

ASTON MARTIN

V12 ZAGATO

A FAMOUS COLLABORATION —

Working with the legends, Italian sportsman Zangini to combine technical excellence with high-tech materials and advanced solutions, the Aston Martin V12 Zagato delivers a unique combination of race-proven handling and performance, safety and faithful attention to detail – both inside and out.

With its effortless beauty guaranteed to stir the senses, the V12 Zagato is destined to be one of the most highly coveted models in Aston Martin's 90-year history.

A fabulous celebration of the iconic DIRECT Zagato, which celebrates its 50th anniversary this year, it provides the perfect inspiration for the next 50 years.

Ulrich Roe

Dr. Ulrich Roe
Chief Executive Officer

AN HISTORIC PARTNERSHIP —

Asan Martin and Zagato have collaborated for 50 years. Here my own Father Elio and Uncle Gianni worked with Pininfarina and his talented team to produce the iconic DB-1GT Zagato.

The fruits of our combined work have always been crafted in limited numbers because they should be something truly special and collectible.

The Asan Martin V12 Zagato embodies so much of our combined design language. We pride ourselves on the balance of high technology and hand craftsmanship which make up the heart and soul of every V12 Zagato.

They are indeed the choice of the 'individual', a person who appreciates understated style, beauty and substance, but is not afraid to be different.

Pininfarina
Dr. Andrea Zagato
President Zagato

WHERE IT ALL BEGAN —

The Aston Martin DB4GT Zagato was introduced in October 1960 at the London Motor Show. In the event, it attracted such interest that the Zagato name was used to describe the design of the DB4GT Zagato. The cars are worth a considerable amount of money, and at auction they have reached well in excess of £4 million.

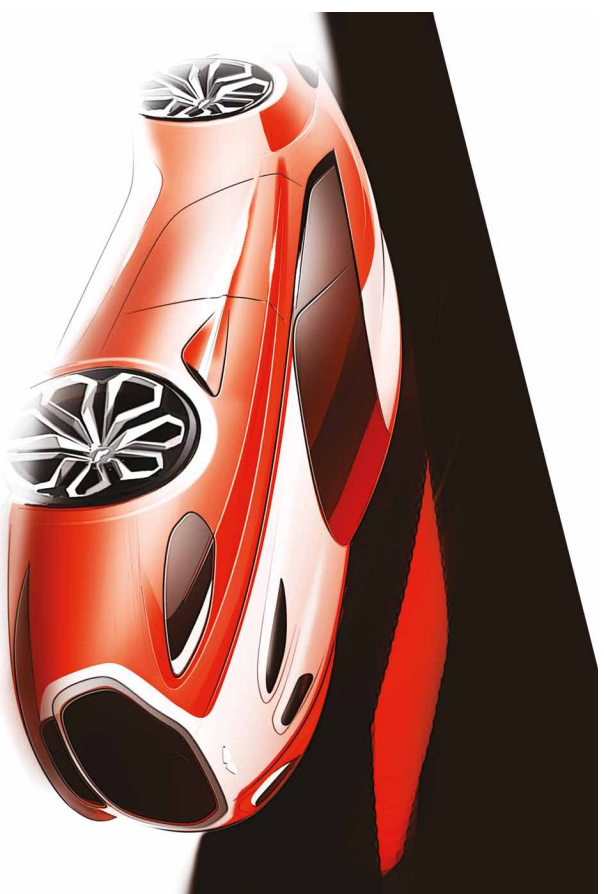

LOOKING TO THE FUTURE WITH A NOD TO OUR PAST —

Using Aston Martin's excellence in design, we have introduced a modern interpretation of the finest Aston Martin and Zagato collaboration to celebrate the 50th DB10GT's 50th anniversary year.

The V12 Zagato is elegant but brutal which reflects the great balance between race performance and pure Aston Martin design. The original DB10GT Zagato was a true icon, powerful and graceful, the new design is a fusion of unique and original features and is a powerful statement of the DB10GT Zagato, for as it is a forward thinking Zagato which pays its respect to the past.

AWARD WINNING DESIGN —

At its world premiere, the Aston Martin V12 Zagato won the Centenario of Figini & Ligier award for greatest cars and prototypes at Villa d'Este on the shores of Lake Como, Italy.

TESTED FOR PERFORMANCE —

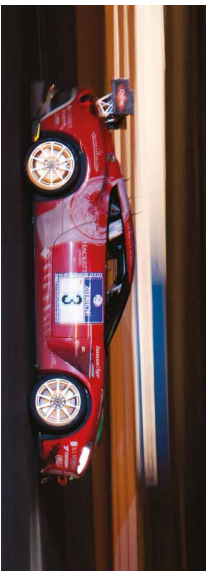

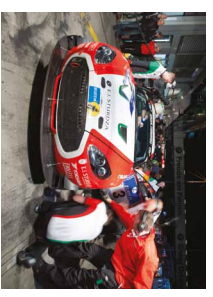

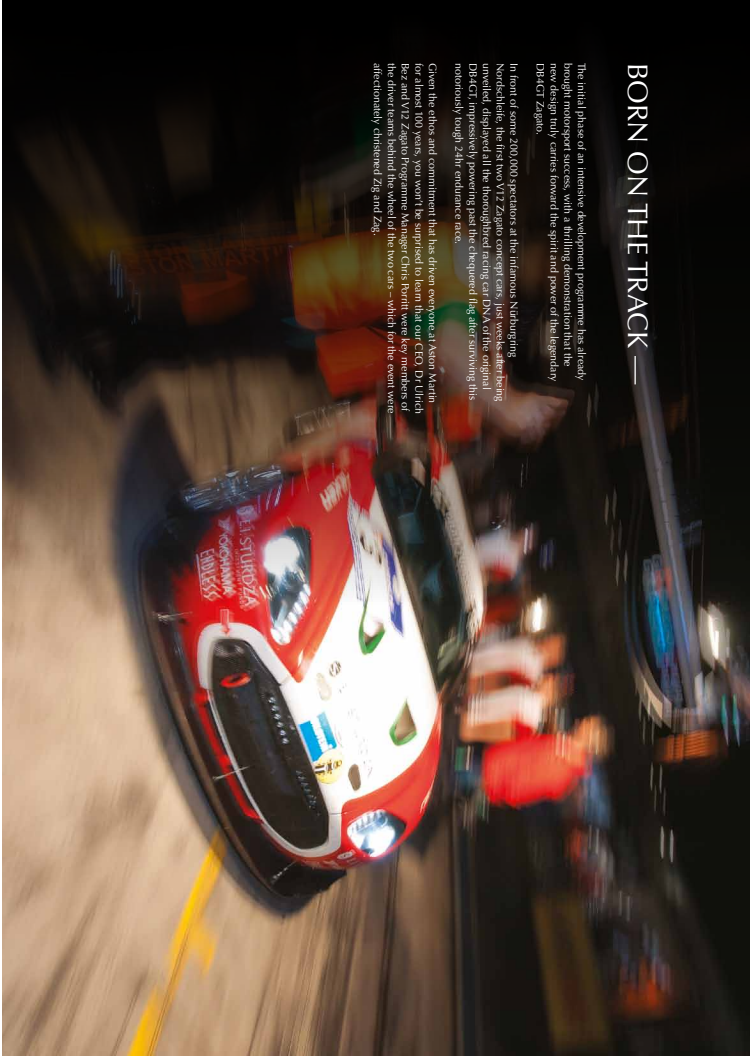

BORN ON THE TRACK —

The initial phase of an intensive development programme has already brought the sports car success with its striking presence of the last century from the sports car series forward the spirit and power of the legendary DRGT Zagato.

In front of some 200,000 spectators at the infamous Nürburgring, Mercedes-AMG, the first two V12 Zagato concept cars, just weeks after being unveiled, displayed the 'homologated racing car DNA' of the original DRGT Zagato. The cars were not only a technical masterpiece, but also a motivational trophy 24h endurance race.

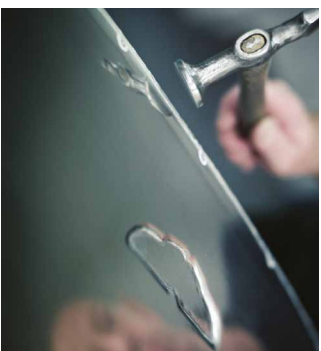

Given the ethos and commitment that has driven everyone at Aston Martin for almost 100 years, you won't be surprised to learn that our CEO, Dr Ulrich Bez and V12 Zagato Programme Manager Chris Harris were key members of the driver teams behind the wheel of all the two cars – which for the event were the chronology chassis of '26 and '28.

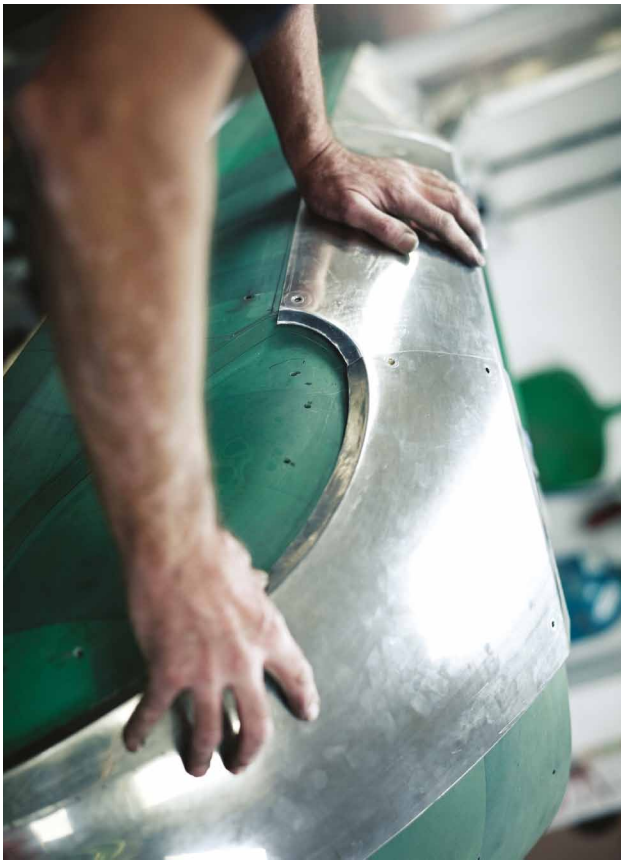

FROM CONCEPT TO PRODUCTION —

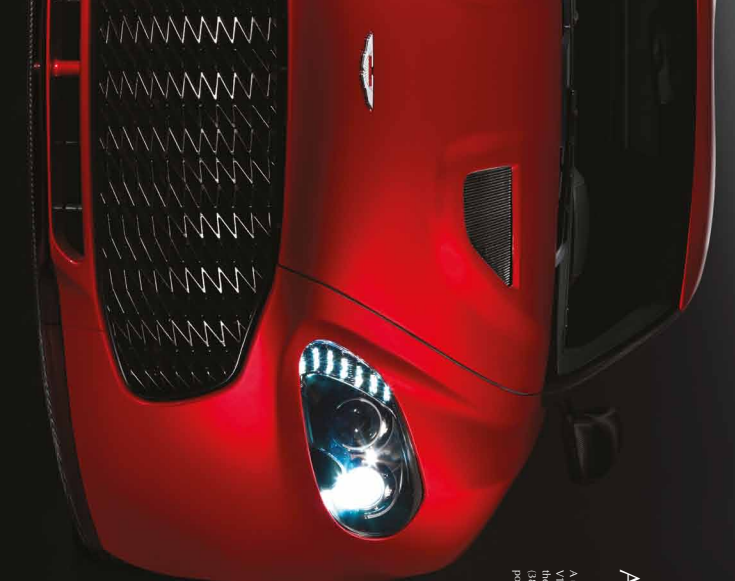

Cloaked in lightweight hand-crafted aluminum and carbon fiber body panels, Zagato's new cars are the ultimate expression of Aston Martin's boundless passion and the technologies, materials and techniques that have been gained by creating the current generation of Aston Martin cars: making the Aston Martin Zagato a contemporary Aston Martin like no other.

The use of the finest materials has always marked out Aston Martin from its peers. The new cars are hand-crafted with precision and care, joined by high-tech materials like carbon fiber composites and lightweight metal castings.

A GENUINE RARITY —

An unique blend of power, beauty, soul, refinement, and dynamic ability, the 2014 Lotus Evija is a true rarity. It's a sports car that's as rare as it is fast. The Evija is powered by the high-revving 6-cylinder V12 engine, its 570-hp (380 kW / 517 PS) and 570-hp (420 lb-ft) of torque delivering spectacular power to stir the senses of the exclusive few.

A WORK OF ART —

A fluid, elegant sculpture, with every element shaped to perfection, from the fierce Z-shaped grille through to the pronounced crease of the rear wheel arch.

LIGHTNESS, STRENGTH AND SPEED —

The sculpted aluminum double-saddle roof and bulging haunches are Zagato trademarks, while the rear wing, diffuser and splitter derived from the Formula 1 aerodynamics of the V12 Zagato, showcase the beautiful carbon fiber weave and hint at the V12 Zagato's high performance.

Scenarij i cene su samo predložak. Sve informacije o ceni i specifikaciji vozila možete pronaći na www.bentley.com/price.

EXCLUSIVE COLOURS ON AN EVOCATIVE FORM —

Five exceptional paint colours have each been inspired by hues and shades from the original Dacia GT Zagato, fifty years ago.

CARBON BLACK

Carbon black deep, rich shade of black creates a shimmering surface that accentuates the curves and creases of the bodywork.

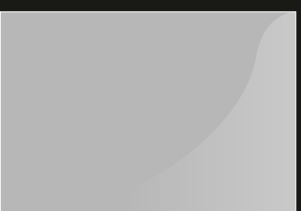

ALORO GREEN

Alloro Green, developed exclusively for the V12 Zagato, pays homage to the original Aston Martin DPA GT Zagato.

ALBA BLUE

The Alba Blue evokes the very last Dacia GT Zagato sold in 1982, registered 377H and finished in Crisobean Pearl.

SENSILLA SILVER

The V12 Zagato's Sensilla Silver finish transfers the Zagato into a piece of dramatic, purposeful sculpture.

DINAMO RED

This rich racing red embodies the passion and fire at the heart of the V12 Zagato. Dinamo Red creates a sense of movement and evokes the original Dacia GT Zagato's functional beauty.

TO LOOK IS TO FEEL —

Quality, style and traditional craftsmanship are an integral part of everything we do.

Right down to the perfect hand stitching of the leather, they define the personality of every car we build. Aston Martin's unique approach to styling and inimitable attention to detail promises you an Aston Martin that embraces the legendary status of its predecessor, whilst offering a new driving experience that is simply incomparable.

THE TRUE EXPERIENCE COMES FROM WITHIN —

Venture inside the Zagon's cascading interior and the unique hand-stitched quilting, and leather, left of the boxes, the thrill of the semi-soft leather, and the stirring sounds of the V12 engine will all captivate your senses.

Pictures and Word mark

The cars illustrated in this brochure may include additional options not featured in this brochure or that are only available at extra cost. The Bluetooth word mark and logos are owned by the Bluetooth SIG Inc and any use of such marks is under license.

Updates

Aston Martin Legends Limited is constantly seeking ways to improve the specification, design and production of its cars and alterations take place continually, including to the V12 Zagato.

Whilst every effort is made to produce up-to-date literature about our evolving products, this brochure should not be regarded as a guide to any currently available products, options, accessories or specifications, including in respect of the V12 Zagato. This brochure is merely an indication of the kinds of Aston Martin products and services which may be available from time to time.

The text and photographs in this brochure may relate to specifications, options, accessories and/or services that are not available for sale in some countries or which have been superseded or are otherwise no longer available. Images shown may not be reflective of the final car.

No offer of sale

This brochure does not constitute any offer for the sale of any particular car, product, option, accessories and/or services or combination of the same, including the V12 Zagato.

Aston Martin draws your attention to the fact it does not intend to offer the V12 Zagato for sale in all global markets and does not warrant that the V12 Zagato is certified, available for sale, and/or suitable for, all global markets.

Performance results

Performance results, fuel consumption figures and CO₂ emissions data quoted in this brochure are obtained under controlled test conditions in accordance with applicable regulatory requirements and are not intended to represent real world performance. Actual performance may vary depending on the type, size, drive mode, the impact of the terrain on performance, the fuel consumption, CO₂ emissions, idler contact and handling. Published figures should be used for comparison purposes only and verification should not be attempted on public roads. No guarantee is given express or implied of performance results, fuel consumption or CO₂ emissions.

Aston Martin legends Limited strongly urges that all speed limits be observed and that safety belts be worn at all times.

The weight of the car will influence the level of CO₂ emitted and as a result, cars with higher level of specification and factory fit options may emit higher levels of CO₂. However, Vehicle Excise Duty is charged according to the weight of and CO₂ emissions of the standard car, as published in this brochure.

All petrol engines are fitted with a catalytic converter.
