ANTIDOTE FOR ENVY

FROM INNOVATION TO INSPIRATION, THE S-CLASS COUPE STARTS BY GOING BEYOND IMAGINATION, AND ENDS UP BEYOND COMPARE.
TO INSPIRE ALL OTHERS TO ASPIRE

You know that feeling when you sit in traffic, staring at the driver of another car, and wish you could trade places for just one day? The driver of a 2016 S-Class Coupe doesn’t. Because whether it’s breathtaking performance, inimitable style, never-before-seen technologies, or must-have luxuries, there’s likely no other car so impervious to driver’s remorse. And that’s without adding “in combination” to the list above. An S-Class exercises its industry leadership in virtually every arena individually—from driving assists that foresee the future, to craftsmanship that honors a legacy.
BRILLIANT SEDUCTION

ITS SHAPE IS BEGUILING. ITS DETAILS CAPTIVATE. BUT TO BE SO IRRESISTIBLY ENCHANTING? THAT'S STYLE.
Something happens when you create a car for a limited audience. Its unshackled from the burdens of convention. In the S-Class Coupe, the result is a tradition of continually advancing the avant-garde. Its pillarless profile lets no framework interrupt its side windows, nor the flowing muscle of its flanks. Trim is rendered in sweeps of satin chrome. Its LED headlamps can be highlighted by 94 Swarovski® crystals. And its cabin envelops ultramodern luxuries in a three-dimensional sculpture of leather and wood.
STITCHES AND PERFORATIONS DANCE FLAWLESSLY ACROSS NAPPA LEATHER. GLOWING WOOD WRAPS INTO EACH DOOR. AND A CASCADING CONSOLE DEFINES FOUR INDIVIDUAL HAVENS OF COMFORT.
STAR TREATMENT

The S-Class Coupe cabin pairs two deeply held traditions: innovation you’ve likely never imagined, and handcraftsmanship most other automakers long ago forgot. Active multicontour front seats can instantly add side support as the car takes corners. There’s not a single lightbulb in the car, yet a network of more than 300 LEDs elevates cabin ambience to new dimensions—with seven colors, multiple zones, and variable brightness. The Panorama roof brings the sun and stars to all four of the individually contoured seats. And at a button’s touch, the available MAGIC SKY CONTROL® can darken the glass electrically.

SPA TREATMENT

While touching any surface of the S-Class cabin is uniquely rewarding, the thoughtful amenities beneath it all can touch you deeply. Front seats can offer six massage programs, from stress-reducing to rejuvenating. Two of them feature a "hot stone" effect that might make driving to the spa more enjoyable than the spa itself. All four seats, the steering wheel, and the three front armrests can be heated. Nappa leather is fitted by hand and offered in a wide palette, with exquisite designo leather at its pinnacle. Three-dimensional sculptures of hand-finished wood flow throughout the cabin. Six varieties range from traditional to exotic, all responsibly forested. And beneath the cabin’s surfaces, steam-expanded foams—a process pioneered by the S-Class—eliminate harmful chemicals, while products from flax, coconut and olives sustainably support numerous cabin elements.
AIR AND AUTHORITY

FEELS LIKE A BILLET, FLIES LIKE A BULLET. TURNS PRESSURIZED AIR INTO EFFORTLESS POISE, AND EVERY ATOM OF FUEL INTO FIREWORKS.
When a solid mass changes directly into a vapor, chemists call it sublimation. What an S-Class Coupe can create with its vault-solid body and chassis is far from vaporware—but it surely feels sublime. Twin turbos, Direct Injection and multispark ignition turn molecules and milliseconds into massive torque. Adaptive, active and even proactive suspensions read the road by feel and by sight. And two versions of 4MATIC® all-wheel drive can turn traction into attraction. What kind of science makes driving an S-Class Coupe so magical? The moment you feel the chemistry, you’ll know.
MERCEDES-AMG IS NO MERE SPONSOR OF RACING. AMG IS PEOPLE WHO DEVELOP, CRAFT AND DRIVE RACECARS. ON THE TRACK, THEY BRING HOME TROPHIES. ON THE STREET, YOU GET TO DRIVE THE TROPHY HOME.
“One man, one engine” is more than a motto for AMG. It’s a guiding philosophy and a process rooted in racing, where precision and endurance are proven in record time. The heart of a Mercedes-AMG S 63 or S 65 is its biturbo engine. Each one is crafted by the hands of its own master engine builder, who visually inspects and records every component, and computer-verify each torque spec. Only after the engine is individually bench-tested does it earn his signature—on a metal plaque that he affixes atop its cover. This degree of detail-obsession is evident throughout the car—from its mighty brake hardware to its range of driver-selected modes to its finely stitched, hand-fitted Nappa leather upholstery.

The AMG S 63’s biturbo V-8 outputs 577 hp. Its 664 lb-ft of torque is deftly applied via AMG Performance 4MATIC® all-wheel drive. Developed to maximize launch force while advancing AMG’s legendary agility, the system continually sends 67% of the total torque to the rear wheels. It teams with a lightning-quick 7-speed multiclutch AMG SPEEDSHIFT® transmission and AMG Adaptive Sport Suspension to deliver 60 mph in 3.9 seconds.¹ The front apron’s black “flics” and matte silver accents lure the eye and the wind to the chiseled profile—where massive AMG brakes lurk behind 20” AMG® wheels.² And from its AMG-lavished cockpit, the driver reigns supreme amid racing-breeder controls and refined furnishings.
Polished to Perfectionism

Inherent in the name Mercedes-AMG is more than a dual heritage. It’s an exponentially multiplied passion for performance. And it’s how a flagship luxury coupe can also fly under a checkered flag.
There are many easy ways to increase a car’s performance on paper, and even on a track. Upgrade a few components, chop a little weight, or just make it an all-out power monster. None of that would fly in Affalterbach, Germany. That’s where a Mercedes-AMG is created from the racetrack up, not just to outrun but to outperform by every measure. From super-hard cylinder walls to high-speed software, countless details don’t just quicken response, they sharpen it. Weight is not only reduced—by using a lithium-ion battery, for example—but reapportioned for better balance. And the elements for reining in speed are power-matched to those that generate it. Massive brake calipers clench enormous high-performance steel or AMG Carbon Ceramic discs—both types ventilated, perforated and slotted to better shed heat and resist fade. The AMG S 65’s 621-hp biturbo V-12 transmits 738 lb-ft of torque to its rear wheels via a 7-speed AMG SPEEDSHIFT® PLUS transmission. In 4.0 seconds,^1 it can thrust the coupe to 60 mph—just enough for onlookers to take in its brilliant chrome or gloss black detailing, or size up its 20” forged and polished AMG® wheels. Those fortunate enough to enjoy the S 65 from its lavish cockpit can also experience its dramatic curve tilting function. Using the cameras of MAGIC BODY CONTROL®, it can see upcoming curves and actively lean into them—like a cyclist or slalom skier—for added control.
SAFETY FIRST AND FOR ALL

WHEN SECONDS MATTER MOST, SO DO FIRSTS. IT’S WHY MERCEDES-BENZ ENGINEERS KEEP THINKING UP NEW WAYS TO MAKE EVERY CAR SAFER.

Every effort of Mercedes-Benz safety engineers goes toward a singular goal: accident-free driving. They’re also keenly aware that achieving this goal only for the vehicles they design would be pointless. The roads can only be safe for someone when they’re safe for everyone. The 1951 patent for the first crumple zone is one of more than 88,000 that Mercedes-Benz has earned in the past 130 years. Energy-absorbing front and rear deformation zones flank a reinforced “safety cell” for the passengers. But the idea did more than better protect the occupants of a Mercedes-Benz. It eventually became the way all automobiles are made, thereby helping protect everyone on the road better. Over the decades, countless breakthroughs that were pioneered under the Three-Pointed Star have gone on to become the safety standards for all automobiles—like the Antilock Braking System (ABS), the Electronic Stability Program (ESP®), emergency-sensing Brake Assist (BAS®), the seat-belt Emergency Tensioning Device (ETD), and side curtain air bags. For many of these inventions, Mercedes-Benz has chosen not to enforce their patents—since some things are too important not to share. As a result, you can expect to see some of the groundbreaking advancements of today’s Mercedes-Benz on other cars in a few years. That said, sometimes the future is only milliseconds ahead of you. And nobody prepares you for it like the engineers who’ve spent decades thinking about it.
COLLISION PREVENTION ASSIST PLUS
Radar-based technology alerts you if you’re following a vehicle too quickly or too closely. As soon as you start to brake, Adaptive Brake Assist automatically adjusts the braking to an ideal level, to help prevent a collision or reduce its severity. The system can apply the brakes autonomously from speeds up to 65 mph. It can also activate PRE-SAFE®, the predictive system that can tighten the front seat belts and close the windows in the moments before a collision.3

ATTENTION ASSIST
By continuously monitoring as many as 70 parameters of driving behavior, ATTENTION ASSIST® can alert you both visually and audibly if it detects signs of driver-drowsiness on long trips. Its enhanced sensitivity helps the system detect drivers who begin their trip drowsy. A display in the gauge cluster can help you track your own attention level and driving time along your journey.4

ACTIVE LANE KEEPING ASSIST
By monitoring visible road markings at speeds above 37 mph, Active Lane Keeping Assist helps detect unintended drifting off-course, and alerts you by vibrating the steering wheel. If you continue to drift, it can selectively brake individual wheels to help guide the car back into its lane. It can also help detect and alert you to overtaking vehicles, vehicles you’ll need to overtake if you change lanes, and even oncoming traffic in the adjacent lane.4

ACTIVE BLIND SPOT ASSIST
When driving above 20 mph, radar technology helps sense when a vehicle enters the blind-spot area on either side of you, and alerts you by illuminating an icon in the side mirror. A warning tone sounds if you activate a turn signal while a vehicle is detected. And if you begin to change lanes, advanced active technology can help guide the car back by applying the brakes on one side.5
SEEING THE FUTURE ISN’T NEARLY AS IMPORTANT AS PREDICTING YOURS—ESPECIALLY THE PART JUST SECONDS AHEAD.
WITH INTELLIGENT DRIVE, A 360° NETWORK OF CAMERAS, RADAR AND OTHER SENSORS CAN SEE MORE THAN THE HUMAN EYE, TO HELP YOU GET OUT OF DANGER BEFORE YOU’RE IN IT.

AHEAD AND BEYOND
EMBRACED AND ENRAPT

YOUR WELL-BEING, WELL ATTENDED. YOUR TIME, WELL SPENT.
A HISTORY OF INVENTING THE FUTURE

Safety and comfort are certainly hallmarks of the S-Class. But its legacy has been enriched by knowing when not to play it safe, and by never settling into contentment. Time-travel through its long line of thoroughbred coupes and you’ll find daring design, exquisite details and invigorating innovations—unveiling new tomorrows, over and over. Most anything can become “classic” if enough time has passed. An S-Class makes your time feel special from day one.
SENSE AND SENSUALITY

Though famous for their logic, Mercedes-Benz engineers have many passions. It’s how they alone have kept the romance of the pillarless coupe bodystyle going strong—quite literally, too—for 55 years. And it’s how the technology in the S-Class soothes and stimulates all of your senses.

Dual reconfigurable 12.3” widescreens keep you in the know, via classic analog-style gauges and intuitive animated menus. A Head-Up Display is also available. A touchpad/rotary controller can read your handwriting, and bring you a world of in-car and online entertainment, information and navigation. Two surround sound systems have been custom-crafted by Burmester®, Germany’s renowned maker of high-end home audio. And from the intricate speaker grilles, to the cabin-air ionizer and fragrance atomizer, to the multicolor LED ambient lighting, every detail is engineered to entice you, engage you, and enchant you.
IT CAN DO THINGS NO CAR HAS EVER DONE FOR YOU. AND IT CAN MAKE THE ENTIRELY NEW FEEL NOT JUST COMPLETELY NATURAL, BUT UTTERLY ESSENTIAL.

FLOWS WITH THE GO
**TOGETHER WHEREEVER**

**IT’S PERFECTLY NATURAL TO DEVELOP AN EMOTIONAL ATTACHMENT TO YOUR MERCEDES-BENZ. WITH MBRACE, ENJOYING A TECHNOLOGICAL CONNECTION IS JUST AS EASY.**

With Mercedes-Benz mbrace®, your car is only a click away. Five years of mbrace Connect benefits and services⁹ come standard with every new 2016 Mercedes-Benz, providing you with remote access to your vehicle from your smartphone or computer. With the mbrace Mobile App,¹⁰ you can start your car’s engine, lock its doors and more. You can access Google and Yelp from your car with an ever-evolving variety of in-vehicle apps. You can send destinations to your car’s standard COMAND® navigation system from your computer or phone. Even your car can reach out, with remote diagnostics and a direct connection to Mercedes-Benz Roadside Assistance.¹¹ Three additional packages bring you even more connections—from added safety and security, to a personal concierge, to streaming music and in-car WiFi for you and your friends. With mbrace, your Mercedes-Benz helps you stay connected not just to your car, but to your world—from anywhere you are, and wherever tomorrow takes you.

**Mercedes me** is a new online destination for Mercedes-Benz drivers, where you can access vehicle info, get more from your mbrace features, learn more about your car, and follow the exciting world of Mercedes-Benz. Take a tour at MBUSA.com/me

Please see endnotes at back of brochure.
CAR IN YOUR POCKET

The mbrace Mobile App on your iPhone or Android phone includes a number of convenient remote vehicle controls. A new Remote Start feature lets you start the engine from your smartphone, to give the climate control a head start before you even leave the house. By the time you enter your car, the cabin can be preconditioned for your comfort.

OUR WORLD IS YOURS

The online world of Mercedes-Benz is one of many ways you can enjoy being part of the family. You can keep up to date with news and events, or take in an entertaining film. You can get more from your vehicle with helpful tutorial videos and downloadable manuals. And you can check out photos from other Mercedes-Benz drivers and fans, and best of all, share yours as well.

### Performance and efficiency
- ECO Start/Stop system
- AMG Performance 4MATIC all-wheel drive

### Safety and security
- COLLISION PREVENTION ASSIST PLUS
- PRE-SAFE® PLUS
- Night View Assist®
- Electronic Stability Program (ESP)
- Adaptive braking technology: Predictive Brake Priming, Automatic Brake Drying, Hill-Start Assist, and Brake HOLD feature
- Emergency-sensing Brake Assist (BAS™)
- Advanced Tire Pressure Monitoring System
- 12-way air bag protection
- LED Daytime Running Lamps and taillamps
- Adaptive high beams with Active Curve Illumination
- Corner-illuminating front lamps
- DISTRONIC PLUS® with Steering Assist
- PRE-SAFE® Brake with Pedestrian Recognition
- BAS® PLUS with Cross-Traffic Assist
- PRE-SAFE PLUS rear-end collision protection
- Active Blind Spot Assist
- Active Lane Keeping Assist
- Traffic Sign Assist
- MAGIC VISION CONTROL® heated wiper/washer system
- PARKTRONIC with Active Parking Assist
- Rearview camera
- Surround View System®
- SmartKey remote locking and starting system
- KEYLESS-GO®
- Soft-close doors
- Electronic trunk closer with HANDS-FREE ACCESS
- Antitheft alarm system with remote panic feature

### Comfort and convenience
- 16-way power front seats with memory
- Heated and ventilated front seats
- Active multicontour front seats with massage feature
- Heated front center armrest and door armrests
- Individual rear seats with functional center console
- Heated rear seats
- Power tilt/telescoping steering column
- Multifunction steering wheel
- Heated steering wheel
- Multicolor/multizone LED ambient cabin lighting
- Illuminated front door sills
- Panorama roof with heat-rejecting fixed-glass panel and power interior sunshade
- Power rear-window sunshade
- Dual-zone digital automatic climate control
- Cabin-air purification system with ionizer
- Cabin-air fragrance system
- designo Nappa leather headliner
- Rain-sensing windshield wipers
- Heated power side mirrors with power fold-in
- Auto-dimming driver-side and inside rearview mirrors

### Entertainment and navigation
- Dual 12.3” high-resolution widescreens
- COMAND® system with touchpad controller
- COMAND navigation with 80GB hard drive
- 5 years of Traffic and Weather service by SiriusXM®
- Voice control with learning feature
- No-charge navigation map updates for 3 years
- Head-Up Display®
- Burmester® Premium Surround Sound System
- Burmester High-End 3D Surround Sound system
- FrontBass® system
- Bluetooth® audio streaming
- Hands-free Bluetooth interface
- Near-Field Communication (NFC) technology
- Dual USB ports, in-dash DVD/CD player, SD card reader
- SiriusXM Radio with 6-month All Access trial®
- HD Radio® receiver
- Mercedes-Benz mbrace®
- 5 years of mbrace Connect services®

## Option Packages

### Premium Package
- Active multi-contour front seats with "hot stone" massage
- Rapid heating feature for front seats
- Head-Up Display
- Surround View System

### Driver Assistance Package  
**S 550 requires Premium Package**
- DISTRONIC PLUS® with Steering Assist
- PRE-SAFE® Brake with Pedestrian Recognition
- BAS® PLUS with Cross-Traffic Assist
- PRE-SAFE PLUS rear-end collision protection
- Active Blind Spot Assist
- Active Lane Keeping Assist
- Traffic Sign Assist

### Warmth & Comfort Package  
**AMG S 63 requires Driver Assistance Package, plus wood/leather steering wheel or AMG Performance steering wheel**
- Heated steering wheel
- Heated rear seats
- Heated front center armrest and door armrests
- Wood/leather steering wheel  **Included on S 550 only**

### Sport Package
- 19" AMG® twin 5-spoke wheels with all-season tires
- Sport lower body styling
- Diamond-block grille with chrome-tipped pins
- Rubber-studded aluminum pedals

### AMG Exterior Carbon Fiber Package
- Carbon fiber front air-dam splitter, side-sill and rear diffuser inserts, and side mirror covers
- Carbon fiber engine cover  **Standard on AMG S 65**

The personal rewards of striving to be the best are even more meaningful in the development of young people than they are for automobiles. Instilling the values of leadership, goal-setting, discipline and teamwork in youth is an investment in everyone’s future. It’s why Mercedes-Benz USA is collaborating with the Laureus Sport for Good Foundation, with an ongoing commitment to train and place hundreds of coaches for after-school and in-school sports programs in communities around the country. Sports offer kids more than the chance to be physically active and have fun. It’s also an opportunity to have a mentor who can guide them, help them learn how to deal with major life issues, and help them grow stronger not just physically but in their character. As a Mercedes-Benz driver, you become a part of this effort to give hundreds of thousands of kids a better life today, and all of us a brighter tomorrow.
