THE INSPECTION

Your Acura dealership considers only well-maintained, Acura vehicles newer than six years and with fewer than 80,000 miles for certification.

The search for your Certified Pre-Owned Vehicle starts with prime-condition Acuras produced within the last six years, a Vehicle History Report reviewed, then each candidate vehicle is put through a comprehensive multi-point inspection—inside and out—by Acura-trained service technicians. Several of the key components checked include:

- Brakes
- Engine and drivetrain
- Steering and suspension
- Tires and wheels
- Exhaust system
- Exterior finish

THE HISTORY

A vehicle history report is provided with each certified vehicle.

Every Acura Certified Pre-Owned Vehicle comes with a complimentary Vehicle History Report. Drawn from an extensive database, it documents details such as registration history, title information, reported accident history and odometer readings—pertinent facts that may affect the vehicle's safety and value. You're even covered by buy-back protection if your Vehicle History Report* fails to disclose a severe problem reported by a state Department of Motor Vehicles.

THE WARRANTY

There for the long haul.

Your Acura is backed by one of the most attractive certified pre-owned limited warranties in the business.

Key Provisions

- Powertrain Systems and Components Coverage—Up to 7 years or 100,000 miles from the date the vehicle was first registered under the Acura New Vehicle Limited Warranty. That's an extension of the original coverage up to 12 months or 12,000 miles (whichever comes first).
- Non-Powertrain Systems and Components Coverage—For 12 months or 12,000 miles beyond the expiration of the standard 4-year/50,000-mile warranty.
- Deductible—No deductible on covered repairs made at any Acura dealer nationwide.
- Transferable—Yes, between private parties.

CONFIDENCE

Aren't all Certified programs the same?

While most manufacturers offer some type of certified program for pre-owned vehicles, this does not mean that they are all the same. Major differences can be found in the inspection list, vehicle condition, and the warranty. With an Acura Certified Pre-Owned Vehicle, your vehicle meets only the most stringent qualifications, backed by a lengthy comprehensive warranty.
