2017 Golf Family
Meet the Golf family.

Whether you're looking for fun, agility, or incredibly sporty, the versatility of the Golf family has something you’ll love. As you’ll see, this family tree comes with some extremely sporty roots. Explore just how the hot hatches keep their distinction.
Its reputation precedes it in a big way. And the Golf is one legend that’s got the muscle to back up the buzz. Whether you’re looking for a quick way uptown or just looking to be more upwardly mobile, this icon can deliver a level of street smarts and sheer performance that’s hard to find anywhere else on the boulevard.
Full of big ideas. Still plenty of room for you.

The Golf sports a unique combination of practical and surprising features. From the leather-wrapped, multi-function steering wheel, to the available refined V-Tex leatherette seating surfaces, to the 60/40-split rear seats that fold down to offer impressive cargo space, the Golf is the perfect choice for innovation-seekers with sophisticated style.

FEATURES
- Iconic exterior design
- Rear spoiler
- Driver-focused interior
- Adjustable cargo floor
- Leather-wrapped, multi-function steering wheel
- Chrome accent accents

AVAILABLE FEATURES
- Power tilt/slide/panoramic sunroof
- V-Tex leatherette seating surfaces
- Heated front seats

Car and Driver’s 10Best Award

The Golf and the Golf GTI have been named two of Car and Driver’s 2016 10Best Cars. Perennial favorites for 10 years running. Now that’s a nice pat on the hatchback.

FEATURES

- Volkswagen Car-Net Security & Service
- Volkswagen Car-Net App-Connect
- Bluetooth® technology with audio streaming for compatible devices
- Rearview Camera System integrated in badge
- Composition Media touchscreen sound system

Now it just keeps getting smarter. Technology is simple, intuitive, and seamless in the Golf. You can enjoy select apps from your compatible smartphone right on your dash. Music, mapping, messaging, and more can be accessed via voice control thanks to Volkswagen Car-Net® App-Connect™ in all, it creates an experience as effortless as it is advanced.

Volkswagen Car-Net Security & Service™

With your 3-month trial and then paid subscription, you can enjoy a host of available features that help you navigate (just parked in place? check if the doors are locked?) or help in an emergency and even get vehicle health and diagnostic reports.

Volkswagen Car-Net App-Connect™

Yes, you can link your compatible smartphone with Apple CarPlay™ and Android Auto™ or MirrorLink® to use select apps on the touchscreen display of your Volkswagen. From streaming music to helper maps, it can be accessed on the touchscreen.

Keyless access with push-button start™

The key fob does the job. Leave it in your pocket. You can unlock the door of your Golf as you grip the door handle. Then once you’re inside, with the press of the brake and the push of the start button, your engine starts and you’re ready to go.

Volkswagen Car-Net Fun-Drive Award

It just keeps getting smarter. Technology is simple, intuitive, and seamless in the Golf. You can enjoy select apps from your compatible smartphone right on your dash. Golf Wolfsburg shown in Silk Blue Metallic
In terms of driving prowess, versatility, and pure unadulterated style, the Golf GTI truly stands out. Turbocharged horsepower and torque (achieved with premium fuel) and a sport-tuned suspension add to its allure. From cobblestone to concrete, the Golf GTI really brings it. *May the road stretch out before you.

*Be sure to obey local speed and traffic laws.
When it comes to its looks and performance, the Golf GTI is as distinctive as it is refined. Let’s start with what’s under the hood: a 2.0L TSI engine delivers turbocharged performance and plenty of torque. Its aggressive stance, fast roofline, and 18” alloy wheels give the Golf GTI unmistakable style. It’s flash, with a whole lot of substance.

**FEATURES**
- Sport suspension
- Performance Monitor
- Driving Mode Selectors
- Progressive power steering with variable assistance
- Cross Differential System XDS®
- 18” alloy wheels

**AVAILABLE FEATURES**
- DCC® Dynamic Chassis Control
- Bi-Xenon headlights with Adaptive Front-lighting System (AFS) and LED daytime running lights (DRL)
- 220 hp (achieved with premium fuel) on Sport, SE, Autobahn
- 210 hp (achieved with premium fuel) on Pure White

Raw power. Fully cooked.
**FEATURES**

- Clark Plaid seating surfaces
- Top Sport seats
- Leather-wrapped, multi-function sport steering wheel
- Adjustable airbag inflator
- Color multi-function trip computer
- Composition Media touchscreen sound system
- Rearview Camera System integrated in badge
- Bluetooth technology with audio streaming for compatible devices
- VW Car-Net® connected car suite
- VW Car-Net App-Connect®

**AVAILABLE FEATURES**

- Power tilting/sliding panoramic sunroof
- 12-way power driver's seat including power-adjustable lumbar support
- Leather seating surfaces
- Paddle shifters
- Keyless access with push-button start™
- Climatronic® dual-zone climate control
- Fender® Premium Audio System
- Discover Media touchscreen navigation system

**High-tech street smarts.**

Words alone won’t do this justice. Because with the Golf GTI, high performance and high style combine to create a unique driving experience. The Top Sport seats are expertly designed, and the instrumentation is handsome to view and seamless to use. Everywhere you look—from the Clark Plaid seating surfaces to the leather-wrapped, multi-function sport steering wheel—you’ll see the Golf GTI is engineered to get a reaction out of you and the cars you pass.

**FEATURES**

- Power tilting/sliding panoramic sunroof
- 12-way power driver’s seat including power-adjustable lumbar support
- Leather seating surfaces
- Paddle shifters
- Keyless access with push-button start™
- Climatronic® dual-zone climate control
- Fender® Premium Audio System
- Discover Media touchscreen navigation system

**AVAILABLE FEATURES**

- Discover Media touchscreen navigation system

*Always pay careful attention to the road, and do not drive while distracted. App-Connect features require compatible device, operating system, and mobile app. Standard text and data usage rates apply. Some features require compatible devices, application and app provider, and a mobile network capable of supporting data operations. MirrorLink is a registered trademark of the Car Connectivity Consortium LLC. **See Owner's Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces.

Car and Driver's 10Best Award

The Golf and the Golf GTI have been named two of Car and Driver’s 2016 10Best Cars. Perennial favorites for 10 years running. Now that’s a nice pat on the hatchback.

*Car and Driver's 10Best Award*
Take thrill, add fun, and then multiply it by handling and horsepower. In the Golf R, everything adds up to a driving experience that’s nothing short of spine-tingling. We started with the already legendary Golf and then told our engineers to ramp up its handling and performance. Everything in the Golf R is dialed up. It creates a total package that’s expertly crafted, sophisticated, and technologically advanced.
The Golf R is further proof that with incredible horsepower, amped-up torque, a sport-tuned suspension, and a quad tip exhaust, the Golf R can get you to where you’re going with remarkable precision. It’s driven by a bold attitude. And now by you.

Features:
- 292-hp, 2.0L TSI turbocharged 4-cylinder engine
- Performance Monitor
- Driving Mode Selection
- 4MOTION® all-wheel drive
- Bi-Xenon high-intensity headlights with Adaptive Front-lighting System (AFS) and LED Daytime Running Lights (DRL)
- Quad tip exhaust system
- DCC Dynamic Chassis Control
- 19" Pretoria alloy wheel

Available features:
- 6-speed DSG® performance transmission with Tiptronic® and Sport mode
- Steering wheel-mounted paddle shifters

The Golf R has been named one of Car and Driver’s 2016 10Best Cars. With its stunning performance and stylistic refinement, the Golf R finds a place above the fray. That’s a nice pat on the hatchback.
Technology has never moved so fast.

The Golf R is an overachiever in the cabin as well. At your fingertips is a full suite of connectivity, from complete compatible smartphone integration with Volkswagen Car-Net App-Connect® to the Fender Premium Audio System. Top Sport seats complete the performance picture and are the perfect place for you to enjoy all that horsepower."It’s time to put compromise firmly in the rearview mirror.

Multitasking made fun. Sure, the Golf SportWagen is versatile, and it’s still a blast to drive. But it can also hold the road with clarity and poise that have to be experienced to be believed. And it comes with a little something extra under the hood — a turbocharged engine. It’s the wagon that really hauls.*

The Sportier Utility Vehicle.
You can’t forget the unfettered joy of your first red wagon. So we updated ours with a sporty look, available 4MOTION all-wheel drive, and a rear spoiler. Then we added a turbocharged engine under the hood to make sure every drive is a fun one. You won’t be able to wait for your first drive home. The longest way you know.

**Golf SportWagen SEL shown in Tornado Red**

vw.com/models/golf-sportwagen/section/performance

**4MOTION all-wheel drive**

With this intelligent on-demand system in place, your Golf SportWagen can help you navigate a variety of road conditions. When the system senses that the wheels aren’t rotating equally, it can deliver more torque to the wheels with traction for improved grip, handling, and more peace of mind.

- Rearview camera with push-button start*
- Fender Premium Audio System
No matter how impressive your reflexes are, the Golf can react faster. Whether it’s watching your blind spot, the lane you’re in, or helping you park, the available Driver Assistance features quickly help keep you out of trouble. At the end of the day, knowing it has your back gives you more confidence on every drive.

Years of engineering with split-second benefits.

1. Lane Departure Warning (Lane Assist)*
   When activated, the Lane Departure Warning (Lane Assist) can sense if you start to drift into another lane without using the turn signal. It will help steer to help keep you in the correct lane. * (Available on Golf R)

2. Forward Collision Warning and Autonomous Emergency Braking (Front Assist)*
   The Forward Collision Warning system (included in Front Assist) has a sensor in the front to help detect traffic and can alert you to a potential collision. If a collision is imminent, it can even help brake the vehicle to help avoid the collision. * (Available on Golf, Golf GTI, Golf R, Golf SportWagen)

3. Adaptive Cruise Control (ACC)*
   The Adaptive Cruise Control (ACC) helps maintain a selected distance from the car in front of you. If the car in front of you speeds up or slows down, the sensors detect the change and your car follows suit. * (Available on Golf GTI, Golf R, Golf SportWagen)

4. Blind Spot Monitor*
   The sensors on the Blind Spot Monitor feature can sense what you might miss. When driving, if you attempt to change lanes, the Blind Spot Monitor can help alert you to other cars that may be in your blind spot. * (Available on Golf, Golf GTI, Golf R, Golf SportWagen)

5. Rear Traffic Alert*
   The Rear Traffic Alert feature is handy when you’re backing up. It has sensors that can alert you to vehicles approaching in your path when in reverse and can even brake for you if needed. * (Available on Golf, Golf GTI, Golf R, Golf SportWagen)

6. Park Distance Control (Park Pilot)*
   The Park Distance Control (Park Pilot) has sensors that help you back out of or into a parking spot. Audible signals and the optical parking system on the display indicate how much space you have behind and in front of you when parking. If you get too close, an alert sounds as a warning. The display provides additional support for the driver by showing the position of obstacles. * (Available on Golf R)

*Driver Assistance features are not a substitute for attentive driving. See Owner’s Manual for further details and important limitations.
Accidents seem to happen when you least expect them. That’s why we do everything we can to prepare for them in the engineering process. It starts with protective safety cage construction that provides rigidity with strategically placed front and rear crumple zones. Plus, with active and passive safety features, it’s easy to see what matters to us.

2016 IIHS “Top Safety Pick+” based on good ratings in the moderate overlap front, small overlap front, side, roof impact, and front crash prevention. **Government 5-Star Safety Ratings are part of the National Highway Traffic Safety Administration’s (NHTSA’s) New Car Assessment Program (www.SaferCar.gov).† The Intelligent Crash Response System (ICRS) will only activate after a collision that deploys the airbags,†† the ICRS can turn off the fuel pump, unlock the doors, and activate the hazard lights. It helps react if you might not be able to.

The features discussed are designed to help mitigate the effects of certain collisions and are not a substitute for attentive driving. Please see Owner’s Manual for further details, and important limitations. ‡‡ 25 city/36 highway mpg (2017 Golf). * Your mileage will vary and depends on several factors, including your driving habits and vehicle condition.

Automatic Post-Collision Braking System
For maximum protection, our cars have an Automatic Post-Collision Braking System. It can help bring your car to a stop after a collision, helping reduce the chance of additional impacts.

Seven stability-enhancing systems
From Electronic Brake-pressure Distribution (EBD), which helps maintain appropriate stopping power during a hard-braking situation, to Electronic Stability Control (ESC), which can adjust engine throttle and apply corrective forces to the wheels that need them most, there are total seven stability-enhancing systems at your service.

Intelligent Crash Response System (ICRS)†
In the event of a collision that deploys the airbags,†† the ICRS can turn off the fuel pump, unlock the doors, and activate the hazard lights. It helps react if you might not be able to.

Tire Pressure Monitoring System (TPMS)
Monitoring and maintaining proper tire pressure helps with efficiency‡‡ and safety. The TPMS helps alert you to a loss of tire pressure so you can know when to add air.

We can’t predict. But we can engineer.

EHS Top Safety Pick Rating
The Insurance Institute for Highway Safety has awarded the 2016 Golf 4-door, Golf GTI 4-door, and Golf SportWagen a Top Safety Pick Rating when equipped with the available Active Assist Feature of Front Assist. This has as positive thrill.

NHTSA 5-Star Safety Rating
The 2016 Golf, Golf GTI, and Golf SportWagen have achieved a 5-star overall safety rating from the National Highway Traffic Safety Administration’s (NHTSA’s) New Car Assessment Program (www.SaferCar.gov)."
