

SILVERADO HD 2016

CHEVROLET

3500HD Crew Cab Long Box High Country
4x4 DRW in Black with available features.

STRENGTH THAT STANDS THE TEST OF TIME.

Massive torque numbers. Legendary transmissions. Advanced trailering technology. The 2016 Silverado HD delivers on all three to provide the towing confidence you can only get from a Chevy truck.

Pair our available Duramax® 6.6L Turbo-Diesel V8 with the Allison® transmission and Silverado 3500HD offers best-in-class maximum conventional towing capability¹ without breaking a sweat.

And since Silverado HD is from the family of the most dependable, longest-lasting full-size pickups on the road;² there's no doubt that confidence and capability are here for the long haul.

FIND *NEW* ROADS™

¹ Requires 3500HD DRW when properly equipped with available Duramax 6.6L Turbo-Diesel V8 engine. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

² Dependability based on longevity: 1987–July 2015 full-size pickup registrations.

EXTERIOR DESIGN

THE TRUCK THAT REDEFINES “HEAVY-DUTY.”

2500HD 4-door Double Cab Standard Box LT 4x4
in Tungsten Metallic with available features.

HIGH COUNTRY

3500HD Crew Cab Long Box High Country
4x4 DRW in Black with available features and
2500HD Crew Cab Standard Box High Country
4x4 in Black with available features.

¹ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices.

THE BOLD LOOK OF HIGH COUNTRY.

Body-color front and rear bumpers plus chrome wheels (SRW models), 6-inch assist steps, mirror caps, door handles and grille inserts guarantee High Country is at home on the trail or in town.

CHEVY TRUCK ESSENTIALS. High Country has all the capability you need and expect with a Trailering Package, Front and Rear Park Assist, halogen projector-beam headlamps, a power-sliding rear window and a spray-in bedliner.

UPSCALE INTERIOR. Heated and vented Saddle perforated leather-appointed front bucket seats come equipped with 12-way power for constant comfort. A 7-speaker Bose® premium sound system,

Chevrolet MyLink¹ Radio with 8-inch diagonal color touch-screen, remote vehicle starter system and rear vision camera combine for the ultimate Silverado HD interior.

WHERE RUGGED MEETS LUXURY.

1. Available chrome-accented uplevel mirrors are also heated and power-adjustable.
2. The exclusive Saddle premium leather-trimmed interior, including embroidered head restraints, delivers a luxurious driving environment.
3. Distinctive badging helps High Country stand out in any crowd.
4. Included in the available High Country Premium Package¹ are a heated leather-wrapped steering wheel, the Driver Alert Package and power-adjustable pedals.

¹ Not available with Duramax Plus Package.

ENGINES

PROVEN POWER. DEPENDABLE DURABILITY.

1. With 765 lb.-ft. of torque,¹ not just any transmission will do. That's why Chevy engineers turned to Allison, makers of military tank transmissions, to pair with the Duramax Turbo-Diesel.
2. The Vortec™ 6.0L V8, with a cast iron cylinder block, long-skirt design and cross-bolted main bearing caps, has been a dependable workhorse for millions of Chevy truck owners.
3. The bi-fuel Silverado HD seamlessly switches between gasoline and compressed natural gas (CNG). Combining cleaner-burning CNG with gasoline gives Silverado HD an estimated maximum highway range of 650 miles per tank.²

¹ 765 lb.-ft. of torque @ 1600 rpm with available Duramax 6.6L Turbo-Diesel V8 engine. ² Based on GM testing highway estimate and fuel tank capacity. Your range may be less.

Duramax 6.6L Turbo-Diesel V8 engine.

DURAMAX 6.6L TURBO-DIESEL. This is heavy-duty strength you can count on. There are over 1 million Duramax diesels with Allison® transmissions on the road today with over 100 billion miles of experience.

Churning out an earthshaking 765 lb.-ft. of torque, the available Duramax Turbo-Diesel engine lets Silverado HD offer you best-in-class maximum conventional towing capability.¹ That's power you can trust to go the distance.

BUILT FOR THE EXTREME. Duramax glow plugs heat up quickly and, together with Direct Injection, can help your Silverado HD start quickly in extremely cold temperatures. At the other end of the spectrum, the engine oil cooler, transmission cooler and turbo intercooler will give you confidence when climbing even in the hottest conditions.

¹ Requires 3500HD DRW when properly equipped with available Duramax 6.6L Turbo-Diesel V8 engine. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

TOWING

**YOUR HARD DAY OF TOWING
JUST GOT EASIER.**

NEW FIFTH-WHEEL/GOOSENECK PREP PACKAGE. The biggest trailers require the best equipment. That's why we're introducing the Fifth-Wheel/Gooseneck Prep Package.¹ Available on every cab, this package offers exactly what you need to pull the largest loads. It includes a hitch platform ready to accept a gooseneck ball or fifth-wheel hitch, a box-mounted trailer harness, a spray-in bedliner for added durability and convenience, and all the necessary box and bedliner holes drilled and capped. Available first quarter 2016.

NEW DIGITAL STEERING ASSIST. Delivering enhanced control and performance on the highway and in the parking lot, Digital Steering Assist is standard on Crew Cab models and also on 4-door Double Cab models equipped with a diesel engine. This advanced technology provides many of the same characteristics you'll get with Electric Power Steering, including ease of handling, stability at high speeds, maneuverability at low speeds, and excellent feel and response.

¹ Requires bumper hitch and spray-in bedliner. Not available with 6.0L V8 CNG engine, drop-in bed mat, drop-in bedliner or bed rug.

3500HD Crew Cab Long Box LTZ 4x4 DRW in Silver Ice Metallic with available features.

3500HD Crew Cab Long Box LTZ 4x4 DRW in Tungsten Metallic with available features.

1 Requires 3500HD Regular Cab 4x4 DRW with available Duramax 6.6L Turbo-Diesel V8 engine. 2 Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. 3 Requires 3500HD DRW when properly equipped with available Duramax 6.6L Turbo-Diesel V8 engine.

CONFIDENCE IS KING. Silverado HD has the torque and the transmission necessary to pull everything from a fishing boat to a front loader. But it doesn't end there. We've loaded it with features that give you the ability to control and stop the heaviest trailers.

TOW UP TO 23,200 LBS^{1,2} Our biggest truck, Silverado 3500HD has the brute strength to tow massive loads — up to 23,200 lbs^{1,2} of fifth-wheel trailering. 3500HD also delivers massive conventional towing — up to 20,000 lbs^{2,3}

HILL START ASSIST. To give you extra time to switch from the brake pedal to the accelerator without rolling back, Hill Start Assist holds the brakes momentarily or until you press the accelerator.

STABILITRAK WITH TRAILER SWAY CONTROL. To keep both your truck and your trailer heading in the same direction, StabiliTrak® with Trailer Sway Control automatically detects a swaying trailer and applies both the vehicle and the trailer brakes (if properly equipped) to help bring it back in line.

SILVERADO HD EARNED AN ADVANCED DEGREE IN TOWING TECHNOLOGY.

1. The available rear vision camera's dynamic guiding lines help when hitching a trailer.
2. The available Diesel Exhaust Brake System¹ helps reduce the amount of conventional braking needed while towing or traveling downhill.
3. For control and easy monitoring of your trailer brakes, an integrated trailer brake controller is standard on 3500HD and available on 2500HD.
4. Tow/Haul mode adjusts transmission shifts to reduce shift cycling when towing or hauling heavy loads or driving on steep grades.

¹ Requires available Duramax 6.6L Turbo-Diesel V8 engine.

PAYLOAD

3500HD Crew Cab Long Box LTZ 4x4 DRW in Tungsten Metallic with available features.

CARRY THE LOAD. Because every payload is a payday, Silverado HD provides a roll-formed steel pickup box along with big numbers across the entire Regular Cab, 4-door Double Cab and Crew Cab lineup. Head to the specs section at the back of this catalog for all the details.

EZ LIFT & LOWER TAILGATE. Dampened by a torsion spring, the EZ Lift & Lower tailgate that's standard on LT, LTZ and High Country opens smoothly with no thud and can be closed with one hand, so you can load and unload cargo easily.

CONVENIENT CARGO BED LAMPS.

Available LED lamps under the bedrails illuminate the bed — perfect for those times when you need a better look at all you're hauling or when the tonneau cover is on.

THE HARDEST-WORKING CARGO BOX IN THE BUSINESS.

-
- 1. Pocket hand grips built into the top of the side rails provide a boost into the bed.*
 - 2. The CornerStep rear bumper with nonslip treads also makes it easy to reach the cargo you're carrying.*
 - 3. Four standard lower tie-downs and available movable upper tie-downs can be positioned in numerous locations to help secure cargo.*
 - 4. Standard bed rail protectors and an available factory-installed spray-in bedliner help protect the box from damage.*
-

ENGINEERING

2500HD Crew Cab Standard Box
LTZ 4x4 in Butte Red Metallic with
available features.

IT STARTS WITH A STRONG FOUNDATION.

¹ Requires 3500HD Regular Cab DRW with Vortec 6.0L V8 engine. These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver door jamb. ² Requires available Snow Plow Prep Package.

FULLY BOXED FRAME. The HD frame uses high-strength steel for the fully boxed frame rails. Nine cross members provide lateral support. The front frame segments are hydroformed, a process that minimizes weight without sacrificing strength. Mounted to the rear frame are 3-inch-wide leaf springs that help achieve a maximum payload rating of 7,153 lbs¹ on the Regular Cab model. The torsion bar front suspension helps shoulder Front Gross Axle Weight Ratings of up to 6,000 lbs.²

HIGH-STRENGTH STEEL. The frame is precisely tuned to help squelch vibration for a smoother ride and confident handling. And to help create a quiet cab, nearly two-thirds of the HD cab structure is made with high-strength steel, including the pillars, roof rails and rocker panels.

ROLLED, NOT STAMPED. Even the HD pickup bed benefits from tougher steel. HD features a roll-formed steel pickup box floor, which is lighter, stronger and more durable than traditional stamped-steel boxes used by major competitors.

SPRAY-IN BEDLINER. To provide a permanent nonskid surface, the available spray-in liner covers the entire bed below the side rails, including the tailgate, front box top rail and lower tie-down loops.

CORROSION-RESISTANT DURALIFE BRAKE ROTORS. Chevy engineers used patented ferritic nitrocarburizing (FNC) technology to help resist rust and help extend rotor life.

TEST. TEST AGAIN. AND AGAIN. To help validate design and materials, Silverado underwent more than 6 million miles of durability testing on proving grounds and tough roads and in excess of 7 million miles in the real world.

3500HD Crew Cab Standard Box LTZ 4x4
in Slate Grey Metallic with available
Duramax 6.6L Turbo-Diesel V8 engine
and Z71 Off-Road Package.

**Z71. NO ROADS
NECESSARY.**

2500HD 4-door Double Cab Standard Box
LT 4x4 in Black with available Z71 Off-Road
Package and Snow Plow Prep Package.

Z71 OFF-ROAD SUSPENSION. Ignore paved roads with Rancho® twin-tube shocks, an underbody Skid Plate Package and all-terrain tires. Hill Descent Control lets you set and maintain your speed on steep grades.

RUGGED LOOKS. Foglamps and the Z71 emblem on the grille let the world know your truck can handle the rough stuff. Custom graphics on the pickup box reinforce the message.

INSIDE Z71. Exclusives include a Z71-specific gauge cluster and instrument panel graphics. An off-road screen in the Driver Information Center keeps you up to date on how great your Z71 is performing on the trails.

THE POWER TO PLOW. Off-road takes on a different meaning when it snows. With the available Snow Plow Prep Package, Silverado HD 4x4 is ready with a beefed-up Front Gross Axle Weight Rating, powerful alternator, forward lamp wiring harness, Skid Plate Package and more.

INTERIOR DESIGN

2500HD Crew Cab LTZ interior in Dune
with perforated leather appointments
and Cocoa interior accents.

**WHERE POWER
MEETS PREMIUM.**

2500HD Crew Cab LTZ interior in Dune with perforated leather appointments and Cocoa interior accents.

¹ Not compatible with all devices.

DESIGNED FOR ALL-DAY COMFORT.

Resilient dual-firmness foam helps the seats retain their support over time, which is especially important for Silverado HD drivers and passengers who spend a lot of time in their trucks.

THE STRONG, SILENT TYPE.

Need a spot to make a call or plan the next job? Silverado HD delivers. The cabin is quiet, thanks to exterior aerodynamics, inlaid and triple-sealed doors, thicker windshield glass and sound-deadening materials.

POWERED UP. Depending on the model you choose, you'll never be far from a convenient power supply: multiple USB ports¹; up to four auxiliary power outlets and an available 110-volt outlet keep first- and second-row passengers connected.

TRUE TRUCK CAPABILITY INSIDE.

Upper and lower glove boxes give you and your entire crew a place to store all kinds of items. Plus, there are a number of storage areas throughout, so everyone has a spot for their gear.

BECAUSE YOUR WORK ISN'T CONFINED TO AN OFFICE.

1. An available 4.2-inch diagonal color Driver Information Center (DIC) lets you choose what information you see and how you see it.
2. With an available center console storage compartment designed to double as a file cabinet, Silverado HD isn't just your truck. It's your office on wheels.
3. An available wireless charging¹ station lets you conveniently charge your cell phone.
4. Steering wheel-mounted controls allow you to activate available Bluetooth^{®2} phone functions, set the cruise control, engage the available heated steering wheel and more. All knobs and buttons are large enough to accommodate gloved hands.

¹ The system wirelessly charges one PMA- or Qi-compatible mobile device. Some devices require an adaptor or back cover. To check for phone or other device compatibility, visit my.chevrolet.com/learn for details. ² Go to my.chevrolet.com/learn to find out which phones are compatible with the vehicle.

TECHNOLOGY

EASY ACCESS TO YOUR SMARTPHONE. With available Apple CarPlay™ and Android Auto™ compatibility¹ you can interact with select smartphone apps. These systems take some of your phone's features and put them on the available Chevrolet MyLink² display in a smart, simple manner. You can access your phone, text messages, music and navigation, as well as some of your favorite audio apps.

HEAVY-DUTY TECHNOLOGY FOR YOUR HEAVY-DUTY WORLD.

1. Chevy Silverado HD is the first vehicle in its class to make Apple CarPlay and Android Auto compatibility¹ available to enhance the connected experience.
2. Use the OnStar RemoteLink^{®3} mobile app to start or turn off the engine (requires available remote vehicle starter system) and lock or unlock the doors from almost anywhere you have cell service.
3. Available Chevrolet MyLink² lets you arrange icons and features on the optional 7-inch or 8-inch diagonal color touch-screen. Store up to 60 favorites, including radio stations, contacts and even destinations (requires available Chevrolet MyLink² Radio with Navigation).

1 Vehicle user interfaces are products of Apple and Google and their terms and privacy statements apply. Requires compatible smartphone and data plan rates apply. Android Auto is not currently available on 2016 Silverado with optional 8-inch diagonal MyLink display. 2 MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada. 3 Requires compatible mobile device and active OnStar subscription. Visit onstar.com for details and system limitations.

Apple CarPlay is a trademark of Apple Inc. iPhone is a trademark of Apple Inc., registered in the U.S. and other countries. Android Auto is a trademark of Google Inc.

**SILVERADO HD IS THE FIRST FULL-SIZE
PICKUP TO OFFER BUILT-IN 4G LTE Wi-Fi.¹**

Our stronger signal means you have a reliable connection, providing a better in-vehicle experience than you'll get with your smartphone and allowing you to seamlessly connect up to seven devices to the Internet.¹

¹ Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. Vehicle must be on or in accessory mode to access Wi-Fi and device must be within 50 feet of the vehicle.

SAFETY

SURROUNDED BY SAFETY.

With the available Driver Alert Package, you get features that help protect you from the unexpected, including the Safety Alert Driver Seat, Lane Departure Warning, Forward Collision Alert, and Front and Rear Park Assist.

SAFETY ALERT DRIVER SEAT.

The available Safety Alert Driver Seat uses directional vibration pulses from the seat cushion instead of audible crash avoidance alerts to help indicate the direction of potential threats. The patented warning approach is tied into other onboard crash avoidance systems.

FORWARD COLLISION ALERT.

This available feature continually monitors how close your vehicle is to the vehicle in front of you. If the system determines that a front-end collision with a detected vehicle is imminent, it alerts the driver to a potential crash.

LANE DEPARTURE WARNING.

If you unintentionally change lanes (without a turn signal), this available camera-based system sends an alert. The camera, mounted near the inside rearview mirror, reads traffic lane markings when identifiable and provides audible and visual alerts.

REAR VISION CAMERA.

When the Silverado HD transmission is in Reverse, the available rear vision camera with dynamic guiding lines allows the driver to view objects directly behind the vehicle via the screen in the center stack. So it's easier to back up, park or hook up a trailer.

FRONT AND REAR PARK ASSIST.

Ideal when pulling into a parking spot at low speeds, this available system senses stationary objects and alerts you if an object is too close. The available rear vision camera automatically displays a live image of the area behind the vehicle on the screen in the center stack after you shift into Reverse.

ABS BRAKES. Four-wheel, four-channel, antilock disc brakes (ABS) help provide straight, more controlled stops by preventing wheel lockup in most road conditions.

AIR BAGS. Standard on 2500HD are six air bags,¹ including frontal air bags, head-curtain side-impact air bags with rollover protection and seat-mounted side-impact air bags. 3500HD has frontal air bags¹ standard, and available are head-curtain side-impact air bags with rollover protection and seat-mounted side-impact air bags.

AVAILABLE ONSTAR® AUTOMATIC CRASH

RESPONSE.² In a crash, built-in sensors can alert a specially trained OnStar Advisor, who can be connected into your Silverado HD to see if you need help — even if you can't ask for it. Advisors can use GPS technology to pinpoint your location and request emergency help. OnStar Guidance Plan³ is standard for the first six months (available on WT⁴).

SAFETY STARTS WITH YOU.

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the Silverado HD Owner's Manual for more important safety information.

¹ A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information. ² Visit onstar.com for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. ³ Visit onstar.com for coverage map, details and system limitations. ⁴ Requires available Chevrolet MyLink Radio with 7-inch diagonal color touch-screen display.

Left to right: 1500 4-door Double Cab Standard Box LS 4x4 in Silver Ice Metallic, 2500HD 4-door Double Cab Standard Box WT 4x4 in Summit White with available features, 1500 Regular Cab Long Box WT in Summit White, 3500HD Regular Cab WT 4x4 DRW in Summit White with available features, and 3500HD Chassis Cab in Summit White with aftermarket dump body.

WE MEAN BUSINESS.

¹ Maintenance visits must occur within 2 years or 24,000 miles of vehicle delivery, whichever comes first. Does not include air filters. See participating dealer for other restrictions and complete details.

Silverado HD is work-ready from the moment it leaves the factory floor. To make sure it's the perfect fit for your job or work site, Chevy created programs designed with the small business owner in mind.

BUSINESS CHOICE. This enhanced incentive program is specifically designed for business owners who use their trucks for work-related purposes. Visit gmfleet.com for more information.

BUSINESS ELITE DEALERS. Chevrolet Business Elite Dealers provide owners with a team of expert sales consultants to help select the right vehicles for the job. Plus, every Business Elite service department has the facilities, tools, equipment and certified technicians to accommodate owners' specific needs.

Here are a few things that can be expected from a Business Elite Dealer:

- A dedicated dealer representative
- Extended service hours
- Work-ready loaners
- Chevrolet Complete Care, including two visits for maintenance (oil and filter changes, tire rotations [SRW models only] and multipoint vehicle inspections)¹

ACCESSORIES

RAISE THE BAR IN YOUR SILVERADO HD.

These are just a few of the accessories available for your 2016 Silverado HD.

SELECT VEHICLE FEATURES

SILVERADO HD WT WT includes:
Vortec 6.0L V8 engine with Variable Valve Timing
6-speed electronically controlled heavy-duty automatic transmission with overdrive, Tow/Haul mode, cruise grade braking and powertrain grade braking¹
Auxiliary external transmission oil cooler
External engine oil cooler
Heavy-duty automatic locking rear differential
4-wheel antilock disc brakes with Duralife™ brake rotors
Trailer Package² (3500HD models)
Integrated trailer brake controller (3500HD models)
Air bags:³ single-stage frontal and thorax side-impact for driver and front passenger and head-curtain side-impact for front and rear outboard seating positions (2500HD Crew Cab models); single-stage frontal for driver, dual-stage frontal for front passenger, thorax seat-mounted side-impact for driver and front passenger, head-curtain side-impact for front and rear outboard seating positions, Passenger Sensing System with infant-only suppression for front passenger, and passenger safety belt reminder status displayed on overhead console (2500HD 4-door Double Cab and Regular Cab models); single-stage frontal driver and front passenger (3500HD models)
StabiliTrak Electronic Stability Control System with Proactive Roll Avoidance and Traction Control; includes electronic Trailer Sway Control and Hill Start Assist
Daytime running lamps with automatic exterior lamp control
Halogen projector headlamps
Outside manual Black mirrors (2500 models)
Outside high-visibility vertical Black trailing mirrors, manual-folding and manual-extending, with lower convex spotter glass (3500 models)
Chrome grille surround
Chrome front bumper
Chrome CornerStep rear bumper
Black recovery hooks
Black door handles
Locking tailgate
Tailgate and bed rail protection caps
17" steel wheels (2500HD models)
18" painted-steel wheels (3500HD SRW models)
17" painted-steel wheels (3500HD DRW models)
AM/FM stereo with 4.2-inch diagonal color display, USB port⁴ and auxiliary input jack
4-speaker sound system
Driver Information Center with 3.5-inch diagonal monochromatic display
Single-zone climate control with air conditioning
Cruise control
Power door locks

SILVERADO HD WT (CONTINUED)
Front 40/20/40 reclining split-bench 3-passenger seat with outboard head restraints and center fold-down armrest with storage; cloth seat includes manual-adjustable driver lumbar control
Rear full-width folding 3-passenger bench seat (4-door Double Cab models)
Rear 60/40 split-folding 3-passenger bench seat (Crew Cab models)
Driver and front passenger assist handles on A-pillars
Graphite-color rubberized vinyl flooring
Power windows with express-down and driver express-up/-down (4-door Double Cab and Crew Cab models)

SILVERADO HD LT In addition to or replacing WT features, LT includes:
Digital Steering Assist (4-door Double Cab Diesel and Crew Cab models)
OnStar Guidance Plan⁵ (standard for the first six months, trial excludes Hands-Free Calling minutes), includes Automatic Crash Response and Turn-by-Turn Navigation
Outside heated power-adjustable body-color mirrors with driver spotter mirror (2500HD models)
Outside heated power-adjustable vertical Black trailing mirrors, upper glass, manual-folding and manual-extending, with integrated turn signal indicators, auxiliary cargo lamp for backing up and amber auxiliary clearance lamp (3500HD models)
Body-color bodyside moldings
Body-color door handles
EZ Lift & Lower tailgate
Remote locking tailgate
Rear wheelhouse liners (2500HD models and 3500HD 4-door Double Cab and Crew Cab models; not available with DRW)
17" machined-aluminum wheels (2500HD models)
18" chromed-aluminum wheels (3500HD SRW models)
17" painted-steel wheels (3500HD DRW models)
Chrome wheel trim skins and center caps (3500HD DRW models)
Chevrolet MyLink® Radio with 8-inch diagonal color touch-screen display
Single-slot CD/MP3 player
HD Radio®
SiriusXM Satellite Radio⁷ All Access Package with 3-month trial subscription
OnStar 4G LTE and built-in Wi-Fi hotspot for up to seven devices⁸; includes data trial for 3 months or 3 GB (whichever comes first)
Driver Information Center with 4.2-inch diagonal multi-color display
Leather-wrapped steering wheel with steering wheel-mounted controls for audio and cruise
Remote Keyless Entry
Front 40/20/40 reclining split-bench 3-passenger seat with manual-adjustable driver lumbar control, outboard head restraints, center fold-down armrest with storage, lockable storage compartment in seat cushion and storage pockets
Driver and front passenger visors with illuminated vanity mirrors
Color-keyed carpeting with rubberized vinyl floor mats (4-door Double Cab and Crew Cab models include second-row floor mats)

¹ Requires Vortec 6.0L V8 or 6.0L V8 CNG engine. ² Not available with pickup box delete or rear bumper delete. ³ A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information. ⁴ Not compatible with all devices. ⁵ Visit onstar.com for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers. ⁶ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada. ⁷ If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change. ⁸ Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations.

SELECT VEHICLE FEATURES (CONTINUED)

IMPORTANT INFORMATION

CHEVROLET OWNER CENTER (MY.CHEVROLET.COM) Everything you need to know. Anything you need to do. Your Chevrolet Owner Center makes it easy. Create your account today to get the most out of your new vehicle. Get special alerts and offers, schedule service, review your maintenance schedule, and view how-to videos specifically for your vehicle. All online, anytime. Visit the Owner Center today to register or take a tour.

ENGINES Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

ONSTAR OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1.888.4ONSTAR (1-888-466-7827) or visit onstar.com for OnStar Terms and Conditions, Privacy Policy, details and system limitations.

A NOTE ON CHILD SAFETY Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at

NEW VEHICLE LIMITED WARRANTY GM vehicles registered in the USA are covered for 3 years/36,000 miles (whichever comes first). The complete vehicle is covered, including tires, towing to your nearest Chevrolet dealership and cosmetic corrosion resulting from defects. Repairs will be made to correct any vehicle defect, and most warranty repairs will be made at no charge. In addition, rust-through corrosion will be covered for 6 years/100,000 miles (whichever comes first). See dealer for details.

the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Large Pickup segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS Some standard content may be deleted on fleet orders. See dealer for details.

CHEVROLET OWNERSHIP EXPERIENCE Chevrolet is committed to enhancing the vehicle shopping and ownership experience through a wide array of programs.
