Lift, pack, load, haul, and sit in the lap of luxury.
Everywhere you look, craftsmanship and premium amenities abound. Even in the cavernous 64 cubic feet of cargo space with the rear seats folded, the Touareg manages to envelop you in luxury with available features like front seats with active ventilation, a panoramic sunroof, and leather seating surfaces. Surround yourself with the finer things in life on four premium wheels.

**FEATURES**
- Heated steering wheel
- Heated front seats
- 64 cubic feet of cargo space with rear seats folded
- 40/20/40-split folding rear seats
- Panoramic sunroof
- Leather seating surfaces
- 14-way power-adjustable front seats with 3-position memory for driver's seat and side mirrors
- Hands-free Easy Open liftgate
- Don't lift a finger when you want to open the hands-free Easy Open liftgate. With your keys on you, simply swipe your foot under the rear bumper and the hands-free Easy Open liftgate unlocks and opens.
- Front seats with active ventilation
- Whether on a cross-country drive or battling bumper-to-bumper traffic, help keep your cool in the front seats. All thanks to an available seat base and backrest that can be ventilated from inside the seat at three levels (low, medium, high).
- Electric rear seat release in cargo area
- Sometimes you don’t know how much cargo room is needed until the rear hatch is open. Now, expanding space is made easy. Simply drop one or both rear seatbacks with an available easy switch located in the rear cargo area. Easy breezy.
- Heated rear seats
- Your passengers can be happy and toasty with heated front and available heated rear seats. It also has three different settings to help keep your seat heated just right.
- Power outlets
- Charge devices while you drive. The Touareg offers a 115V power outlet and four 12V outlets, so it’s easy to recharge. Power to the passengers.
- Cooling glovebox
- The glovebox is ventilated and illuminated, and it locks for protection. So you can store your personal belongings safe with greater peace of mind.
- Power lumbar support

When you head out on your journey, Driver Assistance features help you along the way and can give you a little more confidence down the path you travel.* From helping alert you to what might be in your blind spot to helping you avoid a potential collision, Driver Assistance features can be there for you, even if you never need them.

These five features can add up to a more confident drive.

1. **Lane Change Assistant (Side Assist)**
   - The Lane Change Assistant (Side Assist) is a feature that can sense what you might miss. If you attempt to change lanes, Side Assist can help alert you to other cars that may be in your blind spot.*

2. **Park Distance Control (Park Pilot)**
   - The Park Distance Control (Park Pilot) has sensors that help you back out of or drive into a parking spot. Audible signals and optical parking systems on the display indicate how much space you have behind and in front of the vehicle when parking. If you get too close, an alert sounds as a warning. The display can provide additional support for the driver by showing the position of obstacles.*

3. **Adaptive Cruise Control (ACC)**
   - The Adaptive Cruise Control (ACC) helps maintain a relative distance from the car in front of you. If the car in front of you speeds up or slows down, a sensor can detect the change and your car follows suit.*

4. **Forward Collision Warning and Autonomous Emergency Braking (Front Assist)**
   - The Forward Collision Warning system (Front Assist) can help monitor traffic and alert you to a potential collision. If a collision is imminent, Autonomous Emergency Braking (Front Assist) can help brake your vehicle.*

5. **Lane Departure Warning (Lane Assist)**
   - When moving, Lane Departure Warning (Lane Assist) can sense if you start to drift into another lane without using the turn signal and then alert the driver to return to your lane.*

*Driver Assistance features are not substitutes for attentive driving. See Owner's Manual for further details and important limitations.
Off Broadway.

Some of its strongest performances don’t even come from the engine. The tech-savvy interior of the Touareg is filled with some great thinking. Intuitive features put the driver in command of music and navigation. Then you can enjoy the ride and the entertainment from the best seats in the house.

FEATURES

- Bi-Xenon headlights with LED Daytime Running Lights (DRL)
- Climatronic® dual-zone automatic climate control
- Bluetooth® technology with audio streaming for compatible devices
- Dynaudio® premium sound system
- Overhead View Camera (Area View)
- Rearview Camera System
- Touchscreen navigation with 3D landmarks
- Keyless access with push-button start**
- Overhead View Camera (Area View)

- Bluetooth® technology with audio streaming for compatible devices
- Dynaudio® premium sound system
- Overhead View Camera (Area View)
- Rearview Camera System
- Touchscreen navigation with 3D landmarks
- Keyless access with push-button start**

Too busy to change lanes? Leave it to your Touareg. The rearview camera can help you see obstacles when backing up, and it can make parallel parking easier. The Overhead View Camera (Area View) has four separate cameras, one on each side of the Touareg, that help give you a bird’s-eye view of the area around you. Now you can have a better view from just about any angle.

Dynaudio® premium sound system

With mechanical quality and an available 250-watt, 10-speaker Dynaudio premium sound system, it’s like a private concert hall on wheels.

Overhead View Camera (Area View)

The available Overhead View Camera (Area View) has four separate cameras, one on each side of the Touareg, that help give you a bird’s-eye view of the area around you. Now you can have a better view from just about any angle.

Keyless access with push-button start**

The key fob does the job. Leave it in your pocket. You can unlock the door of your Touareg as you grip the door handle. Then once you’re inside, with the press of the brake and the push of the start button, your engine starts and you are ready to go.

*Always pay careful attention to the road, and do not drive while distracted. **See Owner’s Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces.

vw.com/models/touareg/section/technology
When driving during cold, snowy, or icy weather conditions, ensure that your vehicle is equipped with appropriate all-season or winter weather tires. Even with appropriate tires, you must drive in a manner appropriate for the weather, visibility, and road conditions. Maximum tow rating when properly equipped with optional towing accessories rated to exceed 7,716 lbs. Other accessories and options may reduce maximum towing capacity. See vehicle Owner’s Manual for details.

†17 city/23 highway mpg (2017 Touareg 3.6L, 8-speed automatic transmission). EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition.

FEATURES

- 280 HP with Premium Fuel
- 266 lb-ft of torque (achieved with premium fuel), the Touareg gets to where you need to be. And with an 8-speed automatic transmission at the ready, you can shift seamlessly to your destination.
- FSI® direct fuel injection technology sprays atomized fuel directly into the combustion chamber for precise and efficient combustion. Which can translate to a responsive ride for you.

8-speed auto transmission with Sport mode
- Towing capacity of 7,716 lbs** (with available towing accessories)
- 17 city/23 highway mpg EPA estimates

FSI direct fuel injection

With the dynamic 3.6L, 280-hp engine and 266 lb-ft of torque (achieved with premium fuel), the Touareg gets to where you need to be. And with an 8-speed automatic transmission at the ready, you can shift seamlessly to your destination.

V6 Executive shown in Moonlight Blue Pearl

Have the luxury to go your own way.
Safety should never be a luxury.

The Touareg is equipped with active and passive safety features, seven active stability-enhancing systems, our Intelligent Crash Response System (ICRS)*, Automatic Post-Collision Braking System, and a steel safety cage, which help prepare you for the unpredictability of the road ahead.

Safety cage
Front and rear crumple zones help absorb crash energy, while a rigid safety cage helps deflect it away from the driver and passengers.

Tire Pressure Monitoring System (TPMS)
Monitoring and maintaining proper air pressure in your tires helps with efficiency** and safety. The TPMS helps you to know when to add air.

Seven stability-enhancing systems
From Electronic Brake-pressure Distribution (EBD), which helps maintain appropriate braking power during a hard-braking situation, to Electronic Stability Control (ESC), which can adjust engine throttle and apply corrective forces to the wheels that need them most, there are seven active stability-enhancing systems at your service.

Intelligent Crash Response System (ICRS)*
In the event of a collision that deploys the airbags,† the ICRS can turn off the fuel pump, unlock the doors, and activate the hazard lights. It helps react if you might not be able to.

Intelligent Crash Response System (ICRS)*
In the event of a collision that deploys the airbags,† the ICRS can turn off the fuel pump, unlock the doors, and activate the hazard lights. It helps react if you might not be able to.

Automatic Post-Collision Braking System
Not every collision brings a car to stop. That's why our vehicles include the Automatic Post-Collision Braking System. It can help bring your car to a stop after a collision, helping reduce the chance of additional impacts.

*The Intelligent Crash Response System (ICRS) will only activate in a collision where the airbags deploy or safety belt pretensioners activate. Not all collisions cause airbags to deploy or safety belt pretensioners to activate.† EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition.

†Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.
### Touareg Specs

**Technology**
- Bi-Xenon high-intensity headlights with LED Daytime Running Lights (DRL)
- Heated front seats
- Dynamoteq® premium sound system with 10 speakers and amplifier
- Navigation system with 8" color touchscreen in center console, Bluetooth® technology
- Keyless access with push-button start
- SiriusXM® Satellite Radio with 3-month trial subscription*
- Rearview Camera System
- 12-year/120,000-mile (whichever occurs first) Limited Warranty Against Corrosion Perforation‡‡

**Exterior**
- Double-elliptical, flat-bottom, elongated tailpipes
- Hybrid color schemes: Black with Black Anthracite, Deep Black Pearl with Reef Blue Metallic
- Bi-color tailgate
- LED taillights
- Trailer hitch
- Rain-sensing windshield wipers with heated washer nozzles
- Power tilting/sliding panoramic sunroof
- Power height-adjustable and telescoping steering wheel with memory
- Reverse camera
- Bi-color bumpers
- 18" Arica alloy wheels
- 20" Tarragona alloy wheels
- 21" Mallory alloy wheels
- Stainless steel pedal covers
- V-Tex leatherette seating surfaces

**Performance**
- 280 hp, 266 lb-ft of torque (achieved with premium fuel)
- Bi-Xenon high-intensity headlights with LED Daytime Running Lights (DRL)
- Heated front seats
- Dynamoteq® premium sound system with 10 speakers and amplifier
- Navigation system with 8" color touchscreen in center console, Bluetooth® technology
- Keyless access with push-button start
