear the sweet sounds of the cylinders all humming some vaguely familiar German song. Listen carefully, and you’ll even hear them begging you to take them out for a ride.

Of course, if that wasn’t enough, the Golf is equipped with a 4-wheel independent suspension. And it assembled using laser seam welding for increased rigidity and superior handling. So even a drive to the dry cleaners is a gripping experience.

TDI 4-Door shown in Blu Graphite Metallic.
Pack all your things into the back because it comes loaded up front.

The TDI Clean Diesel engine delivers 236 lbs/ft of torque for some serious oomph. But what’s more amazing is what it doesn’t give you: those sooty emissions from years past. In fact, it has 90% fewer emissions than previous diesel engines. Now it’s easier to drive the Golf, just for the fun of it.

Good, clean fun.

Dual personality. One second you’re cruising along with the available fast-shifting DSG® automatic transmission. The next second you push it into Tiptronic® mode, and you’re manually shifting through gears like a person reborn.

“10Best Cars for 2012.” Car and Driver placed the Golf on their ultimate short list. Kelley Blue Book’s kbb.com named the Golf TDI one of its 2011 Top 10 Green Cars® for the second year in a row. And driving it is clearly a reward all its own.

Go the distance. TDI Clean Diesel technology isn’t just good for the wallet, it’s good for the long haul. As in 42 highway miles per gallon! How about a road trip?

The sky’s the limit. The color blue symbolizes our commitment to building environmentally conscious cars that don’t compromise performance. And setting a good example for eco-conscious behavior, everywhere, and every day. Plus, it’s always been our favorite color.

The inside of the Golf is good at being flexible. Which really comes in handy throughout the day. One minute you’re carrying four of your buddies in total comfort and style. The next you’re hauling off with your latest find from the swap meet. Fold down the rear seats and you’ve got 46 cubic feet of space. That’s a lot of space for cubes, not to mention furniture, suitcases, skis, or floor lamps. Put it this way, if you ever run out of things to put in your Golf, you’re just not trying hard enough.

Features
- 8-way adjustable front seats with adjustable lumbar support
- Heated front seats
- Seating for five adults
- 60/40 split folding rear seat with pass-through
- Glovebox with adjustable cooling feature
- Rear center armrest with storage

Watch this space.

That’s a lot of space for cubes, not to mention furniture, suitcases, skis, or floor lamps. Put it this way, if you ever run out of things to put in your Golf, you’re just not trying hard enough.
All play. No work.

There’s user-friendly. And then there’s user-super-friendly. On select Golf models, you can scroll through music without taking your hands off the wheel. Get turn-by-turn directions for that new restaurant you’ve been wanting to try in town or across the country. Plug in your iPod to listen to your favorite acid jazz or greatest hits of the ’80s compilation. And then call each of your friends with a push of a button to tell them how much you really love technology. The system will even turn down the music for you, so your private collection remains, well, private.

Features

• Touchscreen sound system
• Media Device Interface (MDI) with iPod® cable
• Bluetooth® with audio streaming
• SiriusXM Satellite Radio with 3-month subscription
• Touchscreen-navigation system
• Multi-function steering wheel

*Feature available on select models. **Requires compatible device.
Safety

The TPMS helps monitor tire pressure and alerts you when it is too low. Properly inflated tires greatly increase safety by helping create better stability, handling, and braking in almost all situations.

Electronic Stability Control (ESC) helps prevent oversteer or understeer during an evasive maneuver by applying corrective forces to each of the wheels. In other words, it helps you maintain control when you need it most.

ABS and HBA. The Anti-lock Braking System (ABS) helps to keep the brakes from locking up during sudden stops and helps you retain control over the steering during emergency braking. Hydraulic Brake Assist (HBA) works with ABS to help ensure that you get the maximum braking power from the brake system.

Surrounded by safety. In addition to airbags, every Golf has a specially reinforced safety cage complete with anti-intrusion side beams and thermo-formed B-pillars, designed to help protect you in the event of a collision. Surrounding that are crumple zones, which provide space and material to help cushion and absorb the impact while the safety cage insulates you.

Intelligent Crash Response System (ICRS). After the airbags* have deployed in a collision, the ICRS automatically unlocks all doors, disables the fuel pump, and turns on the hazard lights.** That’s why we call it intelligent.

2012 IIHS Top Safety Pick. The Golf 4-door model is one of the Insurance Institute for Highway Safety’s Top Safety Picks.† Actually, it’s one of nine 2012 Volkswagen models to get their top award. That means all nine cars scored the highest rating in all four qualifying tests. That’s 36 instances of superior safety.

*Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts. Use child restraints for children only in the rear, using restraint systems appropriate for their size and age. **The Intelligent Crash Response System (ICRS) will only activate in a collision where the airbags deploy or safety belt pretensioners activate. Not all airbags to deploy or safety belt pretensioners to activate. †“Top Safety Pick” based on 31 mph side-impact crash test, 40 mph frontal-offset crash test, 20 mph rear-impact test, roof strength testing, and the availability of ESC. Requirements for the top award include the Institute’s evaluation of the vehicle’s performance in the four qualifying test categories and an overall safety score of at least 80% for those tests. For details, visit www.iihs.org. See vw.com for more information on safety features.
No-charge scheduled Carefree Maintenance.*

Changing your oil, rotating your tires, topping off the windshield wiper fluid—do you remember to do all that stuff? Your car does. Right there in your instrument panel. Both it and your dealer will let you know when it’s time to schedule your appointment. And for three years, or 36,000 miles, we’ve got you covered. That’s why we call it carefree. Come by for a courtesy vehicle check within the first 90 days, or 6,000 miles, and ask us any questions you have while we give your Golf a basic checkup. Then, come by every year, or 10,000 miles, for your remaining scheduled maintenance checks. It’s that simple.

*The Volkswagen Carefree Maintenance Program covers the vehicle’s scheduled maintenance for three years or 36,000 miles, whichever comes first. Coverage during the term of the new vehicle limited warranty at no additional charge. Some limitations apply. See dealer or vehicle maintenance program booklet for details.
Golf 2.5L

Includes 2.5L, 150-hp engine. Standard equipment: 17-inch alloy wheels and tires, 2-stage front and side airbags, front curtain side impact bags, driver’s side belt tensioner, child safety handles, keyless entry with panic alarm, power door locks, power windows, am/fm radio, heated windshield washer nozzles, 17" alloy wheels, rear defogger (excl. Canada), AM/FM radio, 2-speed CD changer, power windows, heated front seats, double din, sunroof, 8-speaker sound system with MP3 and WMA compatibility, steering wheel with audio controls, air conditioning, automatic climate control, traction control, anti-lock braking system, side airbags, and foglights.

Golf 2.5L with Convenience

Includes Golf 2.5L with Convenience features, plus: 2-door feature, leather-wrapped steering wheel, heated front seats, 8-way manually adjustable driver’s seat, power windows, power door locks, power mirrors, tire pressure monitoring system, theft deterrent system, rear defogger (excl. Canada), 17" alloy wheels, and rear spoiler.

Golf 2.0L TDI Clean Diesel

Includes Golf 2.0L TDI Clean Diesel with Convenience and Sunroof Package and Technology Package.

Golf 2.0L TDI Clean Diesel with Sunroof

Includes Golf 2.0L TDI Clean Diesel, plus: 2-door feature, 4-door feature, heated front seats, 8-way adjustable driver’s seat, power windows, power door locks, AM/FM radio, 6-disc in-dash CD changer, SD memory card reader, and SiriusXM Satellite Radio.

Golf 2.5L TDI

Includes Golf 2.5L with Convenience features, plus: 6-speed automatic transmission with Tiptronic and Sport mode, 17" alloy wheels, and rear spoiler.

Golf 2.5L TDI with Convenience

Includes Golf 2.5L TDI with Convenience features, plus: 2-door feature, leather-wrapped steering wheel, heated front seats, 8-way manually adjustable driver’s seat, power windows, power door locks, tire pressure monitoring system, theft deterrent system, rear defogger (excl. Canada), 17" alloy wheels, and rear spoiler.

Golf 2.5L with Convenience and Sunroof

Includes Golf 2.5L with Convenience features, plus: power tilting/sliding sunroof, leather-wrapped steering wheel, heated front seats, 8-way manually adjustable driver’s seat, power windows, power door locks, tire pressure monitoring system, theft deterrent system, rear defogger (excl. Canada), 17" alloy wheels, and rear spoiler.

Golf 2.0L TDI Clean Diesel with Sunroof and Navigation

Includes Golf 2.0L TDI Clean Diesel, plus: RNS 315 navigation system with 5" color touchscreen in center console, 300-watt amplifier, and DSP (Digital Sound Processor) technology.

Think Blue.

Think Blue is the Volkswagen way to drive progress by creating and producing cars that are more efficient,* eco-conscious, and fun to drive. The Volkswagen line features a variety of BlueMotion® technologies—from TDI engines to precision fuel injection—designed to make our vehicles as blue as possible. Which is likely to make other car companies green with envy. Learn how we think beyond green at vw.com/thinkblue.

*See www.fueleconomy.gov for EPA estimates. Your mileage will vary.
