The 2018 Sierra elevates the pickup again. It's the truck revered for its bold design, robust capability and comfortably quiet cabin. Sierra offers available tri-mode power steps, powerful and efficient V-8s, Magnetic Ride Control and Active Noise Cancellation. It's a reminder that the same passion and purpose that drive you also drive us. We set our own standards, proving that Professional Grade isn't merely a label, it's a way of life. Sierra is a shining example of how we take a strong stance for what we believe in and pursue it like a pro.
DESIGN

SOME ARTISTS SIGN THEIR WORK. OTHERS SIMPLY FORGE THEIR OWN UNMISTAKABLE STYLE. ON SIERRA, WE DID BOTH.
DENALI MAKES A POWERFUL IMPRESSION

Our designers love details as much as our engineers do. A prime example is Sierra Denali—a premium pickup like no other. It begins with a bold, sculpted front design, Denali-exclusive grille, GMC signature C-shaped high-performance projector beam LED headlamps, thin-profile LED fog lamps and LED taillamps. In addition, we’ve taken Denali’s style, craftsmanship and capability to a higher level on 4WD models by offering the Sierra Denali Ultimate. It includes a 6.2L, 420-hp V-8 paired with an 8-speed automatic transmission, 22” wheels with chrome inserts, chrome recovery hooks, a power sunroof and tri-mode power steps to make this the ultimate expression of our Professional Grade trucks.

- Magnetic Ride Control
- Enhanced Driver Alert Package With Low Speed Forward Automatic Braking
- 420-hp 6.2L V-8 Engine (Available)
- 22” Aluminum Wheels (Available)
- Tri-Mode Power Steps (Available)
Sierra Denali is crafted to create the ultimate cabin. Your solitude comes from triple door seals, sound-absorbing materials and an inlaid design that fits the doors precisely into the body. It’s the ideal environment to enjoy the GMC Infotainment System with the full-color 8” diagonal touch-screen and Apple CarPlay™ and Android Auto™ compatibility; Bose® audio, available 4G Wi-Fi® hotspot and the turn-by-turn guidance of the Navigation System. We’ve also taken attention to detail a step further with a soft-touch instrument panel, burnished aluminum trim, contrasting stitching and Denali-embroidered head restraints. And to keep you powered up, Sierra Denali includes a center console wireless charging mat for use with a variety of smartphones and other mobile devices.

- 12-Way Power Front Seats With Driver Memory
- Heated and Ventilated Premium Leather-Appointed Front Bucket Seats
- Bose Premium Seven-Speaker Audio System With Subwoofer
- Hand-Stitched and Heated Leather-Wrapped Steering Wheel
- Bose Active Noise Cancellation (Included and Only Available With 6.2L V-8 Engine)

Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity. Data plan rates apply. Vehicle user interfaces are products of Apple® and Google™ and their terms and privacy statements apply. Requires compatible smartphone. Data plan rates apply. Requires a compatible mobile device, active OnStar service and data plan. 4G service available in select markets. OnStar 好服务Features are subject to change and are dependent on vehicle year, model and equipment. Data plan provided by AT&T. Map coverage available in the United States, Puerto Rico and Canada. The system wirelessly charges one PMA- or Qi-compatible mobile device. Some devices require an adapter or back cover. To check for phone or other device compatibility, visit my.gmc.com/learn for details.

SIERRA DENALI CREW CAB INTERIOR IN JET BLACK shown with available equipmen.
SLT

BOLD ISN’T ONLY SKIN DEEP

GMC designers formed the distinctive shape of Sierra SLT with a clear understanding of what you demand in a truck without sacrificing style, capability, power or efficiency. It begins up front with available signature C-shaped projector-beam LED lighting and standard LED fog lamps and, in the rear, LED taillamps. Providing the power and efficiency are three engine options: the standard 5.3L V-8, the available 5.3L V-8 with eAssist and the 6.2L V-8 (the most V-8 horsepower in its class). As always, Sierra SLT surrounds its premium cabin with chrome accents and bold wheels.
WE’VE REFINED THE TRUCK CABIN

Designing a premium truck environment in SLT that you actually want to spend time in means surrounding you with comfortable, supportive seats as well as luxurious materials. It also means that Crew Cabs offer spacious rear leg room, while Double Cabs feature forward-hinged rear doors to make getting into and out of the rear seat easier. You’ll also enjoy these SLT features.

- Remote Vehicle Start
- 10-Way Heated, Leather-Appointed Front Seats
- Two-Position Driver-Seat Memory
- Power-Adjustable Pedals
- Dual-Zone Automatic Climate Controls
THE BEST ROADS ARE THE ONES YOU CREATE

Keep going long after the pavement ends. Sierra All Terrain conquers challenging landscapes while helping to keep you in control. And no matter how rugged the going gets, its cabin is refined and comfortable.

Exclusive All Terrain Design
To match its off-road capability, the new All Terrain exterior features body-color door handles, bodyside molding, grille surround and bumpers, black mirror caps and beltline molding, thin-profile LED fog lamps and LED taillamps. The distinctive interior provides a supportive environment with carbon-fiber-inspired accents, unique All Terrain leather-appointed seating with contrasting red stitching and special dark aluminum IP trim.

Off-Road Suspension
Featuring monotube Rancho® shocks, the legendary Z71 suspension allows you to go beyond mere sightseeing to truly explore the great outdoors. Venturing off-pavement means encountering just about anything, so an underbody shield helps protect vital components under the truck.

AutoTrac 4WD Transfer Case
This 2-speed 4WD system features both high- and low-range settings and is ideal when traction conditions are variable. When driving in AUTO, the front axle is engaged and power is sent to the front and rear wheels automatically, based on the driving situation.

Off-Road Inclinometer
To provide an accurate measure of your angle of pitch and roll while venturing off road, Sierra All Terrain includes a real-time gauge in the Driver Information Center.

High-Capacity Air Filter
With off-road adventures come all sorts of dirt or debris attempting to invade the engine. The air filter is engineered with a large filter area that requires changing less often.

Unique All Terrain Wheels and Tires
20” ultra-bright machined aluminum wheels with dark painted accents are available. The all-terrain tires are designed to perform on-road and off.

Hill Descent Control
Activated by pushing a button that’s easy to reach, this available feature uses antilock braking for a smooth and controlled hill descent under certain conditions without you having to touch the brake pedal.
With Sierra All Terrain at its core, we crafted the Sierra All Terrain X Package so you can live out your weekday dreams. To help you venture farther away from it all and conquer more challenging environments, we’ve heightened its rugged capabilities. We’ve added premium features and dialled up its aggressive, monochromatic design. All Terrain X is available on Sierra SLT 4WD Crew Cab Short Box and Double Cab Standard Box models. Starting with standard All Terrain content, the X includes additional features.

All Terrain X Tires

The 265/65R18SL Mud-Terrain-rated Goodyear® Wrangler DuraTrac® RT tires are designed for off-road competence in dirt, gravel and mud, with on-road composure in dry, wet or wintry conditions.

18" Wheels

These black painted aluminum wheels add to its stealth look.

Black Sport Side Steps

Gain easy access into the truck cabin.

Black Bed-Mounted Sport Bar

Designed to support the available accessory off-road LED lighting package (shown) for illumination in any environment.

High-Performance Projector-Beam LED Headlamps

The dark of night shouldn’t stop your off-road adventures.

Engines

A 5.3L V-8 with Direct Injection (DI), Variable Valve Timing (VVT) and Active Fuel Management (AFM) is standard. A 420-hp 6.2L V-8 is available.

Performance Exhaust System

Included only with the 5.3L V-8, it increases horsepower and adds an aggressive exhaust note.

Exterior Colors

Choose your Sierra All Terrain X in Onyx Black, Summit White, Stone Blue Metallic, Dark Slate Metallic, Red Quartz Tintcoat or Deep Mahogany Metallic.
SIERRA ELEVATION EDITION DOUBLE CAB IN ONYX BLACK shown with available equipment.

Additional charge, premium paint.

The Elevation Edition takes legendary Professional Grade engineering and adds an exclusive attitude. Its monochromatic body—available in Onyx Black, Summit White, Dark Slate Metallic1 and Stone Blue Metallic1—tells the world that something unique is headed their way with high style and surprising value. Elevation is available on Sierra models in a Double Cab configuration and on SLE in either Double Cab or Crew Cab configurations.

Body-Color Design Its monochromatic appearance is created with matching body-color bumpers, side moldings, grille surround, door handles and mirror caps.

Signature C-Shaped Projector-Beam LED Lighting Elevation includes HIDs headlamps and thin-profile LED fog lamps.

20” Black Painted Aluminum Wheels The 20” machined wheels shown are painted high-gloss black with matching caps and raised GMC logos. Elevation is also available with 20” bright machined aluminum wheels.

ELEVATION IT SHINES EVEN WITHOUT CHROME

IT SHINES EVEN WITHOUT CHROME
ENGINEERING

SINCE GMC FIRST INTRODUCED THE PROFESSIONAL GRADE TRUCK, WE’VE PUSHED THE BOUNDS OF PHYSICS, SCIENCE AND MATHEMATICS TO CONTINUOUSLY SET HIGHER STANDARDS OF EXCELLENCE.
In Sierra, it’s as much about outsmarting as it is about overpowering the laws of physics. That’s why Sierra’s EcoTec3 engines think before responding to driver inputs to generate power efficiently. Take Active Fuel Management (AFM): By sensing load and demand, AFM improves efficiency by activating or deactivating cylinders.

Under demanding conditions, such as high speeds or heavy loads, the valves’ switching mechanism is depressurized, reengaging the cylinder and restoring full power.

Sierra’s EcoTec3 4.3L V-6, 5.3L V-8, 5.3L V-8 with eAssist and 6.2L V-8 engines feature Direct Injection (DI) and continuously Variable Valve Timing (VVT) as well as Active Fuel Management (AFM) to deliver power and efficiency. In fact, the available 5.3L V-8 with eAssist offers both 355 hp and up to 24 mpg hwy, while the available 6.2L V-8 offers 420 hp with up to 21 mpg hwy. An 8-speed automatic transmission is standard on Denali and available on select SLT models.

Active Fuel Management Only uses the cylinders it needs to save fuel (deactivating two on the V-6 and four on the V-8).

Direct Injection Produces precise fuel distribution and fast, efficient combustion.

Variable Valve Timing Responsive in low-speed and open-road passing or trailering.

Piston Cooling Sprays oil under pistons and on cylinder walls to maximize power and durability.

5.3L V-8 With eAssist Technology Additional fuel optimization is achieved using Stop/Start technology, electric power boost, regenerative braking and lithium-ion battery pack (available).

6.2L V-8 Offers the most V-8 horsepower in its class
ROADS CHANGE IN A SECOND. SO DOES THE SUSPENSION.

Road surfaces go from smooth to uneven and rough or from straight to curvy without warning. That’s why Sierra Denali features standard Magnetic Ride Control, a class-exclusive suspension system that speed-reads the road up to 1,000 times a second, thinks and responds to changes in the road long before you ever could.

All you have to do is feel a more comfortable, controlled ride.

**Controlled**
During cornering or on uneven surfaces, a magnetic field realigns the particles for a more secure, precise driving experience.

**Cruising**
On smooth roads, the iron particles in the patented magnetorheological fluid align to allow for a smooth ride.

**Hydroformed Frame**
Providing Sierra with the ultimate in a solid foundation is a hydroformed, fully boxed, high-strength steel frame.

**Corrosion-Resistant Duralife Brake Rotors**
GMC engineers used patented Ferritic Nitro-Carburizing (FNC) technology that can help double rotor life.

**Large Ring Gears**
On Sierra models with the available 5.3L V-8 engine, the rear axle features a large (9.5”) ring gear. Choose the Max Trailering Package or an available 6.2L model and it increases to 9.76.” The rear axles are engineered to handle the robust power and provide durability.

**Stabilitrak**
Sierra’s electronic stability control system helps improve stability by detecting and reducing traction loss.

**Electric Rack-and-Pinion Steering**
The electric variable-assist power rack-and-pinion steering system on Sierra provides precise handling.

**Traction**
Automatic Locking Rear Differential
This available feature automatically directs power to the wheel with the most traction on loose gravel or slippery surfaces to keep Sierra moving confidently forward.

Excludes other GM vehicles.
Sierra is equipped with the available 4.3L V-6 and Max Trailering Package to confidently tow up to 12,500 lbs. Its power and seamlessly integrated trailering technologies keep you firmly in command of heavy loads, even in challenging situations.

**Sierra’s 7,600-lb rating** requires Sierra Regular Cab Standard Box 4WD with 4.3L EcoTec3 V-6 engine. Sierra’s 12,500-lb rating requires Sierra Double Cab or Crew Cab Short Box 2WD with 6.2L EcoTec3 V-8 engine and Max Trailering Package. Sierra’s 11,100-lb rating requires Sierra Double Cab 2WD with 5.3L EcoTec3 V-8 engine and Max Trailering Package.

Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

**IntelliHaul Trailering Camera System** is an Associated Accessory sourced from EchoMaster, an independent supplier, and is not warranted by GM or its dealers. GM is not responsible for the safety or quality of third-party supplier alterations. EchoMaster provides a 3-year/36,000-mile manufacturer’s warranty. For details on the warranty provided by EchoMaster (Power Brand of AAMP Global), please call 866-766-2267.

IT'S NOT JUST HOW MUCH YOU TOW. IT'S HOW WELL YOU TOW.

Choose the available 5.3L V-8 with the Max Trailering Package and you're able to tow up to a maximum of 11,100 lbs when properly equipped.

With the standard 4.3L V-6, Sierra achieves a maximum trailer weight rating of up to 7,600 lbs when properly equipped.

Sierra is equipped with the available 6.2L V-8 and Max Trailering Package to confidently tow up to 12,500 lbs. Its power and seamlessly integrated trailering technologies keep you firmly in command of heavy loads, even in challenging situations.

NHT Max Trailering Package (Available) Increased trailering capacity results when Sierra is equipped with this available package. It includes a 9.76” ring gear, 3.73 (6-speed) or 3.42 (8-speed) axle ratio with the available 5.3L V-8 (4.3L V-8), trailer brake controller, enhanced cooling radiator, rearaxle bushing and heavy-duty rear springs.

Premium Trailer Mirrors. The mirrors are heated and power-adjustable and are required and only available with the Max Trailering Package. On SLT models, the mirrors in both a power-folding feature with memory function. You’ll appreciate the segment-first LED rear guide lamps that enhance visibility when backing up.

**Hill Start Assist** Sensors automatically detect when Sierra is on a 5 percent grade or more. The system holds the brakes momentarily or until the accelerator is pressed, preventing rollback.

**Premium Trailering Mirrors** are heated and power-adjustable. On SLT models, the mirrors include a power-folding feature with memory function. You’ll appreciate the segment-first LED rear guide lamps that enhance visibility when backing up.

**Hill Start Assist** Sensors automatically detect when Sierra is on a 5 percent grade or more. The system holds the brakes momentarily or until the accelerator is pressed, preventing rollback.

**Auto Grade Braking** When going downhill, it automatically senses when you want to slow your Sierra and engages a Grade Braking shift pattern to help maintain your desired speed.

**TadShift** For full command over Sierra's shifting, TadShift controls on the gear lever use a precise algorithm that improves shifting response time.

**Auto Grade Braking** When going downhill, it automatically senses when you want to slow your Sierra and engages a Grade Braking shift pattern to help maintain your desired speed.

**Rear Vision Camera System** The center screen serves as your monitor for the camera. Its dynamic grid lines help when hitching a trailer.
FOUR DOORS. SEVERAL CHOICES.

Our designers and engineers work well together. So they combined their skills to create three distinct four-door cab and bed options for the 2018 Sierra. Whether you choose the Crew Cab Short Box, Crew Cab Standard Box or the Double Cab Standard Box, they all provide up to six-passenger seating and easy access with the addition of traditional forward-hinged rear doors.

Double Cab Standard Box The Sierra Double Cab features forward-hinged rear doors to make it easier to get into and out of the rear seats. Once inside, passengers will benefit from 34.6” of leg room. (Double Cab models come with a 6’ 6” Standard Box.)

Crew Cab Short Box or Standard Box The Sierra Crew Cab, with 40.9” of generous rear-seat leg room, makes for comfortable companions. The doors and the second-row openings are large to accommodate unobstructed entry and exit. Crew Cab models come with a 5’ 8” Short Box (left) or an available 6’ 6” Standard Box (right).

Vehicles shown with available equipment.
EVERY ELEMENT IN EVERY GMC GOES BEYOND ITS BOLD, CONFIDENT APPEARANCE. EACH SERVES A HIGHER PURPOSE—WHERE SIERRA’S FORM IS EXCEEDED ONLY BY ITS FUNCTION.
ANATOMY OF COMFORT

Sierra achieves the ultimate in support and comfort. Its seats are engineered to feel good from day one and for the long haul. Add available leather appointments and heating and ventilation, and leaving the seats may not be easy.

**Lasting Comfort Seats**
Hard work shouldn’t describe the front seats in your Sierra. That’s precisely why they feature a bolstered design to support you and dual-firmness foam to provide lasting comfort. We used generous seat cushion bolsters so they’ll maintain their shape and appearance over time. A premium grade of foam was selected for its ability to retain its shape and reduce driver and passenger fatigue. The seats also use high-wear materials that were tested for 100,000 durability cycles of entry and exit.

**Heated and Ventilated Front Seats**
The ultimate in all-weather comfort, these seats (standard on Denali; available on SLT) are perforated and leather appointed. You’ll also appreciate the warmth of front heated leather-appointed seats on SLT or available front heated cloth seats on SLE.

**Power Front Seats**
Get comfortable at the touch of a button with available power-adjustable front seats. Driver-seat adjustment is available for 40/20/40 seating with select equipment packages, and power driver and front-passenger seats are included with all bucket seats on SLE (10-way driver/6-way passenger), SLT (10-way driver/10-way passenger) and Denali (12-way driver/12-way passenger).

**Premium Materials**
Sierra offers premium materials such as a soft-touch feel on the instrument panel, while real aluminum trim and contrasting stitching give the interior an overall refined appearance.

**Generous Storage**
An available center floor console maximizes space with a cavernous storage bin large enough for hanging files, a laptop or mobile devices. Pockets on either side of the console and in the door panels offer “grab and go” convenience and twin glove boxes give you and your companions personal storage areas.

**Rear Seating**
Rear-seat comfort is the result of 40.9” of leg room on Crew Cabs. The Rear-Seat Reminder (standard on Double Cab and Crew Cab models) is activated when a second-row door is opened or closed during or just before a trip. When Sierra is turned off, under certain conditions, an audible chime and a message in the Driver Information Center remind you to check the second row.

**Power-Adjustable Pedals**
To help drivers of varying heights sit at a comfortable distance from the steering wheel, adjustable pedals are available on SLE and standard on SLT and Denali.

**Heated Steering Wheel**
Standard on Denali and available on SLT, the leather-wrapped, heated steering wheel adds warmth whenever you demand it.

**Climate Control**
Automatic dual-zone climate control with individual settings for the driver and front-seat passenger is standard on SLT and Denali and available on SLE.
INFORMATION. MORE POWERFUL.

Sierra’s ergonomically configured instrument panel places information where it’s quickly visible and controls where they’re easily under your command. In Sierra Denali, the GMC Infotainment System’s full-color 8” diagonal touch-screen and Apple CarPlay™ and Android Auto compatibility provide immediate data and dynamic response. An 8” diagonal Customizable Driver Display in the gauge cluster lets you personalize vital information with selectable themes—Standard, Technology and Media. Knobs and buttons are large to accommodate gloved hands, while gauges are easy to read and LED back-lit.

+ Up to Six USB Ports® Throughout the Cabin

Bose Audio System

The optional Bose audio system is engineered to give you the realism and presence of a live performance.

CORNER OFFICE. HOME OFFICE. MOBILE OFFICE.

You can always count on Sierra to offer advanced technologies to keep you connected, entertained and highly productive. Stay connected on the go with the available built-in Wi-Fi hotspot1 to make Sierra your office away from the office.

Voice And Touch-Screen Navigation  
In response to your voice or touch, Sierra’s available Navigation System displays 2-D or 3-D map graphics on the 8” diagonal center-mounted screen. Also included, NavTraffic7 (with 3 trial months of SiriusXM) incorporates real-time traffic and road conditions, directing you toward the most efficient route.

Rear Vision Camera System

The center screen also serves as your monitor for the camera. Its dynamic grid lines (included on all 7” and 8” diagonal screens) help provide the perfect target when backing up or hitching a trailer.

4G Wi-Fi Hotspot1

Available 4G built-in Wi-Fi means a fast internet connection for up to seven web-enabled devices. It’s reliable, easy to use and can connect up to 50 feet around the vehicle when it is running. Visit onstar.com for details.

GMC Infotainment System2

The system features a full-color 7” or an available 8” diagonal screen for easy viewing and hands-free, voice-activated control of your smartphone. Stream music, sync MP3 music, receive vocalized text messages, benefit from Siri® Eyes Free3 assistance, connect libraries from multiple devices and store phone contacts.

Rear View Camera System

The center screen also serves as your monitor for the camera. Its dynamic grid lines (included on all 7” and 8” diagonal screens) help provide the perfect target when backing up or hitching a trailer.

SEE. AND BE SEEN.

To help give Sierra clear vision in many driving situations, GMC engineers use available high-performance LED headlamps, thin-profile LED fog lamps and LED taillamps to provide visibility, efficiency and durability:

- IntelliBeam Automatic Hi-Beam On/Off Headlamps (Available)
- High-Performance Projector-Beam LED Headlamps (Available)
- Thin-Profile LED Fog Lamps (Available)
** THERE ARE PREMIUM ACCOMMODATIONS BACK HERE, TOO**

Our most innovative cargo box ever helps you access, load and secure cargo, all while protecting the bed.

**Tri-Mode Power Steps** Sierra Denali offers power assist steps that automatically extend when the front- or second-row doors are opened to provide easy access. They retract when the doors close for an uncluttered profile. Tap a button on the edge of the step with your foot and it moves rearward for side access into the bed. See your dealer for more availability details.

**Remote Power-Locking Tailgate** This available convenience allows you to lock or unlock the tailgate from the key fob.

**CornerStep Rear Bumper and Integrated Handgrips** Crafted into the corners, the bumper steps make it easy to access the cargo box. The depth of the step accommodates large boots, and ergonomically designed handgrips on the top of the side rails help give you a boost into the bed.

**EZ-Lift and Lower Tailgate** Loading the cargo box takes less effort thanks to an available EZ-Lift and Lower Tailgate. It also keeps the tailgate from slamming down.

**LED Under-Rail Lights** Available LED lights are conveniently positioned under each cargo box rail to make it easier to load or unload at night, or when the box is enclosed by a tonneau cover.

**Spray-On Bedliner** To provide a permanent, durable nonskid surface, the available (standard on Denali and All Terrain) black liner covers the entire bed below the side rails, including the tailgate, front box top rail and lower tie-down hooks. It’s designed to protect Sierra’s premium fit and finish.

**Eight Tie-Down Hooks** In addition to four lower stationary hooks are four patented, load-bearing movable upper hooks. Rated at 250 pounds each, the upper hooks can be repositioned in several places around the box depending on the cargo being secured.

**Bed Rail Protection** Simple yet all-too-important elements like standard rail protectors at the top of the box improve damage resistance. And to help reduce turbulence, a rear spoiler is integrated into the top of the tailgate.

**High-Strength Steel Bed** Unlike the stamped-steel process, a roll-formed process is used in Sierra’s cargo-bed floor to allow for a higher-grade steel that’s stronger, lighter and more durable. Sierra offers a maximum payload of more than a ton (up to 2,350 pounds on 2WD Double Cab with the available Max Trailering Package and 5.3L V-8).
CARRY YOUR OWN SECURITY DETAIL

Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner’s Manual for important feature limitations and information.

Rear Park Assist This available feature alerts you to objects behind the truck.

Rear Vision Camera System The center screen serves as a helpful monitor for the rear-vision camera. It helps you see what’s behind you when backing up.

LATCH Child-Seat Anchoring System LATCH stands for Lower Anchors and Tethers for Children. A child seat with LATCH attachments can be secured to specially designed anchors with an audible “click.” You can also install a top tether strap (if child seat is equipped) that helps limit forward movement and child-seat rotation while driving or in a crash.

Safety Alert Seat Relaying inputs from available features such as Forward Collision Alert and Lane Keep Assist with Lane Departure Warning, this available seat alerts you to potential traffic danger using directional vibration pulses within the seat cushion instead of audible alerts.

Low-Speed Forward Automatic Braking This available feature reduces the risk of a front-end collision by automatically applying the brakes if the vehicle is traveling at a low speed and the available system detects that a front-end collision situation is imminent while following a detected vehicle, and you have not applied the brakes. The system may even help you to avoid the collision at very low speeds.

Air Bags To help reduce the risk of injury to passengers, dual-stage frontal air bags use sensors to gauge the severity of a crash. Head-curtain air bags deploy from the roof rails to provide protection for outboard passengers and can be activated by either rollover or side-impact sensors.

Enhanced Driver Alert Package This available package provides the reassurance of Lane Keep Assist with Lane Departure Warning, Forward Collision Alert, Front Park Assist, Safety Alert Seat, IntelliBeam headlamps and Low Speed Forward Automatic Braking.

Lane Keep Assist With Lane Departure Warning This available feature helps drivers avoid crashes due to unintentional lane changes. It assists by gently turning the steering wheel if Sierra approaches a detected lane marking without the turn signal being activated.

Front Park Assist This available feature alerts you to objects in front of the truck while parking.

Rear Vision Camera System The center screen serves as a helpful monitor for the rear-vision camera. It helps you see what’s behind you when backing up.
Building the 2018 Sierra means crafting every inch of it from the ground up—especially the wheels it rides on. That’s why you’ll find a selection of specially designed GMC wheels in a range of styles for your Sierra. See your dealer for more wheel availability details.

18” 5-Spoke Black Painted Aluminum (REG) Included with All Terrain X only

17” Painted and Bright Machined Aluminum (Q5W) Available on Sierra Regular Cab and Double Cab with Sierra Appearance Package. Standard on SLE.

WE SIGNED OUR WORK. NOW IT’S YOUR TURN.

GMC Accessories range from the functional to the stylish so you can truly make Sierra your own.

Performance Cat-Back Exhaust A GMC-engineered stainless steel cat-back performance exhaust system delivers both increased horsepower and a bold exhaust note. Available with the 5.3L V-8 engine only. See your dealer for details.

Molded Splash Guards Custom-designed molded splash guards fit directly behind the wheels to help protect against tire splash and mud. Specially designed for your vehicle, they include styling features that accent the exterior of your Sierra.

Rear Under-Seat Storage Organizer Contain, organize and conceal items under the rear seat of your Sierra with this durable, molded plastic under-seat storage box. Shown with second-row floor liners.

Tonneau Covers The soft cover shields cargo, easily rolls up to allow full access to the bed and is constructed with integrated crossboxes. A soft tri-fold cover is also available. The hard cover is tin-holding and adds strong content protection and easy access to the cargo box. All three covers display a GMC logo.

Assist Steps Make it easier to get into and out of your truck with these stylish steps. The 6" rectangular are chrome (shown) and the 4" round are stainless steel. Both are rust-resistant and available in either chrome or black powder coat.

SF0 Accessory Wheel 22" 6 split-spoke Ultra-Bright Machined Manoogian Silver

RXN Accessory Wheel 22" 7-spoke Aluminum with Chrome Inserts

RX1 Accessory Wheel 22" 7-spoke Silver with Black Inserts

SEV Accessory Wheel 22" 6-spoke High-Gloss Black

SEW Accessory Wheel 22" 5 split-spoke Ultra-Bright Machined High-Gloss Black

SF Accessory Wheel 22" 6 split-spoke Ultra-Bright Machined High-Gloss Black

SF Accessory Wheel 22" 6 split-spoke Ultra-Bright Machined High-Gloss Black

Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle’s performance characteristics. For approved tire and wheel combinations and other important information, go to gmcaccessories.com or see your dealer for details.

WE'RE AS CLOSE AS THE BLUE BUTTON

Connect to a specially trained OnStar® Advisor just by pushing the blue OnStar button in your Sierra.

Emergency: Help When It Matters Most. OnStar protects you and your passengers in the event of an emergency with the right help, right when you need it.

Automatic Crash Response. Using built-in sensors, Automatic Crash Response can connect you to an OnStar Advisor immediately after a crash to help get you the care you need even if you can’t ask for it. Using Injury Severity Prediction technology, professionally trained Advisors can notify first responders about the likelihood of serious injury so they can provide the right help, right away. You can feel confident knowing you have a team, 24/7, to get you the assistance you need.

Roadside Assistance. If you’ve got a flat tire or are low on gas, just push the blue OnStar button, and an Advisor will get things moving with Roadside Assistance. We can use GPS technology to pinpoint where you are and send a tow truck or whatever help you need. No matter how far you are from home, you’re empowered with solutions that keep you moving.

Crisis Assist. During severe weather or a crisis, OnStar can provide critical guidance during your time of need. With Crisis Assist, our Advisors provide a fast, knowledgeable resource for emergency assistance, special routing assistance and other services. We’re a 24-hour connection and central point of contact for help when you need it most.

Security: Protection You Can Count On. Breathe easy knowing a comprehensive suite of Stolen Vehicle Assistance services is available to help protect your vehicle.

Stolen Vehicle Assistance. If your vehicle is stolen, you can be assured OnStar Advisors are ready to take action. Once you report your vehicle stolen, they can pinpoint its location, work with the police to quickly recover it, slow the vehicle if necessary and prevent it from restarting. And with Theft Alarm Notification, if your vehicle alarm sounds, we’ll let you know via text, email and/or a phone call. One simple call puts a team into action to help recover your vehicle quickly and safely.

Pro Grade Protection is standard on every 2018 Sierra. From maintenance to protecting your entire vehicle, you can drive with confidence.

INCLUDES 2 MAINTENANCE VISITS DURING THE FIRST 2 YEARS/24,000 MILES
3-YEAR/36,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY
5-YEAR/60,000-MILE POWERTRAIN LIMITED WARRANTY
5-YEAR/60,000-MILE ROADSIDE ASSISTANCE/COURTESY TRANSPORTATION
CONVERSATION STARTER
At GMC, we’d like to start a dialogue with you so we can learn more about each other. Join the conversation and share your passion for all things Professional Grade.

IMPORTANT WORDS

PRO GRADE PROTECTION
Pro Grade Protection includes 2 years/24,000 miles of maintenance visits and a 3-year/36,000-mile Bumper-to-Bumper Limited Warranty, 2 and 5-year/60,000-mile Powertrain Limited Warranty, 2 and 24-Hour Roadside Assistance, Courtesy Transportation and Travel Benefits. See your GMC owner’s center for details.

GMC OWNER CENTER
For more information about trailering or off-road driving in your vehicle, see your GMC owner’s center or visit gmc.com/sierra. More photos and information; hot links to related products.

ONSTAR
For 2018, Sierra 1500 comes with the Pro Grade Protection Plan, which includes two maintenance visits, 1 year of SiriusXM Satellite Radio, and 5-year/60,000-mile (whichever comes first) Powertrain Limited Warranty. GM vehicles registered in the USA are also covered for 6 years or 100,000 miles (whichever comes first). Coverage includes tires and towing to your nearest GMC service center. GM is not responsible for the safety or quality of any alterations (or any effect of the alterations) to any of the parts, systems, components, or assemblies installed by GM.

TRAVEL BENEFITS AND ROADSIDE ASSISTANCE
Roadside Assistance and Courtesy Transportation. GMC’s customer assistance centers are available 24 hours a day, 7 days a week to take care of your needs. For 2018, Sierra 1500 comes with 24-Hour Roadside Assistance, Courtesy Transportation, and Travel Benefits. See your GMC owner’s center for details.

ONSTAR SERVICES
OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite system, and are subject to service availability and other terms and conditions.

SIRIUSXM Satellite Radio
SiriusXM Satellite Radio3 is standard on select Sierra models. It includes 3 trial months of commercial-free music and entertainment channels from virtually every genre, artist-dedicated channels, live performances and more. Tune in to live play-by-play sports, talk radio, news and information, and more, and enjoy over 200 channels. SiriusXM Satellite Radio makes your drive come alive with commercial-free music, news, talk and entertainment. Visit siriusxm.com for details.

1 Maintenance visits must occur within 2 years or 24,000 miles of vehicle delivery, whichever comes first. Does not include air filters. See participating dealer for details.

2 Whichever comes first. See dealer for limited-warranty details.

3 SiriusXM Satellite Radio is available in the United States, except Alaska (except for SiriusXM Sport佛ロント) and Puerto Rico; SiriusXM Guardian is available in the United States, except Alaska; SiriusXM with 36-month/36,000-mile subscription is available in the United States, except Alaska; SiriusXM with 60-month/60,000-mile subscription is available in the United States, except Alaska; SiriusXM with 120-month/120,000-mile subscription is available in the United States, except Alaska. SiriusXM’s conditional use agreement available at siriusxm.com. SiriusXM service requires a subscription with fees and other conditions. Subscriptions sold by SiriusXM Radio, Inc., subject to its return policy. SiriusXM’s privacy policy available at siriusxm.com/privacy. GM is not responsible for third-party products, services or content.

GM CERTIFIED SERVICE
GMC Certified Service is a complimentary, one-stop resource to enhance your GMC ownership experience. It’s easy to schedule service online or by phone. GMC Certified Service professionals are highly trained and ready to help. GMC vehicles registered in the USA are also covered for 6 years or 100,000 miles (whichever comes first). Coverage includes tires and towing to your nearest GMC service center. GM is not responsible for the safety or quality of any alterations (or any effect of the alterations) to any of the parts, systems, components, or assemblies installed by GM. GMC Certified Service professionals are highly trained and ready to help.

ADDITIONAL NOTES
 indicate important notes on Alterations and Warranties. Additional notes may include important advice or instructions.
