WHEN WILL YOU KNOW YOU’VE FOUND YOUR KIND OF LUXURY?
WHEN FORM EXPRESSES REFINEMENT

A glance at its sculpted lines flowing seamlessly from its rear reveals how much performance & styling Buick Enclave expresses. Signature LED-accented headlamps and taillamps hint at the powerful technology that awaits you within. Now enter its spacious, richly appointed interior and let your eyes survey the refined details. The design sophistication of Enclave reflects the level of comfort and control you’ll feel when you drive it.
Enjoy a warm welcome for 2015 Enclave drivers, as the steering wheel, and available heated and cooled seats and steering wheel, and new dark plum leather-appointed seating. And both driver and rear-passenger seats are available with heating and cooling functions. So slip in, and let the Enclave interior’s soft-to-the-touch materials, distinctive wood tones, ice-blue ambient lighting, and plush leather seats reward your senses.
WHEN THE ROAD IS CALLING

Enclave understands you want to stay connected when you're on the road. To keep your hands on the wheel and eyes on the road, Buick IntelliLink™ lets you call up music, news, sports and other features — using only simple voice commands. IntelliLink easily stores your mobile phone contacts, and you can make hands-free calls. Bluetooth® connects your compatible smartphone to Enclave’s high-resolution touch-screen. There’s even a text-to-speech feature that reads the incoming texts to your phone and back to you.

Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Go to gmtotalconnect.com to find out which phones are compatible with the vehicle.
WHEN YOU'RE THE MUSIC MAESTRO

Enclave helps you orchestrate your music, your way. Bluetooth pairs Enclave's audio system with your compatible devices like smartphones or MP3 players. (There's also a USB port to directly connect your devices.) With simple voice commands or steering-wheel-mounted controls, you can access available music apps on your smartphone such as Pandora® internet radio and SiriusXM Satellite Radio (3-month trial included). Best of all, you'll hear your selections played through the available Bose® 10-speaker sound system. So you'll hear every note, maestro.

Enclave’s available All-Wheel Drive (AWD) constantly monitors traction at all four wheels, distributing power to the wheel(s) with the best grip. In low-traction situations—like rain, sleet or snow—it can send up to 50 percent of engine torque to either front wheel and up to 85 percent to either rear wheel. And on dry roads, performance and handling benefits such as enhanced acceleration and improved road feel reach all four wheels. Enclave’s 3.6L V-6 power comes from a 310 hp engine, paired with an electronically controlled 6-speed automatic transmission, for optimal performance and efficiency.
When safety is your priority, Enclave has its priorities in the right place: In the center-mounted information screen, where the standard Rearview Camera System helps you see what’s behind your Enclave, and available Rear Cross Traffic Alert helps make you aware of oncoming traffic when backing up. In the High-Intensity Discharge xenon headlamps, where an available articulating feature helps you see better around corners. And in the driver’s seat, where an industry-first side-mounted Front Center Air Bag adds another layer of protection in side impacts.

Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for more important safety information.

Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner’s Manual for more information.
DRIVER ALERT FEATURES

Enclave is available with Side Blind Zone Alert. When it detects a vehicle is in its side-mirror blind spot, it alerts drivers via a warning icon in the side mirror. The available Lane Departure Warning feature alerts drivers if they drift out of their lane unintentionally without the turn signal on. Also available: Forward Collision Alert, which warns drivers with a visual display if they are approaching a vehicle directly ahead too quickly.

ONSTAR SERVICES

The 2015 Enclave comes with a 5-year OnStar Basic Plan. This standard service gives you access to the available RemoteLink Key Fob Services which let you lock and unlock your doors, activate the horn and lights and even start your Enclave remotely from your smartphone or tablet. Plus, get OnStar Vehicle Diagnostics and Dealer Maintenance Notifications to make service scheduling simple.

Along with the 5-year OnStar Basic Plan, you'll also receive a 6-month trial of the Directions & Connections Plan that includes Emergency Services, Automatic Crash Response, Stolen Vehicle Assistance, Live Advisor Service and available Hands-Free Calling.

1 Available on select Apple, Android, BlackBerry and Windows devices. Services vary by device, vehicle and conditions. Requires an active OnStar subscription.
2 Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data.
3 Access is available for 5 years from the date of vehicle delivery and is transferable. Does not include any emergency services or other OnStar services. To cancel OnStar RemoteLink Key Fob Services, or if your vehicle is sold, it is important to contact an OnStar Advisor. See onstar.com/mobile for full details.
WHEN THREE ROWS ARE FIRST CLASS
Some days you’re spontaneous. Others, you have perfectly planned. Enclave offers this space and versatility to adapt to whatever’s next. The standard power liftgate makes it easy to load Enclave’s cargo area with everything you and your crew need for an extended adventure. And if it’s just the two of you getting away for the weekend, simply flip the third row down, lower the second row and you’ve created a cavernous 1,152 cubic feet of level storage capacity.

Cargo and load capacity limited by weight and distribution.
The standard seven-passenger Enclave features three rows of premium seating. A pair of available leather-appointed captain’s chairs in the second row is easy to access, thanks to rear doors that open wide. The third row is easily accessible, too, by adults as well as children. Between the captain’s chairs, there’s a wide pass-through. And with the convenient Smart Slide feature, moving the second-row seats gently forward is simple, so passengers of all ages can maneuver easily into the third row.
Close the doors of Enclave behind you and enter a hushed sanctuary that helps keep the noisy world outside at bay. Buick engineered Enclave using QuietTuning, a technology that helps reduce, block and absorb noise and vibration in the cabin, so you enjoy a calm conversation free of road commotion. Quiet when you want to make your presence known, and quiet when you need to make your presence known.

AND QUIET IS A SCIENCE
Beyond Enclave's natural wood tones and brushed metal, you'll find French seam stitching that highlights the available leather-upholstered seats—infused with silk and perforated for breathing and sound deadening—in the first and second rows. And everyone can enjoy the lasting comfort of Enclave's luxury seating, the result of 1,400 hours of real-world testing.
