Craftsmanship. Style. Power. Sophistication. And that's just the foundation. The CC was designed with an eye for detail that feels intuitive. From innovative technology available at your fingertips to a turbocharged 200-hp engine, the CC can deliver in many ways. So you can drive luxury, the Volkswagen way.

As luxe would have it.
Your wish list just became your have list.

Luxury has found its soul mate. All-stunning curves and modern lines, the CC packs the performance of a turbocharged sedan in the sleek body of a 4-door coupe. The CC offers luxe details like available 18" alloy wheels, an integrated rear spoiler, and available power-folding side mirrors with memory function that discreetly tuck themselves away.

FEATURES
- Bi-Xenon headlights with LED Daytime Running Lights (DRL)
- LED taillights
- Panoramic sunroof

AVAILABLE FEATURES
- Sporty R-Line design
- 18" alloy wheels
- R-Line Executive shown in Deep Black Pearl

vw.com/models/cc/section/design
Bells and whistles. Performing in concert.

Skip into the ergonomic command center of the CC and use its push-button start® to access luxury, technology, and entertainment. Get your hands on everything from dual-zone climate control to leatherette seating surfaces.

FEATURES

V-Tex leatherette seating surfaces
Keyless access with push-button start®
12-way power front seats
Frameless auto-dimming rearview mirror

AVAILABLE FEATURES

Leather seating surfaces

Climatronic® dual-zone automatic climate control
Some days feel like a blast; thankfully, with dual-zone climate control, you and your passenger can sit in your own comfort zone.

Premium color multi-function trip computer
Be in the know with the available color multi-function trip computer. Conveniently positioned directly in front of you on the dashboard, it’s a quick way to view important trip information.

vw.com/models/cc/section/design

*See Owner's Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces.
Touchscreen navigation serves as your central source of information, communication, and support in the cabin of your CC. At the center of your mobile universe, Volkswagen Car-Net® App-Connect® can display select apps from your compatible smartphone directly onto your touchscreen for easy access.

**Volkswagen Car-Net connected car suite**
SiriusXM® Satellite Radio, SiriusXM® Traffic, and SiriusXM® Travel Link® with 3-month trial subscription**

**Volkswagen Car-Net App-Connect**
VW Car-Net App-Connect lets you link your compatible smartphone with Apple CarPlay™, Android Auto™, or MirrorLink® for select apps on your touchscreen display of your Volkswagen. From streaming music to mobile maps, it can be accessed on the touchscreen.

**Bluetooth® technology with audio streaming for compatible devices**
Connect your compatible smartphone or other device for talking and streaming. This way you can handle business without missing a beat.

**Touchscreen navigation**
With a touch of the 6.33-inch display, a wealth of information comes to light. You can access maps, points of interest, and vehicle information. You may have to lift a finger, but just the one.

**Rearview Camera System**
Hindsight is now foresight. The rearview camera can help you see obstacles when backing up, and it can make parallel parking seem easy.

**More car for your smartphone.**

1. **Lane Departure Warning (Lane Assist)**
TheLane Departure Warning system helps keep you in certain conditions. It detects that you’re driving outside of your lane without the use of lane signals. If you happen to move outside of your lane, the correct lane steering behavior will automatically adjust your steering to help keep you in the proper lane.

2. **Forward Collision Warning and Autonomous Emergency Braking (Front Assist)**
Sensors in the front of your CC help alert you if you are approaching another vehicle too quickly. If you fail to brake enough, the available system can boost the braking pressure and auto brake if all conditions are met. Front Assist automatically engages in and applies the brakes to help reduce the severity of a potential impact.

3. **Adaptive Cruise Control (ACC)**
Smaller traffic stops can be handled by ACC, which is designed to help keep your car at a relative distance from the vehicle in front of you.

*Always pay careful attention to the road and do not operate while distracted. Not all features available on all operating systems. Standard text and data usage rates apply. App-Connect feature requires compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. Android Auto is a trademark of Google Inc. Apple CarPlay is a trademark of Apple Inc. MirrorLink is a trademark of the MirrorLink Foundation. Not available in conjunction with Apple CarPlay and/or Android Auto. Not all features require compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. See mobile device and app providers for terms and privacy. †Driver Assistance features are not substitutes for attentive driving. See Owner’s Manual for further details and important limitations.
When you take your CC for a drive, those butterflies you’re feeling are from a turbocharged engine with 207 lb-ft of torque and available paddle shifters. Sit back and enjoy raising the standards on your performance standards every time you hit the road.*

200-hp turbocharged 2.0L TSI engine
Leather-wrapped steering wheel

FEATURES

AVAILABLE FEATURES

Steering wheel-mounted paddle shifters

200 horsepower
207 lb-ft of torque

6-speed DSG® automatic transmission with Tiptronic® and Sport mode
Faster than a manual transmission, the DSG automatic transmission lets you quickly shift and downshift using available paddle shifters located within a finger’s reach of the steering wheel. It’s accelerated shifting.*

Sport-tuned suspension
Built for the autobahn, this import finds regular highways a breeze. Its tuned sport suspension can give you a smooth, responsive ride.

Torque is a terrible thing to waste.
Intelligent Crash Response System (ICRS)**

In the event of a collision that deploys the airbags, the ICRS can turn off the fuel pump, unlock the doors, and activate the hazard lights. It helps react if you might not be able to.

Safety cage

Front and rear crumple zones help absorb crash energy, while a rigid safety cage helps deflect it away from the driver and passengers.

Tire Pressure Monitoring System (TPMS)

Monitoring and maintaining proper tire pressure in your tires helps with efficiency* and safety. The TPMS helps alert you to a loss of tire pressure so you know when to add air.

Seven stability-enhancing systems

From Electronic Brake-pressure Distribution (EBD), which helps maintain appropriate stopping power during a hard-braking situation, to Electronic Stability Control (ESC), which can adjust in real-time and apply corrective forces to the wheels that need them most, there are in total seven stability-enhancing systems at your service.

Automatic Post-Collision Braking System

Not every collision brings a car to a stop. That’s why our vehicles include the Automatic Post-Collision Braking System. It can help bring your car to a stop after a collision, helping reduce the chance of additional impacts.

Brake Disc Drying

When it’s raining outside, this system wipes water off the disc brakes to help them remain dry. And it’s activated simply by turning the windshield wipers on.

Even 360 degrees of luxury has a serious side.

A lot goes into the CC before you do. From a steel safety cage with thermoformed B-pillars to seven advanced stability-enhancing systems, the premium design of the CC wouldn’t be complete without the luxury of peace of mind.

*22 city/31 highway mpg (2017 CC 2.0L, 6-speed automatic transmission). EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. **The Intelligent Crash Response System (ICRS) will only activate in a collision where the airbags deploy or safety belt pretensioners activate. Not all collisions cause airbags to deploy or safety belt pretensioners to activate. Always use safety belts and child restraints. Children are safer when properly secured in a vehicle’s rear seat. People 13 and under should use safety belts. Safety belt usage reduces risk of injury in a collision. Always drive carefully and consider road conditions.
Lane Departure Warning (Lane Assist)‡
Forward Collision Warning and Autonomous Emergency Braking (Front Assist)‡

F. Porsche AG. “Bluetooth” is a registered trademark of Bluetooth SIG, Inc. “iPhone” is a registered trademark of Apple, Inc. All rights reserved. iPhone is not included. License plate frames by Camisasca Automotive Manufacturing are covered by a Camisasca limited warranty. Please visit www.camisasca.com for additional information. “MojoMats™” and “Monster Mats™” are registered trademarks of Volkswagen Group of America, Inc. Volkswagen navigation depends on the signals from the worldwide Global Positioning Satellite network. The vehicle’s electrical system, and existing wireless and satellite technologies, must be available and operating properly for the system to function. The system is designed to provide you with suggested routes to location addresses, destinations, and other points of interest. Changes in street names, construction zones, traffic flow, points of interest, and other map system changes are beyond the control of Volkswagen of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested navigation route. Periodically, the mapping is updated and a new DVD will be required in order to maintain the latest navigation information available to us. These will be available for purchase from time to time at additional cost.
