Exterior color options will vary based on model, trim level and package combination. See your dealer for details.
The Audi Q5 doesn’t just provide a vehicle for your journey—it’s a destination unto itself. It rewards the individual and the group, the driver and the passengers. Providing balance between engaging power, crisp handling and premium interior appointments that capture its allure: This is how the idea of luxurious versatility takes shape as you discover where the Q5 can take you—and where you want to go.
The destination of the journey.

The Audi Q5 doesn’t just provide a vehicle for your journey—it’s a destination unto itself. It rewards the individual and the group, the driver and the passengers. Providing balance between engaging power, crisp handling and premium interior appointments that capture its allure:

This is how the idea of luxurious versatility takes shape as you discover where the Q5 can take you—and where you want to go.
When you strike a rich, tuneful chord, every note is placed exactly where it needs to be. With the Audi Q5, we take a visual approach to harmony. There’s a striking elegance in the arc of the fenders as they bend over the wheels, balanced by the coupe-like roofline that hints at the performance you’ll feel. From the front, the Singleframe® grille takes center stage with an unmistakable assertiveness, while standard xenon plus headlights with signature LED daytime running lights let the masses know you worked hard to look this good. It’s the kind of style that adds poise to personality, the kind of design harmony that’s our natural state.

Visual harmony can

hit all the right notes.
Give peace of mind a chance.

We understand that you can't control everything that happens on the road. That's why we build the kind of vehicle that can help you prepare for the unexpected. With the Audi Q5, this includes strength and safety features in the vehicle, such as a rigid occupant safety cell and advanced airbag technologies, as well as a galvanized steel unibody construction with a lightweight aluminum hood and tailgate—helping to set your mind more at ease.

1. Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.
Nowhere to go but up.

There’s something very optimistic about the interior of the Audi Q5. Consider the standard panoramic sunroof that fills the interior with natural light, and the driver-oriented layout, where every control, gauge, and switch has been placed with convenience in mind. Take another look around, and you’ll notice the high-quality materials and fine craftsmanship that you’ve come to expect from Audi. From the standard Dark Brown Walnut Wood inlays to the carefully stitched leather seating surfaces to the available three-spoke multifunction steering wheel, it all comes together to create an interior that gives you a supremely confident outlook.
The ability to adapt to each day is a powerful feature of evolution. When it’s time to transport something as important as your family or even just a chest of drawers, we think it is imperative that you be able to transform your space, helping accommodate your needs without hesitation. Standard eight-way, power front seats give you a multitude of options when it comes to personal comfort, while sliding and reclining rear seating helps make sure your passengers are included in this pleasant experience. And with the many possible configurations afforded by the 40/20/40 split folding rear seatbacks, you may never run out of ways to enjoy your Q5.
Extraordinary momentum drives our every performance.

With the Audi Q5, we strive to help you find that irresistible level of performance—the kind that captures power and poise when you take a corner or accelerate into exhilaration. The 2.0-liter turbocharged DOHC engine produces 220 horsepower and combines the valvelift system, FSI® direct injection and turbocharging—making thrilling performance standard. Meanwhile, the available 272-horsepower 3.0-liter TFSI® V6 is an engineering triumph, with a belt-driven supercharger that features counter-rotating four-vane rotors forcing air through dual intercoolers at boosted pressures for extra power. No matter which engine you choose, the Q5 will give you extraordinary momentum going forward.

1 Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws.
The story of torque is one of twists—and turns.

Every drive is, at heart, an engineering narrative. We sweat over balance, precision, weight savings and forces like torque. It’s what you feel at the moment of acceleration, a measure of the turning force of an object. For a driver, it’s something that makes a drive feel more powerful and spirited. The momentum generated by torque is something we harness in order to make for a better story of performance. A twist for all the brilliant turns you are able to make.

// quattro® all-wheel drive

Under normal driving conditions, the center differential splits torque at a ratio of 40:60, front to rear, to help maximize performance on dry roads, but as conditions change and become more challenging, the ratio is optimized to help maximize grip. This translates to traction and a more confident driving experience.
The performance potential of the SQ5 is obvious with S-specific exterior features like a unique Singleframe® grille, aluminum-optic accents and roof spoiler that show our sport pedigree. Add to that our signature LED daytime running lights, a pair of beautifully sculpted quad exhaust outlets perfectly integrated into the lower bumper and available bicolor gloss black 21" Audi Sport® wheels—and you have one powerfully designed vehicle.

// Engine
3.0-liter TFSI® supercharged V6 engine.
354 hp / 346 lb-ft.

// Drivetrain
Eight-speed Tiptronic® automatic transmission with quattro® all-wheel drive.

// Performance
Top track speed of 155 mph.1
0-60 mph in 5.1 sec.

SQ5

When we designed the Audi SQ5, we didn’t shy away from our racing heritage. It’s bursting at the seams with performance numbers, with a 354-hp TFSI® V6 engine, 346 lb-ft of torque and 0 to 60 mph in 5.1 seconds. Audi drive select, along with a sport suspension, polishes all of that raw power into an incredibly precise drive, while the note of the exhaust lets everyone else on the road know that you’re driving something special.

2017 Audi SQ5 Premium Plus shown in Mythos Black metallic with available equipment.

1 Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws.
Confidence that flows from the inside out.

We wanted the interior of the Audi SQ5 to make this vehicle’s ultimate purpose as impossible to ignore as the exterior. Consider the sport-contoured seating and the SQ5 signifier emblazoned on the front seats and flat-bottom sport steering wheel with shift paddles as proof. So even when you’re charging up a mountain road or using the passing lane, you’ll be surrounded by a level of comfort that can only be matched by this vehicle’s inspiring performance—an assertion complemented by such distinctive touches as available bicolor Fine Nappa leather seats and optional Layered Aluminum/Black Wood inlays.

SQ5
On our radar, off your nerves.

Knowing that you can process only so much information at once, we set out to provide you with driving technologies that can lighten the sensory load. With available advanced technologies like Audi side assist, which uses radar sensors to help inform you of vehicles approaching from the side, our innovations help keep you aware of your surroundings.

// Audi side assist

The available Audi side assist uses radar sensors and two different optical warnings to help keep the driver informed about what is approaching from hard-to-see angles to the side of the vehicle.

// Audi adaptive cruise control

The available Audi adaptive cruise control helps maintain a driver-selected distance from the vehicle in front by using a special long-range radar sensor. The system constantly measures the space between your vehicle and the vehicle ahead and helps manage it by automatically adjusting your speed. Once the road ahead is clear, the vehicle resumes the previously preset speed.

// Parking system plus with rear view camera

Helping to make parking an easier task, the available parking system plus features front and rear acoustic parking sensors. For added benefit, the rear view camera offers selectable guidelines for parking in parallel or perpendicular spaces.

Download the Audi library app on the App Store® or Google Play™ store, or visit Audiusa.com/brochures to dive deeper into the Audi Q5 as well as other models and Audi information.

1. The features discussed are not substitutes for attentive driving. Please see your owner’s manual for further details and important limitations. 2. Standard text and data usage rates apply.
With the available MMI® system, we focused on intelligence as a key to a higher form of luxury. Simply put, it’s an intuitive system that intimately connects you to your vehicle. It’s the nerve center of your vehicle, allowing you to control virtually every interior function of your Audi with a simplified source control button system. Whether it’s MMI navigation plus or available BLUETOOTH® streaming audio for compatible devices, MMI helps you access information with a few easy clicks. And even without it, you can pair your compatible phone with the vehicle for added convenience. With this kind of brainpower onboard, you can leave the little stuff to us—and just concentrate on how good it feels to drive.

\[1\] MMI® navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle’s electrical system and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lower roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Mapping updates are available at no charge for the first five map updates and are subsequently available on a subscription basis.
Our vision of live sound.

From perfectly sculpted high notes to a crystal-clear mid-range to deep-diving lows, the standard Audi sound system is a veritable orchestra of engineering that is well integrated within your Q5. The available Bang & Olufsen® Sound System is a sound engineer’s dream with a 505-watt 14-speaker system that fills the cabin with faithfully rendered, thrilling sound. This shouldn’t be surprising at all, considering that Bang & Olufsen® and Audi sound engineers worked tirelessly to craft an incredible acoustic environment and the delivery system for it, even adjusting volume and timbre to balance changing ambient noise levels. So whether you’re the type that wants to be soothed by sound or inspired by it, what you’ll hear is the embodiment of how good life can sound in your Audi.

With available Audi connect®, you can get the functionality of your compatible cell phone, with the means to get you where you want to go! Need to find a new, highly acclaimed restaurant? Pull over, and with the help of Google Voice Search™, Audi connect allows you to quickly search Google™ by simple voice commands. Looking for something to do in a new city? Get information about current events and directions to their locations. With crisp displays and easy access to steering wheel toggle controls, you have a system that connects you to your world.

There’s always an attraction to connect.

With an available 7-inch MMI® display, you have access to a wealth of information close to your field of view. Google Earth™ integration and Google Street View™ provides 3D satellite imagery and driver’s-eye views of your destination to help you easily recognize your destination. You can also manage your available Audi connect® services, providing news, weather and even Point-of-Interest information to keep you in touch on your journey.

Online services are subject to change. Google Earth™ and Google Street View™ services may not be available after December 2017.
A. **Ventilated front seats** | Available front seat ventilation offers multiple speeds of cooling, and lush available Milano leather seats provide comfortable support for confidence behind the wheel.

B. **Interior inlays** | Available in numerous finishes, they help create an interior space that speaks to your artistic sensibilities.

C. **Panoramic sunroof** | The standard two-panel panoramic sunroof offers both the front and rear passengers a virtually unobstructed view overhead.

D. **Available parking system plus with rear view camera**

E. **Power tailgate** | The power tailgate gives you programmable end points so you can adjust the opening to the height you choose—a big help in tight spaces.

F. **Available thermo cup holder**

G. **Three-zone automatic climate control**

H. **Available adaptive xenon plus headlights with LED daytime running lights**

I. **Available Audi side assist** | Helping to keep you informed about vehicles in lanes next to you!
You’re a try-anything-once, never-sit-still, give-it-your-all kind of person. Life doesn’t just string you along; you live to take life further. Audi Genuine Accessories can help you do just that. For personalizing, help in protecting and showing your Audi pride, our accessories were made for your lifestyle.

**A. Ski and snowboard racks**¹²
These racks help transport your equipment to the slopes. The standard attachment (shown) holds two sets of skis or two snowboards. A deluxe attachment, sold separately, holds up to six sets of skis or four snowboards.

**B. Fork-mount bike rack**¹²
Pursuing your favorite pastime just got easier. Made of anodized aluminum, this bike rack features a quick-clamping device that can be secured with the included lock. A wheel holder attachment (sold separately) conveniently holds the front wheel of the bike and is suitable for wheels with disc brakes.

**C. Thule® SUP Taxi**¹²
This premier locking stand-up paddleboard (SUP) carrier delivers unmatched paddleboard and surfboard security, combined with a convenient universal mounting design. Accommodates boards up to 34" wide.

**D. Compact cargo carrier**¹²
Extra gear won’t take up valuable cargo space with our aerodynamic carrier that offers a generous 10.5-cu-ft capacity. Size: 76" long, 26" wide, 15" high.

---

¹ All roof-rack system attachments require the base carrier bars. All attachments sold separately. ² Recreational equipment, sporting equipment and luggage not included.
Audi Genuine Sport and Design Accessories
For a bolder appearance or a finishing touch, we have a solution that helps make every mile more enjoyable—and more yours.
- Stylish wheel designs
- Audi beam
- License plate frames

Audi TravelSpace Transport Accessories
When on the go, help make sure your gear fits with a variety of intelligent and innovative solutions.
- Bike and ski racks
- Rooftop cargo carriers
- In-vehicle cargo bags

Audi Guard Comfort and Protection Accessories
Help protect what you love. Use Audi Guard Comfort and Protection Accessories to help keep your Audi looking like new—inside and out.
- Floor mats
- First aid kit
- Cargo mats

Audi Guard Car Care Products
Your Audi Q5 deserves the best—a car care line designed specifically for Audi.
- Leather care
- Detailing tools
- Winter protection

A. Q5 winter wheel and tire package
Adding style and performance, this winter wheel and tire package features Audi Original winter tires specifically engineered to help improve traction and handling in a variety of winter weather conditions. See your authorized Audi dealer for details.

B. 20" 10-spoke design wheels
Add a more powerful, sporty look with this eye-catching design. Shown in anthracite, also available in brilliant silver in an Audi wheel and tire package.

C. All-weather floor mats
The all-weather floor mats feature a nubbed design that helps protect your vehicle’s floor and carpeting from the elements. Black mats are available in sets of two for front or rear. Front mats feature the Q5 logo.

D. All-weather cargo mat
Custom fit for your Q5, the raised outside edge of the cargo mat helps contain spills and protect cargo-area carpeting from stains. The textured material helps control load shifting.

E. First aid kit
In the event of an emergency, you may want these essentials close at hand. Includes an emergency blanket, burn/wound dressings and much more.

F. Men’s Ingolstadt jacket
This three-layer performance soft-shell jacket, with a bonded fleece lining and an interior membrane, features custom map artwork in front and the Audi logo on the sleeve.

G. Men’s chronograph watch
Top-quality workmanship combines with precise Swiss movement. This elegant watch features a black leather band, a stainless steel case, a black dial and the Audi rings logo.

H. Ladies’ half-zip mock neck by Spyder®
Moisture-wicking, quick-drying, slim-fit material provides plenty of comfort. Features the Spyder® and Audi Sport® logos and is available in black, red, gray or white.
Black is still the new black.

You could call it a classic—or a powerful expression. Whatever you choose to call it, it’s undeniable that the Audi Q5 3.0T with available Black optic package creates an indelible impression. Bold gloss black elements accessorize the athletic exterior from its unique Singleframe® grille to gloss black window surrounds and matte black roof rails, and titanium-finish 20" Audi Sport® 5-V-spoke design wheels complete the look. No matter the geographical location or the season, you can engage in a sporty look that will always be in style.

1 SiriusXM® Satellite Radio and SiriusXM® Traffic subscriptions are sold separately or as a package after trial period and are continuous until you call SiriusXM® to cancel. See Customer Agreement for complete terms and more information at www.siriusxm.com. SiriusXM® Traffic service available only in the 48 contiguous U.S.A. (with coverage limitations). 2 MMI® navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle’s electrical system and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide audible and visual guidance to the driver regarding lane changes, exits, merges, roundabouts, and other potential hazards. The system is not a substitute for the driver’s own responsibility to be attentive to the road and the environment. The system is intended for use in conjunction with the driver’s own judgment and awareness. You may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested MMI® navigation plus route. Mapping updates are available at no charge for the first five map updates and are subsequently available on a subscription basis. 3 Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. 4 Some Audi models are equipped with a keyless ignition feature. The details as to how the system works vary, and Audi owners should consult their owner’s literature or an authorized Audi dealer if they have further questions about the operation of this feature. Please note that Audi warns against leaving the vehicle unattended with the engine running, particularly in enclosed spaces. 5 Always pay careful attention to the road, and do not drive while distracted. Audi connect® should only be used when it is safe and appropriate. Audi connect® features and functionality are optional, provided with the support of authorized affiliated and third-party service providers, and may require additional subscriptions with separate terms and conditions. Available on select models. Certain services collect location information, see Terms of Service for information about how to disable and for other details. 6 The features discussed are not substitutes for attentive driving. Please see your owner’s manual for further details and important limitations.

1-6 See Q5 2.0T Premium and Premium Plus build page for important information regarding SiriusXM® Traffic, MMI® navigation plus, airbags, Audi advanced key, Audi connect®, and Audi side assist. 7 Tires are supplied and warranted by their manufacturer. High-performance tires are designed for optimum performance and handling in warm climates. They are not suitable for cold, snowy, or icy weather conditions. If you drive under those circumstances, you should equip your vehicle with all-season or winter tires, which offer better traction under those conditions. We suggest you use the recommended winter or all-season tire specified for your car or its equivalent. These high-performance tires also have a lower aspect ratio that aids performance and handling; however, in order to avoid tire, rim, or vehicle damage, it is important that the inflation pressure is regularly checked and maintained at optimum levels. Please also remember in making your selection that, while these tires deliver responsive handling, they may ride less comfortably and make more noise than other choices. Finally, these tires may wear more quickly than other choices.

1 2017 EPA estimates not available at time of publication. See www.fueleconomy.gov for 2017 EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. 2 Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws. 3 Maximum tow rating when properly equipped with towing accessories. Other accessories and options may reduce maximum towing capacity. See vehicle owner’s manual for details.
