Not everyone sees SUVs as fun to drive. But we do. Which is why the Tiguan is everything you want in a compact SUV and more. It gives you that great ride height. It carries you and all your things in comfort and style. And it adds some serious fun to the mix, because underneath the hood lies a 200-hp turbocharged engine, which also powers our legendary GTI. The available 4MOTION® all-wheel drive helps you adapt to nearly any type of road condition. And when you climb behind the wheel, you’ll realize that somewhere between here and your next destination, the ultimate car might actually be a Tiguan. That’s the Power of German Engineering.

Everything you wanted in a car.
Your ride is here. And it’s going to feel like you’ve really arrived. Climb into the roomy Tiguan and sit down in the driver’s seat. You’ll immediately feel a sense of refinement. It could be due to the upscale touches throughout. The available leather seating surfaces that feel soft and inviting. The climate control that helps create the ideal environment no matter where you find yourself. Or it could just be that perfect combination of open sky above you and open road in front of you. Next stop: Wherever that road takes you.

**Features**

- Climatronic® dual-zone climate control
- Heated front seats
- V-Tex leatherette or leather seating surfaces
- 12-way power-adjustable front seats
- 12.7-square-foot panoramic sunroof
- Rear seats with adjustable backrest

*Feature available on select models.*

SEL shown in Charcoal leather

All aboard.
You may not see it right away, but the Tiguan does share two things with the legendary GTI: its 200-hp engine and that indescribable feeling you get when you're making a quick getaway. And since it gets up to 436 miles per tank,* you can throw everything in the back and not throw it all away on gas.

Now getting there is twice the fun because we've equipped the Tiguan with an available 6-speed automatic transmission with Tiptronic®. So depending on your mood, you have your choice of fully automatic or manual shifting mode. Along with an endless choice of places to go.

*2013 2.0L TSI automatic transmission 22 city/26 highway mpg EPA estimates. 436 miles per tank. Range based on 26 highway mpg EPA estimate and a 16.8-gallon tank. Your mileage will vary.
Spend a minute with the Tiguan and you’ll soon realize it can adapt to almost anything. For starters, there’s the 40/20/40-split folding rear seats that allow you multiple ways to carry things. The rear seats slide back and forth in case you find more than you were looking for at the farmers’ market. There are hooks to tie your stuff down so you can get moving. And if you ever want to recharge your laptop in back, we’re sure the Tiguan will be more than accommodating.

**Versatility**

- 56.1 cubic feet of cargo space*
- Fold-flat front passenger seat
- 40/20/40-split folding rear seats
- Three 12-volt power outlets
- Sliding rear seats
- Roof rails**

Features

*With rear seats folded down. **Feature available on select models.
Touchscreen navigation with rearview camera. The available navigation system with 5-inch color touchscreen won’t just help you find your way home; it’ll let you get lost in the music.

LED Daytime Running Lights (DRL). These beautiful available Daytime Running Lights illuminate almost instantly, use less energy, and last significantly longer than standard light bulbs. Did we mention they were beautiful?

Turning headlights. The available Bi-Xenon headlights with Adaptive Front-lighting System (AFS) don’t just shine brighter; they can also turn up to 15 degrees around a corner and help give you a quick glimpse into the future.

Roof rails. Bikes. Luggage. Skis. The available roof rails work with all our accessory racks, so whatever life throws your way, you’ll be ready, willing, and stable.

4MOTION all-wheel drive. The Tiguan can be equipped with available all-wheel drive so it can adapt to practically any environment you encounter: smooth, or cross into it. It works equally well scaling a parking garage.

28˚ of incline clearance

Just look beyond the available huge panoramic sunroof for a second. Because the closer you look at the Tiguan, the more you’re going to find. And that’s fine with us because we designed it to be appreciated, piece by piece, road by road, and journey by journey. So once you get behind the wheel of the Tiguan, you’ll never stop discovering new things.

Explore
Living the high-tech life.

Wouldn’t it be nice to live the high life, without the high price that comes with it? The Tiguan feels like a more expensive car because it comes with features you wouldn’t expect in this class. Like a multi-function trip computer. Or being able to phone friends with a simple touch of a button and voice command.* There’s even an available touchscreen navigation system that tells you exactly where you need to go to find that secluded hot spring or five-star restaurant. No matter where you are with the Tiguan, life is good.

Features
- Touchscreen navigation**
- Electric parking brake with brake disc drying feature
- Bluetooth® with audio streaming*
- Rearview camera**
- Corner-illuminating foglights**
- Multi-function trip computer
- Bi-Xenon headlights with LED Daytime Running Lights and AFS**
- Dual-zone automatic climate control**

*Requires compatible device. **Feature available on select models.
Whether you’ve got a carload of friends or you’re driving solo, it’s good to know the Tiguan will always be jam-packed full of music and entertainment. Just turn on the available touchscreen sound system to fill the cabin with your favorite radio station, iPod® playlist, or talk show host du jour. The sound pumps through eight glorious speakers, so don’t be afraid to turn it up. And let yourself grin from ear to ear.

Entertain all your options.

*Feature available on select models.
Safety

**Intelligent Crash Response System (ICRS).** After the airbags* have been deployed in a collision, the ICRS automatically unlocks all doors, disables the fuel pump, and turns on the hazard lights. That’s why we call it intelligent.

**Tire Pressure Monitoring System (TPMS).** The TPMS helps monitor tire pressure and alerts you when it is too low. Properly inflated tires greatly increase safety by helping create better stability, handling, and braking in almost all situations.

**IIHS Top Safety Pick.** The 2012 Tiguan is one of the Insurance Institute for Highway Safety’s Top Safety Picks.† Actually, it’s one of nine 2012 Volkswagen models to get their top award. That means all nine cars scored the highest rating in all four qualifying tests. That’s 36 instances of superior safety.

**Electronic Stability Control (ESC).** ESC helps prevent oversteer or understeer during an evasive maneuver by applying corrective forces to each of the wheels. In other words, it helps you maintain control when you need it most.

**ABS and HBA.** The Anti-lock Braking System (ABS) helps to keep the brakes from locking up during sudden stops and helps you retain control over the steering during emergency braking. Hydraulics Brake Assist (HBA) works with ABS to help ensure that you get the maximum braking power from the brake system.

**Surrounded by safety.** In addition to airbags, every Tiguan has a specially reinforced safety cage complete with anti-intrusion side beams and press-quenched B-pillars, designed to help protect you in the event of a collision. Surrounding that are crumple zones that provide space and material to help cushion and absorb the impact while the safety cage insulation you.

**Intelligent Crash Response System (ICRS).** After the airbags* have been deployed in a collision, the ICRS automatically unlocks all doors, disables the fuel pump, and turns on the hazard lights. That’s why we call it intelligent.

**Tire Pressure Monitoring System (TPMS).** The TPMS helps monitor tire pressure and alerts you when it is too low. Properly inflated tires greatly increase safety by helping create better stability, handling, and braking in almost all situations.

**IIHS Top Safety Pick.** The 2012 Tiguan is one of the Insurance Institute for Highway Safety’s Top Safety Picks.† Actually, it’s one of nine 2012 Volkswagen models to get their top award. That means all nine cars scored the highest rating in all four qualifying tests. That’s 36 instances of superior safety.

*You know that German engineering you admire under the hood? It’s actually throughout the entire car. There are more than a dozen safety features specifically designed to help you prevent a collision. And even more to help protect you in the event of one. So no matter what happens, we’ll do our best to help keep you safe.

This is a dramatization and does not depict what will happen in a collision. All airbags will not inflate in ... and will never all be inflated at the same time. *Airbags are supplemental restraints only and will not deploy under ... or safety belt pretensioners to activate. **Top Safety Pick**’s award is given to models which score the highest in all four tests in order to be named a Top Safety Pick. †“Top Safety Pick” based on 31 mph side-impact crash test, 40 mph front-impact crash test, 25 mph rear-impact test, and 140 mph dynamic rollover test. For details, visit www.iihs.org. See vw.com for more information on safety features.
No-charge scheduled Carefree Maintenance.*

Changing your oil, rotating your tires, topping off the windshield washer fluid—do you remember to do all that stuff? Your car does. Right there in your instrument panel. Both it and your dealer will let you know when it’s time to schedule your appointment. And for three years, or 36,000 miles, we’ve got you covered. That’s why we call it carefree. Come by for a courtesy vehicle check within the first 90 days, or 6,000 miles, and ask us any questions you have while we give your Tiguan a basic checkup. Then, come by every year, or 10,000 miles, for your remaining scheduled maintenance checks. It’s that simple.

*The Volkswagen Carefree Maintenance Program covers the vehicle’s scheduled maintenance for three years or 36,000 miles, whichever comes first. Coverage during the term of the new vehicle limited warranty at no additional charge. Some limitations apply. See dealer or vehicle maintenance program booklet for details.
