

↗ 03 HIGHLANDER

Highlander in Sundown Red Pearl

DESIGNED FOR THOSE 363 DAYS OF THE YEAR THAT YOU'RE NOT CAMPING.

There are SUVs made for ambitious off-road adventure. And then there's the 2003 Toyota Highlander—built and styled for the kind of driving you do day in, day out. You know, battling traffic on the freeways, lugging groceries through potholed city streets and, on occasion, heading to the great outdoors. That in mind, it's no wonder we gave Highlander an ultra-smooth ride, striking good looks and a spacious, versatile interior. But why stop there? You'll also find standard features like power windows and door locks. Four cargo hooks to secure grocery bags. Plus two power outlets for your carry-ons. Even the height of this SUV was designed to make your daily drive a pleasure. With a ground clearance of up to 7.3 inches, you'll never need to do a leg-kick to get in.

As easy as it is to get into a Highlander, staying there is even easier. Credit that to rigid unibody construction, 4-wheel independent suspension and an available 220-hp VVT-i V6 engine (or a standard 155-hp VVT-i 4-cylinder). Want the utmost in Highlander? Choose the available full-time 4-wheel drive. You'll have all the traction you need to enjoy the great outdoors. All two days per year.

STANDARD FEATURES
HIGHLANDER

- Deluxe 3-in-1 AM/FM ETR/Cassette/CD with 6 speakers and fixed mast antenna
- Defroster-linked CFC-free air conditioning with air filtration
- Fabric-trimmed semi-flat reclining front captain's chairs with height-adjustable headrests and 6-way adjustable driver's seat

- Dual sun visors with illuminated vanity mirrors and sliding extensions
- Chestnut wood-grain-style interior trim
- HomeLink³ universal transceiver
- Leather-trimmed steering wheel and shift lever
- Cargo area tonneau cover

Limited standard aluminum alloy wheel

¹ The Toyota driver, front passenger and front seat-mounted side-impact air bags are Supplemental Restraint Systems (SRS). The driver and front passenger air bags are designed to inflate in a severe frontal collision. The side-impact air bags are designed to inflate in severe side-impact collisions. In all other accidents, the air bags will not inflate. To decrease the risk of injury from a deploying air bag, always wear seatbelts, sit upright in the middle of the seat as far back as possible from the air bag modules and do not lean against the door. Do not put objects in front of an air bag or around the seatback. Do not use rearward-facing child seats in any front passenger seat. The force of a deploying air bag SRS may cause serious injury or death. Please see your Owner's Manual for further instructions.

² Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.

³ HomeLink[®] is a registered trademark of Johnson Controls, Inc.

OPTIONAL PACKAGES

- Appearance Package¹—includes aluminum alloy wheels with full-size spare tire on aluminum alloy wheel, color-keyed front and rear mudguards, and privacy glass on rear side, quarter and tailgate windows
- Towing Prep Package and converter—includes upgraded radiator, transmission oil cooler, 130-amp alternator and trailer rewiring; 4-cylinder models add: 3,000-lb. towing capacity,² engine oil cooler and 120-watt fan coupling; V6 models add: 3,500-lb. towing capacity,² 80-watt fan coupling and power steering oil cooler
- Convenience Package¹—includes multi-function remote keyless entry system and tonneau cover
- Quick Order Package³—includes multi-function remote keyless entry system; privacy glass on rear side, quarter and tailgate windows; and tonneau cover
- Preferred Package⁴—includes driver seat with 8-way adjustment plus lumbar support, engine immobilizer and anti-theft system alarm prewire, illuminated vanity mirrors and HomeLink®⁵ universal transceiver
