CARE & SAFETY

**WE'RE ITALIAN.
OUR PASSION IS BOUNDLESS
AND KNOWS NO COMPROMISE.**

This is true for every Lamborghini, and for each and every detail. If you love your Lamborghini as much as we do, show it.

CARE & SAFETY

A car that's built with so much care deserves to be protected. These tailor-made items fit the bill.

THE REFINED ART OF PAINTING.

Depending on the model, a Lamborghini requires up to 15 liters of paint, not to mention the painstaking care required for its application. After sanding the surface very precisely by hand, our painting specialist applies a layer of primer and then checks the entire body carefully with an eye that's trained to pick up even the smallest imperfections. Only at this point does he spray on the color chosen by customer, a job that requires some twelve hours.

Finally, after applying a protective coating, he polishes the car for up to 50 hours until it sparkles. A Lamborghini can spend up to 250 hours in the paint shop, including drying time. The result is truly timeless brilliance.
