Honda reminds you to properly secure cargo items.

ROOM FOR ADVENTURE.
Introducing the all-new CR-V. It delivers a wealth of unrivaled standard features, as well as premium touches like the Honda-first hands-free access power tailgate with programmable height (Touring). And it's all backed by impressive driver-assistive technologies like a cross traffic monitor1 and the Honda Sensing™ suite (EX and above), so it delivers peace of mind as well.
EVERYONE’S INVITED.
With ample seating and a powerful V-6 engine, the Pilot is perfect for families and friends. Its stylish design and abundance of high-tech features will make them feel like traveling royalty. And the sense of security provided by the available Intelligent Traction Management system means greater confidence for the driver, too.

FAMILY STYLE.
With seating for up to eight, the Odyssey can easily fit your kids’ teammates, castmates or bandmates. They’ll love the available Rear Entertainment System; you’ll love its 248-hp engine.1 There are many different kinds of families, and this is one fun way to take them places.

WISH LIST COMPLETE.
Your dream of a car with the perfect blend of style and versatility comes to life in the HR-V Crossover. It can transport objects up to eight feet long or almost four feet high2 and has standard features you’ll love, like Bluetooth® streaming audio and a multi-angle rearview camera.3
RIDGELINE

It’s smarter and more capable than ever. The 2017 Ridgeline is loaded with innovative features that could only come from Honda, like a dual-action tailgate, lockable In-Bed Trunk® and the only available Truck Bed Audio System. Rugged yet refined, stylish yet smart. The Ridgeline is the Honda of trucks.

*As compared to currently available new 2016 and 2017 trucks.

SAFETY FIRST. SAFETY SECOND.
Honda always strives to develop cutting-edge safety technology for drivers and passengers. Each Honda vehicle comes with features that reflect our meticulous research in this vital area.

REARVIEW CAMERA
All models feature a rearview camera to assist you when backing up. Select models offer a multi-angle version.

DAYTIME RUNNING LIGHTS (DRL)
These front-situated lights enhance your vehicle’s visibility to other drivers and add a stylistic touch to its appearance.

VEHICLE STABILITY ASSIST™ WITH TRACTION CONTROL
VSA® helps you stay on course in the event of an understeer or oversteer condition by braking individual wheels and/or reducing engine power to help restore your intended course.*

ACE™ BODY STRUCTURE
By distributing frontal impact energy more evenly throughout the vehicle, the Advanced Compatibility Engineering™ body structure helps protect passengers.

*VSA is not a substitute for safe driving. It cannot correct the vehicle course in every situation or compensate for reckless driving. Control of the vehicle still remains with the driver.
