FINALLY, THE CAR YOU NEED AND THE CAR YOU WANT ARE ONE AND THE SAME.

Crosstour 4WD EX-L V-6 shown in Mountain Air Metallic.
Choose both. Packed with Honda’s latest technological innovations, the 2015 Crosstour is as reliable as it is exhilarating.

RESPONSIVE TRACTION
When the weather takes a turn, the available Real Time 4WD™ system takes charge. The system can detect a loss of traction and automatically send power to the rear wheels to help you grip the road and stay on course.

CONFIDENT CORNERING
Front shocks utilize a rebound spring within the shock tube that enhances front tire contact with the road when cornering. Combined with a double wishbone front and multi-link rear suspension, the Crosstour offers an exceptionally stable ride.

SMOOTH HANDLING
Honda engineers designed the Crosstour with a high, commanding presence, yet a low center of gravity. The results can be felt in how well the Crosstour handles.
POWER MEETS EFFICIENCY.

The 2015 Crosstour is as aggressive as it looks, and more efficient than you'd think. The distinctively streamlined shape houses your choice of a 2.4-liter i-VTEC® 4-cylinder engine or a 3.5-liter i-VTEC V-6.

278-HP i-VTEC V-6

Delivering 278 hp and 252 lb-ft of torque, this engine is designed to deliver outstanding performance at any speed. Paired with a 6-speed automatic transmission, both efficiency and performance prevail.

*SAE net

VARIABLE CYLINDER MANAGEMENT™ (VCM®)

The V-6 engine’s cylinders activate and deactivate based on power demands. This lets the engine run in 3-cylinder mode longer—maximizing fuel efficiency—while still providing seamless transitions to all 6 cylinders when more muscle is needed.
The Crosstour is packed with innovative technology. Some designed to help you navigate the road; some to help you enjoy the ride.

**NO COMPROMISE.**

![Crosstour EX-L V-6 shown with Black Leather and available Honda Satellite-Linked Navigation System.](image)

**POWERFUL AUDIO**

Find new music on Pandora® or enjoy personal favorites using the USB Audio Interface. It all sounds amazing through a 360-watt, 7-speaker audio system. (EX-L and V-6 models)

**TOUCH-SCREEN CONTROLS**

With the available audio touch-screen display, you can access information and media options while looking straight ahead.* (EX-L and V-6 models)

**QUICK DIRECTIONS**

The available Honda Satellite-Linked Navigation System with voice recognition is at your command. (Navigation-equipped models)

*Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.
COLLISION WARNINGS

The Forward Collision Warning (FCW) system can sense the presence of vehicles in front of you and issues alerts if it calculates that you are at risk of a collision. (EX-L models)

PASSENGER-SIDE VISIBILITY

Signal right, and Honda LaneWatch™ delivers a view to your i-MID that is nearly four times greater than what you would see using the passenger-side mirror alone. (EX-L and V-6 models)

LANE-DRIFT ALERTS

The Lane Departure Warning (LDW) system can track lane markings on the road and alert you when it detects you moving into a different lane without signaling. (EX-L models)

BACK-UP HELP

Shift into reverse, and the standard rearview camera helps you back up. On EX-L and V-6 models, a multi-angle rearview camera lets you choose wide-angle and overhead views, too.
LUXURY WITH UTILITY.

The Crosstour’s unique exterior styling will draw you in, and its swank interior will keep you. It’s here that a versatile crossover meets the luxury sports car you deserve.

CUSTOMIZED COMFORT

The driver’s seat has 2-position memory (EX-L models), and available dual-zone climate control lets you and your front passenger select your own temperature settings.

FLEXIBLE SPACE

The Crosstour boasts 51.3 cubic feet of cargo space \(^1\) with the 60/40 split rear seatback folded down.

PREMIUM REFINEMENTS

Heated front seats and a leather-trimmed steering wheel and shift knob punctuate a flawlessly designed interior (EX-L models).

UNEXPECTED EXTRAS

A water-resistant hidden removable utility box keeps valuables out of sight, and reversible floor panels protect the rear carpeting.

Honda reminds you to properly secure items in the cargo area.
SAFETY FEATURES COME STANDARD.

Our engineers design systems that not only help protect you, but also help you avoid collisions altogether. Honda brings you these advanced safety features standard.

ACTIVE SAFETY

REARVIEW CAMERA

All Crosstour models come with a rearview camera to help you see more of what’s around you when you’re in reverse. EX-L and V-6 models offer a multi-angle rearview camera with wide-angle and overhead views, as well.

VEHICLE STABILITY ASSIST™ (VSA)

During oversteer or understeer, VSA can brake individual wheels and/or reduce engine power to help restore your intended course.

ANTI-LOCK BRAKING SYSTEM (ABS)

Pulses the brakes to help prevent wheel lockup and retain steering control during hard braking.

BRAKE ASSIST

Helps apply full braking force in some emergency situations.

ELECTRONIC BRAKE DISTRIBUTION (EBD)

Helps balance braking forces, depending on how much load each wheel is bearing.

TIRE PRESSURE MONITORING SYSTEM (TPMS)*

Monitors pressure in all four tires and alerts the driver when air pressure in any tire becomes significantly low.

PASSIVE SAFETY

ADVANCED COMPATIBILITY ENGINEERING™ (ACE™) BODY STRUCTURE

A Honda-exclusive design that enhances occupant protection and crash compatibility in frontal collisions. By dispersing crash energy more evenly throughout the front of the vehicle, less force is transmitted to the passenger compartment.

DUAL-STAGE FRONT AIRBAGS (SRS)

Capable of inflating at different rates depending on crash severity, seat-belt usage and/or other factors.

FRONT SIDE AIRBAGS WITH PASSENGER-SIDE OCCUPANT POSITION DETECTION SYSTEM (OPDS)

OPDS prevents deployment if a child or small statured passenger is out of position and in the airbag’s path of deployment.

SIDE CURTAIN AIRBAGS WITH ROLLOVER SENSOR

Can reduce the likelihood of injuries in a collision by providing not only side-impact protection, but also protection in the event of a rollover.

DRIVER’S AND FRONT PASSENGER’S ACTIVE HEAD RESTRAINTS

Help reduce the likelihood of whiplash injuries. Move up and forward in a sufficient rear collision.

*VSA is not a substitute for safe driving. It cannot correct the vehicle’s course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver. Honda reminds you and your passengers to always buckle up. Children 12 and under are safest when properly restrained in the rear seat.
KEY STANDARD FEATURES

Bluetooth®/ HandsFreeLink® / USB Audio Interface / Rearview Camera / Side Curtain Airbags with Rollover Sensor

SPECIFICATIONS

EX
- 192-hp† 2.4-liter i-VTEC® 4-cylinder engine
- 5-speed automatic transmission
- ULEV-2 CARB emissions rating‡
- EPA mileage ratings§ (city/highway/combined): 22/31/25 mpg
- 17-inch alloy wheels
- Vehicle Stability Assist™ (VSA®) with traction control
- Rearview mirror, including rearview camera display and guidelines
- Advanced Compatibility Engineering™ (ACE™) body structure
- Six airbags
- One-touch power moonroof with tilt feature
- Security system with remote entry
- Heated, body-colored power side mirrors with expanded view driver’s mirror
- Bluetooth®/ HandsFreeLink
- Illuminated steering wheel-mounted controls
- Tilt and telescopic steering column
- Center console with armrest and storage compartment
- Driver’s seat with 10-way power adjustment, including power lumbar support
- Easy fold-down 60/40 split rear seat with center armrest
- 360-watt AM/FM/6-disc in-dash audio system with 7 speakers, including subwoofer
- USB Audio Interface
- MP3/auxiliary input jack
- Heated front seats with driver’s seat two-position memory
- Front passenger’s seat with 4-way power adjustment
- 360-watt AM/FM/CD premium audio system with 7 speakers, including subwoofer
- HondaLink™ featuring Aha™ compatibility
- Audio touch-screen
- Pandora® compatibility
- Bluetooth® streaming audio
- SiriusXM® Radio

EX-L adds to or replaces EX features
- Forward Collision Warning (FCW)®
- Lane Departure Warning (LDW)®
- Multi-angle rearview camera with guidelines
- Memory-linked side mirrors with reverse gear tilt-down
- Dual-zone automatic climate control system
- i-MID with 8-inch high-resolution screen and customizable feature settings
- Honda LaneWatch®
- SMS text message function
- Leather-trimmed interior

EX V-6 adds to or replaces EX features
- 278-hp† 3.5-liter i-VTEC V-6 engine
- 6-speed automatic transmission with Sport Mode and paddle shifters
- Variable Cylinder Management™ (VCM®)
- ULEV-2 CARB emissions rating‡
- EPA mileage ratings§ (city/highway/combined): 20/30/23 mpg
- 18-inch alloy wheels
- Multi-angle rearview camera with guidelines
- Smart Entry
- Dual-zone automatic climate control system
- i-MID with 8-inch high-resolution screen and customizable feature settings
- Honda LaneWatch®
- SMS text message function
