ACCESSORIES

LIMITED

Excursion Limited in Mineral Grey Metallic. Shown with optional trailer tow mirrors.

Finally, an SUV that does it all – Excursion. At the top is Excursion Limited. This bigger-than-life SUV is actually anything *but* limited. With class-leading interior volume and cargo space, it provides true comfort that certainly won't limit your lifestyle. As the most luxurious Excursion, the Limited features a sleek, monochromatic exterior and a comprehensive array of standard interior amenities: premium leather seating surfaces, heated front seats,

redundant steering wheel audio and climate controls, memory driver's seat, a 6-disc in-dash CD player, even power adjustable accelerator and brake pedals with memory. Its comfort and capability make your life easier, while its Low Emissions Vehicle status and 85% recyclability make it easy on the environment. This Excursion simply surrounds you with luxury, strength and confidence. With all these virtues, maybe it should have a new name: Excursion *Unlimited*.

EDDIE BAUER

Excursion Eddie Bauer in Oxford White.

Take Excursion's considerable capabilities, add plush accommodations, and outfit them in distinctive Eddie Bauer style. Arizona Beige is the signature tone, setting off the illuminated running boards, cladding, bumpers and grille. Unique aluminum wheels complete the rugged exterior look. Inside, two-tone leather seating surfaces in Medium/Dark Parchment are exclusive to this edition. But no Excursion is

built just for show. The optional 7.3L Power Stroke® diesel V8 powerplant delivers 525 lb.-ft. of torque – the best in the class. Here's something else you might not expect: a standard reverse sensing system that alerts you to closing distance as you back toward an object. The Excursion Eddie Bauer Edition: It's the perfect combination of "doing it all," and "looking good doing it."

XLT PREMIUM

Excursion XLT Premium in True Blue Metallic.
Shown with optional trailer tow mirrors.

Like every Excursion, the XLT Premium has a standard Class IV hitch receiver and heavy-duty towing package. Properly equipped, Excursion can tow up to 11,000 lbs. Body-on-frame construction, complemented by Excursion's new shocks and front jounce bumpers, delivers a smooth, solid ride. Loading or unloading is smooth, too, thanks to the convenient rear Tri-Panel™ Door

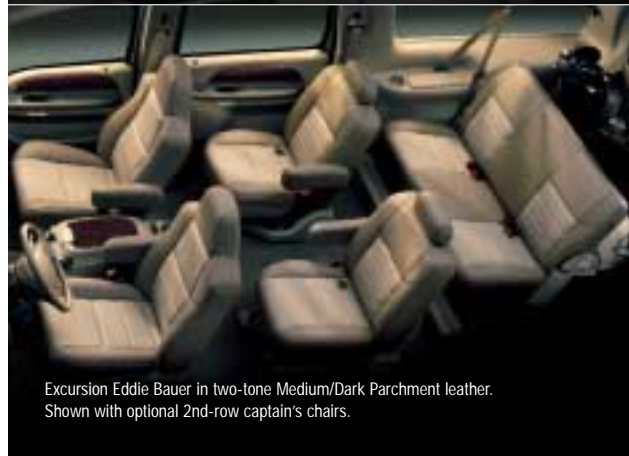

System. The rear liftglass and split swing-out tailgate create one huge opening with no pillar to block your view. And the handy folding, removable 3rd-row seat lets you take more people or more gear, depending on your needs. The Excursion XLT Premium: It's hard to believe an SUV this strong can be so versatile and comfortable as well.

INTERIOR

Excursion Limited in Medium Parchment leather. Shown with optional 2nd-row captain's chairs.

Excursion Eddie Bauer in two-tone Medium/Dark Parchment leather. Shown with optional 2nd-row captain's chairs.

Excursion XLT Premium in Medium Flint. Also available in Medium Parchment. Shown with optional leather seating surfaces. Cloth trim is standard.

Excursion offers more interior room than any SUV in the class, with a myriad of flexible seating configurations to suit your varying needs. Up front, dual power captain's chairs provide a commanding view (XLT Premium, Eddie Bauer and Limited). Eddie Bauer and Limited offer available captain's chairs in the 2nd row as well, while other models feature a standard 60/40 split bench with dual recliners. The versatile 3rd-row bench carries three in comfort; it can be folded or removed for more cargo space. Of course, nothing takes a back seat to luxury: power adjustable accelerator and brake pedals with memory, power front heated seats with memory settings on the driver's side, electronic automatic temperature control, a 6-disc in-dash CD player and redundant steering-wheel audio and A/C controls are all standard on the Excursion Limited.

Exkursion Limited in Medium Parchment leather.

COMFORT+CONVENIENCE

9

Whether it's a trip across town or across the country, Excursion offers a long list of standard features and optional toys so you can relax and enjoy the ride. A remote keyless entry system with driver's door keypad gets you in, even without your keys. Illuminated running boards on XLT Premium, Eddie Bauer and Limited models light the way. For more security, Excursion's Securilock™ system uses a coded ignition key to help protect against theft. And privacy glass* lets you see the world, without the world seeing you. Power windows with rear-window lockout and child safety rear door locks are a real comfort if kids are on board. Too hot in back? Rear-seat passengers have their own air conditioning. An AM/FM CD/cassette audio system lets you play your favorites (even oldies). Upgrade to the premium audio system for 6-CD convenience. And for the ultimate in on-board entertainment, order the first factory-installed DVD player available in the class.

*Rear glass only. Not available on 1st-row driver and passenger door glass or windshield.

10

- 1 The available **trailer tow mirrors** are not only power operated, but also heated, fold-away and telescopic for excellent visibility and flexibility.
- 2 In addition to the passenger's side 1st-row grab handle, a **driver's side grab handle** is new for 2003. Grab handles in the 2nd row are also standard.
- 3 **Memory controls** for the 6-way power driver's seat and power adjustable pedals are standard on Limited.
- 4 **Redundant controls** for the temperature, fan and audio system let you keep your eyes on the road and your hands on the wheel. Standard on Limited.
- 5 A **6-disc CD player** lets you load music right into the in-dash system and includes 6 premium speakers. Standard on Limited; available on XLT models and Eddie Bauer.
- 6 An **Electronic Automatic Temperature Control system** allows you to set the temperature and forget it. The system will maintain it just the way you like it. Standard on Eddie Bauer and Limited.

11

12

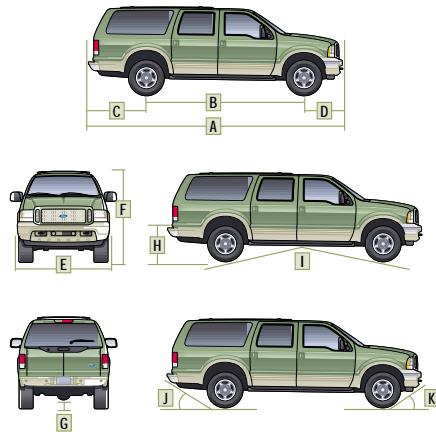

13

- 7 Four **power points** on XLT Value, and five on XLT Premium, Eddie Bauer and Limited, allow you to plug in almost anywhere.
- 8 Up to **8 cupholders** means that you and your passengers will always have a place for beverages.
- 9 A **rear-seat DVD player** with a flip-down 7" LCD screen and two headphones is available on XLT Premium, Eddie Bauer and Limited.
- 10 The **overhead console** on XLT Premium, Eddie Bauer and Limited models provides a compass, trip computer and sunglasses/garage door opener compartment, as well as auxiliary A/C controls, front map lights and power rear-quarter window controls. Limited models add Homelink® on the driver's visor, which includes a universal transmitter.
- 11 **Power front seats** are standard on XLT Premium, Eddie Bauer and Limited (which also includes 2-position driver's side memory). **Heated front seats** are standard on Limited, optional on Eddie Bauer. All are 6-way adjustable.
- 12 The **new reversible rear cargo mat** is plush carpet backed by durable, easy-to-clean rubber. Standard on Limited.
- 13 **Power adjustable accelerator and brake pedals** help maintain the optimum relationship between driver and controls. Standard on Eddie Bauer and Limited, available on XLT models. On Limited, they include memory for two positions.
