You can have it all in the new 2018 Acadia. Inside, a premium, quiet, versatile cabin is ready for anything. Outside, the sculpted design looks good everywhere. Acadia is a reminder that the same passion and purpose that drive you also drive us to set our own standards and prove that Professional Grade isn't merely a label, it's a way of life. Acadia is a shining example that, like you, we're all pros. We take a strong stance for what we believe in—and pursue it like a pro.

SUV VERSATILITY. OMG DESIRABILITY.
CAPTIVATE LIKE A PRO
A BLANK SLATE. A TRADITION OF BOLDNESS. AND A PERSONALITY THAT CUTS THROUGH THE BLAND. OUT OF THIS ARRIVES ACADIA.
The Peak. The Pinnacle. The name says it all.

Acadia Denali is the highest elevation of Acadia. Up front, its purposeful styling begins with a unique dimensional chrome grille and HID headlamps with LED signature lighting. It continues with a hands-free power liftgate, 20" bright aluminum wheels with Midnight Silver accents, body-color lower cladding, chrome-accented door handles and an available dual SkyScape sunroof.
Acadia Denali accommodates family and friends in refined, quiet and comfortable surroundings. It offers authentic materials such as wood accents, warm-tone burnish aluminum trim and Denali-specific leather appointments with a smooth, premium feel. Refinements continue with Denali-embroidered head restraints, heated and ventilated front seats, heated second-row outboard seats accentuated with French seam stitching and an automatic heated steering wheel. Denali also offers an easy second-row pass-through to the third row.
DESIGNED AROUND YOU

Slide into Acadia and discover it’s made for you. We set out to create unsurpassed levels of fit, finish and overall craftsmanship. It’s the key to an outstanding level of refinement throughout Acadia.

PREMIUM SEATING
To enhance ride enjoyment, the seats are designed to provide exceptional comfort. Choose available heated or heated and ventilated (on Denali) front seats and available heated second-row outboard seats.

AUTHENTIC MATERIALS
The satin-finish aluminum trim is inspired by today’s refined products and furnishings. Denali presents real wood accents and embroidered front head restraints and its own warm-tone burnished aluminum for a distinctive style.

INTEGRATED STORAGE
Ingeniously positioned storage bins don’t interrupt cabin flow. In the second row, a rear-facing console drawer (not available on the five-passenger All Terrain) is the ideal place to secure small electronics.

INSTRUMENT PANEL DESIGN
To provide the best ergonomics, information and controls are presented in an easy-to-engage style, while a soft-touch surface offers a premium feel.

RELAXED CABIN LIGHTING
Blue and white lighting on the instrument panel and touch-screen display provide a warm welcome. This combination creates a calming atmosphere that forms the centerpiece of the interior design.

PRECISE FIT AND FINISH
Throughout the cabin, elements come together perfectly—from the way the aluminum integrates with trim panels to how the center console and the doors flow smoothly into the instrument panel.

ACADIA DENALI INTERIOR IN JET BLACK
shown with available equipment.
PERFORM LIKE A PRO

THE GREATEST INNOVATIONS SHARE THE UNCOMMON TRAIT OF MAKING OUR LIVES EASIER, MORE EXCITING AND BETTER OVERALL, THEN AND ONLY THEN HAVE WE ACHIEVED PROFESSIONAL GRADE.
For all its premium refinements, versatility and life-enhancing technologies, Acadia is still about your ride. That’s why we tuned Acadia to seamlessly integrate a multitude of available advanced technologies. Choose the effortless acceleration of the available 3.6L V-6 with Active Fuel Management or the impressive efficiency of the 2.5L I-4 with Stop/Start technology. Acadia also offers powerful braking, an electronically controlled Drive Mode Selector and an available, highly capable off-road All-Wheel-Drive system. They all produce a memorable driving experience. For a closer look, simply turn the page.
THE ROAD: GAIN CONTROLLING INTEREST

We can’t repave the roads or change the weather, but now Acadia can help make it seem that way. To do that, Acadia offers several ride-and-handling technologies, as well as powerfully efficient engine options.

CONTINUOUSLY VARIABLE REAL-TIME DAMPING

To produce a smoother, controlled ride, the available system on SLT-2 and Denali AWD models automatically minimizes vibrations using sophisticated sensors to tailor the suspension personality to fit the moment.

CORROSION-RESISTANT DURALIFE BRAKE ROTORS

GMC engineers used patented Ferritic Nitro-Carburizing (FNC) technology that can help double rotor life.

RACK-MOUNTED ELECTRONIC POWER STEERING

The electric variable-assist power rack-and-pinion steering system on Acadia provides precise handling.

THE ROAD: GAIN CONTROLLING INTEREST

We can’t repave the roads or change the weather, but now Acadia can help make it seem that way. To do that, Acadia offers several ride-and-handling technologies, as well as powerfully efficient engine options.

ADVANCED TWIN-CLUTCH ALL-WHEEL-DRIVE SYSTEM (All Terrain)

This innovation heightens off-road capability by applying torque to the wheel that needs it most.

The direct-injected engine utilizes Stop/Start technology, which means the vehicle will come to a stop for remarkable efficiency and start up seamlessly. Also included are active grille shutters for maximum aerodynamic efficiency.

310-HP 3.6L 6-Cylinder

The direct-injected engine utilizes Stop/Start technology, which means the vehicle will come to a stop for remarkable efficiency and start up seamlessly. Also included are active grille shutters for maximum aerodynamic efficiency.

193-HP 2.5L 4-Cylinder

This available engine offers DualFuel technology, which means the vehicle will come to a stop for remarkable efficiency and start up seamlessly. Also included are active grille shutters for maximum aerodynamic efficiency.

310-HP 3.6L 6-Cylinder

A PASSION FOR TRAILERING

To help you pursue your weekend passions, we engineered Acadia with a trailering capability of up to 4,000 lbs with the available 3.6L V-6.

HILL START ASSIST: Sensors automatically detect when Acadia is on a 5 percent grade or more. The system holds the brakes momentarily until the accelerator is pressed, preventing rollback.

TOW/HAUL MODE: To give you more power to accelerate when trailering or hauling heavy loads, the available Tow/Haul mode feature raises transmission upshift points.

REAR VISION CAMERA AND ACTIVE TOW SYSTEM: The center screen serves as your monitor for the camera. Its dynamic grid lines help when hitching a trailer. The available Active Tow System adds a center grid line to help when backing up or hitching a trailer and real-time viewing of your trailer while you’re moving.

V-6 TRAILERING PACKAGE: This includes a factory-installed hitch, seven-pin wiring harness, Class III trailer hitch, heavy-duty cooling system and the Active Tow System in the Rear Vision Camera System. This available package boosts Acadia’s trailer weight rating to 4,000 lbs.

TRAILER SWAY CONTROL: This helps keep both you and your trailer heading in the same direction, automatically. It detects a sway on a trailer and applies Acadia’s brakes to help bring it back in line.

*Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

FUNCTIONALITY

EFFORTLESS LIKE A PRO

An object’s true beauty goes beyond its form. The mark of well-conceived and executed functionality is when it makes everyday tasks a pleasure.
TIME WELL SPENT

You spend a lot of time behind the steering wheel. Acadia is designed to ensure it’s the most comfortable, sophisticated, quiet and accommodating time of your day. Acadia SLT begins with seats that support your body for exceptional ride enjoyment no matter how far you travel. Acadia also offers available heated front and second-row outboard seats. And getting to the third row is simple with just one hand thanks to the easy-to-use second-row Smart Slide seats.

On the outside, Acadia SLT’s style fits in everywhere. It introduces itself with a signature dimensional grille and nearly seamless wraparound rear-window glass. To help Acadia SLT maintain its style over time, lower bodyside cladding adds a rugged, durable finish.
ADAPTS AS EASILY AS YOU DO

Because your life is all about being productive during the day and enjoying a night out with family and friends, Acadia is here to accommodate. Perhaps the best enablers of this versatility are the second-row Smart Slide seats that require just one hand to easily access the third row.

SMART SLIDE SEATS
The second-row passenger-side Smart Slide seat tips, pitches and slides for easy third-row access—even when an empty forward-facing child seat is attached using the LATCH system. The tip/slide option on the driver’s side of the seat folds and slides the second row, offering single-room access for entry and exit. And it can all be done using just one hand.

REAR-SEAT REMINDER
This feature is activated when a second-row door is opened or closed during or just before a trip. When Acadia is turned off, under certain conditions, an audible chime and a message in the Driver Information Center remind you to check the second row.

NUMEROUS SEATING/CARGO ARRANGEMENTS
Acadia’s remarkable versatility ensures comfortable accommodations for all passengers while still providing expansive cargo capacity. A flat 50/50 split-folding third-row bench seat makes cargo loading easier while preventing items from sliding around. Release levers allow you to easily fold the second-row seat from the rear of Acadia.

POWER LIFTGATE
Select Acadia models benefit from an available key-fob-operated programmable and height-adjustable power liftgate. Acadia Denali features the convenience of a foot-activated hands-free power liftgate.

Does not detect people or items. Always check rear seat before exiting. See Owner’s Manual for details.
Some of the best areas of our country have no paved roads. But that won’t stop you thanks to the Acadia All Terrain with its advanced twin-clutch AWD system. In true GMC dedication, style didn’t lose out to rugged capability. In fact, refinement is quickly apparent in All Terrain’s exclusive stealthy, sporty design. Its unique tone-on-tone look utilizes black chrome and dark accents to create a distinctive appearance, just like the All Terrain grille, badge, door handles, roof rails, aluminum wheels and mirror caps.
GET AWAY WITHOUT ROUGHING IT

Creating the Acadia All Terrain meant balancing its obvious rugged capabilities with a premium, ultra-supportive environment. We began by designing a cabin and seating environment inspired by outdoor gear. Then, we added seats that are comfortable even when the going gets rough. Choose five- or available six- or seven-passenger seating. All Terrain five-passenger models also add two covered under-floor bins to store your gear in a safe, secure, easily accessible location.

Available fall 2017.
OUT AND ABOUT. ALWAYS IN TOUCH.

When it comes to keeping us connected, informed and entertained, we believe the smarter the technology, the more mobile, intuitive and easy to use it has to be. The 2018 Acadia is all about that.

PHONE INTEGRATION
Acadia offers Apple CarPlay™ and Android Auto™ compatibility.2 With Apple CarPlay™, the apps you love on your iPhone® come alive through Siri® or the built-in display, while Android Auto easily integrates the power and functionality of your Android™ phone into Acadia. Just plug into the USB3 outlet and go.

VOICE AND TOUCH-SCREEN NAVIGATION4
In response to your voice or touch, Acadia's available Navigation System displays 2-D or 3-D map graphics. Also included, NavTraffic5 (with 3 trial months of SiriusXM) incorporates real-time traffic and road conditions.

4G WI-FI® HOTSPOT1
The 4G Wi-Fi service (comes with 3-month or 3GB data trial, whichever comes first) means a fast internet connection for web-enabled devices when Acadia is running. It's reliable, powerful and easy to use, and can connect up to seven devices up to 50 feet around Acadia.

CUSTOMIZED DRIVER DISPLAY
Denali's reconfigurable gauge cluster allows you to personalize the 8” diagonal color Driver Information Center to control what you see and how you see it.

SURROUND VISION
On Denali models, the available system provides a bird's-eye view of the area around Acadia. It's helpful for reducing blind spots and in low-speed situations such as parking. Also available is the Active Tow System to help when hitching a trailer.

INFOTAINMENT SYSTEM6 WITH 7” OR 8” SCREEN
The GMC Infotainment System features full-color, 7” or available 8” diagonal screens for easy viewing and voice-activated control of your smartphone. You can receive vocalized text messages, benefit from Siri Eyes Free7 assistance, connect libraries from multiple devices and store phone contacts.

BOSE® PREMIUM AUDIO SYSTEM
The optional Bose eight-speaker system with subwoofer is engineered to give you the realism and presence of a live performance.

1 Requires a compatible mobile device, active OnStar service and data plan. 4G service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plan provided by AT&T®.

2 Vehicle user interfaces are products of Apple® and Google™ and their terms and privacy statements apply. Requires compatible smartphone. Data plan rates apply.

3 Not compatible with all devices.

4 Map coverage available in the United States, Puerto Rico and Canada.

5 If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. For more information about Traffic Link, visit siriusxm.com/trafficlink. Sirius, XM, SiriusXM and all related marks and logos are trademarks of SiriusXM Radio, Inc.

6 Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity. Data plan rates apply.

7 Requires GMC Infotainment System and compatible iPhone® running iOS 6 or newer.
Since we only have eyes in the front of our heads, Acadia Denali offers GMC’s expansive Surround Vision system. GMC’s latest eye view of the road transforming your Acadia. This is just one example of GMC’s comprehensive approach to intuitive safety technologies to help you and your passengers stay safe from potential setbacks.

Relaying inputs from available features such as Forward Collision Alert and Lane Keep Assist, this available seat helps alert the driver of potential traffic threats using directional vibration pulses within the seat cushion.

Available on Denali models, available Surround Vision replaces the Rear Vision Camera System to offer a view around Acadia. It is helpful for reducing blind spots and viewing pavement markings, other vehicles, curbs and general surroundings.

Available on Denali models available, Lane Keep Assist with Lane Departure Warning helps the driver keep Acadia in its lane to avoid unintentional lane changes. It assists by gently turning the steering wheel if Acadia approaches a detected lane marking without the turn signal being activated. Lane Departure Warning will alert you when you cross over the lane markings.

Adaptive Cruise Control uses a radar-based system and Forward Automatic Braking to allow the vehicle to automatically follow a detected vehicle at the driver-selected following gap while the driver steers.

This available system helps reduce the speed of your Acadia when it detects a vehicle in the same lane and helps maintain your vehicle speed. The system will automatically increase your vehicle speed as needed to maintain your distance from the other vehicle.

Available on Denali models, Rear Cross Traffic Alert helps alert you to oncoming traffic, especially in parking lot situations. Using radar technology, it looks about 60 feet to the left and right behind Acadia and uses the Rear Vision Camera System screen and Safety Alert Driver Seat (if equipped) to issue warnings.

Forward Collision Alert helps warn you when you’re rapidly approaching another detected vehicle and it appears a front-end collision is imminent.

This available system helps warn you when you’re rapidly approaching another detected vehicle and it appears a front-end collision is imminent.

Available on Denali models, this available system helps alert you when you’re rapidly approaching another detected vehicle and it appears a front-end collision is imminent.

Available on Denali models, this available system helps alert you when you’re rapidly approaching another detected vehicle and it appears a front-end collision is imminent.

Available on Denali models, this available system helps alert you when you’re rapidly approaching another detected vehicle and it appears a front-end collision is imminent.

Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should never attempt to traffic, turn, and road conditions at all times. Read the vehicle Owner’s Manual for important feature limitations and warnings.
ADD YOUR OWN STYLE

GMC Accessories are designed so you can personalize your Acadia to fit your style as well as your needs. They’re also engineered and tested to meet Professional Grade standards.

ASSIST STEPS Get in and out of your Acadia with ease, and improve your Utili-Track™ hauling capability with these stylish integrated assist steps. They feature an integrated step pad for non-slip traction.

INTEGRATED CARGO LINER The liner covers the cargo area floor as well as the back of the third-row seats, providing enhanced protection for Acadia’s interior. It articulates with the third-row seatback and doesn’t need to be removed when carrying passengers in the third row. Not available on All Terrain.

PREMIUM ALL-WEATHER FLOOR LINERS These liners expand their all-weather coverage with raised edges that follow and protect the floor and trim contours. They offer a textured, non-skid pattern that helps keep debris and water for maximum carpet coverage. Second-row liners have an interlocking feature that enables easy removal for cleaning. Available in Jet Black, Dark Ash Gray and Cocoa.

CARGO SECURITY SHIELD Keep the cargo area of the Acadia hidden with this retractable cargo security shade. Available in Jet Black, Light Ash Gray and Slate.

ROOF RACK CROSS RAIL PACKAGE Make it easy to attach a cargo carrier with these stylish roof rack rails. They add functionality and style to your Acadia, and can accommodate up to 220 lbs.*

ALL TERRAIN CARGO STABILIZER It mounts to the cargo area floor rail in your All Terrain. The stabilizer helps prevent shifting of cargo while Acadia is moving and helps keep larger items contained.

ALL TERRAIN TIE-DOWN RINGS These sliding rings (set of four) mount to the floor rails in the cargo area of your All Terrain. They can be positioned anywhere along the length of the rails, providing flexibility to secure cargo of varying sizes.

1 Not compatible with all devices. 2 To go with head-up display on models equipped with it.

ACADIA SPECIFICATIONS

**SEATING**
- Heated and ventilated front seats (SLT-1, SLT-2, Denali)
- 8-way power driver and front-passenger seat with power recline and lumbar control (SLT-1, SLT-2, Denali)
- Perforated leather-appointed seating, first and second rows (SLT-1, SLT-2, Denali)
- Premium Cloth with premium soil repellent (SLE-1, SLE-2)

**DRIVETRAIN**
- 3.6L direct-injection V-6 VVT with Active Fuel Management (SLE-1, available on AWD models)
- 2.5L direct-injection I-4 VVT with Stop/Start technology (All models)

**SUSPENSION**
- Driver-selectable on-demand All-Wheel-Drive system. Includes active twin-clutch system on All Terrain models.
- 50/50 split-folding 2-passenger third-row bench. Available with All Terrain Package.

**EXHAUST**
- 1,000-lb max capacity.1 Available on 4-cylinder models only.

**ENGINE**
- 3.6L direct-injection V-6 VVT with Active Fuel Management. On SLE-1, available on AWD model.

**TRANSMISSION**
- Power with variable electric assist

**BRAKES**
- 4-wheel antilock, 4-wheel disc with Duralife rotors

**STEERING**
- Power tilt and telescopic

**PARK ASSIST**
- Ultrasonic. On SLE-2, included and only available with Driver Alert Package I.

**REAR VIEW Camera System**
- Digital compass display

**SURROUND VISION**
- Rear vision camera system

**TECHNOLOGY**
- Stability control system and traction control

**CLIMATE CONTROL**
- Tri-zone air conditioning with individual climate settings for driver and front passenger

**POWER FEATURES**
- Keyless open and start

**LIGHTING**
- Inside rearview, auto-dimming

**CONSOLES**
- Overhead console with map lights. On SLT-1, SLT-2 and Denali models, includes Universal Home Remote and requires 8” diagonal color touch-screen with GMC Infotainment System.2

**TEEN DRIVER TECHNOLOGY**
- A configurable feature that lets you activate customizable vehicle information on your teen’s driving habits and helps you to continue to coach your new driver.

**REAR PARK ASSIST**
- Ultrasonic. On SLE-2, included and only available with Driver Alert Package I.

**GENERAL**
- For comparative purposes, see the Owner’s Manual for additional information on your teen’s driving habits and helps you to continue to coach your new driver.

1. Load capacity for all vehicles is never to exceed the maximum payload rating. Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

2. Requires 8” diagonal color touch-screen with GMC Infotainment System.2

3. Not available on models with All Terrain Package.
### Entertainment/Communication/Navigation

- **8" DIAGONAL COLOR TOUCH-SCREEN WITH GMC INFOTAINMENT SYSTEM**  
  - Includes memory settings for driver seat and outside rearview mirrors

### OnStar

- **ONSTAR8**  
  - Includes factory-installed Class III hitch with 4,000-lb max capacity

### GMC Infotainment System 2 and Navigation

- **SIRIUSXM SATELLITE RADIO**  
  - Requires compatible smartphone. Data plan rates apply.

### Rear USB Ports

- **REAR USB PORTS3**  
  - Includes AM/FM/CD/MP3/DVD/USB streaming audio for music and select phones, Apple CarPlay™ and Android Auto

Peace of Mind

Pro Grade Protection is standard on every 2018 Acadia. From maintenance to protecting your entire vehicle, you can drive with confidence.

WE'RE AS CLOSE AS THE BLUE BUTTON

Connect to a specially trained OnStar® Advisor just by pushing the blue OnStar button in your Acadia. Every 2018 Acadia includes the OnStar Basic Plan for 5 years, plus a limited service trial of the Guidance Plan that includes a comprehensive suite of emergency, security, navigation and diagnostic services.

Emergency: Help when it matters most.

With Automatic Crash Response, you can be immediately connected to the help you need the moment you need it, even if you can't ask for it. If you're stranded, have a flat tire or need a tow truck, use Roadside Assistance and an OnStar Advisor will locate a nearby service provider and direct them to your exact location.

Security: Protection you can count on.

Breathe easy knowing a comprehensive suite of Stolen Vehicle Assistance services is available to help protect your vehicle. With Theft Alarm Notification, OnStar can alert you if your vehicle's alarm is sounding, and if your vehicle is stolen, OnStar will work with authorities to help locate and recover it quickly.

Navigation: Travel made easy.

Turn-by-Turn Navigation makes everywhere you go as familiar as your own neighborhood. And with OnStar AtYourService, get valuable offers for better ways to eat, shop, work and play.

Connections: Faster and smarter.

Stay connected anywhere, anytime with the available built-in Wi-Fi hotspot and connect up to seven devices at 4G speed.

Vehicle Manager: Preparing you for what's ahead.

Enjoy the ultimate ownership experience with your myGMC mobile app. Use Remote Access to start your engine, lock and unlock your doors, honk the horn and flash the lights from anywhere there is cell phone service. Get real-time Diagnostic Alerts or a monthly diagnostics report of the vehicle's engine, transmission, and more with Advanced Diagnostics.
CONVERSATION STARTER
At GMC, we don’t want you to simply follow us on social media. We’d like to start a dialogue so we can learn more about each other. Join the conversation and share your passion for all things Professional Grade.
