SHINING EXAMPLE

YEAR AFTER YEAR, EX-CLASS INNOVATION PREVIEWS WHAT OTHER CARS MIGHT BE IN THE FUTURE – BY DOING IT FOR YOU TODAY.

Standard and available equipment varies by model. Please see back of brochure.
SIX MODELS, ALL ROLE MODELS

For half a century, the E-Class has done one thing above all: It’s driven the future of driving. First, it reinvented the luxury car as a nimble yet roomy sport sedan. To that, it added flexible space for people and cargo, and created a new kind of wagon. Over nine generations, it’s repeatedly set the standard for safety, the pace of performance, and the example for efficiency. Year after year, the E-Class shines the way to the future, so that all cars may someday follow. Wrapping groundbreaking features in breathtaking style, it inspires its driver like no other car: By making that someday today.
PRACTICALLY PERFECT

TRUE STYLE DOESN’T CHASE TRENDS. MAYBE THAT’S WHY THE E-CLASS KEEPS STARTING THEM.
THE FINE ART OF ENGINEERING

Like many artists, they sketch in charcoal and sculpt in clay. But before it reaches the eyes of the public, the auto designer’s work must also endure wind tunnels and crash halls. And to be a Mercedes-Benz, an E-Class must catch your eye, earn your admiration, and maintain your affection for years to come. What matters most is how well its design works from within—making you feel secure, comfortable and confident. And inspiring you to take one more glance before you turn off the garage light. The way you see your E-Class comes from how it makes you feel.
IMPECCABLY STITCHED, HAND-FITTED UPHOLSTERY AND HAND-POLISHED WOOD CONCEAL A CORE OF NATURAL MATERIALS CHOSEN TO SUSTAIN YOUR WELL-BEING.
TAILORED TO FIT

Distinctively individual as they may be, none of your senses works alone. Any foodie, art lover or fashion guru knows this. It’s how the muted sheen and flawless fit of E-Class upholstery tell you it’s supple and supportive, even before you feel it. It’s how the positive precision of each control relays the entire car’s reassuring solidity. And it’s how multicolor ambient lighting can put you and your passengers at ease as effectively as the double-filtered cabin air.

CRAFTED TO ENDURE

Beneath every exactingly fitted, painstakingly finished surface of an E-Class is a tradition of craftsmanship generations deep. Even the most modern offerings—like matte Open-pore Brown Ash wood or designo Natural Bamboo—are crafted with a high degree of handwork. This is also true for the upholstery, from the uncannily leatherlike feel and legendary quality of MB-Tex, to the superlative softness of hand-matched designo Nappa leather. The true beauty of an E-Class, however, might be concealed under its sensuous surfaces. Steam-expanded foams—a process pioneered by Mercedes-Benz in the 1990s—eliminate harmful chemicals from the cabin and its manufacture. And supporting the seats, door trim and other elements are natural products from flax, coconut and olives. The E-Class has been caring for the earth—and its occupants—since long before it was fashionable. But look how fashionable it is.
THRUST FOR LIFE

THERE’S A HUNGER FOR PERFORMANCE IN EACH OF US. AN E-CLASS SATISFIES IT IN MANY WAYS.
MOTIVATION IN MOTION

Rocketeers make rockets. Engineers make engines—the heart of an automobile—and so much more. Mercedes-Benz engineers make dreams you can drive. Ever since Carl Benz patented the first car, they’ve continued to advance the state of the art of the automobile—with the first winning racecar, first all-wheel drive, first diesel, and first fully independent suspension. And after they invent, they reinvent: Direct fuel injection, clean diesel, the multilink suspension, and on and on. What you feel in an E-Class is more than a rush of power. It’s the acceleration of progress.
MERCEDES-AMG IS NO MERE SPONSOR OF RACING. AMG IS PEOPLE WHO DEVELOP, BUILD AND RACE RACECARS. AND THEY WIN. THEN THEY DEVELOP AND CRAFT HIGH-PERFORMANCE STREET CARS. AND YOU WIN.
“One man, one engine” is more than a motto for AMG. It’s a guiding philosophy and a process rooted in racing, where precision and endurance are proven in record time. The heart of a Mercedes-AMG E 63 S is its 577-hp biturbo V-8. Each one is crafted by the hands of its own master engine builder, who visually inspects and records every component, and computer-verifies each torque spec. Only after the V-8 is individually bench-tested does it earn his signature—on a metal plaque that he affixes atop the engine. This degree of detail-obsession is evident throughout this super-sedan and wonder-wagon—from their mighty braking hardware to their meticulously hand-fitted Nappa leather upholstery.

It takes more than a stampede of horsepower to make the quickest sedan in its class—and the fastest wagon on the planet. Thanks to AMG Performance 4MATIC® all-wheel drive, an E 63 S converts torque into traction brilliantly. Its 33:67 front/rear torque split joins forces with the 7-speed multi-clutch AMG SPEEDSHIFT® transmission, a Torque Vectoring Brake feature, and multistage ESP® with a Sport handling mode. Together they ideally transfer power to the pavement at launch and when powering out of corners. So along with class-leading 0–60 acceleration (3.5 seconds for the Sedan, 3.6 for the Wagon), they preserve the legendary agility that AMG drivers have cherished on road and track for decades.
WHEN SECONDS MATTER MOST, SO DO FIRSTS. IT’S WHY MERCEDES-BENZ ENGINEERS KEEP THINKING UP NEW WAYS TO MAKE EVERY CAR SAFER.

Every effort of Mercedes-Benz safety engineers goes toward a singular goal: accident-free driving. They’re also keenly aware that achieving this goal only for the vehicles they design would be pointless. The roads can only be safe for someone when they’re safe for everyone. The 1951 patent for the first crumple zone is one of more than 88,000 that Mercedes-Benz has earned in the past 130 years. Energy-absorbing front and rear deformation zones flank a reinforced “safety cell” for the passengers. But the idea did more than better protect the occupants of a Mercedes-Benz. It eventually became the way all automobiles are made, thereby helping protect everyone on the road better. Over the decades, countless breakthroughs that were pioneered under the Three-Pointed Star have gone on to become the safety standards for all automobiles—like the Antilock Braking System (ABS), the Electronic Stability Program (ESP®), emergency-sensing Brake Assist (BAS®), the seat-belt Emergency Tensioning Device (ETD), and side curtain air bags. For many of these inventions, Mercedes-Benz has chosen not to enforce their patents—since some things are too important not to share. As a result, you can expect to see some of the groundbreaking advancements of today’s Mercedes-Benz on other cars in a few years. That said, sometimes the future is only milliseconds ahead of you. And nobody prepares you for it like the engineers who’ve spent decades thinking about it.
IMMINENT DOMAIN

SEEING THE FUTURE ISN’T NEARLY AS IMPORTANT AS PREDICTING YOURS—ESPECIALLY THE PART THAT’S JUST SECONDS AHEAD. WITH INTELLIGENT DRIVE, A 360° NETWORK OF CAMERAS, RADAR AND OTHER SENSORS CAN SEE MORE THAN THE HUMAN EYE, TO HELP YOU GET OUT OF DANGER BEFORE YOU’RE IN IT.

COLLISION PREVENTION ASSIST PLUS
Radar-based technology alerts you if you’re following a vehicle too quickly or too closely. As soon as you start to brake, Adaptive Brake Assist automatically adjusts the braking to an ideal level, to help prevent a collision or reduce its severity. The system can apply the brakes autonomously from speeds up to 65 mph. It can also activate PRE-SAFE, the predictive system that can tighten the front seat belts and close the windows in the moments before a collision.

ATTENTION ASSIST
By continuously monitoring as many as 70 parameters of driving behavior, ATTENTION ASSIST can alert you both visually and audibly if it detects signs of driver-drowsiness on long trips. Its enhanced sensitivity helps the system detect drivers who begin their trip drowsy. A display in the gauge cluster can help you track your own attention level and driving time along your journey.

ACTIVE LANE KEEPING ASSIST
By monitoring visible road markings at speeds above 37 mph, Active Lane Keeping Assist helps detect unintended drifting off-course, and alerts you by vibrating the steering wheel. If you continue to drift, it can selectively brake individual wheels to help guide the car back into its lane. It can also help detect and alert you to overtaking vehicles, vehicles you’ll need to overtake if you change lanes, and even oncoming traffic in the adjacent lane.

ACTIVE BLIND SPOT ASSIST
When driving above 20 mph, radar technology helps sense when a vehicle enters the blind-spot area on either side of you, and alerts you by illuminating an icon in the side mirror. A warning tone sounds if you activate a turn signal while a vehicle is detected. And if you begin to change lanes, advanced active technology can help guide the car back by applying the brakes on one side.
DISTRONIC PLUS WITH STEERING ASSIST
Radar-based cruise control adapts your set speed to the flow of traffic ahead, automatically slowing until your path is clear again. If the vehicle ahead slows to a stop, DISTRONIC PLUS® can brake to a full halt. When traffic moves, you can resume with just a tap, or automatically if the stop is under a second. The Steering Assist feature helps the driver keep the vehicle centered in between the lane markings while cruising on straight roads, or even in gentle curves.6

BRAKE ASSIST PLUS WITH CROSS-TRAFFIC ASSIST
BAS® PLUS uses radar sensors to scan the road ahead at driving speeds up to approximately 45 mph. Cross-Traffic Assist uses radar plus advanced cameras to help detect a potential collision with vehicles approaching from either side of an intersection ahead, or with pedestrians in the car’s path. When the driver responds to the system’s alert by braking, Brake Assist PLUS precisely applies the maximum braking force required to help prevent such an accident.7

PRE-SAFE BRAKE WITH PEDESTRIAN RECOGNITION
PRE-SAFE Brake can help detect an impending collision and automatically apply up to 100% braking force to help reduce the severity of impact. At speeds up to approximately 35 mph, it can also help detect if pedestrians have entered in your path and automatically apply the brakes.7 The features are active whether using the cruise control functions of DISTRONIC PLUS or not.

PARKTRONIC WITH ACTIVE PARKING ASSIST
As you drive by open parking spaces, sensors help you size them up. When you decide to back into one, it can expertly steer and brake for you—and steer you back out later. In any low-speed maneuver, PARKTRONIC’s ultrasonic sensors in the bumpers help detect nearby objects within its field of view. Audible and visual indicators in the cabin help you navigate tight spaces with confidence.
HIGHER DEFINITION

LIFE’S FINER MOMENTS COME FROM THE FINEST ATTENTION TO EVERY DETAIL.
Two crisp screens keep you informed, not just with vivid colors but with intuitive, illustrated displays. Two types of filtration help sweep dust particles, pollen and even odors from the cabin air. Three colors of fiber-optic LED ambient lighting can soothe or stimulate your senses. There’s extra detail in every detail of an E-Class—all to bring you a higher order of enjoyment. Luxury has many definitions. What matters most is what it means to you.
HIGH TECH, HUMAN TOUCH

An E-Class might offer features you’ve never seen before. Odds are, they’ll soon be favorites you can’t imagine doing without, thanks to their intuitive controls and thoughtful details. The navigation can be operated not just by voice, but by your voice—learning the way you speak. The Surround View System can compose four cameras into a single birdseye view, to show you what’s around you on the in-dash screen.

Heated seats automatically step down their intensity—twice—to keep you cozy, not cooked.

To make driving at night or in a dark tunnel more comforting, the ambient lighting instantly defines the cabin space and door handles—in your choice of three hues. Even the drive-mode controls in an AMG E 63 S make it easy to dial in the car’s performance—by feel, on the go.

Technology shouldn’t push you into the future. The user-friendly E-Class delivers it to you.
TO BRING YOU IDEAS YOU NEVER IMAGINED, AND MAKE THEM FEEL INSTANTLY FAMILIAR, MERCEDES-BENZ ENGINEERS STAY TRUE TO A SIMPLE BELIEF: TECHNOLOGY IS SUPPOSED TO MAKE LIFE EASIER.

INSIDER KNOWLEDGE
IN THE SEDAN OR WAGON, ON YOUR DAILY COMMUTE OR THE ANNUAL ROAD TRIP, THE VERSATILE E-CLASS CABIN ADAPTS TO FIT YOUR LIFE. IT CAN MAKE THE MILES SEEM SHORTER, OR EVERY INCH FEEL LARGER.

RADICAL CONFORMIST
Take a seat in an E-Class, and chances are, you’ll wish you could take it with you when you arrive. They’re supportive and sumptuous, and embracing yet expansive. The front seats can offer you soothing heat and cooling ventilation. There’s even a driver seat that can give you a rejuvenating massage. It’ll also hold you tighter whenever the car’s hugging the corners. The second row also offers first-rate features, like a Rear Seat Entertainment option that turns it into a mobile theater and game room. When it needs to become cargo room, there are easy-folding seatbacks. They’re even available in the sedan—along with an accessory trunk box that keeps smaller items in check, or retracts with a gentle push. And in an E 350 Wagon, there’s a third row of seats. If the idea of versatility seems too radical for a refined automobile like the E-Class, just think of it as the luxury of spontaneity.
TOGETHER WHEREVER

IT’S PERFECTLY NATURAL TO DEVELOP AN EMOTIONAL ATTACHMENT TO YOUR MERCEDES-BENZ. WITH MBRACE, ENJOYING A TECHNOLOGICAL CONNECTION IS JUST AS EASY.

With Mercedes-Benz mbraçe, your car is only a click away. Five years of mbraçe Connect benefits and services¹¹ come standard with every new 2016 Mercedes-Benz, providing you with remote access to your vehicle from your smartphone or computer. With the mbraçe Mobile App,¹² you can lock, unlock and locate your car—and more—from your phone. You can access Google and Yelp from your car with an ever-evolving variety of in-vehicle apps. You can send destinations to your car’s available COMAND® navigation system from your computer or phone. Even your car can reach out, with remote diagnostics and a direct connection to Mercedes-Benz Roadside Assistance.¹³ Three additional packages bring you even more connections—from added safety and security, to a personal concierge, to streaming music and in-car WiFi for you and your friends. With mbraçe, your Mercedes-Benz helps you stay connected not just to your car, but to your world—from anywhere you are, and wherever tomorrow takes you.

**mbraçe Connect**
5 years included
State-of-the-art convenience with remote vehicle access, in-vehicle apps and over-the-air updates

**Package includes:**
- mbraçe Mobile App for Android or iPhone
- Remote lock/unlock and other vehicle features via Mobile App
- Access to mbraçe Web services at mbraçe.MBUSA.com
- Remote diagnostics with direct dealer connection
- Over-the-air updates of many mbraçe features and apps
- An evolving selection of Mercedes-Benz Apps, such as:
  - Google™ Local Search
  - Yelp
  - Fuel station finder with prices
  - Weather reports locally and around the world
  - Airport flight status
  - Local movie theater showtimes
- Valet Protect
- Viewable traffic cams in many metro markets

**mbraçe Secure**
6-month trial included
Requires mbraçe Connect
Added peace of mind from safety and security features for you, your family, and your vehicle

**Package includes:**
- Automatic Collision Notification
- Emergency calling from your car’s SOS button or the Mobile App
- Automatic Alarm Notification
- Stolen vehicle location assistance
- Agent-assisted remote locking and unlocking
- Dealer connect

**mbraçe Concierge**
3-month trial included
Requires mbraçe Secure
Personal assistance from highly knowledgeable professionals with access to a world of resources

**Package includes:**
- Personal concierges to help you stay more productive on the road, or from the Mobile App on your smartphone
- Expert recommendations and reservations for dining out, and for tickets to events
- Turn-by-turn directions from a live assistant or sent to your car
- Travel assistance, including reservations and changes for hotels, airlines and car rentals
- Answers to most any question, help with most any request

**mbraçe Entertain**
3-month trial included
Requires mbraçe Secure
Online, on-the-road enjoyment from streaming entertainment to maps, along with in-car WiFi

**Package includes:**
- Streaming audio and data via widely available 3G coverage
- In-car WiFi with secure connection of up to four devices
- Online maps, powered by Google
- A selection of streaming audio apps, including:
  - TuneIn® radio
  - iHeart Radio®  Available starting Fall 2015
  - Mercedes-Benz Radio

Please see endnotes at back of brochure.
CAR IN YOUR POCKET

The mbrace Mobile App on your iPhone or Android phone includes a number of remote vehicle controls among its many useful features. You can lock and unlock the doors from any distance. Locate your car on a map. Or flash its lights and sound the horn. You can even look up an address, and send it directly to your car’s COMAND navigation system.

OUR WORLD IS YOURS

The online world of Mercedes-Benz is one of many ways you can enjoy being part of the family. You can keep up to date with news and events, or take in an entertaining film. You can get more from your vehicle with helpful tutorial videos and downloadable manuals. And you can check out photos from other Mercedes-Benz drivers and fans, and best of all, share yours as well.
### BUILD YOUR OWN

### Performance and efficiency

- ECO Start/Stop system
- 4MATIC all-wheel drive
- AMG Performance 4MATIC all-wheel drive
- AMG limited-slip differential

### Safety and security

- COLLISION PREVENTION ASSIST PLUS
- ATTENTION ASSIST®
- PRE-SAFE®
- Electronic Stability Program (ESP®)
- Adaptive braking technology: Predictive Brake Priming, Automatic Brake Drying, Hill-Start Assist, and Brake HOLD feature
- Emergency-sensing Brake Assist (BAS®)
- Advanced Tire Pressure Monitoring System
- Blind Spot Assist
- Lane Keeping Assist
- PARKTRONIC with Active Parking Assist
- Rearview camera
- 11-way air bag protection
- NECK-PRO® front head restraints
- LED Daytime Running Lamps
- LED low-beam headlamps
- Active full-LED headlamps
- Full-LED taillamps
- SmartKey remote locking and starting system
- KEYLESS-GO®
- Power liftgate
- Electronic trunk closer w/HANDS-FREE ACCESS
- Anti-theft alarm system with remote panic feature

### Comfort and convenience

- 14-way power front seats with memory
- Heated front seats
- Ventilated front seats
- Split-folding rear seats
- Rear-facing third-row seat
- Power tilt/telescoping steering column
- Multifunction steering wheel w/Nappa leather trim
- Dual-zone digital automatic climate control
- Power tilt/sliding tinted glass sunroof
- Multicolor ambient lighting
- Power rear-window sunshade
- Rain-sensing windshield wipers
- Rear-window wiper w/auto-on in Reverse
- Power-folding side mirrors
- Auto-dimming driver-side and inside mirrors

### Entertainment and navigation

- COMAND® system with central controller
- COMAND navigation w/80GB hard drive
- SiriusXM Traffic and Weather w/5 years of service
- Voice control w/learning feature
- No-charge navigation map updates for 3 years
- harman/kardon LOGIC7® sound system
- Bluetooth® audio streaming
- USB audio port
- SiriusXM Radio w/6-month All Access trial
- HD Radio® receiver
- In-dash DVD/CD player and SD card reader
- Hands-free Bluetooth interface
- Mercedes-Benz mbrace®
- 5 years of mbrace Connect services

The personal rewards of striving to be the best are even more meaningful in the development of young people than they are for automobiles. Instilling the values of leadership, goal-setting, discipline and teamwork in youth is an investment in everyone’s future. It’s why Mercedes-Benz USA is collaborating with the Laureus Sport for Good Foundation, with an ongoing commitment to train and place hundreds of coaches for after-school and in-school sports programs in communities across the country. Sports offer kids more than the chance to be physically active and have fun. It’s also an opportunity to have a mentor who can guide them, help them learn how to deal with major life issues, and help them grow stronger not just physically but in their character. As a Mercedes-Benz driver, you become a part of this effort to give hundreds of thousands of kids a better life today, and all of us a brighter tomorrow.

Learn more about how Mercedes-Benz USA believes in giving back at MBUSA.com/community
