

The new Saab 95 SportCombi

Enjoy space technology.

Get ready for the launch of the new Saab 9-5 SportCombi. An amazing turbocharged on-road experience. Featuring Scandinavian design and cutting-edge technologies, with inspiring influences from our aircraft heritage. With loads of space and innovative functional features. So, check in your luggage, fasten your safety belt and prepare for take-off.

Rearview camera with park assist.
Helps enhance the view to the rear when parking. The system senses steering angle and displays a virtual image of your direction on the infotainment screen.

Electrically operated tailgate.
Conveniently operated by remote control as you approach the car. A memory function allows you to program a reduced opening height, ideal for when the car is in a garage. (Available)

Driving excitement.

With room for much more.

The new Saab 9-5 SportCombi is big news if you're looking for a sporty, versatile and spacious car designed with real-life safety in mind. A car that you can bring along your family, friends and gear in perfect comfort. Take it for a spin and feel the turbo genes. The behind-the-wheel experience is exceptional. The cockpit wraps around you; and as you drive, you'll easily forget all the space that surrounds you. It's just you and the car.

Fresh interior.
With new materials, structures and color combinations, the Saab 9-5 SportCombi interior is designed to highlight the sense of integrity and spaciousness.

Saab Infotainment Navigation.
The voice-controlled and easy-to-use system offers outstanding capability when it comes to entertainment, navigation and communication. It features an 8" color touchscreen, 10GB hard drive for music and AUX and USB connections.

The cockpit.
In the driver's cockpit, everything is designed around you. The instrument panel and center console are angled and curved. All the functions you use frequently while driving are in front of you on or around the steering wheel. Take just one look at the aircraft-inspired instruments and you'll clearly sense our purpose.

DriveSense.
Twist a control knob to choose between Comfort, Intelligent and Sport settings. DriveSense™ monitors the car's handling and the driver's actions. In Sport mode, it adjusts suspension, steering, engine, automatic transmission and Saab XWD™ torque distribution for maximum agility. (Available)

Turbocharged engine.
The new Saab 9-5 SportCombi features a turbocharged engine that delivers excellent mid-range torque for rapid acceleration when overtaking.

Saab 9-5 SportCombi Features and Specifications

S= Standard, O = Option, NC = No Charge option, P = Package, — = Not available

Saab XWD.

The Saab XWD™ Cross-Wheel Drive system continuously senses your driving style and the road conditions. It then actively helps improve the car's behavior on the road. Designed to help provide better grip, faster acceleration, more agile cornering and improved stability. In virtually all kinds of weather.

On the road.

Drive the new Saab 9-5 SportCombi and experience the way you engage all your senses. You're truly involved and can enjoy consistent road manners with virtually instant response to your every input. Agile and sporty beyond expectation.

Innovative versatility.

The luggage compartment of the new Saab 9-5 SportCombi has innovative features such as integrated shopping bag holders. You can also choose the ingenious U-rail CargoTrack with telescopic divider that helps keep luggage in place during normal driving. (Available)
