

>> The smart  
**forfour**

The smart among the fourseaters.

Four seats, five doors – thousands of possibilities:  
the smart forfour combines innovative ideas and  
intelligent solutions with the versatility of a compact  
four-seater car.

# FOR ideas, answers, fun & functions

**smart has revolutionised urban mobility.** With clever solutions and unique ideas that make getting around in the city a pleasure once more. A pleasure that isn't marred by a shortage of parking spaces and dense traffic. And that is particularly satisfying when others have long since had to admit defeat.

This smart feeling is now available for four people – and that's not the only surprise. The smart forfour is a surprising car in many respects with a whole host of intelligent answers and innovations that make it unmistakably a true smart.

# FOR one, two, three, four

>> Welcome to the smart among the fourseaters – the smart forfour.

>> The city is full of possibilities. And it's great when four of you can enjoy all that the city has to offer. The smart forfour combines an innovative car concept with all the advantages of a four-seater vehicle. It is this that makes it the most unusual representative of its class. Thanks to its compactness and agility it is the perfect four-seater car for the city. And with plenty of cargo volume and space for four adults the smart forfour is ready for everything that life holds in store.

**FOR**  
**look**  
**at**

that,

that

& that

that,

>> A smart at first glance. But for four people. The smart forfour carries the revolutionary aspects of the smart brand in its genes – and proudly displays them. It boasts a wholly unique design that makes it stand out in city traffic.

# >> For looking great, outside, inside and around.

The face of the smart forfour welcomes you with a smile: the radiator featuring a honeycomb structure with the integrated smart logo defines the striking look of the front. And halogen headlamps with a clear-lens design give the smart forfour a self-assured look by day and night. On request, elegantly curved, integrated daytime driving lights with LED fibre optics and a welcome function will accompany you throughout the day.

**The rear** is dominated by the large bi-colour lights – with LED segments if you opt for the optional LED & Sensor package. Integrated in the tridion safety cell, the tail lights give the design a premium look and lend the rear end its own distinctive character, too.

**The dynamic coupé line** and the two-colour combination of tridion safety cell and body colour are real eye-catchers in city traffic. And thanks to the long wheelbase and the extremely short overhangs the smart forfour has a particularly compact road stance. A true smart that is sure to cause a stir on the streets of the city. To ensure that its passengers keep a cool head, the smart forfour is optionally available with heat-insulating tinted dark glass for the rear window and the rear side windows.

**FOR**  
**i see it,**  
**i touch it,**  
**i use it,**  
**i love it**

>> Like the unusual exterior, the interior of the smart forfour also breaks with conventions. A consistent design and large fabric-covered surfaces with a high-quality feel lend it a distinctive character: modern, chic and harmonious.

**The integral seats** are not only attractive; they also provide for a higher seating position. They offer good support and excellent seating comfort, regardless of whether you are just driving to work or heading off on a mini-break. The high air permeability of the materials ensures a pleasant seat climate.

The striking two-colour concept in different combinations and the play of contrasts on the dashboard, door centre panels and seat covers give the interior a harmonious look throughout. And ensure that you feel as comfortable as if you were at home.

**>> For colours, shapes, ideas, solutions.**

**At the rear** you can choose between a continuous rear bench or the optional readyspace seats – which enable you to create even more stowage space in no time at all.

**The multifunction steering wheel in a 3-spoke design** provides for a pleasant grip and enables operation of the trip computer, cruise control and radio volume. In addition, you can take calls via the voice control button. A well-conceived centre console adjoins it on the right. This is where the controls for the optional air conditioning are found together with a practical drawer for all your little everyday necessities.

**The interior door trim** demonstrates attention to detail: with a multi-colour look and a sophisticated combination of fabric and plastic it incorporates a large stowage compartment and has space for the front loudspeakers that are covered with a stylish honeycomb design.

**FOR**  
**run,**  
**run,**  
**run,**  
**run**

**>> Urban driving fun.** This is what smart has stood for from the very beginning. And it is why the smart forfour, too, has been consistently designed for the demands of city driving – right down to the last detail. Thanks to the rear engine and rear-wheel drive the smart forfour is not only extremely compact – with its manual transmission it also offers a whole lot of driving fun! The 52 kW and the 66 kW version both come with a start/stop system as a standard feature. And for extra driving fun the smart forfour is optionally available with twinamic automatic 6-speed dual clutch transmission.

## >> For zooming, whizzing, gliding, cruising.

With twinamic automatic 6-speed dual clutch transmission driving around town becomes even more dynamic and comfortable. The modern transmission technology, which smart is the first manufacturer to use in this class, shifts so smoothly and efficiently that you barely notice the shifting process whilst driving. Thanks to the two sub-transmissions, changing gear takes just a few hundredths of a second, regardless of whether you shift fully automatically or prefer to change gear with the steering wheel paddles<sup>1</sup>. You virtually glide through the city, yet with a whole lot of sporty driving fun.

<sup>1</sup>Shift paddles only in conjunction with Sports package or Urban Style package.

## >> For fast, fabulous, fuel-efficient, fun.

With the different shifting options offered by twinamic you decide how you would prefer to move through the city. From fuel-efficient cruising to a dynamic and sporty driving style – it's up to you.

**In automatic mode** you can choose between the shift programmes "Comfort" (E) and "Dynamic" (S). In both programmes gear changing is fully automatic and without traction loss.

**The automatic "Comfort" (E) shift programme** shifts to the next gear already at low revs so you cruise comfortably and fuel-efficiently through the city.

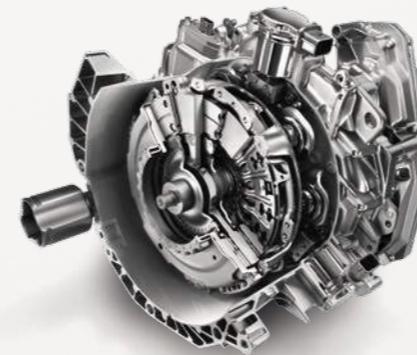

**The automatic "Dynamic" (S) gearshift programme** has a higher shifting speed. This is the right programme for you if you like a sportier driving style with more dynamic acceleration.

**In manual mode** you change gears with the shift lever and so determine the shift points yourself.

**With the shift paddles on the multifunction sports steering wheel<sup>1</sup>** you have smooth gear changing in your hands – or rather at your fingertips. This works in both manual and automatic mode.

**twinamic 6-speed dual clutch transmission** consists of two transmissions and two clutches. One transmission serves the odd gears and the other serves the even gears and reverse gear. Both transmissions are active whilst driving, but only one is ever connected to the engine. This means that for every gear the next highest or lowest gear is always "at the ready". Gear shifting then simply takes place by switching the clutches – in a flash and without traction loss. This makes for much more efficient and sporty shifting than with a conventional transmission, regardless of whether you are driving in manual or automatic mode.

<sup>1</sup>Shift paddles only in conjunction with Sports package or Urban Style package.

»» **For cornering,  
turning, circling,  
reversing.**

**Agile city driving.** To the farmer's market in the morning, the DIY store at midday, and with friends to the fairground in the evening. The smart forfour won't just bring you quickly to your destination, you'll also enjoy every minute behind the wheel on the way there. Its size in combination with the Direct-Steer system gives it the smallest turning circle in its class (8.65 m measured from kerb to kerb). So if you've taken a wrong turn simply do a U-turn!

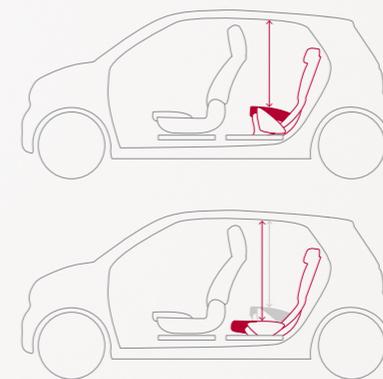

# FOR in & out & in & out

>> With a whole host of intelligent solutions the smart forfour is the perfect car for whatever you have planned – alone, or for two, three or four people. Or for whatever you don't have planned. Simply go with the flow of the city and take in everything you encounter on the way. And thanks to the wide-opening rear doors that can be opened up to 85°, getting in and out and loading and unloading are particularly convenient.

## >> For Lisa, Tom, Charlotte and BILLY.

The versatility of the smart forfour opens up lots of possibilities – from an outing to moving house, and it makes many things amazingly easy. Intelligent solutions such as very wide-opening rear doors, foldaway seat cushions or the cargo position<sup>1</sup> of the rear backrest easily create extra space in next to no time. With the smart forfour flexibility doesn't stop with the individually folding rear seats. On the contrary: in this discipline, too, the smart forfour is the smart among the four-seaters. And it surprises with unconventional ideas that enable you to master both the small and the big challenges of city life with ease.

The 85° rear doors of the smart forfour can be opened almost at a right angle, making it much easier to load large or bulky items than with many other cars.

The readyspace seats are a particularly clever solution in terms of space economy and are optionally available in place of the rear seat bench. It is a simple matter to swivel the seat cushions individually to the footwell – a quick and easy way to create more height for larger items. In conjunction with the cargo box – the removable stowage compartment – this solution offers you maximum stowage space flexibility. And if you need a level cargo area simply fold down the seat backrests. Alternatively, you can put them in the cargo position, an upright position that increases the luggage compartment capacity.

<sup>1</sup>Only in conjunction with readyspace seats.

>> **For spontaneous days and nights.**

The smart forfour also offers ample **stowage space** when you have a rear passenger. This is because the backrests of the equipment lines can be folded down separately so that there is enough space for everything you need to spend an exciting day with friends. Or an exciting night.

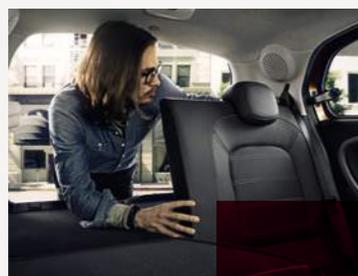

>> **For everything and everyone.**

**There's ample space** for two adults on the rear seats. So simply pack in your friends and look forward to your city adventure together. Theatre, cinema, concert or sport – it's all more fun when there are four of you, isn't it?

>> **For little moves and big shops.**

When the seats for the front passenger and rear passengers are folded down and you are driving alone, you can make use of the full stowage space in the smart forfour. Thanks to the folding passenger seat backrest you can transport objects up to 2.22 m in length. For example, a standard lamp fits easily into the smart forfour.

>> **For pink and light blue.**

With ISOFIX as a standard feature, **child seats** can be easily and safely secured on the rear bench of the smart forfour. And thanks to the 85° rear doors it is particularly easy to seat small children in the smart forfour. Even if they're sleeping soundly.

## »» For gaps, lots, spaces and places.

Parking in cities isn't always a piece of cake. But with the new smart forfour, you can make the most of even the smallest parking space. Thanks to its rear-mounted engine this exceedingly compact four-seater car is just 3.49 m long, enabling it to fit in parking spaces that other drivers have to reject on sight.

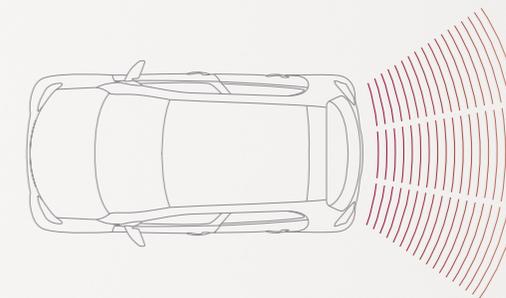

**The reversing camera** (only available in conjunction with the smart Media-System) provides you with optimum support when reversing or parking and is elegantly integrated in the brand logo on the tailgate. As soon as you engage reverse gear the image of the reversing camera is shown on the large multi-touch display of the Media-System. Dynamic guide lines assist you with your driving manoeuvres.

**The parking aid** (available as an option) gives you an acoustic signal when you get too close to the vehicle behind you during parking. Of course, you can continue to rely on your intuition – but it's best to be safe, isn't it?

**The speed-sensitive Direct-Steer system** enhances both comfort and safety on the road and reduces the steering effort needed during manoeuvring. At higher speeds (e.g. on country roads) the Direct-Steer system ensures more precise straight-line stability.

# >> For innovation, information, intonation and application.

The innovative infotainment solutions from smart open up a whole range of possibilities – and they're child's play to operate. So regardless of whether you opt for the smart Media-System or use smart cross connect in conjunction with the smart Audio-System to turn your mobile phone into a multimedia control centre – both solutions are simple and intuitive to operate. And the JBL Soundsystem with 12 high-performance loudspeakers including removable subwoofer always delivers a really full sound.

The smart Audio-System offers extensive functions for unlimited enjoyment of music. Play your favourite music via USB stick or MP3 player. Alternatively, it's simple to stream your audio files via Bluetooth® from your smartphone. This interface also turns the smart Audio-System into a convenient hands-free system.

With the universal smartphone cradle<sup>1</sup> you can connect your mobile phone<sup>2</sup> with your smart forfour. Directly integrated in the Audio-System, it turns your smartphone into a central control unit for music, infotainment and navigation – conveniently positioned and simple to operate.

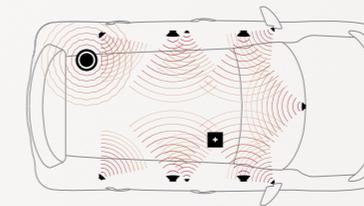

The smart cross connect app is the interface between your smartphone and your smart forfour. It enables you to access your vehicle data on the road and opens up a whole range of possibilities – for example, analysing your driving dynamics. And the app also offers useful functions outside the vehicle: for example, it shows you the distance you have travelled and your fuel consumption. And not only does the app remember where you have parked, it also knows how long you have parked there for.

<sup>1</sup>Approved for smartphones with smart cross connect app and only in conjunction with Cool & Audio package, smart Audio-System.  
<sup>2</sup>For iOS and selected Android smartphones, for compatibility see smart.com/connect.

The smart Media-System<sup>1</sup> is simple and intuitive to operate. Perfectly integrated in the interior design, the optional Media-System boasts a 17.8 cm (7-inch) capacitive multi-touch display and high functionality: in addition to a hands-free function and music streaming via Bluetooth®, the Media-System has interfaces for AUX, USB and SD card – enabling you to view pictures and films as well as listening to your own music. Thanks to LIVE services<sup>2</sup>, your journey planning is always up to the minute – with real-time information on any traffic jams and the weather and TomTom Places point of interest search function. Important functions of the smart Media-System such as navigation and telephony can be controlled with voice command. And for easy access to your personal contacts, your music and some apps, you can use MirrorLink<sup>3</sup> to mirror the display of your smartphone on the smart Media-System<sup>3</sup>.

The JBL Soundsystem incl. 8-channel DSP amplifier with a total power output of 320 W turns your smart forfour into a small concert hall. Eleven high-performance loudspeakers surround you with crystal-clear sound from all sides. The additional subwoofer in the luggage compartment, which is simple to remove without tools if required, delivers powerful bass and will set your pulse racing.

<sup>1</sup>Only in conjunction with Cool & Media package and electric door mirrors.  
<sup>2</sup>3 years inclusive, individually extendable thereafter.  
<sup>3</sup>Information on compatible smartphones and apps at MirrorLink.com.

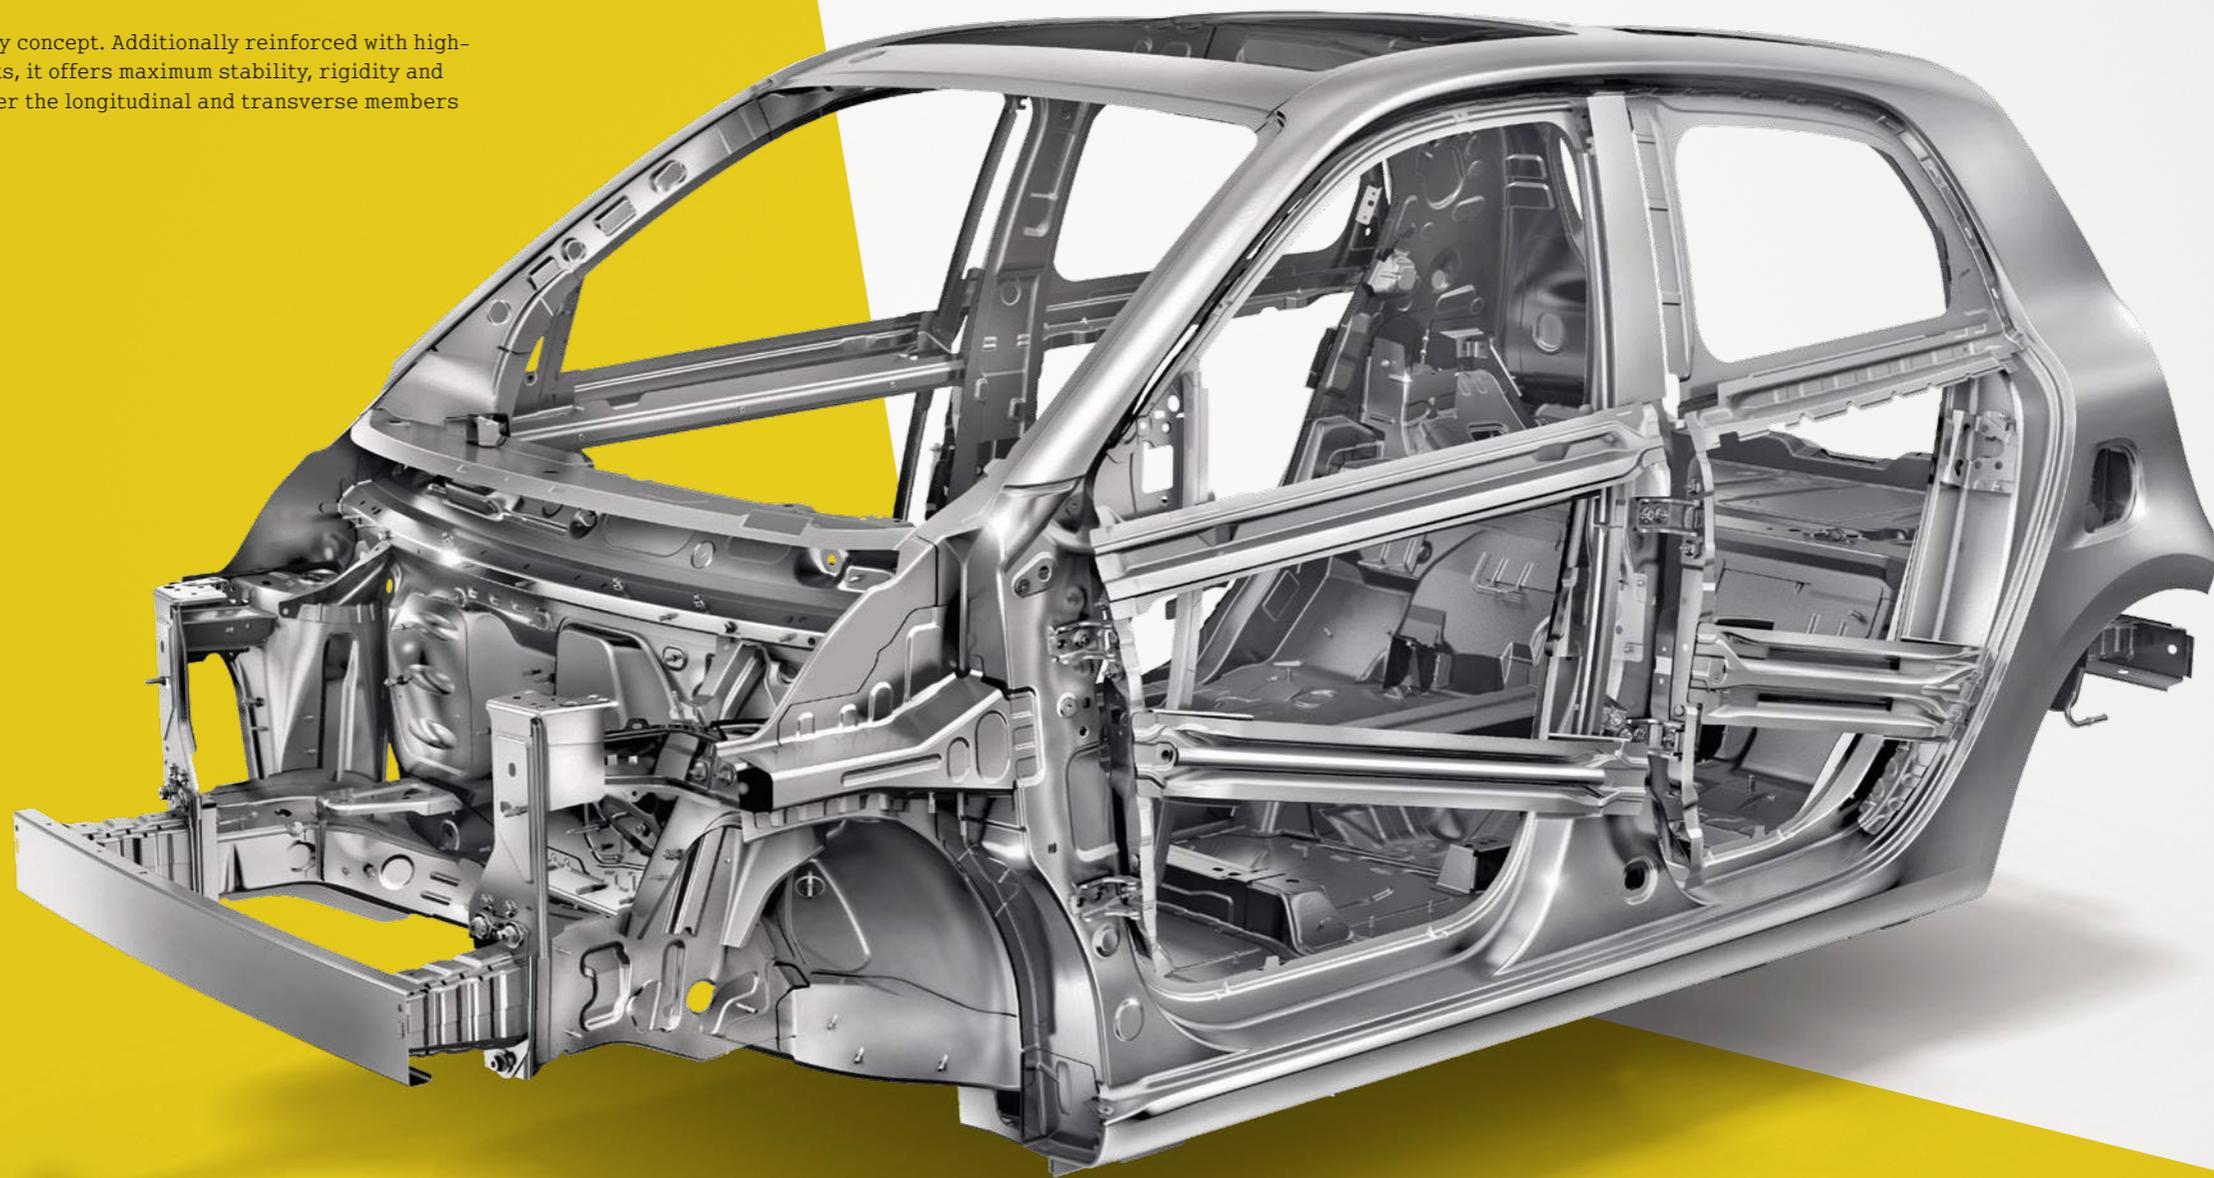

# FOR being safe, secure, steady & sure

>> **Maximum safety in a compact space.** The tridion safety cell and state-of-the-art systems for active and passive vehicle safety ensure maximum occupant protection. So not only will you have lots of fun behind the wheel, you can relax safe in the knowledge that you are in good hands.

# >> For safety, stability, compactness and reliability.

The tridion safety cell is the heart of the smart safety concept. Additionally reinforced with high-strength steel sheets at strategically important points, it offers maximum stability, rigidity and strength. The impact energy is distributed evenly over the longitudinal and transverse members and thus reduced effectively.

# >> For sense, see, react, relax.

The smart forfour is equipped with a whole host of state-of-the-art safety systems. These include five airbags, belt tensioners on the rear seats, abs, esp® and crosswind assist as a standard feature. In addition, Lane Keeping Assist and forward collision warning are available as options.

### Crosswind assist

Sudden gusts of wind can lead to tricky situations, especially if you are driving fast. Crosswind assist, a standard feature, detects deviations from straight-line stability and specifically brakes individual wheels so that you do not have to countersteer as strongly.

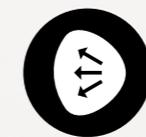

### Forward collision warning

Forward collision warning (available as an option) is an attentive assistance system that can help to prevent rear-end collisions. If the distance to a moving or stationary object becomes too close you receive a visual warning in the instrument cluster so that you can react quickly. If there is a risk of collision an acoustic warning signal will additionally sound.

### Lane Keeping Assist system

The optional Lane Keeping Assist is activated at a speed of 70 km/h. It monitors the road ahead of you with a camera and warns you with an acoustic and a visual signal in the instrument cluster if you leave your lane.

### Airbags

Five airbags protect the occupants of the smart forfour should the worst come to the worst: driver and passenger airbags, head/thorax bags for driver and passenger and a kneebag for the driver.

# FOR him & her & him & you

>> The city is full of characters. And there's a smart forfour to suit each and every one of them. On top of the standard equipment, you can opt for one of three individual equipment lines for the smart forfour that are just like life in the city itself: multi-faceted, modern and innovative. Choose your favourite and add optional equipment packages and further options as you wish for more design, comfort and functionality.

## >> For purists.

Even the standard version of the new smart forfour is packed full of ideas that set the intelligent four-seater apart from other cars and impressive safety features such as crosswind assist and cruise control with limiter. In addition, there are comfortable and convenient solutions that make everyday driving even more carefree. So if you're looking for an uncomplicated way of getting around, why not take a seat behind the wheel and find out how practical and how much fun a compact four-seater can be?

## Standard equipment.

### Exterior

- > tridion safety cell in black
- > Body in solid colour black or white
- > 38.1 cm (15-inch) steel wheels with wheel caps and tyres  
front: 165/65 R 15, rear: 185/60 R 15
- > 85° rear doors
- > Solid roof in the tridion colour
- > Side windows at rear manually operated
- > H4 halogen headlamps with integrated LED daytime driving lights

### Interior

- > Dashboard and door centre panels grained (black) and accent trim parts in white
- > Upholstery in black fabric
- > Steering wheel in 3-spoke design
- > Direct-Steer system
- > Instrument cluster with monochrome display in LCD technology and trip computer
- > Cruise control with limiter (variable speed limitation)
- > Grained shift lever knob (black)<sup>1</sup>
- > Centre console with double cup holder at front, cup holder at rear
- > Electric windows
- > Glove compartment, open
- > Passenger seat with through-loading function
- > Folding rear seat backrest, undivided

<sup>1</sup>In conjunction with 66 kW engine shift lever knob in leather.

## >> passion.

Confident, extravagant, modern. On the exterior the silver 38.1 cm (15-inch) alloy wheels in an 8-spoke design immediately catch the eye. And a look through the windows to the interior that is available in three colour variants shows that the smart forfour has a whole lot of confidence.

## >> prime.

Stylish, timeless, chic. 38.1 cm (15-inch) 5-twin-spoke alloy wheels in high-shine black are a defining feature of the classic look of the smart forfour prime. And heated black leather seats featuring grey stitching lend the interior a particularly high-quality and high-class ambience.

## >> proxy.

Progressive, sporty, trendsetting. The exterior cuts a particularly dynamic figure thanks to the sports suspension lowering the vehicle by 10 mm and 40.6 cm (16-inch) 8-Y-spoke alloy wheels with a black finish. The panoramic roof lends the interior an even more spacious feel. And it is not just the colour scheme in white and blue that exudes a certain coolness: the smart forfour proxy comes with automatic climate control and the smart Audio-System as standard.

## >> For individualists.

It is not just the exterior of the **passion, prime and proxy equipment lines** that differs – on the contrary: the different interiors play a decisive role in defining the character of each smart forfour. A pleasant feel, high functionality, innovative ideas and three unusual colour combinations give every equipment line its very own personality.

Interior in black/white with dashboard and door centre panels in black fabric, accent trim parts in white and seats with black/white upholstery.

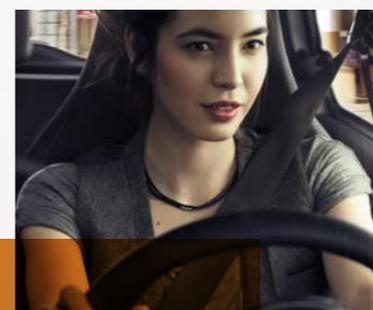

### passion.

- > tridion safety cell in black
- > Door mirror caps in the tridion colour<sup>1</sup> and radiator trim in black
- > Painted door handles<sup>1</sup>
- > 38.1 cm (15-inch) 8-spoke alloy wheels painted in silver
- > 3-spoke multifunction steering wheel in leather
- > Instrument cluster with colour 8.9 cm (3.5-inch) TFT display
- > Leather shift lever knob
- > Centre console with drawer and double cup holder
- > Electric windows
- > Luggage compartment lighting
- > 50/50-split folding rear seat backrests

Interior in black/orange with dashboard and door centre panels in orange fabric, accent trim parts in black/grey and seats with black/orange upholstery.

Interior in black/grey with dashboard and door centre panels in black fabric, accent trim parts in black/grey and seats with black upholstery.

<sup>1</sup>Not in conjunction with body in black.

The pictures on this double page show options in some cases.

## prime.

- > tridion safety cell in black
- > Door mirror caps in the tridion colour and radiator trim in black
- > Painted door handles
- > 38.1 cm (15-inch) 5-twin-spoke alloy wheels with a high-sheen black finish
- > Dashboard and door centre panels in black fabric, accent trim parts in black/grey and seats with black leather upholstery with grey topstitching
- > Heated seats for driver and passenger
- > 3-spoke multifunction steering wheel in leather
- > Instrument cluster with colour 8.9 cm (3.5-inch) TFT display
- > Leather shift lever knob
- > Centre console with drawer and double cup holder
- > Electric windows
- > Pre-installation for tablet holder on backrests of front seats
- > Luggage compartment lighting
- > 50/50-split folding rear seat backrests

## proxy.

- > tridion safety cell in black (or in white at no extra charge)
- > Door mirror caps in the tridion colour and radiator trim in black (or in white at no extra charge)
- > Painted door handles
- > Panoramic roof with integrated sunblind
- > Dashboard and door centre panels in blue fabric, accent trim parts in white and seats with leather look/fabric upholstery in white/blue
- > Instrument cluster with colour 8.9 cm (3.5-inch) TFT display
- > Leather shift lever knob
- > Electric windows
- > Pre-installation for tablet holder on backrests of front seats
- > 50/50-split folding rear seat backrests

### Sports package

- > 40.6 cm (16-inch) 8-Y-spoke alloy wheels painted in black, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16
- > Sports suspension lowering the vehicle by 10 mm
- > Exhaust system with chrome-plated tailpipe trim
- > 3-spoke multifunction sports steering wheel in leather
- > Sports pedals in brushed stainless steel with rubber studs

### Cool & Audio package

- > Automatic climate control
- > smart Audio-System

### Stowage Space package

## >> For more possibilities.

With the optional equipment packages you can tailor your smart even better to your requirements. Whether your focus is on sportiness, comfort or a particularly striking appearance – there's a package to suit every taste. Needless to say, the packages can also be combined – to create your very own personal smart forfour.

### Sports package.

Not just for a sporty look outside your gym – this package will turn your smart forfour into a sporty city mover. For an all-round dynamic impression – inside and out.

- > 40.6 cm (16-inch) 8-Y-spoke alloy wheels painted in black, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16
- > Sports suspension lowering the vehicle by 10 mm
- > Exhaust system with chrome-plated tailpipe trim
- > Multifunction leather sports steering wheel in 3-spoke design with grey topstitching (including shift paddles in conjunction with twinamic 6-speed dual clutch transmission)
- > Sports pedals in brushed stainless steel with rubber studs

### Urban Style package.

Is sporty elegance your style? Then the Urban Style package is right up your street – with dynamic wheel house liners and stylish bicolour alloy wheels in 5-twin-spoke design.

- > 40.6 cm (16-inch) 5-twin-spoke alloy wheels with a high-sheen black finish, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16
- > Wheel house liners in black with smart lettering

Sports package

Urban Style package

## Cool & Media package.

A package with entertainment value: 17.8 cm (7-inch) multi-touch display, voice control, navigation system and various connection possibilities for mobile devices such as smartphones, SD card or USB stick. Pretty cool as well: the automatic air conditioning.

> smart Media-System with 17.8 cm (7-inch) multi-touch display, AUX/USB/SD interface, voice control, Bluetooth® interface with hands-free system, MirrorLink®<sup>1</sup>, audio streaming for music transfer, maps for the whole of Europe including 3 years of LIVE services<sup>2</sup>

> Automatic climate control with automatic temperature control and combined filter with activated charcoal

## Cool & Audio package.

**Music, please!** Play your favourite music via USB stick or MP3 player or stream your audio files via Bluetooth®. With a pleasant temperature at all times.

> smart Audio-system with AUX/USB interface, Bluetooth® interface with hands-free system, audio streaming for music transfer and to connect with the smart cross connect app (available separately in the App Store for iOS and Android<sup>3</sup>)

> Automatic climate control with automatic temperature control and combined filter with activated charcoal<sup>4</sup>

<sup>1</sup>Information on compatible smartphones and apps at MirrorLink.com.

<sup>2</sup>3 years inclusive, individually extendable thereafter.

<sup>3</sup>Selected Android smartphones; for compatibility see smart.com/connect.

<sup>4</sup>Manual air conditioning in conjunction with 45 kW engine.

### LED & Sensor package.

**See and be seen:** the headlamps with welcome function welcome you as soon as you unlock your smart. The LED daytime driving lights with fibre-optic technology and the LED tail lights will accompany you attentively through the day. And should it rain or get dark, the ever-vigilant rain and light sensor is on board.

- > H4 halogen headlamps with welcome function, integrated daytime driving lights featuring LED fibre optic technology and LED tail lamps
- > Front fog lights
- > Rain and light sensor

### Comfort package.

**Make yourself comfortable** – in several respects. The height-adjustable driver's seat and the height-adjustable steering wheel included in the comfort package can be perfectly adjusted to your height.

- > Driver's seat height-adjustable
- > Height-adjustable steering column
- > Door mirrors electrically adjustable and heated
- > Height-adjustable seat belt for driver and passenger

### Stowage Space package.

**Create space:** with the Stowage Space package you can stow your belongings quickly, securely and neatly in the glove compartment and stowage net.

- > Glove compartment (lockable)
- > Stowage net on centre console in passenger footwell

>> **For more lightness.**

Light-alloy wheels – the choice is yours: the design and colouring add visual highlights from sporty to elegant. From silver to black or bi-colour – the unusual look of the wheels is perfectly in keeping with the design of the smart forfour.

**38.1 cm (15-inch)  
8-spoke alloy wheels  
(R86)** painted in black  
and with a high-sheen  
finish, with front tyres:

## >> For more sun.

The roof variants of the smart forfour are open to every ray of sun. Regardless of whether you enjoy the good weather through the large panoramic roof or opt for an open folding top – both offer a feeling of spaciousness and let in lots of light.

The large panoramic roof with integrated sunblind gives you great visibility upwards as well. So even when you have a solid roof above your head you can still enjoy a view of the sky.

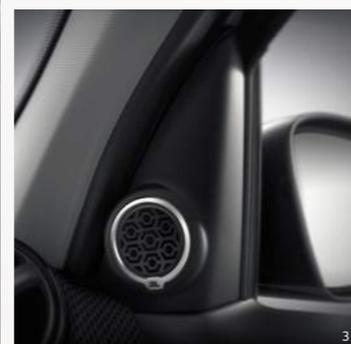

With the electric folding top you can always decide just how much summer you want. It opens and closes to any position in around 10 seconds – at a driving speed of up to 100 km/h.

# >> For more comfort and functionality.

Make your everyday life a little more enjoyable: for example, with ambient lighting for a pleasant atmosphere whilst driving. Or make it particularly comfortable with the readyspace seats at the rear which enable you to create more space for transporting larger items in next to no time.

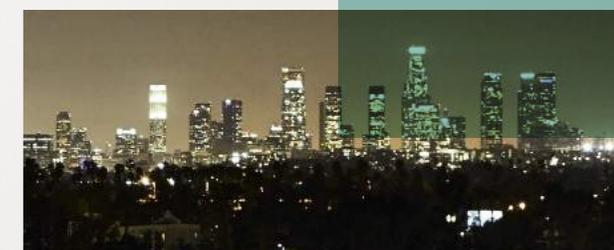

## Available as individual options

- > readyspace seats at rear with removable cargo box, 50/50 folding rear seat backrests and cargo position (image 1)
- > Glove compartment (lockable) (image 2)<sup>1</sup>
- > JBL Soundsystem, including 8-channel DSP amplifier with a total output of 320 W in conjunction with 12 high-performance loudspeakers, including removable sub-woofer in luggage compartment (image 3)
- > Reversing camera (image 4)
- > Centre armrest at front, folding (not shown)
- > Tablet holder for iPad Air<sup>2</sup> (image 5)

<sup>1</sup>For passion and prime only in conjunction with Stowage Space package; standard equipment for proxy. Available as an option for standard equipment version.

<sup>2</sup>Pre-installation for tablet holder required (option for passion; standard equipment for prime/proxy).

> Universal smartphone cradle for smart Audio-System<sup>1</sup> (image 1)

> smart Audio-System with AUX/USB interface, Bluetooth® interface with hands-free system, audio streaming for music transfer and for connection with the smart cross connect app<sup>2</sup> (image 1)

> Digital radio (DAB) for DAB, DAB+ and DMB standards (not shown)

> Dashboard instrument with cockpit clock and rev counter (image 2)

> Ambient lighting with indirect illumination of front doors, footwells, centre console and glove compartment (image 3)

> Heated seats for driver and passenger (image 4)

> Luggage compartment cover (not shown)

> Door mirrors electrically adjustable and heated (not shown)

> Heat-insulating dark tinted glass for rear window and rear side windows (image 5)

<sup>1</sup>Approved for smartphones with cross connect app.

<sup>2</sup>Available separately in the app store for iOS and Android.

## >> For more colours.

The two-colour concept typical to smart has always been an eye-catcher on city streets. And with the new colours for the tridion safety cell and radiator trim it is now even more striking – giving you an even more individual look.

### New tridion colours

A real highlight: the tridion safety cell in cadmium red, graphite grey and lava orange.

### Radiator trim in new colours

The radiator trim in graphite grey or black-to-yellow has a classic, elegant look. A true statement for more understatement.

Body in **cool silver**, tridion in **black** and radiator trim in **black**.

Body in **black**, tridion in **cool silver** and radiator trim in **cool silver**.

Body in **hazel brown**, tridion in **black** and radiator trim in **black**.

Body in **midnight blue**, tridion in **cool silver** and radiator trim in **cool silver**.

Body in **white**, tridion in **cool silver** and radiator trim in **white**.

Body in **black-to-yellow**, tridion in **black** and radiator grille in **black**.

Body in **cadmium red**, tridion in **black** and radiator trim in **black**.

Body in **graphite grey**, tridion in **cool silver** and radiator trim in **cool silver**.

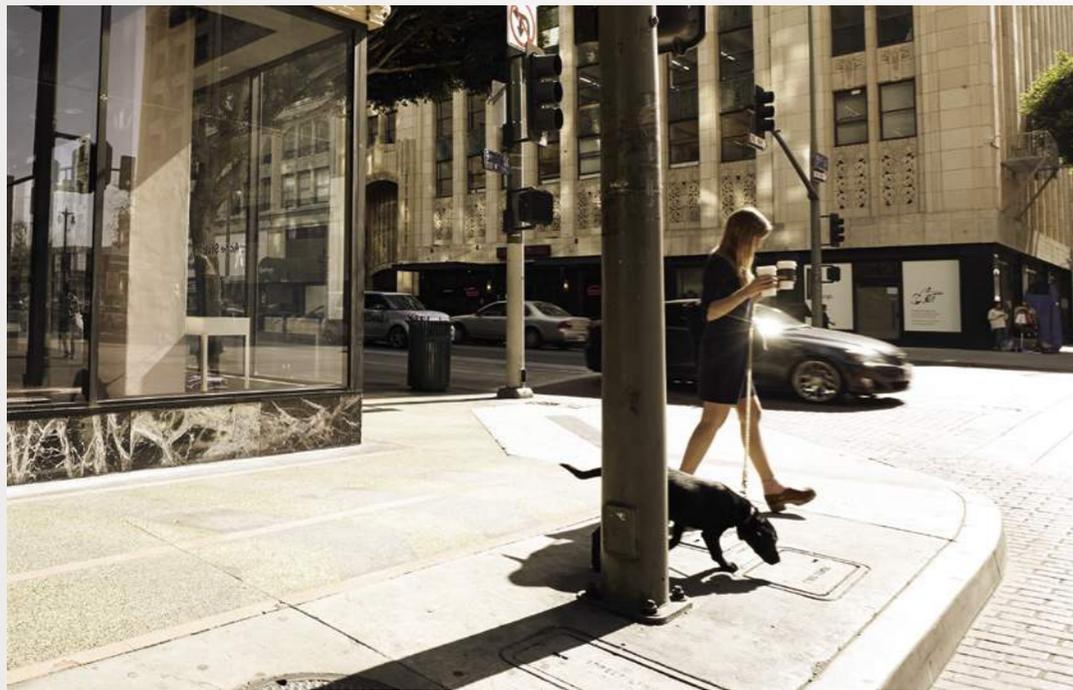

Body in **lava orange**, tridion in **white** and radiator trim in **white**.

## >> For more variety.

The colour combinations available for the smart forfour are as varied as city life itself. Make your choice from the large range of colours available for the body, tridion safety cell and radiator trim. If possible, the latter should have the same colour as the body or the tridion safety cell – to make your smart look particularly good. You can also customise your smart forfour with the exclusive range of alloy wheels available.

## >> For carefree driving: Service and road assistance.

To ensure that you enjoy your smart for as long as possible after buying it, it needs professional, customised service – from your smart service partner. Trust the experts who know the workings of your smart inside out. For your safety and for optimum retention of the value of your vehicle we only use high-quality genuine parts and diagnosis technology tailored to your smart. Try out our excellent service for yourself!

### smart service contracts

For carefree driving: choose the smart way to avoid additional garage costs, as unforeseen repairs, maintenance or wearing parts are already covered, depending on the service contract you select. And that pays off with optimum vehicle safety, a vehicle in tip-top condition and long retention of value.

Depending on your requirements and your budget you can choose between:

- > Extended Warranty with the Advance service contract
- > Maintenance package with the Compact service contract
- > Maintenance and wear package with the Compact Plus service contract
- > All-inclusive carefree package with the Excellent service contract

### smart road assistance

The free smart road assistance insurance package is included when you buy your new smart and it can be renewed every time you have your vehicle serviced at an authorised smart service partner.

Benefit from immediate expert assistance almost anywhere in Europe in the event of a breakdown, an accident, vandalism or little mishaps. If necessary, your vehicle will be towed to the next authorised smart service partner. And to ensure that you stay mobile we will provide you with a replacement vehicle. Alternatively, you can continue your journey by taxi, train or plane – including any costs for overnight accommodation.

### 24h service

It's good to know that smart is there for you almost everywhere in Europe, 365 days a year. Should you ever need assistance, you can contact our call centre at any time on the toll-free number: 00800 2 777 7777<sup>1</sup>.

<sup>1</sup>Calls from mobile telephones may be subject to a charge depending on the service provider.

## >> For tailor-made solutions: Financial services.

With a smart you always stay flexible – also when it comes to financing. Our leasing, financing and insurance products are designed to get you behind the wheel of your smart in no time at all. At attractive terms that can be tailored to your needs. Your smart dealer will be pleased to advise you.

### Leasing

Always drive a new car whilst remaining financially flexible – leasing a smart is a good idea. You only pay for the use of the vehicle and so benefit from low monthly instalments. We will be pleased to inform you about our products that not only give you financial flexibility but also full peace of mind with a wide range of insurance cover.

### Financing

Would you like to finance your smart with instalments tailored to your needs? No problem. Talk to your smart dealer about the options that smart is able to offer you in cooperation with Mercedes-Benz Financial Services. You can also enjoy great flexibility when it comes to financing – right up to the question of whether you choose to keep your smart at the end of the term or exchange it for a new one.

## >> For an urban lifestyle: The smart Collection.

**Attractively attired.** The smart Collection perfectly complements your smart forfour. Just like the passion, prime and proxy equipment lines, all products in the smart Collection are designed for real characters. Discover wearable, useful and practical items for every day and almost every situation at [www.smart.com/collection](http://www.smart.com/collection).

## Standard equipment

### Exterior

- > tridion in black
- > Solid roof in the tridion colour
- > Body in solid colour black or white
- > Door mirror caps, grained (black)
- > Radiator trim, grained (black)
- > 38.1 cm (15-inch) steel wheels with wheel caps with front tyres: 165/65 R 15; rear tyres: 185/60 R 15
- > Summer tyres
- > 85° rear doors
- > Door handles, grained (black)
- > Side windows at rear manually operated
- > H4 halogen headlamps with integrated LED daytime driving lights
- > Third brake light
- > Side indicators in white

### Interior

- > Dashboard and door centre panels grained (black) and accent trim parts in white
- > Upholstery in black fabric
- > Folding rear seat backrest, undivided
- > Steering wheel in 3-spoke design
- > Grained shift lever knob (black)<sup>1</sup>
- > Centre console with double cup holder at front, cup holder at rear
- > Inside door opener, grained (black)
- > Stowage compartment in the front and rear doors
- > Glove compartment, open
- > Interior lighting at front and rear
- > Passenger seat with through-loading function (fully folding backrest)
- > Load-lashing eyes in luggage compartment
- > Sun visor with parking ticket holder

### Functions and electrics

- > Exterior temperature indicator with frost warning
- > Door mirror manually adjustable
- > Electric windows
- > Comfort windscreen wipers with interval wiping and automatic wipe/wash function
- > Rear window wiper with interval wiping and automatic wipe/wash function
- > Heated rear window
- > Instrument cluster with monochrome display in LCD technology and trip computer
- > Headlamp range adjustment, manual
- > Direction indicators with lanechanger function
- > Central locking with radio remote control, visual locking-verification signal and immobiliser
- > 12 volt socket with cover in centre console

### Technical features

- > Direct-Steer system with speed-sensitive steering power assistance and variable ratio
- > 5-speed manual transmission
- > Automatic start/stop system<sup>2</sup>
- > Fuel tank (28 litres)

### Safety and assistance systems

- > esp® – electronic stability programme
- > abs – anti-lock braking system with electronic brake force distribution
- > Crosswind assist
- > Hill start assist
- > Tyre pressure monitoring system
- > tridion safety cell in black
- > Cruise control with limiter (variable speed limitation)
- > Airbags for driver and front passenger
- > Side airbags for driver and front passenger (combined head/thorax bag)
- > Kneebag for driver
- > Manual airbag deactivation on front passenger side
- > Three-point seat belts with belt tensioners and belt force limiters
- > Seat belt reminder warning for driver and passenger
- > Rear belt status indicator in overhead control panel
- > ISOFIX child seat fasteners in the rear
- > Crash sensor for activation of hazard warning lights
- > drive lock – automatic door locking when driving

## Features of the equipment lines passion, prime and proxy<sup>1,2</sup>

### Exterior

- > Door mirror caps in the tridion colour
- > Painted door handles<sup>3</sup>
- > Radiator trim, painted
- > Alloy wheels

### Interior

- > Instrument panel and door centre panels in fabric
- > 3-spoke multifunction steering wheel in leather
- > Leather shift lever knob
- > Centre console with drawer and double cup holder at front, cup holder at rear
- > Door opener in matt chrome
- > Vanity mirror in sun visor with parking ticket holder for driver and passenger

- > Reading light for driver and passenger
- > Ruffled pocket on driver and passenger backrests
- > Luggage compartment lighting
- > Folding rear seat backrests split 50/50

### Functions and electrics

- > Instrument cluster with 8.9 cm (3.5-inch) colour TFT display and trip computer
- > Service cover, lockable
- > Electric windows with convenience opening and closing and obstruction sensor
- > Folding key with remote control, second key with fixed bit

## passion

### Exterior

- > 38.1 cm (15-inch) alloy wheels in 8-spoke design, painted in silver, with front tyres: 165/65 R 15; rear tyres: 185/60 R 15 (R88)
- > Solid roof in the tridion colour
- > Radiator trim in black
- > tridion safety cell in black

### Interior

- > Dashboard and door centre panels in orange fabric, accent trim parts in black/grey and seats with black/orange fabric upholstery
- > Dashboard and door centre panels in black fabric, accent trim parts in white and seats with black/white fabric upholstery
- > Dashboard and door centre panels in black fabric, accent trim parts in black/grey and seats with black/black fabric upholstery

## prime

### Exterior

- > 38.1 cm (15-inch) 5-twin-spoke alloy wheels painted in black and with a high-sheen finish, with front tyres: 165/65 R 15; rear tyres: 185/60 R 15 (R87)
- > Solid roof in the tridion colour
- > Radiator trim in black
- > tridion safety cell in black

### Interior

- > Dashboard and door centre panels in black fabric, accent trim parts in black/grey and seats with black leather upholstery with grey topstitching

### Functions and electrics

- > Heated seats for driver and passenger
- > Pre-installation for tablet holder on backrests of front seats

## proxy

### Exterior

- > 40.6 cm (16-inch) 8-spoke alloy wheels painted in black, with front tyres: 185/50 R 16; rear tyres 205/45 R 16 (R95)
- > Panoramic roof with sunblind<sup>4</sup>
- > Radiator trim in black (in white at no extra cost)
- > tridion safety cell in black (in white at no extra cost)

### Interior

- > Dashboard and door centre panels in blue fabric, accent trim parts in white and seats with upholstery in white/blue leather look/fabric
- > Glove compartment, lockable
- > Luggage net
- > Pre-installation for tablet holder on backrests of front seats

### Sports package<sup>5</sup>

**Cool & Audio package** with automatic climate control and Audio-System

### Stowage Space package

<sup>1</sup>In conjunction with 66 kW engine shift lever knob in leather.

<sup>2</sup>Not in conjunction with 45 KW engine.

<sup>3</sup>Differing from the standard equipment features.

<sup>4</sup>Not in conjunction with 45 kW engine.

<sup>5</sup>Door handles grained (black) in conjunction with passion and body in black.

<sup>6</sup>Including spectacles compartment for driver and grab handle for passenger.

Optional solid roof in the tridion colour.

<sup>7</sup>For details of the Sports package see pages 51 and 72.

## Equipment packages

### Equipment packages available for the equipment lines passion, prime and proxy

#### Sports package

- > 40.6 cm (16-inch) 8-Y-spoke alloy wheels painted in black, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16 (R95)
- > Sports suspension lowering the vehicle by 10 mm
- > Exhaust system with chrome-plated tailpipe trim
- > 3-spoke multifunction sports steering wheel in leather with grey topstitching
- > Sports pedals in brushed stainless steel with rubber studs

#### Urban Style package<sup>1</sup>

- > Like the Sports package with the following features:
- > 40.6 cm (16-inch) 5-twin-spoke alloy wheels with a high-sheen black finish, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16 (R91)
- > Wheel house liners with smart lettering

#### LED & Sensor package

- > H4 halogen headlamps with welcome function, integrated daytime driving lights featuring LED fibre optic technology and LED tail lamps
- > Front fog lights
- > Rain and light sensor

#### Cool & Media package<sup>2</sup>

- > smart Media-System with 17.8 (7-inch) capacitive multi-touch display, AUX/USB/SD interface in centre console, voice control, Bluetooth® interface with hands-free system, MirrorLink®<sup>3</sup>, audio streaming, navigation system with maps for the whole of Europe including 3 years of LIVE services<sup>4</sup>
- > Automatic climate control with automatic temperature control and combined filter with activated charcoal

#### Stowage Space package

- > Glove compartment (lockable)
- > Stowage net on centre console in passenger footwell

### Equipment packages available for standard equipment and passion, prime and proxy equipment lines

#### Cool & Audio package<sup>5</sup>

- > smart Audio-System with AUX/USB interface, Bluetooth® interface with hands-free system, audio streaming for music transfer and to connect with the smart cross connect app (available separately in the App Store for iOS and Android<sup>6</sup>)
- > Automatic climate control with automatic temperature control and combined filter with activated charcoal

#### Comfort package

- > Driver's seat height-adjustable
- > Height-adjustable steering column
- > Door mirrors electrically adjustable and heated<sup>7</sup>
- > Height-adjustable seat belt for driver and passenger

## Options

#### Exterior

- > Electric folding top in fabric<sup>8</sup>
- > Panoramic roof with integrated sunblind<sup>8</sup>
- > Heat-insulating dark tinted glass for rear side windows and rear window
- > Body in black-to-yellow (metallic), cadmium red (metallic), cool silver (metallic), graphite grey (metallic), hazel brown (metallic), lava orange (metallic), midnight blue (metallic)
- > tridion safety cell in white, cool silver (metallic), cadium red (metallic), graphite grey (metallic), lava orange (metallic)
- > Radiator trim in black<sup>9,10</sup>, white<sup>10</sup>, cool silver<sup>10</sup>, graphite grey<sup>10</sup>, black-to-yellow<sup>10</sup>
- > 38.1 cm (15-inch) 5-twin-spoke alloy wheels painted in black and with a high-sheen finish, with front tyres: 165/65 R 15; rear tyres: 185/60 R 15 (R87)
- > 38.1 cm (15-inch) 8-spoke alloy wheels painted in black and with a high-sheen finish, with front tyres: 165/65 R 15; rear tyres: 185/60 R 15 (R86)
- > 38.1 cm (15-inch) 8-spoke alloy wheels, painted in silver, with front tyres: 165/65 R 15; rear tyres: 185/60 R 15 (R88)
- > 40.6 cm (16-inch) 5-twin-spoke alloy wheels painted in black and with a high-sheen finish, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16 (R91)<sup>11,12</sup>
- > 40.6 cm (16-inch) 8-Y-spoke alloy wheels painted in black, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16 (R95)<sup>12,13,14</sup>
- > Winter tyres (in place of summer tyres)<sup>15</sup>
- > Wheel trims for steel wheels
- > Wheel house liners with smart lettering<sup>11</sup>
- > Front fog lights

#### Interior

- > Ambient lighting with indirect illumination of the front doors, footwells, glove compartment and centre console<sup>10,16</sup>
- > Upholstery in black leather look<sup>17</sup>
- > readyspace seats at rear with removable cargo box, 50/50 folding rear seat backrests and cargo position<sup>10</sup>
- > Centre console with drawer and centre armrest at front (folding), double cup holder at front, cup holder at rear<sup>10</sup>
- > Glove compartment (lockable)<sup>18</sup>
- > Luggage compartment cover
- > Velour floor mats (black)

#### Functions and electrics

- > Dashboard instrument with cockpit clock and rev counter
- > Second key with fixed bit
- > Heated seats for driver and passenger
- > Door mirrors electrically adjustable and heated
- > Ashtray and cigarette lighter

#### Technical features

- > twinamic 6-speed dual clutch transmission<sup>12</sup>
- > Fuel tank (35 litres)

#### Safety and assistance systems

- > Forward collision warning with visual and acoustic warning
- > Lane Keeping Assist with acoustic and visual warning
- > Rear parking aid
- > Reversing camera<sup>19</sup>
- > Anti-theft alarm system with monitoring of doors and service cover, service cover (lockable)
- > Breakdown kit with air compressor and sealant
- > First aid kit
- > Warning triangle

#### Infotainment, navigation and communication

- > Digital radio (DAB) for DAB, DAB+ and DMB standards<sup>20</sup>
- > Provision for radio installation with 2 loudspeakers, aerial and 1-DIN slot
- > JBL Soundsystem, including 8-channel DSP amplifier with a total output of 320 W, 12 high-performance loudspeakers including removable sub-woofer in luggage compartment<sup>10,21</sup>
- > smart Audio-System with AUX/USB interface, Bluetooth® interface with hands-free system, audio streaming for music transfer and to connect with the smart cross connect app (available separately for iOS and Android)
- > Smartphone cradle<sup>22</sup>
- > Tablet holder for iPad Air<sup>21,23</sup>

<sup>1</sup>Additional Urban Style features available for proxy as individual options. <sup>2</sup>Only in conjunction with electric door mirrors. <sup>3</sup>Information on compatible smartphones and apps at MirrorLink.com. <sup>4</sup>3 years inclusive, individually extendable thereafter. <sup>5</sup>In conjunction with 45 kW engine, with manual air conditioning and smart Audio-System. <sup>6</sup>For iOS and selected Android smartphones, for compatibility see smart.com/connect. <sup>7</sup>In conjunction with standard equipment door mirror caps in tridion colour and electric windows with convenience control and obstruction sensor.

<sup>8</sup>Including grab handle for passenger and spectacles compartment for driver. <sup>9</sup>Standard in conjunction with anti-theft alarm system. <sup>10</sup>Not in conjunction with standard equipment. <sup>11</sup>Standard in conjunction with Urban Style package. <sup>12</sup>Not in conjunction with 45 KW engine. <sup>13</sup>Standard in conjunction with Sports package. <sup>14</sup>Standard in conjunction with proxy equipment line. <sup>15</sup>Not in conjunction with alloy wheels R91 and R95. <sup>16</sup>Only in conjunction with dashboard instrument. <sup>17</sup>Only in conjunction with standard equipment. <sup>18</sup>For passion and prime only in conjunction with Stowage Space package; standard equipment for proxy. Available as an option for standard equipment version. <sup>19</sup>Only in conjunction with Cool & Media package. <sup>20</sup>Only in conjunction with Cool & Audio package, Cool & Media package or smart Audio-System. <sup>21</sup>Only in conjunction with Cool & Audio package or Cool & Media package and electric door mirrors. <sup>22</sup>Only in conjunction with Cool & Audio package, smart Audio-System. <sup>23</sup>Pre-installation for tablet holder required (option for passion; standard equipment for prime/proxy).

<sup>1</sup>Information on rated output and rated torque in accordance with directive 80/1269/EEC in the currently applicable version. <sup>2</sup>Electronically limited. <sup>3</sup>The figures stated were determined in accordance with the stipulated measuring method as set out in directive 80/1268/EEC in its currently valid version. The data do not relate to an individual vehicle and do not form part of an offer, but are intended solely for the purpose of comparison between the different types of vehicle. <sup>4</sup>In accordance with the German fuel efficiency labelling ordinance for passenger cars (PKW-EnVKV) paragraph 3a. The data do not relate to an individual vehicle and do not form part of an offer, but are intended solely for the purpose of comparison between the different types of vehicle. <sup>5</sup>With basic tyres 165/65 R 15 (front) and 185/60 R 15 (rear). <sup>6</sup>Measured from kerb to kerb. <sup>7</sup>Figures in accordance with directive 92/21/EC in the version 95/48/EC (mass in running order, fuel tank 90% full, with driver, 68 kg, and luggage, 7 kg, for vehicles with standard equipment. Optional equipment and accessories generally increase this figure, which means that the payload is reduced accordingly). <sup>8</sup>Up to roof; in accordance with DIN 70020-1. <sup>9</sup>Whichever occurs first. Indicated by maintenance interval indicator. An oil service plus is to be carried out every 20,000 km or once annually.

We are pleased to take back your smart for environmentally friendly disposal in accordance with the European Union\* (EU) Directive on End-of-Life Vehicles – but that day lies a long way off (\*does not apply to Switzerland). To make it as easy as possible for you to return the vehicle, a network of companies exists which will take back your old car and dismantle and recycle it. You can return your vehicle to one of these companies free of charge. In this way you make a valuable contribution to closing the recycling loop and to saving resources. Further information on recycling end-of-life vehicles and the conditions of return is available at [www.smart.com](http://www.smart.com).

Regarding the information in this publication: changes to the product may have been made after going to press on 21 April 2015. The manufacturer reserves the right to effect structural or design modifications, colour changes and changes to the scope of delivery during the delivery period, insofar as such changes or modifications are reasonable for the buyer in due consideration of the seller's interests. Should the seller or the manufacturer employ codes or numbers to describe the order or object ordered, this alone shall not constitute a valid basis for the derivation of any rights. The photographs may include accessories or options that are not part of the standard scope of delivery. Any colour deviations result from the printing process. This publication may also contain variants and services that are not available in individual countries. The BRABUS sports package gives your smart forfour a particularly feisty look. The exclusive package from smart BRABUS lends your smart forfour passion, prime or proxy an all-round dynamic character, outside and in.

## BRABUS sports package.

**Your smart forfour rides high with an expressive character –** while sitting 10 millimetres lower on the road. The BRABUS sports package reconciles design and functionality for a driving experience that not only feels great but looks the part as well.

- > BRABUS front spoiler in bodypanel colour
- > BRABUS rear apron in bodypanel colour with rear diffuser in matt grey
- > BRABUS sports suspension lowering the vehicle by 10 mm
- > BRABUS "Monoblock IX" alloy wheels, 43.2 cm (17") , painted matt grey and fitted with 185/45 R 17 tyres at the front and 205/40 R 17 tyres at the rear

**Exceptional exterior, inspiring interior.** Whether you opt for the smart forfour passion, prime or proxy – the BRABUS sports package provides for a dynamic setting inside, too. The BRABUS monogram vouches for this hallmark inner quality. And it's nice to be able to share such sporty elegance with up to three other people on board.

- > BRABUS 3-spoke multifunction steering wheel in leather
- > BRABUS shift lever knob in leather
- > BRABUS handbrake handle in leather
- > Brushed stainless steel sports pedals with rubber studs
