REFINED

WHAT SETS THE ENCORE APART
IS SOMETHING YOU CAN FEEL.

Walk up to the Encore and you'll see how its beautifully sculpted shape flows smoothly from the front to the rear, giving this SUV a fluid, contemporary look. As you approach it, your Encore recognizes you. Sensing the key fob in your possession, the Keyless Open feature allows for the doors to unlock so you don't have to fumble for your keys.

Now get inside, press the push-button start and drive. That's when you'll discover what premium feels like. Each sensation adds to the impression that what you're driving has been crafted with attention given to every detail. Whether you're glancing at a gauge, touching a switch or enjoying the responsive, efficient performance, what's likely to impress you most is how quiet things are inside Encore. That's Buick QuietTuning™ and Bose® Active Noise Cancellation working behind the scenes.

- The signature Buick grille provides a modern expression of luxury.
- LED daytime running lamps feature Buick's unique signature lighting, while standard LED-accented taillamps echo the front's sculptural design, ensuring you'll see and be seen in the best light.
- The standard 18-inch 10-spoke wheels complement Encore's styling and are sure to leave a lasting impression.

Brush the raised stitching of the leather-trimmed steering wheel, turn on the available heated driver and front-passenger seats and **A SENSE OF WELL-BEING ENVELOPS YOU.** Effortless control of Encore's technology is literally at your fingertips, thanks to an 8-inch diagonal touch-screen. Buick's QuietTuning with Bose Active Noise Cancellation helps keep the cabin quiet enough for relaxed conversation. An available all-new in-vehicle ionization leaves the air cleaner and fresher. The maintenance-free ionizer produces negatively charged particles that attract airborne contaminants and break down their structure, helping address odors and reduce dust, debris and pollen.
