E 350 Cabriolet shown at far right with optional Iridium Silver metallic paint, Grey/Black upholstery, and optional Lighting Package.
As any adult learns, experience and knowledge have a way of evolving what feels good into what’s good for us. Technology, can masquerade as progress, but when it trades elegance for expedience, it drives even the most forward thinkers to reminisce about when life’s pleasures and passions seemed to roam free. Case in point: our love of the automobile. At its origin, open-air motoring wasn’t some special form of pleasurecraft—the first cars had no roofs, so the excitement of gas-powered mobility simply came with a sunny breeze. It also came with rain, wind and cold, so enclosed transport soon became the norm. In time, the easy-breezy approach became an ever-shrinking niche of specialty soft tops and their clever cousin, the hardtop coupe with its central roof pillars rendered invisible. When rising costs and regulations drove most of them into retreat, Mercedes-Benz surged ahead—applied its deep engineering prowess not just to preserve the exuberant elegance of open-air motoring but to accelerate it. Today, only one automaker has continuously offered both of these bodystyles for more than five decades. The redesigned Coupes and Cabriolets of the 2014 E-Class are stunningly advanced evidence that elegance is not just thriving but more thrilling than ever. And with breakthroughs like the new technologies of Intelligent Drive, it’s smarter and safer, too. To open up a coupe or convertible inspires a unique mix of freedom and passion. In the Mercedes-Benz E-Class, it’s a feeling worthy of repeating—and never, ever retreating.

Is elegance a lost art, or a word with a forgotten meaning? Maybe for those who mistake it for something delicate, decorative or demure. But in its purest form, it is graceful, purposeful and strong. When bold innovation embraces long-held values, elegance thrives.
E 550 Coupe shown with Mars Red paint, and optional KEYLESS GO and PARKTRONIC. Please see endnotes on back cover.
Style never goes out of style.

Of all the Mercedes-Benz values that are indelibly etched in place, foremost is a devotion to moving the automobile boldly forward. To excite your passions, performance is always intensified. For your comfort, safety becomes more reassuring, while luxury grows more rewarding. And as the E-Class Coupe can attest, its aggressively resculpted prow, arching pillarless roofline and glass Panorama roof have never been more enticing. Find yourself in its tailored four-seat cockpit, and what your first glance predicted is what every drive fulfills: A sensation that stimulates all of your senses—and just never seems to get old.

E 350 Coupe

Expressive new LED headlamps sweep back from the single-crossbar grilles, underscored by sizable air inlets and subtle chrome accents. The chiseled profile guides the air—and your gaze—past the new twin 5-spoke 18" wheels, to the intriguing LED taillamps. The power lurking within the E 350 Coupe is no less captivating. Its 302-hp V-6 can whisk it to 60 mph in 6.1 seconds.\(^1\) The AGILITY CONTROL\(^\circledR\) suspension instantly balances control and comfort, with optional 4MATIC\(^\circledR\) all-wheel drive further inspiring confidence.\(^2\) And a Sport Package adds AMG\(^\circledR\) wheels and visibly upgraded brakes.

E 550 Coupe

The more aggressive appearance of AMG lower bodywork leaves no doubt that the E 550 Coupe is geared for the power-hungry. Large air intakes define the deep front air dam, while a black lower diffuser sets off the shapely dual exhaust tips at the rear—with each end accentuated by a chrome cross-strut. Iconic 18" AMG twin 5-spoke wheels team with a Dynamic Handling suspension that lets the driver fine-tune the car’s performance character at the touch of a button. The 402-hp biturbo V-8 can satisfy anyone’s appetite for acceleration, delivering 60 mph in 4.9 seconds.\(^3\)
With a 402-hp biturbo V-8 that can thrust it to 60 in just 5.0 seconds, the E 550 is one of the most energetic Mercedes-Benz cabriolets yet. Its innovations leave no wind untamed. Its performance is anything but timid. Its spicy new looks are the opposite of tepid. And while its acoustic fabric top and 4-seat cabin are the very definition of tailored, its muscle is positively ripped. Which means it’s always in shape for your favorite sport. And always in season.

Some sports are never out of season.

The activities you enjoy most in life—whether engaging in them, or simply watching them—tend to have a time and place. Especially if driving a convertible is your sport of choice. Sure, it’s fun to toss one around a curve on a spring afternoon, but how often is your game called due to weather? An E-Class Cabriolet is open for pleasure year-round. Its innovations leave no wind untamed. Its performance is anything but timid. Its spicy new looks are the opposite of tepid. And while its acoustic fabric top and 4-seat cabin are the very definition of tailored, its muscle is positively ripped. Which means it’s always in shape for your favorite sport. And always in season.

E 550 Cabriolet

Whether it’s sprinting to 60 mph in 6.3 seconds or sprinting its power top into hiding in under 20, the E 550 Cabriolet makes every moment work to your advantage. Its 302-hp V-6 and AGILITY CONTROL® suspension react instantly to balance response with refinement. With just a glance, its new twin 5-spoke 18” wheels, sculpted lower body styling and sleek chrome highlights reveal its sporting soul. Or if you’d prefer, let the AMG® wheels and perforated front brakes of the Sport Package make a more emphatic statement.

E 350 Cabriolet

With a 402-hp biturbo V-8 that can thrust it to 60 in just 5.0 seconds, the E 550 is one of the most energetic Mercedes-Benz cabriolets yet. Its multi-mode Dynamic Handling suspension and 18” AMG wheels also make it one of the most athletic. And yet for all its aptitude, it has a remarkably agreeable attitude. Part of that is from its upbringing—with the solid values and deep character that earn a car the Star in its grille. And part of it comes from a simple fact: Having all that power makes every effort easier.
E 350 Cabriolet shown with optional Dune Silver metallic paint and optional KEYLESS-GO, and Driver Assistance, Lighting and Parking Assist packages. Please see endnotes on back cover.
The magic of an E-Class owes a lot to the science behind its design. Every detail of its shape, from the contours of the new lower bodywork to the side mirrors, is honed in both virtual and actual wind tunnels. Mercedes-Benz engineers aim to achieve class-leading aerodynamics in every model, not only to benefit fuel-efficiency but also to enhance handling stability, visibility in poor weather, and quiet comfort.

The exclusive AIRCAP® system virtually eliminates drafts when driving with the Cabriolet’s top down. A clever wind deflector rises above the windshield, while a see-through screen powers up between the rear head restraints. The innovative optional AIRSCARF® system provides warmed air from below each front head restraint, so you can enjoy top-down driving in cooler weather.

Advanced light-emitting diode (LED) technology floods dark roadways with more even, natural illumination. In addition to the standard headlamps, LEDs are employed for the brake, tail and Daytime Running Lamps, plus the turn signals at the front, rear, and in the side mirrors. Integrated with the available active full-LED headlamps are distinctive running lamps that further define the “power bulge” in the hood.

With four individual sport seats and an abundance of leather and wood, the cockpit further rewards the driver with crisp new gauges. The new electronic shifter on the steering column allows for a more generous, wood-trimmed center console and larger armrest. A new analog timepiece is an exquisite detail whose design pays tribute to the classic 1950s Mercedes-Benz coupés.

Forward in every direction.

Look into an E-Class Coupe or Cabriolet—or out of one—and you’ll see the uniquely rewarding result of thinking ahead. Its redesigned cabin presents luxuries that might seem unimaginably advanced, yet they feel familiar—and even essential—in no time. The Coupe’s four power windows and Panorama roof make it seem like you can touch the horizon. The Cabriolet’s wind-taming innovations let you gently touch the sky. And by day or night, hand-finished wood trim and new multicolor ambient lighting reward you with their luminance. With every drive, you’ll find a harmony of tradition and technology. Repose and responsiveness. And an outlook you’ll always look forward to.
E 550 Coupe shown with Black paint, Red/Black upholstery, Black Ash wood trim, and optional PARKTRONIC, AND Driver Assistance and Sport Packages.
E 550 Coupe shown with Mars Red paint, and optional KEYLESS-GO, PARKTRONIC, and Lighting Package. Please see endnotes on back cover.
The advanced engines tap into a treasure trove of innovative technology to sip less fuel while outpouring a bounty of torque. High-pressure Direct Injection and a rapid-multipark ignition system can each fine-tune themselves within a matter of a millisecond. As a result, the E 350 V-6 delivers 302 hp and 273 lb-ft of torque with efficient enthusiasm. The biturbo E 550 V-8 serves up a supersized 402 hp and 443 lb-ft. While both engines are eager to rev like there’s no tomorrow, their certified ultralow emissions keep the future very much in mind. As evidence, every E-Class now includes ECO Start/Stop, which automatically shuts off the engine when you’re stopped, to help save fuel and emissions. As soon as you’re ready to go, it restarts the engine instantly and seamlessly. The versatile 7-speed automatic puts power directly in your hands via a new electronic gear selector. Along with standard shift paddles, it gives you total shifting control with both hands on the wheel. The sport-tuned 4-wheel multilink suspension is precisely tailored to its model’s character. On the E 350 Coupe and Cabriolet, AGILITY CONTROL® reads the road surface as each wheel moves up or down—instantly selecting the damping rate to sharpen handling upon demand while maintaining a refined ride. The versatile Dynamic Handling suspension lets an E 550 driver alter its performance character with the touch of a single button. Efficient new electromechanical power steering on every E-Class combines quicker cornering feedback with easy maneuvering and reassuring stability. Staggered 18” alloy wheels are an inch wider at the rear axle, to help the rear tires convert traction into acceleration without sacrificing the crisp steering feedback from the front end. Standard on the E 550 models and part of the E 350 Sport Package are legendary AMG® twin 5-spoke wheels. They’re paired with perforated front brake discs and painted front calipers. Exclusive to the E 350 Coupe, optional 4MATIC® all-wheel drive raises your handling confidence in any season. Its 4-wheel Electronic Traction System (4-ETS®) continually sends the engine’s torque to the wheels with the best grip—even if that’s only a single wheel. The system’s light weight helps to preserve the car’s admirable fuel economy and naturally balanced feel. And since torque is permanently split 45:55 front/rear, you can enjoy the benefits of 4MATIC in dry corners as much as you can appreciate them in winter driving or on wet roadways.

Forever in the moment.

Whether rushing toward the redline or toeing a greener line, an E-Class responds in milliseconds to inspire immediate gratification, hours of enjoyment, and benefits you’ll still feel good about generations later.
Continually on the lookout.

For more than 60 years, Mercedes-Benz safety engineers have been focused on the future. With countless breakthroughs from the first crumple zone to the newest collision-avoidance systems of Intelligent Drive, they’ve predicted numerous safety standards that all cars have come to follow. More importantly, every pioneering innovation they introduce to the world serves to better protect your future—even the part that’s mere milliseconds in front of you. Perhaps no one has done more to change the course of automotive history—or help preserve the course of your own.
E 350 Cabriolet shown with Polar White paint, and optional Driver Assistance, Lighting, Parking Assist and Premium I Packages. Please see endnotes on back cover.
Predict, reveal, prepare, react.

Far more than a list of groundbreaking safety innovations, a Mercedes-Benz is engineered as an integrated system that’s designed to help you detect, avoid and survive a collision like no other car.

Pioneers of accident avoidance.

Two core systems that help you avoid potential collisions were first introduced by Mercedes-Benz, and have since been adopted by virtually every automaker. The Electronic Stability Program (ESP) monitors the car’s response to driving inputs such as steering and braking, and responds when needed to help keep the car on course. Brake Assist (BAS) can instantly maximize braking pressure if it detects an emergency braking situation, potentially shortening your overall stopping distance.

Industry-leading lighting.

Standard LED headlamps generate light that’s closer to natural daylight than halogen or even Bi-Xenon lamps. Active LED headlamps, another Mercedes-Benz first, are optional. Their Active Curve Illumination and Adaptive Highbeam Assist continuously vary the beam pattern to maximize illumination of corners and straightaways, without creating glare for other drivers. LED technology also improves the effectiveness of the Daytime Running Lamps, turning signals, brake lamps and taillamps.

A network of advanced restraints.

Nine standard air bags include a driver’s knee air bag, plus pelvic air bags and side-impact air bags for each front seat. Side curtain air bags help protect all four occupants in the Coupes, while window air bags rise from each door in the Cabriolets. In a rear impact, NECK-PRO active front head restraints help to reduce whiplash.

Innovative protection for convertibles.

Concealed within the rear-seat head restraints of the Cabriolets, dual high-strength-steel rollover bars deploy within 0.3 second of detecting a rollover.

Brakes that boost confidence and comfort.

Adaptive braking technology helps make driving more reassuring and relaxing. If you lift off the accelerator quickly, Predictive Brake Priming pre-charges the brakes for quicker response. In the car, Automatic Brake Drying periodically applies the brakes just enough to sweep away water buildup on the discs. During uphill starts, Hill-Start Assist helps to prevent unwanted rollback. And a brake HOLD feature can help to make driving in stop-and-go traffic less stressful.

Protection that starts before a collision.

Another Mercedes-Benz innovation, PRE-SAFE® can help detect instability during certain vehicle maneuvers which suggest that a collision or rollover is imminent. It can then tighten the front seat belts, adjust the front passenger seat, and close the front windows—all in an effort to better prepare the occupants and restraint systems in the moments before a collision.

Help when you need it most.

The standard Mercedes-Benz mbrace® system can automatically place a call for help, and can transmit the car’s satellite-detected location, if an air bag or seat-belt Emergency Tensioning Device is activated. The E-Class also activates its emergency flashers, unlocks the doors and turns on some interior lights to assist rescuers.

Mercedes-Benz Intelligent Drive.

More than a continually expanding system of safety innovations, Intelligent Drive is a philosophy whose roots trace to the origins of active safety engineering at Mercedes-Benz. From the first antilock brakes to the future of autonomous driving assists, Intelligent Drive combines advanced sensors—using radar, ultrasonic, infrared and visual media to calculate position, speed, rotation and acceleration—all to help drivers avoid more types of accidents in ever-smarter ways.

Cruise control that can steer and stop.

Optional DISTRONIC PLUS® adaptive cruise control, a Mercedes-Benz innovation, has added a suite of new safety and convenience benefits. Using radar-based technology, it can adapt your set speed in response to the flow of traffic ahead—automatically slowing until your path clears again. The new stereo camera empowers Steering Assist to help keep you centered in your lane while cruising. If the vehicle ahead slows to a stop, DISTRONIC PLUS can brake to a full halt, then resume automatically when traffic starts going.

An alert, and action, for danger ahead.

Included with DISTRONIC PLUS, PRE-SAFE Brake can help to detect an impending collision with a vehicle ahead. Its new stereo camera also helps it detect cross-traffic and pedestrians in your path. Even if you’re not using cruise control, it can sound an alert and automatically apply up to 100% of the car’s braking force to help reduce the severity of impact. Also included, new PRE-SAFE PLUS can activate the features of PRE-SAFE and firmly hold the brakes to better prepare for an impending impact from the rear.

New technology that looks out for collisions, and helps the driver brake.

When driving at speeds above 5 mph, new COLLISION PREVENTION ASSIST employs radar-based technology to alert you if you’re approaching a vehicle ahead—or some stationary objects—at a speed and distance that suggest a collision is likely. Its Adaptive Brake Assist can automatically increase braking to the ideal level as soon as you step on the brake pedal. If deemed necessary, the system can also activate the features of PRE-SAFE.
A multitasking, multidimensional monitor.
The key to many of the new capabilities of Intelligent Drive is its stereo multipurpose camera. From its perch high within the windshield, it continually captures a rapid succession of images of the environment in front of the vehicle. High-speed algorithms analyze the images to help recognize and predict the presence and movement of vehicles and pedestrians in six dimensions of space and time, so that the appropriate safety systems of Intelligent Drive can respond as needed.

STEREO MULTIPURPOSE CAMERA
1,600-ft range, with 3D capability over a 160-ft range with a 45° spread

SHORT-RANGE RADAR
8-inch to 100-ft range with an 80° spread

ULTRASONIC SENSORS
4-ft to 15-ft range

REAR VIEW AND SURROUND CAMERAS
Four wide-angle color cameras, processable into a single overhead on-screen view

MULTI-MODE RADAR
260-ft range with a 16° spread, and 100-ft range with an 80° spread

A preview of what’s behind you.
For added safety when backing up, an optional rear view camera shows a live view of the area behind your E-Class on the large central in-dash screen. Steering-dependent active on-screen guidelines help you back into a parking space.

360 degrees of vision.
The optional new Surround View System uses cameras in all four directions to compose a single, live overhead view of your immediate surroundings. Displayed on the in-dash screen during low-speed maneuvers, it helps you avoid obstacles as you negotiate tight spaces, whether you’re moving forward or backing up.

A watchful eye to remind you when’s it time for a rest.
By continually monitoring a variety of driving behaviors, ATTENTION ASSIST® is a Mercedes-Benz innovation that can alert you if it detects signs of drowsiness on long trips. It measures more than 70 variables, starting in the first minutes of each drive, to establish a pattern and determine the warning thresholds accordingly. A new generation in the 2014 E-Class is more sensitive, perceptive and informative.

Multiple assists for multi-lane roadways.
Optional Blind Spot Assist can alert you to some unseen vehicles in the adjacent lane. Optional Lane Keeping Assist can warn you of unintended drifting across visible lane markings. Both systems are also available with advanced active technology that can selectively brake individual wheels, to help guide the car back into its own lane if you disregard the alerts. And Active Lane Keeping Assist can now help detect an oncoming vehicle or recognize an overtaking vehicle.

Please see endnotes on back cover.
Responds to your fingertips, or your voice.
The COMAND® system brings you a wide world of entertainment, useful information and vehicle personalization. And it brings it all together via a convenient central controller on the console, a multifunction steering wheel, and two vivid color screens—one high in the center dash, and one right in front of you. Hands-free Bluetooth® is standard. And the available Enhanced Voice Control lets you operate most audio and navigation features with your everyday voice and simple commands, like entering a complete street address in one step.

Ever more fascinating, never so fulfilling.

If you could time-travel, the futuristic technologies in the E-Class would be the souvenirs you bring home to enjoy today. While they reach far ahead to help you feel at home on any road, they also reach out to you with thoughtful logic and vivid clarity. You can enjoy a virtually endless soundtrack with plug-and-play ease—or no plug at all. Bluetooth® lets you make hands-free calls, but you can also opt for hands-free parking. Voice control that learns how you talk. Surround-sound audio that listens for noise. And navigation you can start from your laptop, smartphone, or by following your Facebook friends from your car.

Surrounds you in the sounds you love.
In the E-Class, there’s virtually no limit to your listening choices. Tune in HD Radio® stations, or opt for SiriusXM Radio with six months of service.® Bring your own tunes on CD, audio DVD, or SD card. Play your iPod® or other MP3 device via the Media Interface,® AUX input, USB port, or wireless Bluetooth® audio streaming.2 The available Music Register will even store up to 10GB of your own digital music files on an in-dash hard drive. And an available harman/kardon LOGIC7® system outputs 610 watts of lush Dolby® Digital 5.1 surround sound through 12 specifically engineered speakers.

Navigates the city, or searches the Internet.
The available navigation® features a fast 90GB hard drive, 3D maps with building profiles, and optimal lane guidance as you approach the next turn. Six months of SiriusXM Traffic and Weather are also included.® The Cloud-based apps of Mercedes-Benz mbrace2™ bring the Internet directly to your dash, so you can search from your car, computer or smartphone, and be on your way with a few clicks.®

Acts as your doorman, or your own valet.
A suite of innovations helps speed your departure and arrival. Optional KEYLESS-GO® lets you unlock and drive your car without taking the key from your pocket. The standard SmartKey lets you raise and lower the Cabriolet soft top from outside the car. And if you remote-lock it with the top down, the covered interior storage compartments also lock. The available new Active Parking Assist surveys parking spots as you drive by, and tells you which one’s a good fit. When you’re ready to back in, shift to Reverse and the system can take over the steering and braking—expertly parking the car for you. It’s teamed with PARKTRONIC, which can alert you to nearby obstacles during low-speed maneuvers via audiovisual indicators in the cabin.

Always ahead of its timelessness.

The two-door models of the E-Class impart an invigorating sense of freedom like no ordinary automobiles. But they do it by strictly adhering to a rich legacy, and embodying the soul of the most desirable and dynamic cars in the history of the Star. What defined those cars in their day remains fully in effect today: Unfading confidence in their performance, matched with impeccable refinement for their passengers. The E-Class Coupes and Cabriolets enconce their four inhabitants in luxury that honors history by advancing it. It’s why such innovative amenities as multi-contour and Active Ventilated seats still receive their leather fittings with the careful touch of an artisan’s hands. And why the glow of its multicolor fiber-optic LED lighting so perfectly complements its hand-finished wood trim.

At Mercedes-Benz, passion for the open road is a value that never wavers. But it’s never stopped racing ahead, or raising every standard it has ever set.

**Embracing support, enduring comfort.**
Racing-inspired front sport seats feature deep side bolsters and integrated head restraints. Each seat power-adjusts 14 ways, including 4-way lumbar supports, and features 3-stage heating. The 3-position memory saves your favorite settings, and stores the power steering column and side mirror settings for the driver. Optional Active Ventilated front seats enhance column and side mirror settings for the driver.

**Individually tailored, uniquely outfitted.**
In true Mercedes-Benz coupe fashion, the rear cabin is a special place all its own. Entry and exit are eased by front seats that shift forward as you fold their seatbacks. And like the front cabin, the twin rear seats are deeply contoured and divided by a wood-trimmed center console and folding center armrest. The rear seats on the Coupes integrate their head restraints, racing-style. And their seatbacks fold down in a 60/40 split, so you can extend the trunk space while still carrying a passenger in comfort. The Cabriolets feature a pass-through to the trunk behind the center armrest, plus pop-up roll bars concealed within their head restraints.

**An air of luxury, the aura of innovation.**
The digital dual-zone automatic climate control offers precisely tailored comfort year-round. Its combination fiber helps remove dust, pollen and airborne odors from the cabin. Sensors also monitor humidity and the angle of the sun, to help prevent overdrying of the air, minimize window fogging, and maintain more consistent cabin comfort. Both the heat-reflecting tinted glass of the Coupes’ standard Panorama roof and the triple-layer Cabriolet soft top fend off the elements in their own ways. In either, you’ll be able to enjoy the summer sun, evening stars and even winter’s crispness in cozy comfort.

**Finished by hand, rewarding to touch.**
Impeccably top-stitched upholstery is hand-fitted to each seat. Supple, richly-grained leather——offered in a diverse palette of new colors for 2014— is standard. Smoother, even softer Nappa leather is an indulgent option. Whether you prefer the warmth of Burl Walnut or the drama of Black Ash, the abundance of wood trim is polished by hand to highlight its exquisite grain. You can also opt for a classic wood/leather steering wheel in place of the standard Nappa leather-trimmed wheel. And to complete the stylish ensemble, the Cabriolet soft tops are offered in four fashionable colors, including a richer, darker new Brown fabric.

But racing-style. And their seatbacks fold down in a 60/40 split, so you can extend the trunk space while still carrying a passenger in comfort. The Cabriolets feature a pass-through to the trunk behind the center armrest, plus pop-up roll bars concealed within their head restraints.

Where will you go next? Whether you’re meeting friends, picking up the kids, or just out and about, Mercedes-Benz mbrace® can make any trip easier, more productive and more enjoyable. mbrace2™ connects you and your car with the devices you already rely upon to get around—your smartphone and computer. It also brings the Internet and an ever-growing array of useful apps to your car, so you can use familiar services like Google Maps™ and Yelp to start navigating with just a few clicks.

Friends can send their location to your car with just a text message. You can lock your car’s doors, flash its lights, or find it in a parking lot—all from your smartphone. When your teenager takes the wheel, mbrace2 can deliver peace of mind via your computer. It can bring the assistance of live experts right to your car—from last-minute theater tickets to help in an emergency. And it can all be updated remotely, over the air. So wherever the world goes, mbrace will keep making it yours.

From your car.
With Cloud-based apps, mbrace2 brings the Internet into your Mercedes-Benz. Using the available COMAND® navigation system, you can find friends from their Facebook check-ins, search for restaurants on Yelp, or use Google Maps, Local Search and Street View. Instead of entering an address, you can start navigating with just a few clicks. New apps let you check the weather, view traffic cams, find and book a hotel room, and even keep an eye on the stock market. And three buttons in your car can connect you to emergency services, our 24-hour Customer Assistance Center, our Roadside Assistance, or our mbrace PLUS Concierge.

From your smartphone.
The mbrace Mobile Application for iPhone® and Android™ phones lets you send addresses directly to your navigation system, locate your car, lock or unlock its doors, flash its lights, or monitor it when you valet-park. With just a touch, you can find a dealer, and contact Roadside Assistance, Concierge services or Mercedes-Benz Financial Services. Drive2Friend™ lets someone upload their location directly to your navigation system, simply by responding to a text message that you send them. New enhancements to the app also let you monitor the Curfew Minder, activate and deactivate mbrace features, and receive push notifications.

From your computer.
You can send addresses—or even exact routes—to your car’s navigation system in a number of ways: From the Send2Benz™ website. From Google Maps, via Search & Send™ and Route2Benz. And with a browser toolbar widget that lets you highlight any address on your screen and send it with just two clicks. For added peace of mind when your kids use the car, mbrace can alert you if they drive faster, farther or later than you prefer. Your car can even send a monthly Vehicle Health Report on its service needs, right to your email inbox. And you’ll find a world of support at the mbrace website, accessible through MBUSA.com/mbrace.
mbrace Package
6-month trial included

Advanced features you’ll enjoy every day. Support you can count on when you need it most.

Safety and Security
From Roadside Assistance to antitheft measures to emergency aid, mbrace looks after you, your passengers and your Mercedes-Benz.

Remote Connections to Your Vehicle
Interact with your vehicle’s features, and send addresses to its available navigation system, from your iPhone, Android or computer.

In-Vehicle Internet
The convenience of the Internet in your car. Connections to your friends and favorites.

mbrace PLUS
3-month trial included

Personal assistance to make your life easier. Helpful ways to look after your loved ones.

Personal Concierge
Enjoy virtually unlimited assistance from an actual person with the knowledge and resources to help with almost any request.

Advanced Travel Assistance
Keep your eyes on the road with agent-assisted route guidance based on where you are, or plan a trip to somewhere far away.

Remote Connections to Your Vehicle
Interact with your vehicle’s features, and send addresses to its available navigation system, from your iPhone, Android or computer.

In-Vehicle Internet
Access in-car Internet-based connections to the interests you enjoy, the information you need, and the world you call your own.

Please see endnotes at back of brochure.
Every owner deserves Star treatment.

From the moment you first lay eyes on the Mercedes-Benz of your dreams, to miles down the road, you’re more than a customer. You’re part of a family who values your well-being and your time. You’re driving automotive history, carrying its rich heritage into tomorrow with innovations that don’t yet exist in any other car. And you’re taking a journey that aims to be not merely enjoyable but truly memorable. Of all the treasures one might find behind the Three-Pointed Star, none means more to us than the driver.

Meet your car at its birthplace.

When you buy a new Mercedes-Benz (select models only), why not savor your first drive in its natural habitat? Take delivery in Germany through the original manufacturer-sponsored tourist delivery program, and you’ll receive significant savings and other benefits—along with the unforgettable experience of a European vacation with your own new Mercedes-Benz. You can even opt for an exciting and scenic Black Forest–Alps Rally Package. Visit MBUSA.com/sep to learn more about European Delivery and available models.

Prepare to be fascinated.

The experience of driving a new Mercedes-Benz begins before you get behind the wheel! Pay a visit to MBUSA.com to learn about the full line of models, as well as the innovative thinking and unmatched heritage behind every one. The Mercedes-Benz USA apps for the iPad® bring you useful tools and enlightening videos, all free from the Apple® iTunes® Store. And be sure to check out the MBUSA YouTube channel, like us on Facebook, and follow us on Twitter. You’ll find our social media addresses on this brochure’s back cover.

Travel in style across the U.S.

With the Mercedes-Benz Hotel Program, you can enjoy exclusive benefits and the opportunity to experience a variety of available Mercedes-Benz vehicles while staying at participating luxury hotels and resorts. Benefits may include room upgrades (when available) and Mercedes-Benz courtesy shuttles, with many properties offering a selection of the latest Mercedes-Benz models to drive. Availability may vary and restrictions may apply, so please visit Owners Online at MBUSA.com/owners to learn more about the Hotel Program.

Expect to be well-supported.

Our 24-hour Customer Assistance Center is always here for you at 1-800-FOR-MERCEDES. And a library of owner tools is waiting for you at MBUSA.com. Watch helpful how-to videos to get the most from your car’s features. Download a digital copy of your Operator’s Manual—or in most models, access it from your car on the in-dash COMAND screen. Manage your Mercedes-Benz Financial Services account and enjoy many features of mbrace® via our smartphone apps. To get even more from your ownership experience, join Owners Online.

Plan on being delighted.

Beyond the reassuring coverage of the 4-year/50,000-mile New Vehicle Limited Warranty, your authorized Mercedes-Benz dealer is prepared to outperform your expectations. From well-informed sales professionals to service technicians who are continually re-certified, you’ll encounter people who appreciate not just your business but the value of your time. We call it My Service, and you’ll feel it in everything from the personalized attention to the free in-dealer WiFi. Top-notch service starts and ends with how we take care of you.

Sharpen your driving skills.

An open invitation to enthusiasts from the AMG Driving Academy: The capabilities of AMG vehicles are waiting to meet—and raise—your own on some of the most legendary racetracks in the U.S. Whether you’re an AMG owner or a fan, you’ll push your abilities to the limit in a selection of AMG models, with the guidance of professional instructors. And to help young drivers develop their skills and confidence, the Mercedes-Benz Driving Academy offers a unique coaching approach. Visit AMGacademy.com and MB-drivingacademy.com.

Count on help at any time.

Even the most well-engineered car can suffer a flat tire, a dead battery or an empty fuel tank. That’s why you can rely on the original manufacturer-sponsored Roadside Assistance Program to come to your rescue. It’s still the only such service that doesn’t expire, as long as you take your vehicle to the dealer for service once every 18 months. At any time of day or night, every day of the year, our expert technicians and dedicated support vehicles are on call for you. Just pick up your phone, or press the mbrace® Wrench button in your vehicle.

Touch history, or take it home.

No automaker has a deeper, or more enthralling, heritage than the inventor of the car itself. The Mercedes-Benz Classic Center in Irvine, CA, lets you experience some of the illustrious highlights for yourself. In addition to the meticulous restoration of classic Mercedes-Benz automobiles, the center offers an unparalleled selection of genuine parts for many vintage models, as well as expert appraisals. They can even host a special event for your car club or other group. Learn more at MBUSA.com/classic or call 1-866-MB-CLASSIC.
Genuine Mercedes-Benz Accessories help you make your coupe or cabriolet the perfect expression of your style. A wide selection of accessories lets you enhance your vehicle’s appearance, expand its versatility, or offer it some extra protection in everyday use. From the new Illuminated Star and stylish alloy wheels to cargo innovations and state-of-the-art multimedia systems, they’re all exclusively engineered to fit your car as well as they fit your life. It’s a great way to make your E-Class unmistakably yours while keeping it genuinely Mercedes-Benz.

See the entire accessory selection at MBUSA.com/E

Express yourself.

Rear spoiler.
Aerodynamically contoured to highlight the sporty lines of the E-Class, the spoiler is designed for a perfect fit and secure attachment to the trunklid without drilling.

19" 5-double-spoke alloy wheels.
Enhance your car’s poise and performance while preserving its precise engineering. Five arch-shaped spokes echo the sweeping lines of the redesigned E-Class. They’re polished to a high-sheen finish and set off by contrasting Himalaya Grey inlays.

Drive Kit Plus for the iPhone.
Your iPhone connects you to your world. Now you can stay connected on the road. The Drive Kit Plus for the iPhone® allows you to easily enjoy your favorite features of the iPhone® from the comfort of your Mercedes-Benz. It seamlessly integrates a variety of social, navigation and media apps—including Facebook, Twitter and Google Places® along with Internet radio and AUPEO!™ Personal Radio—with the multimedia system and controls in your car, and the powerful voice control of Siri®.

Cargo area tray and cargo box.
Help protect your trunk carpeting from spills and soiling with this large, easy-to-clean cargo tray. Custom-formed to fit your vehicle, it’s molded with 2” sides. To help keep taller items in place, a convenient cargo box is available as a separate accessory.

Illuminated Star.
Let your E-Class welcome you back to the world of Mercedes-Benz every time you remote-unlock its doors. LED technology illuminates the Star in a gentle white glow.34

Please see endnotes on back cover.
To appreciate the way an E-Class is finished, you have to look at where it starts. Certainly there are faster, easier ways to build an automobile than fitting its upholstery and polishing its wood trim by hand. And there are finishes whose luster seems nearly as deep as the ceramic-infused nanotechnology paintwork pioneered by Mercedes-Benz. What you see on the surface of a Mercedes-Benz reflects something far deeper: a tradition of extraordinary craftsmanship, and a belief that timeless design and lasting performance deserve an equally enduring showcase.

Please see endnotes on back cover.

- Obsidian Black metallic
- Polar White
- Steel Grey metallic
For a small blue planet.

For more than 125 years – longer than any other automaker – we’ve been sharing this planet with you. And for generations, Mercedes-Benz has been breaking new ground to help preserve the earth for future generations. We introduced the world’s first 100% CFC-free car, not just in its air conditioning but in its entire production process. We’ve used water-borne paint since the 1990s. And our interiors have long used steam-expanded foam, sustainably forested wood, and natural products from coconut, flax and even silkworms. We’ve been pioneering advanced powertrains for generations, leading not just to today’s Direct Injection gasoline, clean diesel and hybrid models, but to the electric and fuel cell vehicles of a tomorrow that’s already here. Mercedes-Benz is also legendary for making cars of exceptional durability. After all, it takes about the same energy to build a car that lasts as one that won’t. And along with award-winning factories and processes, we’re helping to develop local infrastructures around the world to help bring a greener future to life. Like every aspect of Mercedes-Benz innovation, today’s work sets the stage for the mobility—and the planet—that everyone will enjoy tomorrow.

Endnotes.

1. lh (liters) refer to engine displacement and torque rating and correspond to a certain number of cubic inches. Our engine sizes do not necessarily guarantee increased fuel economy.
2. External phone may be necessary to use certain services. Some services may be limited or restricted in some areas. Driver is responsible for complying with traffic and local laws.
3. SiriusXM program terms, availability and subscription sold separately, and the plan you choose will automatically renew and bill at then-current rates until you call SiriusXM to cancel.
4. acoustic, visual and/or Lane Keeping Assist may be available at speeds above approximately 20 mph.
5. Warning System is designed to enhance driver awareness of objects behind, to the side of and adjacent to your vehicle above approximately 20 mph.
6. This feature is only available to vehicles with Dynamic Active Lane Keeping System and an AIRBAG® or Seat Belt. Performance is limited by available traction, which snow, ice and other conditions can affect. Always drive carefully, paying attention to traffic and street signs. The driver should utilize the system’s audio cues while driving and should only consult the visual warning before changing lanes or parking. The driver should also ensure the system’s audio warns the driver of low fuel.
7. Terminology: 1. “Keep” refers to the feature where the vehicle is maintained in lane. 2. “Alert” refers to a warning message and the system’s recommendation that the driver take action. 3. “Intervention” refers to the system taking action. The vehicle status is constantly monitored to ensure lane keeping is feasible.
8. Please visit MBUSA.com for full details, eligibility requirements, and limitations/exclusions of Sign and Drive services, as well as the Roadside Assistance Program, please see your dealer.
9. Depending on the circumstance, these services may be provided by an outside provider, courtesy of Mercedes-Benz Roadside Assistance (MBRAS). MBRAS will use its best efforts to resolve any issues necessary to retain control of the vehicle. Drivers are cautioned not to ask for the system’s help before taking action as they may not have sufficient time and distance to take suitable action.
10. F/T/A, Lane Keeping Assist is only available to vehicles with Dynamic Active Lane Keeping System and an AIRBAG® or Seat Belt. Performance is limited by available traction, which snow, ice and other conditions can affect. Always drive carefully, paying attention to traffic and street signs. The driver should utilize the system’s audio cues while driving and should only consult the visual warning before changing lanes or parking. The driver should also ensure the system’s audio warns the driver of low fuel.
11. SiriusXM service is offered on new, Certified Pre-Owned and pre-owned sales and leases at an authorized Mercedes-Benz dealer. Subscriber agreement is required for service. SiriusXM is only available on select vehicles. Your package is subject to data transmission rates, and may be reduced in high data congestion areas.
12. Vehicle must be accessible from main roads. Dealers are cautioned not to ask for the system’s help before taking action as they may not have sufficient time and distance to take suitable action.
13. SiriusXM PREMIUM, SIRIUSXM®, SIRIUSXM Satellite Radio®, and all related logos and marks are registered trademarks of SiriusXM Radio Inc. SiriusXM services are available throughout most of the United States, including Alaska and Puerto Rico (with coverage limitations).
