Progressive design that’s strikingly unique — and effortlessly cool. Intelligent technologies that help make the most of every drive. And spacious seating for up to 7, with “some of the best, most polished interior space of any three-row crossover SUV,” says thecarconnection.com. Plus, EcoBoost® power.¹ A standard rear view camera. And SYNC² 3 enhanced voice-activated technology¹² that helps you stay connected to what’s important to you. The 2017 Ford Flex combines them all to move you in every way that matters. Go further.
Starting with a touch of the chrome-finished door handle on Flex Limited. As long as your smart key is discreetly tucked away in your pocket or purse, just touch the handle and you’re in. Then, press the brake pedal, push the start button – and get moving. It’s that easy. Recall comfort on each drive with a 10-way power, leather-trimmed heated driver’s seat and power-adjustable pedals, both with memory. At your destination, you can activate the power liftgate any of 4 ways. Just press the button on the liftgate handle, on the instrument panel, on the remote control, or inside the rear cargo area. With bold FLEX lettering on the hood and liftgate, and incredibly helpful features inside, Flex is the space for busy families on the go.

The class-exclusive PowerFold™ 3rd-row seat is activated with a button in the rear cargo area. That seat, and either side of the 60/40 split 2nd-row bench seat, can be folded to fit passengers and long cargo items. When 2nd- and 3rd-row seats are folded flat, take advantage of over 83 cu. ft. of cargo space. Behind the 50/50 split 3rd-row seat, Flex offers up to 20 cu. ft.² of cargo space thanks to the extra room provided by its deep storage well.
Get best-in-class V6 horsepower when equipped with the twin-turbocharged, direct-injection, 3.5L EcoBoost engine. Paired with Intelligent all-wheel drive (AWD) and steering wheel-mounted paddle shifters, this 365-hp EcoBoost delivers spirited performance. "No matter the engine speed, goose the throttle and there's power on tap, ready to haul the Flex around," says caranddriver.com.

With its 3.5L Ti-VCT V6 engine, Flex has an EPA-estimated rating of 23 hwy mpg. Twin independent variable camshaft timing helps the standard V6 produce 287 hp. And the standard 6-speed SelectShift automatic transmission allows you to shift for yourself, or leave its fully automatic operation to Flex. An unconventional blend of style, space and smarts, the 2017 Ford Flex is the modern way to move.
Get flexible. 60/40 split-fold seat.

REFINES. THE ROAD.

Using ultrasonic sensors and sophisticated radar, Flex driver-assist technologies help you park, avoid collisions and more. Get a heads-up from adaptive cruise control & forward collision warning with brake support. It helps maintain your choice of speed and preset gaps from the vehicle in front of you and can alert you to a potential collision. If one is detected, it can flash a warning on the windshield, sound an alarm, and can pre-charge the braking system to provide full responsiveness when you do brake.

Make parallel parking easier with class-exclusive active park assist! It not only helps you find a spot, it can actually steer Flex into place as you control the gear shifter, brake and accelerator pedals. Stay alert to traffic detected in blind spots thanks to BLIS® (Blind Spot Information System) with cross-traffic alert! It helps warn you using lights embedded in the sideview mirrors.
