

LINCOLN MKT 2011

LINCOLN

BEYOND EVERYTHING.

The 2011 MKT, the ultimate of Lincoln inspirations, bends the boundaries of space as we know it. "An astonishing array of features and benefits in one automobile," says *Car and Driver*.¹ In its wood-accented, leather-trimmed interior, this 7-passenger luxury crossover features available technological marvels that will amaze you with their far-reaching capabilities. Prepare to be dazzled. Again and again.

¹September 2009 issue.

Lincoln MKT premium leather-trimmed seats in Charcoal Black. Walnut swirl wood accents. Shown with available equipment.

LINCOLN

POWER TO SET YOUR OWN PACE.

With **2 available engines**, Lincoln MKT lets you choose your own pace. The standard **3.7L Duratec® V6** delivers 268 horsepower and gas highway fuel economy of 23 mpg that is unsurpassed in its class.¹ Steering wheel-mounted paddle shifters put control at your fingertips. Pull to upshift or push to downshift for a completely engaging driving experience. Or, put the **6-speed SelectShift Automatic™** transmission in Drive and let it handle shifting on its own. To help increase traction, choose available **intelligent all-wheel drive (AWD)**.² In rain, snow or uneven roads, intelligent AWD reacts instantly, seamlessly distributing torque to the wheel or wheels with the best grip.

Lincoln MKT in Ingot Silver Metallic with available equipment.

GO QUICKLY, WITH BEST-IN-CLASS HORSEPOWER.

355 horsepower.³ 350 lb.-ft. of torque.³ Turbochargers boost the air going into Lincoln MKT's available **3.5L EcoBoost™ V6 twin-turbocharged, direct-injection engine**, creating more power for tremendous low-end torque and smooth acceleration on demand. High-pressure fuel injectors use a precise spray pattern to deliver fuel directly into the combustion chamber during intake, optimizing combustion and compression in each cylinder. In fact, no other competitors' AWD vehicle in the class provides better gas highway fuel economy.⁴ It's **V8 power with V6 fuel economy.**

¹EPA-estimated 17 city/23 hwy/19 combined mpg with 3.7L Duratec V6 engine (FWD). Class is Luxury Large Crossovers vs. 2010 competitors. ²AWD standard on MKT with 3.5L EcoBoost V6 engine. ³With premium fuel. ⁴EPA-estimated 16 city/21 hwy/18 combined mpg with 3.5L EcoBoost V6 engine (AWD).

LINCOLN

LUXURY SUITE. EXTRAORDINARY VIEW.

From the driver's seat, reason, logic and intuition merge. Beautifully. Premium leather trim graces the 12-way power, **heated and cooled front seats**. Liquid Bronze-colored trim on the instrument panel, door-trim panels and leather-wrapped steering wheel is accented by genuine walnut swirl or olive ash wood. For a more modern appearance, the available Woven-Metal Appearance Package replaces the wood with a woven-metal appearance and includes a full leather-wrapped steering wheel. Settle in and choose your destination.

Lincoln MKT premium leather-trimmed seats in Charcoal Black. Walnut swirl wood accents. Shown with available equipment.

LINCOLN MKT 2011

lincoln.com

LINCOLN

SPACE. TRAVEL. WITH 6 OR 7 ON BOARD.

1ST ROW

Premium leather-trimmed, heated and cooled **12-way power front seats** include a power lumbar feature for adjustable back support. Power-adjustable brake and accelerator pedals can be positioned where they're most comfortable. An Auto Exit feature on the leather- and wood-trimmed power tilt/telescoping steering column retracts the wheel as you exit. To turn on the accessory power features, press the Auto Start button without pressing the brake. Enjoy your stay.

2ND ROW

The versatile 2nd row of MKT, with best-in-class leg room, can be outfitted one of three ways. A standard 60/40 split fold-flat bench seat with heated outboard sections allows seating for 7 (2 in front, 3 in the middle and 2 in back). For 6-passenger seating, available **heated and cooled 2nd-row buckets** with power lumbar offer easy pass-through access to children seated in the 3rd row. Not needed? An available **refrigerated console** (shown) can fill that space. Get ready to chill.

3RD ROW

Best-in-class leg room supplies the space your passengers desire, while a standard **fixed glass Vista Roof™** provides a view that's far from ordinary. Outlets for the tri-zone electronic automatic temperature control help passengers maintain their comfort level. For cargo, the 50/50 split bench seat folds flat into the floor. An available **PowerFold® 3rd-row seat** makes it more effortless and, if needed, can even flip over to form a rear-facing tailgate seat.¹

¹Do not drive vehicle when 3rd row is in tailgate position.

POWER LIFTGATE

Formed with weight-saving magnesium, the sweeping rear **power liftgate** of Lincoln MKT opens and closes easily. To access the spacious cargo area, just enter your code in the SecuriCode™ invisible keypad, or press a button on the instrument panel or Intelligent Access key. The liftgate opens to 17.9 cu. ft. of cargo space that can expand to a generous 75.9 cu. ft. by folding down the 2nd- and 3rd-row seats. Access granted.

**ALIGNS AS BRILLIANTLY AS THE STARS.
ACTIVELY PARKS IN AS LITTLE AS 24 SECONDS.**

Some nights it all comes together. As you parallel park in a Lincoln MKT equipped with available **active park assist**, you'll marvel at the simplicity as it handles the maneuver in as little as 24 seconds, with very little assistance from you. Simplicity realized. Parallel parking conquered. Now on to more important things.

1) SCAN: Press active park assist button to activate system. Ultrasonic sensors then measure surroundings and spaces for a parallel parking spot.

2) MEASURE: When a suitable spot is found, the system sounds a chime and displays "Space Found Pull Forward" in message center. Pull forward until message center displays "Space Found Stop," followed by a chime.

3) STOP TO PARK: With the ideal steering trajectory calculated, simply stop, put MKT in Reverse and remove your hands from the steering wheel as prompted by the system. Auto Steer is now activated.

4) REVERSE: The system steers MKT into the parking spot as you follow vehicle prompts and gently control the shifting, brake and accelerator pedals. Use the Reverse Sensing System and rear view camera for additional help.

5) FORWARD: After you determine MKT is far enough back, stop and shift into Drive. Message center will display "Pull Forward Use Caution," followed by a chime. Additional reverse and forward prompts may be given as the system aligns MKT in the parking spot.

6) PARALLEL PARKING COMPLETED: When active park assist has aligned MKT and completed the automated steering, the message center displays "Active Park Finished," followed by a chime. Elapsed time: as little as 24 seconds.

KEEP YOUR DISTANCE WITH ADAPTIVE CRUISE CONTROL.

Surround yourself with the power of radar technology. Available **adaptive cruise control** and collision warning with brake support maintains one of 3 preset gaps between Lincoln MKT and the vehicle in front of it. If radar-based sensors detect that the lead vehicle has slowed, MKT slows down. When sensors detect the gap has widened, MKT returns to its preset speed.

Whether adaptive cruise control is activated or not, **collision warning with brake support** is *always active* and ready to respond. If sensors detect a potential collision with the vehicle in front of you, collision warning chimes and flashes a red warning light in the heads-up display. If you fail to respond immediately, brake support pre-charges brake pressure so you have full responsiveness when you brake.

Ingot Silver Metallic. Available equipment shown.

LINCOLN MKT 2011

lincoln.com

LINCOLN

VOICE. TOUCH. ACTIVATE.

Enter MKT with your paired Bluetooth®-enabled phone or plug your digital media player into its USB port. **Lincoln SYNC**^{®1} knows you're there. Press a steering wheel button, say "Call office" or "Play Genre: Jazz," and it follows your commands. But that's not all. SYNC with class-exclusive 911 Assist™ can make an emergency call from your phone if any airbag deploys,² connecting you directly to a 911 operator, not a call center. SYNC also lets you request a Vehicle Health Report that can be viewed online. SYNC. Say the word.

¹Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. ²The vehicle's electrical system (including the battery), the wireless service provider's signal, and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be connected to SYNC, and the 911 Assist feature enabled, in order for 911 to be dialed. ³Vehicle must be equipped with available Elite Package.

The standard **8-in. touch screen** in Lincoln MKT defines simplicity and ease. To raise or lower the temperature, for instance, simply say "Temperature up/down" or touch the climate quadrant, then the up or down arrows. You can also adjust the audio system through voice activation, or touch to make your selections. And with nearly 10 gigabytes of hard-drive storage for a **music jukebox and built-in photo gallery**, the touch screen goes beyond functional to flat-out fun. You can even watch DVDs, in full THX® II Certified 5.1 Surround sound,³ when MKT is parked.

Included in the available Elite Package, the **voice-activated Navigation System** (shown below) features sophisticated speech-recognition software that makes control incredibly easy. Just say the name of your destination while driving, and a course is plotted. In Route Guidance mode, upcoming street names are called out. A bird's-eye view includes on-screen landmarks for additional reference.

LINCOLN

ON THE LOOKOUT.

When radar waves from the available **BLIS® (Blind Spot Information System)** with cross-traffic alert¹ detect a vehicle in your blind spot, an amber light illuminates in your sideview mirror (shown right) – alerting you to stay where you are until it's clear. **Cross-traffic alert** chimes in by sounding a warning when its sensors detect a vehicle approaching either side of MKT as you back out of a parking spot.

Standard integrated blind spot mirrors (not shown) reflect the image of approaching vehicles as they enter your blind spots. If you see a vehicle in one of these convex spotters, just stay in your lane until it passes.

¹BLIS replaces standard integrated blind spot mirrors.

LINCOLN MKT 2011

lincoln.com

LINCOLN

The vibrant 8-in. touch screen displays the image from the standard **rear view camera** whenever MKT is put in Reverse. Sight lines even give you a handy reference point as you're backing up.

Enter Lincoln MKT and lift off without inserting a key. Just carry its **Intelligent Access key** fob transmitter in your pocket or purse. Touch anywhere on the SecuriCode™ invisible keypad (which illuminates after contact) to unlock the door. After buckling in – and while pressing the brake pedal – start MKT at the push of a button.

LINCOLN MKT 2011

FORD CREDIT Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Lincoln Mercury Dealer for details or check us out at fordcredit.com.

FORD MOTOR COMPANY INSURANCE SERVICES Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1.877.367.3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

FORD EXTENDED SERVICE PLAN For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln Mercury dealerships.

Genuine Lincoln Accessories will be warranted for whichever provides you the greatest benefit: 12 months or 12,000 miles (whichever occurs first), or the remainder of your Bumper-to-Bumper 4-year/50,000-mile New Vehicle Limited Warranty. Contact your local Lincoln Mercury Dealer for details and a copy of the limited warranty. Lincoln Licensed Accessories (LLA) are warranted by the accessory manufacturer's warranty. Lincoln Licensed Accessories are fully designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Lincoln Mercury Dealer for details regarding the manufacturer's limited warranty and/or a copy of the LLA product limited warranty offered by the accessory manufacturer.

Complimentary maintenance makes driving your Lincoln even more of a pleasure. Simply bring it to an authorized Lincoln service center, and scheduled maintenance will be performed at no charge throughout your first year of ownership or 15,000 miles, whichever comes first. Additional peace of mind comes from a 4-year/50,000-mile bumper-to-bumper New Vehicle Limited Warranty that covers repair, replacement or adjustment of parts at no additional cost, as well as a 6-year/70,000-mile powertrain limited warranty which features no deductible and is fully transferable. And Roadside Assistance for 6 years or 70,000 miles provides the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Lincoln Mercury Dealer will provide complete details on all of these privileges.
