

↗ 02 CAMRY

XLE V6 shown in Lunar Mist Metallic with available power moonroof.

IT NOT JUST A NEW CAR. IT'S A NEW CAMRY.

There are a few reasons the Camry has some of the most loyal owners in America. It offers a timeless design, incredible dependability and safety features galore. Now, add another selling point: raw, unadulterated desire. This is a car that, quite simply, you've just got to have. And the XLE is what you want most in a car. Luxury, comfort, unique features and a ride that must be experienced to be believed. It's said people who own Camrys love them. Here's your chance to find out why.

*The Toyota driver, front passenger, front seat-mounted side-impact and overhead front and rear side curtain shield air bags are Supplemental Restraint Systems (SRS). The driver and front passenger air bags are designed to inflate in a severe frontal collision. The side-impact and overhead front and rear side curtain shield air bags are designed to inflate in severe side-impact collisions. In all other accidents, the air bags will not inflate. To decrease the risk of injury from a deploying air bag, always wear seatbelts, sit upright in the middle of the seat as far back as possible from the air bag modules and do not lean against the door. Do not put objects in front of an air bag or around the seatback. Do not use rearward-facing child seats in any front passenger seat. The force of a deploying air bag SRS may cause serious injury or death. Please see your Owner's Manual for further instructions.
