ADMIRED AROUND THE WORLD, AND AROUND THE CORNER
After more than 65 years of transporting aid workers to countries in need, and engaging in archaeological and environmental expeditions to the most inhospitable corners of the world, Land Rover vehicles are recognized worldwide for their ability to accomplish extraordinary deeds.

It’s no wonder. Year after year, Land Rover vehicles continue to accomplish extraordinary deeds, as well as make everyday driving pure pleasure. Land Rover capability, of course, is unquestioned. But the success and longevity of the brand owes as much to the vehicle’s unique blend of luxury, safety and versatility.

Whether it’s a Range Rover, Range Rover Sport, Range Rover Evoque, LR4, or LR2, the Land Rover Approved Certified Pre-Owned Vehicle Program can transform your dream of owning one of these legends into a reality.

**Land Rover Approved Certified Pre-Owned. Tested. Proven. And Guaranteed.**

– The vehicle must be no more than five years old from its first retail sale.*

– The vehicle must have accrued fewer than 60,000 miles on the odometer, calculated from zero miles.

– The vehicle must pass a rigorous 165-point inspection that verifies its superior condition. The inspection process involves scrutinizing the vehicle’s interior and exterior, inspecting under the hood and chassis, and taking the vehicle on the road for a final test.

– If any deficiencies are detected, they are corrected by a Land Rover Retailer using only genuine Land Rover parts.

– Every Land Rover Approved Certified Pre-Owned vehicle is backed with a vehicle history report.

Only the best of the breed qualify as an Approved Certified Pre-Owned Land Rover – these are pre-owned Land Rover vehicles that feel like new. These select vehicles are fully endorsed by a professional Land Rover Technician, your Land Rover Retailer and Land Rover North America, LLC.

*Calculated from the original new-vehicle sale date. Original in-service date is the earlier of new-vehicle retail sale or in-use date, as reported to or by Jaguar Land Rover North America, LLC. See your local authorized Land Rover Retailer for complete terms and conditions of the Limited Warranty and Service Coverage.

**Approved Certified Pre-Owned Vehicles may have the option for different warranty terms. See your local authorized Land Rover Retailer for complete terms and conditions of the limited warranty and service coverage.
Rugged agility and luxurious conveniences
The most nimble model in the line-up, the LR2 possesses all the expected Land Rover ruggedness, capability and luxury. Safety is paramount in the LR2. Large ventilated disc brakes at each wheel with four-channel ABS supply controlled stopping power. Inside, you’ll find supple leather seating surfaces, dual-zone automatic climate control, and a panoramic sunroof. Agile, responsive and replete with advanced Land Rover technology, the LR2 is ready for wherever you want to go.

Adventure for seven
The Land Rover LR4 is a clear reflection of the brand’s 65-year heritage and the embodiment of state-of-the-art engineering and conveniences. With luxurious seating for five or seven full-size adults, the LR4 is also North America’s most accommodating Land Rover model, with up to 90 cubic feet of cargo space. Dynamic systems such as Electronic Air Suspension, Electronic Traction Control and Terrain Response® provide sophisticated performance and all-terrain expertise. The LR4 embodies the perfect combination of design, luxury and capability – making it the only vehicle you’ll ever need.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the Owner's Handbook or your Land Rover Retailer for more details. **EPA estimates. Actual mileage may vary.
RANGE ROVER EVOQUE

New passion to the brand
With more than 120 international industry awards under its belt, Range Rover Evoque is more than just the sum of its accolades. Its compact footprint and advanced technology provide rewarding performance and efficiency. Available as a 5-door or coupe, the Range Rover Evoque is powered by a 2.0-liter, 240-horsepower turbocharged engine that achieves 28 mpg on the highway.** On- and off-road dynamics are assured with permanent intelligent all-wheel drive, Terrain Response® and optional Adaptive Dynamics. Range Rover Evoque presents such a striking, modern silhouette – even the road can’t help but stare.

RANGE ROVER SPORT

The most dynamic member of the Land Rover family
While cloaked in Range Rover style and fitted with elegant appointments, Range Rover Sport is more outgoing in its demeanor. Tidier dimensions and more responsive suspension tuning give Range Rover Sport a performance edge compared to its big brother. The cockpit is more driver-focused, and the passenger environment is, of course, designed for comfort. A compelling blend of any-road capability and responsive performance, Range Rover Sport may fit your personality...perfectly.

RANGE ROVER

Without question. Without peer
Range Rover is considered the ultimate luxury sport-utility vehicle, perhaps even the ultimate vehicle – full stop. Classically contoured exterior design. Sumptuous handcrafted interior. And, of course, legendary permanent four-wheel-drive and Terrain Response® that supplies surefooted traction.* Quite simply, Range Rover delivers a supreme elegance and an exceptional level of capability in a single vehicle.
*Please remember that the safety belts in a Land Rover vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.
From the operation of the headlights to a cold-start of the engine to the action of the anti-lock braking system (ABS), every Approved Certified Pre-Owned Land Rover vehicle must pass a demanding 165-point inspection before it is deemed worthy for you.
