Ready. Set. Golf. Filled with big ideas, big power, and big possibilities, the Golf is ready for anything. Smartly refined yet incredibly sporty, it is everything Volkswagen does well in its most modern and versatile form. Spontaneity is calling. Golf is the answer. That's the Power of German Engineering.
Driver-focused interior.
Inside the Golf, everything is designed to be within reach and easy to engage. In this case, it’s all about you.

LED Daytime Running Lights (DRL). Efficient yet stylish, these available LED lights aren’t limited to dual purposes. They also help make you more visible to other drivers.

Originality.
Back by popular demand.

Design. The world’s most beloved hatchback returns for a whole new generation. And this time around, the Golf is sporting some serious game changers. Take the refined, upscale interior and driving dynamics that are backed up by turbocharged power as two prime examples. The smart and sporty design does more than look good, it makes the Golf roomier and more versatile than ever. After 40 years, the Golf still proves that innovation never goes out of style. It just comes back in a more modern form.

Iconic design.
Introduced 40 years ago, the design of the Golf, with its distinct rear C-pillars, has stood the test of time. It’s what happens when you get it right the first time.
Versatility. In an increasingly populated world, space becomes a luxury. That’s why the Golf was redesigned to feel bigger inside by actually being bigger inside. Which means, with rear seats folded, it offers not only elbow room but room for knees, legs, and shoulders, in addition to more cargo space for your end tables, grocery bags, and moving boxes. Whether you need personal space, cargo space, or space for friends, the Golf gives you the kind of versatility you’ve been looking for.

So accommodating, you could say it’s polite.
Transformation comes from within.

Interior. Step inside the Golf and you’ll feel the difference as soon as you close the door. It’s everywhere you look, from the leather-wrapped steering wheel to the luxurious V-Tex leatherette seating surfaces and the chrome accents throughout. To complete your transformation, the rear seats fold down to offer cargo space to haul back whatever you find on your travels. It’s never been easier to find your little oasis in the middle of the metropolis.

SEL shown in Titan Black

- 60/40-split folding rear seats
- V-Tex leatherette seating surfaces
- Adjustable cargo floor
- Climatronic® dual-zone automatic climate control
- Driver’s seat storage compartment
- 12-way power drivers seat including power adjustable lumbar support
- Power tilting/sliding panoramic sunroof

*Feature available on select models.
Performance. Gear up for an urban thrill ride. The Golf, with its standard turbocharged engine, is a perfect complement to fast-paced city life. The new lighter chassis combined with increased driving dynamics means the Golf handles city streets like a dream. It’s agile. It’s quick. And it’s turbocharged. Which means you’ll always beat the crowd to your next urban adventure.

Outmuscle city hustle.

1.8L TSI® engine
With the turbocharged 1.8L TSI engine, performance comes standard along with practically. It’s fast! It’s fun. And it can get up to an EPA-estimated 37 hwy mpg. In short, it’s a turbocharged win-win.

2.0L TDI® Clean Diesel engine
With the 2.0L TDI engine, you’ll appreciate every fuel-efficient mile with the EPA-estimated 45 hwy mpg. But that’s only half the story. Step on the pedal and feel the 236 lb-ft of torque and let the performance tell the other half.

*Always obey local speed and traffic laws. **2015 Golf 1.8L TSI with manual transmission: 25 city/37 highway mpg EPA estimates. †2015 Golf 2.0L TDI with manual transmission: 30 city/45 highway mpg EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition.

SEL shown in Tungsten Silver Metallic with Driver Assistance Package
Rethink your city limits.

Performance. With TDI Clean Diesel engines, city driving becomes so fuel efficient that you can travel uptown, downtown, crosstown, or from San Diego to San Francisco before having to stop at a fuel station.* And with a turbocharged engine and 236 lb-ft of torque, you’ll have fun doing it. Whether you drive in your urban oasis or seek new horizons, TDI Clean Diesel technology will make for a long, adventure-filled journey.

Think Blue!® It’s our commitment to building vehicles that don’t compromise one single drop of performance. Who knew caring could feel so carefree?

DSG® automatic transmission. Double your fun. This available transmission helps provide better efficiency† and seamless shifts in full automatic mode, or lets you shift manually.

Glovebox with cooling feature. When you want to help keep your food and drinks cool on those long road trips, this is the spot. It’s not just good for gloves, it’s great for snacks.

hwy miles per gallon

2015 Golf 2.0L TDI with manual transmission

*2015 Golf 2.0L TDI with manual transmission: 30 city/45 highway mpg EPA estimates. Trip assumes range of 501 miles. Your range may vary significantly based on driving habits and vehicle condition. 2015 Golf TDI manual transmission EPA estimates not available at time of printing.

2.0L TDI engine with 236 lb-ft of torque

†2015 Golf TDI with automatic transmission: 30 city/45 highway mpg EPA estimates. 26 city/34 highway mpg with manual transmission.

Up to 594 hwy miles on a single tank of fuel*

35 city/40 highway mpg*

Street smarter.

Technology. The Golf doesn’t just get by on its good looks. It’s intelligent too. Find your way back home with the available advanced navigation system with 5.8-inch color touchscreen. Get lost in your favorite playlist with iPod®/iPhone® integration. Help make parking and backing out of your driveway a cinch with an available rearview camera. And if you ever need Roadside Assistance, there’s Volkswagen Car-Net® connected car features. It pretty much sounds like a no-brainer to us.

Rearview camera**
Advanced touchscreen display with proximity sensor
Advanced navigation system with 5.8” touchscreen with proximity sensor**
Park Distance Control (PDC) system with front and rear proximity sensors**
Bi-Xenon headlights with Adaptive Front-lighting System (AFS)**
Automatic headlights with rain-sensing windshield wipers**
VW Car-Net connected car features*
Bluetooth® with audio streaming for compatible devices

*VW Car-Net services provided by Verizon Telematics, Inc. Available on select models. Trial or paid subscription required for some services. 
**Feature available on select models. 
VW Car-Net services require vehicle cellular connectivity and availability of vehicle GPS signal; certain services may collect location information. See Terms of Service, Privacy Policy, and other details at www.vw.com/carnet/info. Always pay careful attention to the road, and do not drive while distracted.
Safety and Driver Assist. The new body has integrity where it counts. And a variety of intelligent and responsive systems that combine to work on your behalf. To reduce the likelihood of a collision, there are active safety systems. And if a collision becomes unavoidable, the multiple passive safety systems deploy to help protect you and your passengers. The 2015 Golf was also named a 2014 IIHS Top Safety Pick+ for 4-door models equipped with the optional Driver Assistance Package. Proof that when it comes to peace of mind, all that thinking really pays off.

In case someone else doesn’t.

Safety Features

Safety cage. Sleek on the outside, tough on the inside. Underneath the exterior of the Golf is a tough safety cage designed to help protect each and every person inside in nearly any situation.

Adaptive airbags. You’re virtually surrounded by safety in the Golf with four airbags, including mounted Side Curtain Protection® airbags that help protect you and your passengers.††

Intelligent Crash Response System (ICRS). In the event of a collision that activates the vehicle’s airbags,†† the Intelligent Crash Response System automatically unlocks the doors, turns off the fuel pump, and turns on the hazard lights.‡

Forward Collision Warning. Active assistance is best demonstrated by the available Forward Collision Warning system that uses radar-based sensors to detect the distance of vehicles in front of you. If an impending collision is detected, the system sounds a warning, alert to help you to take action.

Driver Assist Features

Automatic Post-Collision Braking System. Not every collision brings a car to stop. That’s why we made the Automatic Post-Collision Braking System. It can help keep your car from moving after a collision, helping reduce the chance of any additional impacts.

Dramatization.†
