Refinement. Performance. Art. No matter the order, the CC indulges in all of the above. With sleek design through and through, powerful engines, and the latest innovative features, the CC is luxury you can see and feel. We're sure you'll notice it right away. And you won't be the only one.
Lap of luxury, meet fun on wheels.

Style. Confidence. Sophistication. The CC delivers breakthrough design and superior craftsmanship, and it shows. The CC has the looks that get the looks. And why not? With a flowing roofline, as well as sleek, seductive curves, it conveys class and luxury through and through. Whether you’re escaping to a glamorous weekend getaway or making good time in the passing lane,* the CC is a high-performing stunner.

Lap of luxury, meet fun on wheels.

**Bi-Xenon headlights.** Technology that shines bright. With de-vision headlights that are designed to burn brighter than halogen, you can see the road even better at night.

**LED taillights.** The LED taillights on the CC have been styled with precision contours that perfectly flow with its aesthetic body lines. It’s just another reason the car behind you get to enjoy looking at them more than you do.

**Rain-sensing wipers.** When it starts to rain, the windshield wipers can be set to automatically turn-on. They can also be set to adjust their speed according to how much rain is falling. Now a little precipitation won’t dampen your drive.

**Frameless door design.** A sleek and elegant design cue that makes the CC unmistakably a coupe. With no frame around the door windows, they seamlessly flow into place with the sporty design flow.

**Side mirrors with integrated turn signals.** These side mirrors are more than just beautifully designed; they also do double-duty with visible turn signals.

**Power-operated, heated side mirrors.** When the temperature gets below 68°, the side mirrors can be set to automatically heat up to help keep them from fogging. So when you’re looking at your side mirrors, you’re better able to have a clear and clear view of the weather.

**18” alloy wheels.** With 18” alloys, your wheel of style will always be in motion.

**LED Daytime Running Lights (DRL) and Adaptive Front-lighting System (AFS).** LED accent lighting adds a sleek look to the front headlights. AFS controls the headlights at certain speeds so they move with your turns to help you see what’s ahead.

**Hands-free Easy Open trunk.** Hands full? With your keys in your pocket, just swipe your foot under the rear bumper and the hands-free Easy Open trunk unlocks and opens.

*Always obey local speed and traffic laws.
The inside story never fails to intrigue.

Sink down into a driver’s seat that has an available massage function and discover just how well-designed the interior of the CC is. Expert craftsmanship is evident in every rich detail of the cabin, from the available leather seating surfaces to the available power tilting panoramic sunroof. Add advanced tech-savvy features like touchscreen technology and a multi-function steering wheel, and this is one inside story worth talking about.

Standard features

Composition Media touchscreen sound system. The CC is now in touch. Literally. With its advanced touchscreen sound system, you can control your media, settings, and the Volkswagen Car-Net® App-Connect® feature, which can sync compatible smartphones and display content on the dash. Or in command with one fingertip.

Multi-function trip computer. Get in touch with the multi-function trip computer. Conveniently positioned directly in front of you on the dashboard, it’s a quick way to view important trip information—without taking your attention from the road.

Multi-function steering wheel. Style doesn’t stop at where you steer. This is why the CC comes with a race-inspired steering wheel, crafted and contoured with fine leather so you can experience the joy of driving even more than you already do.

Climate/Climatronic® dual-zone automatic climate control. Serve like never before. Serve like it’s cold. Thankfully, with dual-zone automatic climate control, you and your passenger can sit in your own comfort zone.

12-way power-adjustable front seats. Get the comfiest seat in the car by adjusting it to your liking. With just one finger, you can move your seat in not one, but 12 possible ways.

Power tilting panoramic sunroof. It tilts to help give you maximum exposure. You’re one touch away from letting the sun shine on your drive.

Driver’s seat massage function. With lumbar support that can massage your back up and down motion, long drives can feel just as comfortable as quick commutes.

Leather seating surfaces. Discover what sitting in the lap of luxury is all about with supple leather seating surfaces that offer premium feel and high-end aesthetics.

Front seats with active ventilation control. Keep your cool in the front seats. All thanks to an available seat base and backrest that can be ventilated from inside the seat at three levels (low, medium, high).

*App-Connect features require compatible device, operating system, and mobile app. Standard/optional/available apply. See mobile app provider for terms and prices.
It’s a connection, and an extension of you.

Sync up and dial in. Your compatible smartphone makes a genius connection. The available Volkswagen Car-Net® connected car suite brings you many ways to connect to your CC. Take, for instance, VW Car-Net App-Connect, which can display select apps from your compatible smartphone onto your touchscreen†. Once you plug your smartphone into the USB port, App-Connect lets you use your apps on the dash, using either Apple CarPlay™, Android Auto™, or MirrorLink®. Staying in touch has never been this easy.

---

Bluetooth® technology with audio streaming for compatible devices.

Connect your smartphone or other compatible device for talking and streaming. This way you can handle business without missing a beat.

Volkswagen Car-Net App-Connect.

VW Car-Net App-Connect lets you have your compatible smartphone with Apple CarPlay, Android Auto, or MirrorLink in use select apps on the touchscreen display of your Volkswagen®. From streaming music and internet maps, it can be accessed on the touchscreen.

Volkswagen Car-Net Guide & Inform.

With easy access to gas prices, weather, sports scores, and more through SiriusXM Travel Link™ services with 3-month trial subscription, and a 4-year trial subscription to SiriusXM Traffic, which offers real-time traffic information, you get your info front and center.**

Volkswagen Car-Net Security & Service.

Provides a seamless link from almost any of your compatible devices — your smartphone, computer, or tablet — to your Volkswagen. VW Car-Net Security & Service can call for help in an emergency, monitor speed and boundary alerts, check the status of your VW when you’re away, and much more.

---

AVAILABLE DRIVER ASSISTANCE FEATURES (Late Availability)

Dynaudio® premium sound system.

Bringing crystal-clear quality into your car, Dynaudio delivers a premium sound system that elevates your driving experience.

Forward Collision Warning and Autonomous Emergency Braking (Front Assist).

Sensors in the front of your CC help alert you if you are approaching another vehicle too quickly. If you fail to brake enough, the system can boost the braking pressure. And if you don’t brake at all, Front Assist automatically steps in and applies the brakes to help reduce the severity of a potential impact.

Adaptive Cruise Control (ACC).

Keep things under control with ACC, which is designed to help keep your CC at a preset distance from the vehicle in front of you.

Lane Departure Warning (Lane Assist).

This system helps keep your CC in the lane. If it detects that you’re driving outside of your lane without use of a turn signal, it warns you to return to your lane.

SYNC UP AND DIAL IN. YOUR COMPATIBLE SMARTPHONE MAKES A GENIUS CONNECTION. THE AVAILABLE VOLKSWAGEN CAR-NET® CONNECTED CAR SUITE BRINGS YOU MANY WAYS TO CONNECT TO YOUR CC. TAKE, FOR INSTANCE, VW CAR-Net APP-CONNECT, WHICH CAN DISPLAY SELECT APPS FROM YOUR COMPATIBLE SMARTPHONE ONTO YOUR TOUCHSCREEN†. ONCE YOU PLUG YOUR SMARTPHONE INTO THE USB PORT, APP-CONNECT LETS YOU USE YOUR APPS ON THE DASH, USING EITHER APPLE CARPLAY™, ANDROID AUTO™, OR MIRRORLINK®. STAYING IN TOUCH HAS NEVER BEEN THIS EASY.

Passing lane? Or your moment to shine?

The performance of the CC is bound to enhance the experience. Choose between the 2.0L turbocharged engine that produces 200 hp* or go for the bold power of the available 3.6L V6**. Either way, it’s a high-performance ride. Control that power with the help of available 4MOTION all-wheel drive** that can handle curves and corners.

HORSEPOWER**

2.0T engine

200

The 2.0L turbocharged engine delivers 200 hp* and 207 lb-ft of torque for premium power.

3.6L engine**

280

With an available V6 engine that delivers 280 hp*, the CC will have you sitting in the power position—the driver’s seat.

PREMIUM FEATURES

6-speed DSG® automatic transmission. Thanks to the 6-speed DSG automatic transmission, you can enjoy the drive without having to worry about shifting gears. But if you’re feeling especially sporty, you can switch to Tiptronic® and manually change gears.

STANDARD FEATURES

Autobahn-tested suspension. Make highways and turns feel like a breeze. The finely tuned suspension in the CC was designed with the autobahn in mind and U.S. highways at heart.

Manual transmission. The 6-speed manual transmission drives the power to the shifting and helps bring out the performance of the engine for a more engaged and exciting drive. Blip that throttle and roll.

Available features

4MOTION all-wheel drive.** With this all-wheel-drive system in place, your CC can help you have better control over many types of road conditions. When the system senses the wheels aren’t rotating equally, it delivers more torque to the wheels that need it for better grip, handling, and peace of mind.
Let’s start with its incredible bone structure.

The beauty of the sleek and sophisticated CC goes deep, past its exterior to some of its more appealing features. From its adaptive airbags* and Intelligent Crash Response System** to its Tire Pressure Monitoring System and seven stability-enhancing systems, it’s designed to help protect you and your passengers in many circumstances. The CC helps bring you peace of mind. Now what could be more beautiful than that?

SAFETY FEATURES

Safety cage. The safety cage for the CC has been designed to help protect you during front, rear, or side impacts. In addition, advanced thermoformed steel B-pillars offer strong reinforcements on top.

Intelligent Crash Response System (ICRS). In the event of a collision that activates the vehicle’s airbags*, the Intelligent Crash Response System can automatically disable the fuel pump, unlock all the doors, and turn on the hazard lights**.

Adaptive airbags. Our airbags have been engineered to adapt to crash severity, and special door sensors will deploy Side Curtain Protection® airbags in the event of a side impact*.

Seven stability-enhancing systems. From Electronic Brake-pressure Distribution (EBD), which helps maintain appropriate stopping power during a hard braking situation, to Electronic Stability Control (ESC), which regulates engine throttle and applies corrective forces to the wheels that need them most, there are seven systems in total to help you stay in control.

Safety disc drying. When it’s raining outside, this system wipes water off the disc brakes to help them remain dry and retain more of their stopping power. And it’s activated by turning the windshield wipers on.

Tire Pressure Monitoring System (TPMS). The right amount of tire pressure is needed to help maximize your riding comfort. Thanks to this feature, you’ll be alerted when your tire pressure is low and air needs to be added.

†Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and restrict children to the far rear. For more information about supplemental airbags, please refer to your owner’s manual.

‡The Intelligent Crash Response System will only activate in collisions where the airbags deploy or safety belt pretensioners activate. Not all collisions cause airbags to deploy or safety belt pretensioners to activate.

§In real-world collisions, and if multiple bags do deploy, they will be in various stages of inflating/deflating and will never all be inflated at the same time.

††This is a dramatization of the real-life deployment of the vehicle’s airbags as they may actually appear in collisions. Actual vehicle deployment may differ from that seen in this dramatization.

*Our airbags have been engineered to adapt to crash severity, and special door sensors will deploy Side Curtain Protection® airbags in the event of a side impact.

**The Intelligent Crash Response System (ICRS) will only activate in a collision where the airbags deploy or safety belt pretensioners activate. Not all collisions cause airbags to deploy or safety belt pretensioners to activate.
