WORK. PLAY. EVERY DAY.
F-150 RISES ABOVE.

The 2013 Ford F-150 tows the most in its class: up to 11,300 lbs.\(^1\) It hauls the most: up to 3,120 lbs.\(^2\) It delivers up to 23 mpg hwy.\(^3\) It generates the most available power: up to 411 hp. Plus, the IIHS named F-150 SuperCrew a 2012 “Top Safety Pick.”\(^4\) New for 2013, F-150 introduces our voice-activated SYNC® with MyFord Touch®, class-exclusive high-intensity discharge (HID) headlamps\(^5\) and more. Take your pick of 9 models including the all-new LIMITED. 4 advanced engines including the innovative 3.5L EcoBoost\(^6\) 3 cabs and 3 box lengths. No wonder F-Series has been America’s best-selling truck for 35 years.

Go further in a 2013 F-150.

\(^1\)Class is Full-Size Pickups under 8,500 lbs. GVWR non-hybrid. \(^2\)When properly equipped. \(^3\)EPA-estimated 17 city/23 hwy/19 combined mpg on 4x2 with 3.7L V6. \(^4\)Insurance Institute for Highway Safety (IIHS) rating. 2013 model year not yet tested. \(^5\)Available feature.
BUILT TO BE THE BEST.

Best Performance
- Best-in-class horsepower: 411 with available 6.2L 2-valve V8
- Best-in-class torque: 420 lb.-ft. with available 3.5L EcoBoost® and 434 lb.-ft. with available 6.2L 2-valve V8

Best Towing
- Best-in-class max. towing capability: 11,300 lbs.¹
- Standard trailer sway control
- Available trailer brake controller, rear view camera and telescoping trailer tow mirrors

Best Payload
- Best-in-class max. payload capability: 3,120 lbs.¹
- Best-in-class cargo box volume: 81.3 cu. ft.
- Class-exclusive available box side steps
- Class-exclusive available tailgate step

Best Overall – EcoBoost
- 420 lb.-ft. of torque
- 11,300-lb. max. towing capability¹
- 3,100-lb. max. payload capability¹
- 16 city/22 hwy/18 combined mpg²

Outstanding Fuel Economy
- 17 city/23 hwy/19 combined mpg with 3.7L V6²
- Best of any comparable³ V8: 21 mpg hwy with 5.0L V8²

2012 IIHS “Top Safety Pick”
- F-150 SuperCrew has earned the highest possible rating from the Insurance Institute for Highway Safety (IIHS)
- Standard safety equipment includes: AdvanceTrac® with class-exclusive RSC® (Roll Stability Control™), Personal Safety System™ Safety Canopy® System, and SOS Post-Crash Alert System™

¹Maximum capability when properly equipped. See your Ford Dealer for specific equipment and other limitations. ²EPA-estimated non-hybrid engine 4x2 fuel economy. ³Small V8 engines of 5.0L or less displacement. Vehicles shown on closed course with professional drivers. Obey all laws. Respect the environment. Know your vehicle, the course and required equipment before high-speed off-roading.
Horsepower. Torque. Fuel efficiency. The numbers speak for themselves. Get best-in-class 411 hp and 434 lb.-ft. of torque with the 6.2L V8. Enjoy unsurpassed V6 torque and up to 23 mpg hwy with the standard 3.7L V6. Or take your pick of powerful combinations in between. With the only standard 6-speed automatic transmission in the class and available SelectShift Automatic, you can’t go wrong. Twin independent variable cam timing (Ti-VCT) enables precise control of the camshafts on 3 of these high-tech engines to help give you better fuel efficiency and more power than their predecessors. Engineered to meet the most stringent standards for long-lasting durability, every engine in this lineup is proven over millions of miles of harsh laboratory and real-world testing. They’re all Built Ford Tough.

**4 CHOICES: ALL WINNERS.**

3.5L EcoBoost® Ti-VCT
This innovative engine delivers the highest max. towing and payload capabilities in the class along with outstanding fuel efficiency. Twin turbochargers combine with high-pressure direct injection for remarkably balanced performance. Turn the page for more on EcoBoost.

- 16 city/22 hwy/18 combined mpg

5.0L Ti-VCT 4-Valve V8 FFV
It’s the most fuel-efficient of any comparable V8 engine and it delivers the most horsepower, torque, towing and payload capabilities. The intake camshaft on this engine is specifically designed to help achieve its low-end torque. It also features cast exhaust manifolds and a unique engine oil cooler for heavy-duty use and durability.

- 15 city/21 hwy/17 combined mpg

6.2L 2-Valve V8
This free-breathing beast delivers the most horsepower and torque available on any engine in the class. Baja-tested by the Ford Special Vehicle Team (SVT) and shared with F-Series Super Duty, the proven 6.2L boasts a cast-iron engine block with 4-bolt main bearing caps and 2 additional cross bolts for extreme durability. Utilizing 2 spark plugs per cylinder helps improve efficiency and increase engine torque.

- 13 city/18 hwy/15 combined mpg

3.7L Ti-VCT 4-Valve V6 FFV
It delivers torque that no other standard V6 can beat along with outstanding fuel efficiency. Piston-cooling jets inside this engine spray oil directly on the underside of the pistons to help keep them cool under extreme operating conditions. As a flex-fuel vehicle (FFV) engine, the 3.7L can run on E85, gasoline or any combination of the two.

- 17 city/23 hwy/19 combined mpg

5.0L Ti-VCT 4-Valve V8 FFV
It’s the most fuel-efficient of any comparable V8 engine and it delivers the most horsepower, torque, towing and payload capabilities. The intake camshaft on this engine is specifically designed to help achieve its low-end torque. It also features cast exhaust manifolds and a unique engine oil cooler for heavy-duty use and durability.

- 15 city/21 hwy/17 combined mpg

3.5L EcoBoost® Ti-VCT
This innovative engine delivers the highest max. towing and payload capabilities in the class along with outstanding fuel efficiency. Twin turbochargers combine with high-pressure direct injection for remarkably balanced performance. Turn the page for more on EcoBoost.

- 16 city/22 hwy/18 combined mpg

6.2L 2-Valve V8
This free-breathing beast delivers the most horsepower and torque available on any engine in the class. Baja-tested by the Ford Special Vehicle Team (SVT) and shared with F-Series Super Duty, the proven 6.2L boasts a cast-iron engine block with 4-bolt main bearing caps and 2 additional cross bolts for extreme durability. Utilizing 2 spark plugs per cylinder helps improve efficiency and increase engine torque.

- 13 city/18 hwy/15 combined mpg

1 Available feature. 2 EPA-estimated 4x2 fuel economy. 3 Small V8 engines of 5.0L or less displacement. 4 When properly equipped. 5 6.2L horsepower and torque achieved with premium fuel.
**POWER RIGHT PAST PUMP AFTER PUMP.**

F-150 equipped with our 3.5L EcoBoost® direct-injection twin-turbo engine delivers a best-in-class mix of torque, capability and fuel economy. It beats all competitors with 420 lb.-ft. of torque, an 11,300-lb. max. towing capacity,1 and a 3,100-lb. max. payload capacity.1 Plus, it delivers up to 22 mpg hwy.2 The 36-gallon fuel tank on EcoBoost 4x4s means F-150 can travel over 750 hwy miles3 between fill-ups. This proven engine was pushed to extremes in durability testing equivalent to 1.6 million miles and 10 years of use in the harshest environments. Rest assured, EcoBoost has earned its place in the Built Ford Tough® lineup.

---

**Torque that beats all competitors.** The 3.5L EcoBoost generates over 90% of its best-in-class peak torque from way down at 1,700 rpm all the way up through 5,000 rpm.

---

1When properly equipped. 2EPA-estimated non-hybrid engine 4x2 fuel economy: 16 city/22 hwy/18 combined mpg. 3550 miles at 17 combined mpg on 4x4 models.
STAY CONNECTED.

New for 2013, voice-activated SYNC® with MyFord™ is available on XLT, standard on FX2, FX4 and SVT RAPTOR. This system includes a 4.2” LCD productivity screen in the center of the gauge cluster, 5-way controls on the steering wheel, and a 4.2” screen in the center stack.

Once paired, SYNC recognizes your phone and downloads your contacts to support voice calling. It also plays music from your phone, MP3, USB or iPod®. Just touch a button on the steering wheel and say things like “Call: Kevin,” or “Play playlist: Country.”

SYNC also offers 911 Assist® and with a SYNC Services® account you get business searches, turn-by-turn driving directions, local movie times and more. On models equipped with MyFord, SYNC AppLink™ lets smartphone users control Pandora®, iHeartRadio®, Stitcher SmartRadio™ and other apps by voice too. Activate and personalize yours at ford.com/sync. SYNC. Say the word.

Keeps you fully informed. Engaging, easy-to-use menus on the LCD productivity screen help you track fuel usage, explore unique truck applications and even make towing decisions.

1Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. 2Available feature. SYNC Services is available on most vehicles and may require a subscription. Traffic alerts and turn-by-turn directions available in select markets. Message and data rates may apply. Not all features are compatible with all phones. 3SYNC AppLink is available on select models and compatible with select smartphone platforms. Commands may vary by phone and AppLink software.
CONTROL IT YOUR WAY.

For ultimate authority over your phone, entertainment, navigation and climate, the 2013 F-150 introduces voice-activated SYNC® with MyFord Touch®. This advanced system includes an 8” LCD touch screen, a media hub with dual USB ports, and SYNC Services for turn-by-turn directions, business searches, and more. Operate it with simple voice commands, by interacting with the touch screen, or by using the knobs and buttons just below the touch screen.

Enhances your travels. The Navigation System includes a 6-month trial subscription to SiriusXM Satellite Radio (also available without navigation), Traffic and Travel Link to bring you over 130 channels, including commercial-free music, plus sports, news, talk and entertainment. Drive smarter with the ability to look up fuel prices, check local and national weather, get alerts on traffic-related incidents, receive alternate route suggestions and much more.

Lets you “see” who’s calling. MyFord Touch can download personal photos from your phone book and display them on its full-color screen when you browse your directory and during calls. On supported phones, SYNC can also play unique ringtones you’ve selected to help identify specific callers.

Available feature. Driving while distracted can result in loss of vehicle control. Only use SYNC/MyFord Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. SYNC Services is available on most vehicles and may require a subscription. Traffic alerts and turn-by-turn directions available in select markets. Message and data rates may apply. Not all features are compatible with all phones.
RIDE LIKE A KING.

Whether you choose the legendary KING RANCH® or another SuperCrew model, prepare for an interior experience like no other. We're talking room to spare, lots of creature comforts, superb cargo space and utmost flexibility – this truck has it all. The seating is thoughtfully contoured to provide comfortable support in all the right places, including its angled rear seat backs, which create a relaxed, natural seating position. The ultra-convenient one-touch 60/40 split rear seat folds up to reveal 55.4 cu. ft. of cargo space and the only completely flat load floor available in the class. Recharging multiple devices is easy with a standard 12-volt powerpoint up front, plus another next to the 110-volt power outlet on the back of the flow-through center console, and one inside of it. Beneath the surface, its stiff frame and body, shear-style body mounts, door seals, Quiet Steel® and a noise-absorbing headliner all work together to help deliver a remarkably quiet ride. One might say it's fit for royalty.
TOW MORE. SWEAT LESS.

F-150 is the first and only truck to combine best-in-class max. towing1 capability of up to 11,300 lbs. in every cab type, the stabilization technology of standard trailer sway control, and an integrated trailer brake controller; offering you a level of towing confidence no other full-size pickup can touch.

Standard hill start assist helps prevent you from rolling back on a grade by momentarily maintaining brake pressure until the engine delivers enough torque to move the truck up the hill. Trucks equipped with the trailer brake controller can automatically apply the trailer brake too. Included in every Trailer Tow Package, our 6-speed SelectShift Automatic® transmission2 features a progressive range select mode you can use to lock-out upper gears for better performance when the truck is heavily loaded or when towing on grades. Rest assured, your trailer’s reign of terror is over.

Helps you keep it in line. Our standard trailer sway control uses a yaw motion sensor to monitor the motions of your truck and detect trailer sway. It can automatically react when sway is detected by selectively braking and reducing engine torque to help you maintain control of both the truck and the trailer.3

Powers your view into place. New for 2013, our convenient PowerScope® trailer tow mirrors, included in the Max. Trailer Tow Package on select models, feature both power-telescoping and power-folding functionality.

Helps you line it up. The rear view camera2 displays a full-color image in your auto-dimming rearview mirror2 on the 4.2” MyFord® screen or on the 8” MyFord Touch® screen (shown). Just shift into Reverse for a wide-angle view behind the truck, complete with a distance guide.

1Maximum capability when properly equipped. See your Ford Dealer for specific equipment and other limitations. 2Available feature. 3Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
HAUL MORE. WORK SMARTER.

With a best-in-class 3,120-lb. max. payload1 capability and best-in-class cargo box volume of up to 81.3 cu. ft., F-150 helps you transport more materials in each load, which could reduce the number of trips you make to and from the work site. Each crossmember on its fully boxed frame is precisely positioned to create a flat load floor, then throughwelded to help create a highly rigid structure, which minimizes frame flex and contributes to stable hauling and towing. Opt for the Tough Bed® factory-installed spray-in bedliner2 and an industrial-grade synthetic lining will be applied directly to the bed for durable, long-lasting protection. Even managing cargo is easier thanks to the best pickup box access2 in the class – steps on all 3 sides including our class-exclusive tailgate step2 and box side steps.2 Any way you stack it, F-150 is the hardest working, most productive truck out there.

Expands your options. Made of rugged fiberglass-reinforced polypropylene, our stowable bed extender2 lets you haul with the tailgate down or secure smaller loads with the tailgate up.

Gives you a lift. Class-exclusive box side steps2 ease access to the front end of the box. Each step can handle up to 500 lbs. Deploy or stow them with your foot – no hands required.
ROCK ROUGH TERRAIN.

Built Ford Tough® with rugged underpinnings, every F-150 starts with a double-wishbone, coil-over-shock, independent front suspension including gas shock absorbers and two-stage, variable-rate rear leaf springs. Our Baja-proven, high-speed, off-road performance truck, F-150 SVT RAPTOR, also features a TORSEN® front differential with a 4.10:1 axle ratio that gives it serious, slow-speed rock-crawling prowess. New for 2013, the 17” forged-aluminum bead-lock capable wheels on SVT RAPTOR can be paired with bead-lock rings from Ford Racing, enabling you to air down with confidence for extreme grip when off-roading. Hill Descent Control is now included in the Off-Road Package, along with an electronic-locking rear differential, underbody skid plates, off-road tuned front shock absorbers and more, to make sure you’re off-road ready right from the start.

Enhances capability on 4x2s and 4x4s. The electronic-locking rear differential uses a true mechanical dog-clutch mechanism to lock both rear axle shafts together so they turn at the same speed for maximum traction. Available on all models; it improves 4x2 traction when towing and when traveling on sand or other loose surfaces. Standard on FX4 and SVT RAPTOR.

Tracks the action. Monitor your pitch angle, bank angle and wheel direction with our class-exclusive off-road display in the LCD productivity screen.

Shows you the way. The class-exclusive front view camera, available only on SVT RAPTOR, displays a wide-angle view from the front grille onto your full-color 8” MyFord Touch® screen. Activated through the LCD productivity screen when you’re off-roading at low speeds, it even includes guidelines and a built-in lens washer to help clear away trail dirt.
F-150 KING RANCH® traces its lineage directly to the historic King Ranch in Kingsville, Texas. There you’ll find the authentic KING RANCH “Running W” stamped into handcrafted saddles that weather just as distinctively as the unique Chaparral leather-trimmed seating inside this proud F-150. In fact, the “Running W” graces everything from the exterior badging to the flow-through center console lid and even the wheels. A new chrome grille, SYNC® with MyFord Touch®, the Audio System from Sony® with HD Radio™ Technology and a single-CD player, and ambient lighting are all standard this year. The new Luxury Package gives you class-exclusive HID headlamps, plus a power moonroof, Navigation System and tailgate step. For standout style, pair the new Black interior¹ environment with the new Chrome Package and its 20” chrome-clad aluminum wheels, or add the new Monochromatic Paint Package to your 2013 F-150 KING RANCH.

¹Available feature.
PINNACLE OF LUXURY.

THE ALL-NEW F-150 LIMITED is the ultimate combination of stylish design and luxurious amenities backed by a best-in-class mix of torque, capability and fuel economy, courtesy of our exclusive 3.5L EcoBoost® engine. Inside this roomy SuperCrew, the seating is uniquely trimmed in rich, full-grain Brick Red leather accented by distinctive cloisonné badges. A laser-engraved serialization plate on the flow-through console lid reinforces its “LIMITED” status. Standard voice-activated SYNC® with MyFord Touch® Navigation System, Audio System from Sony® and power moonroof help increase the ease and pleasure of every drive. Bright “LIMITED” inserts on the door-sill scuff plates are yet another unique detail. Outside, class-exclusive HID headlamps, box side “LIMITED” dimensional lettering and massive 22” polished aluminum wheels are standard. Whether it’s Ruby Red, White Platinum or Tuxedo Black, you’ll enjoy every moment in F-150 LIMITED.
F-150 LARIAT really treats you right. From a new chrome 3-bar grille, to new Steel Gray leather-trimmed seating with 10-way power adjustment for the driver and right-front passenger, new woodgrain interior trim accents, and voice-activated SYNC® with MyFord Touch® – the list of standards goes on and on. Opt for the LARIAT Chrome Package to switch it up with a chrome 3-bar grille and mesh inserts, 6” chrome angular cab steps, chrome sideview mirror caps and more. Add the new class-exclusive HID headlamps1 and 20” chrome-clad aluminum wheels1 for even more impact. HD Radio™ Technology on the Audio System from Sony®1 lets you “tag” songs you’d like to purchase later online. Convenient 2-speed automatic 4x41 helps you tackle all sorts of terrain, while heated and cooled front bucket seats1 provide year-round comfort. When you’re ready to discover tough luxury, climb into F-150 LARIAT.
**HARDWORKING APPEAL.**

**F-150 XLT** offers you a wide range of configurations. Regular Cab, SuperCab or SuperCrew. Any box size. Best-in-class maximum payload and towing capabilities. Inside, premium cloth seats welcome you, along with a substantial list of power and convenience features including voice-activated SYNC® with new MyFord®. Outside, there’s a new chrome C-clamp grille design. Or you can step it up with the XLT Chrome Package, including bright mesh grille inserts, new 18” chrome-clad aluminum wheels and many other chrome accents. Ease your maneuvering with the Reverse Sensing System. Run through a pre-towing checklist in the LCD productivity screen before hitting the road with your trailer. And rely on the SecuriCode™ keyless entry keypad, standard for 2013, to help you lock and unlock your truck without the keys. Versatile. Practical. Built Ford Tough®. That’s F-150 XLT.
F-150 offers a long list of stylish and functional options for your consideration. The FX Appearance Package creates a distinctive look inside and out with its new hood decal, Alcantara® seat inserts, unique grille, 20" painted aluminum wheels and more. For durable, long-lasting protection, order the factory-installed Tough Bed® spray-in bedliner, and we’ll apply an industrial-grade synthetic lining directly to the bed. A new soft-folding tonneau cover helps protect the contents of your cargo box from the weather. Build the F-150 you want, just the way you want it.

Available feature.

2013 F-150
Standard Features

**Mechanical**
- 97,500-mile tune-up interval\(^1\) (6.2L engine) or 100,000-mile tune-up interval\(^1\) (3.7L, 5.0L, and 3.5L engines)
- Brakes – Power 4-wheel vented-disc with ABS
- Easy Fuel\(^a\) capless fuel filler
- Electronic brakeforce distribution (EBD)
- Fail-Safe Engine Cooling System
- Four-wheel-down towing capability (4x4)
- Gas-pressurized twin-tube shock absorbers
- Hill start assist
- Hood-open assist mechanisms
- Horn – Dual-note
- Jack (2-ton)
- Lightweight aluminum hood
- Maintenance-free 78-amp-hr, 750-CCA battery with battery saver
- Parking brake, foot-operated with hand-release
- Power rack-and-pinion steering
- Spare tire with underframe winch with safety catch
- Stabilizer bar – Front
- Stainless steel exhaust system (major components)
- Suspension – Front: long-spindle, double-wishbone coil-over-shock; rear: leaf springs
- Trailer tow with 4-pin connector

**Interior**
- Air conditioning
- Assist/grab handle for right-front passenger
- Assist/grab handles at rear outboard positions (SuperCrew)
- Coat hooks (2)
- Display center
- Front cupholders (2 deployable under center seat or in floor console, and 1 in each front-door map pocket)
- Front dome or map lights
- Front-door map pockets
- Gauges for fuel, oil pressure and engine coolant temperature; tachometer; voltmeter; speedometer; and odometer
- Glove compartment
- Powerpoints – 12-volt in front (all models) and rear (in SuperCab and SuperCrew models)
- Steering column – Manual tilt

**Exterior**
- Cargo box lamp integrated into center high-mounted stop lamp
- Cargo box tie-downs (4)
- Door-sill scuff pads
- Power door locks (removable tailgate with key lock and tailgate assist
- Stake-bed pockets
- Stone guards – Front and rear
- Tow hooks (2 in front; 4x4 only)
- Windshield wipers – Intermittent

**Safety & Security**
- 3-point safety belts in front (all models) and rear (in SuperCab and SuperCrew models)
- AdvanceTrac\(^b\) with RSC\(^c\) (Roll Stability Control™)
- Airbags – Front-seat side\(^2\)
- Airbags – Safety Canopy\(^d\) System with side-curtain airbags\(^2\) for all rows and rollover sensor
- Alert chimes for headlamps-on, key-in-ignition and safety belt
- Belt-Minder\(^e\) front safety belt reminder
- Brake/Shift interlock
- Fuel pump inertia shutoff switch
- LATCH – Lower Anchors and Tether Anchors for Children
- Personal Safety System\(^f\) for driver and right-front passenger includes dual-stage front airbags,\(^2\) safety belt pretensioners, safety belt energy-management retractors, safety belt usage sensors, driver’s seat position sensor, crash severity sensor, restraint control module and Front-Passenger Sensing System\(^g\)
- SecuriLock\(^h\) Passive Anti-Theft System
- Side-intrusion door beams
- SOS Post-Crash Alert System\(^i\)
- Tire Pressure Monitoring System (excludes spare)
- Trailer sway control

\(^1\)Under normal driving conditions with routine fluid and filter changes. \(^2\)Always wear your safety belt and follow airbag warning label instructions.

5. SVT RAPTOR only.
New Vehicle Limited Warranty. We want your Ford F-150 ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage—all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.  

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.  

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.  

Ford Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you “Peace-of-Mind” protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln dealerships.  

Genuine Ford Accessories will be warranted for whichever provides you the greatest benefit: 12 months or 12,000 miles (whichever occurs first), or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are fully designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
